DENTAL LIBRARY
124 EDWARD ST.,
TORONTO 2

1967

PROCEEDINGS OF THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

231st, 232nd, 233rd, 234th MEETINGS
OF THE
BOARD OF DIRECTORS

FEBRUARY 20-21, 1967
APRIL 24-25, 1967

JUNE 26-27, 1967
NOVEMBER 13-14, 1967

BOARD OF DIRECTORS — ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO — 1967-1969

L. to R.: Doctors K. F. Pownall, Registrar-Secretary; E. J. Rajczak; R. Michell; T. H. Wachna; D. A. Cheetham; H. M. Jolley, Vice-President; J. D. Purves, President; J. E. C. McGowan; A. B. Sutherland; R. W. Edwards; J. P. Coupland; W. J. Dunn.

1967-1969

MEMBERS OF THE BOARD OF DIRECTORS

ROYAL COLLEGE OF DENTAL SURGEONS
OF ONTARIO

230 St. George Street, Toronto 5

Area Code 416, 923-2457

District No. 1 — James P. Coupland ..... Ottawa
District No. 2 — R. W. Edwards ..... Belleville
District No. 3 — A. Bruce Sutherland ..... Sudbury
District No. 4 — Harry M. Jolley and J. E. C. McGowan ..... Toronto
District No. 5 — D. A. Cheetham ..... Owen Sound
District No. 6 — T. H. Wachna ..... Windsor
District No. 7 — Ralph Michell ..... Kitchener
District No. 8 — E. J. Rajczak ..... Hamilton
Faculties of Dentistry — James D. Purves ..... University of Toronto
Wesley J. Dunn ..... University of Western Ontario
Ex-Officio — The Honourable the Minister of Health
— The Honourable the Minister of Education

OFFICERS OF THE BOARD

President — James D. Purves
Vice-President — H. M. Jolley
Registrar - Secretary-Treasurer — Kenneth F. Pownall

COMMITTEES

Executive —
J. D. Purves, Chairman
J. P. Coupland
H. M. Jolley
R. Michell
A. B. Sutherland

Discipline —
R. Michell, Chairman
H. M. Jolley
R. W. Edwards
D. A. Cheetham
A. B. Sutherland

Finance —
A. B. Sutherland, Chairman
R. Michell
H. M. Jolley

Continuing Education —
E. J. Rajczak, Chairman
R. W. Edwards
D. A. Cheetham

Government and Legislation —
A. B. Sutherland, Chairman
J. P. Coupland
T. H. Wachna

Registration and Licensure —
T. H. Wachna, Chairman
W. J. Dunn
H. M. Jolley

Property —
J. E. C. McGowan, Chairman
R. W. Edwards
W. J. Spence

Complaints —
E. J. Rajczak, Chairman
J. E. C. McGowan

REPRESENTATIVES

Council, Faculty of Dentistry, University of Toronto — K. F. Pownall, H. M. Jolley, J. D. Purves
Senate, University of Toronto — K. F. Pownall
National Dental Examining Board of Canada — J. D. Purves
Dentists' Legal Protective Association of Ontario — E. J. Rajczak
Canadian Dental Association — J. D. Purves
Executive Council, Ontario Dental Association — H. M. Jolley
Library Committee, Faculty of Dentistry, University of Toronto — K. F. Pownall
Scholarships and Awards Committee, Faculty of Dentistry, University of Toronto — K. F. Pownall
Admissions Committee, Faculty of Dentistry, University of Toronto — K. F. Pownall
Consultants to Curriculum Development Committee, Faculty of Dentistry, University of Western Ontario — D. A. Cheetham, T. H. Wachna

GENERAL COUNSEL

Smith, Rae, Greer

AUDITORS

Thorne, Gunn, Helliwell and Christenson

DR. J. D. PURVES
President

R.C.D.S. PRESIDENT'S REPORT

Doctor J. D. Purves

November 1967

1.

I can say with confidence, as President, that the licensing, disciplinary and educational functions of the profession are being competently administered. This confidence has been strengthened as a result of the excellent comments I have heard concerning our presentation to the Committee on the Healing Arts, conducted under the aegis of the Government of Ontario. At a public hearing before the Committee, representatives from the R.C.D.S. Board ably supported the Board's written submission and response to the questionnaire. In addition, the Committee has thoroughly reviewed all disciplinary procedures handled by the Board since its inception. There has also been a critical appraisal of decisions reached by the Board in its past history, and a study of the business principles adopted and utilized by the Board. The study to this date, has elicited high praise for all those responsible for bringing the R.C.D.S. to its present position as a body of considerable stature in the province.

2.

Complaints and their satisfactory resolution have pressed heavily on Mediations Committees throughout the province, and on the Complaints Committee and Discipline Committee of this Board. The press and radio by encouraging the public to "state your beefs" have further increased demands upon these three agencies to handle grievances against the profession. I can only remark that the increased publicity given to complaints today requires the dentist to be ever conscious of acting in the fullest ethical manner possible and of adhering to the principle, "Inform before you perform". It is wise counsel to ensure that one's position is entirely tenable at all times from the point of view of both ethics and economics.

3.

Conscientious dentists are aware of their responsibility to keep abreast of scientific advances within their profession. Professional competence must eventually require some means of assessment, so that dental services commensurate with contemporary standards can be assured to the patient.

4.

Liaison with our Faculties of Dentistry has been and will continue to be a most important function of the Board. Curriculum surveys of the present and the future must necessarily keep pace with the demands of practice and practice philosophies. Within the area of liaison resides not only the education of undergraduates but also the responsibility of the further education of dentists from foreign dental schools, and the retraining of dentists who are deemed incompetent.

5.

Communication within the profession is vital and yet, due to the nature of dental practice, exceedingly difficult. If we operate upon the premise that "no news is good news" we might mistakenly be lulled into a false sense of complacency. I, therefore, strongly encourage frequent dialogue between the members of this College and their representatives to the Board.

6.
I am deeply aware of the responsibilities and demands of this high office in our profession. I am, however, aided in the discharge of these responsibilities by the magnificent efforts being made by all the committees of this Board. To them I extend my gratitude. To Dr. Pownall, Mr. Gene Jackson, and their loyal and diligent staff at headquarters I also offer my sincere appreciation and gratitude.

Action:

1. Report received.

REPORT

February — 1967

1.
In accordance with the provisions of The Dentistry Act of Ontario and the By-Laws of the Royal College of Dental Surgeons of Ontario, an election of the Board of Directors was held from October to December, 1966.

2.
On October 19th, 1966, nominations were called for by circular letter to each Licentiate resident in Ontario on October 1st, 1966. Valid nominations were received as follows:

District No. 1	Dr. J. P. Coupland, Ottawa
District No. 2	Dr. J. B. Davies, Whitby Dr. R. W. Edwards, Belleville
District No. 3	Dr. L. B. Lukenda, Sault Ste. Marie Dr. A. B. Sutherland, Sudbury
District No. 4	Dr. R. J. Hiscox, Toronto Dr. H. M. Jolley, Toronto Dr. R. W. Marshall, Toronto Dr. J. E. C. McGowan, Toronto Dr. W. A. Shand, Toronto
District No. 5	Dr. J. T. Anders, Barrie Dr. D. A. Cheetham, Owen Sound
District No. 6	Dr. C. F. Cappa, London Dr. T. H. Wachna, Windsor
District No. 7	Dr. R. Michell, Kitchener
District No. 8	Dr. E. J. Rajczak, Hamilton

3.
All candidates were informed of their nominations. Dr. C. F. Cappa withdrew. As no additional valid nominations were received for Districts 1, 6, 7, and 8, Drs. Coupland, Wachna, Michell, and Rajczak respectively, were declared elected by acclamation.

4.
Elections were held in Districts 2, 3, 4, and 5.

5.
On November 30th ballots, together with necessary instructions, were mailed to all qualified Electors in the districts in which elections were being held. The officially appointed Returning Officers, Dr. R. S. Woollatt and Dr. R. J. Godfrey,

counted the ballots on Wednesday, December 14th, 1966. The report of the Returning Officers (Appendix A) indicates that the following were elected:

District No. 2.....Dr. R. W. Edwards

District No. 3.....Dr. A. B. Sutherland

District No. 4.....Dr. H. M. Jolley
Dr. J. E. C. McGowan

District No. 5.....Dr. D. A. Cheetham

6.

A letter from the Secretary of the Faculty of Dentistry, University of Toronto (Appendix B) confirms the election of Dr. J. D. Purves as Faculty representative on the Board.

A letter from the Dean of the Faculty of Dentistry, University of Western Ontario (Appendix C), confirms the election of Dean W. J. Dunn as Faculty representative on the Board.

7.

Therefore the duly-elected members of the Board of Directors for the ensuing biennial term are:

District No. 1.....Dr. J. P. Coupland, Ottawa

District No. 2.....Dr. R. W. Edwards, Belleville

District No. 3.....Dr. A. B. Sutherland, Sudbury

District No. 4.....Dr. H. M. Jolley, Toronto
Dr. J. E. C. McGowan, Toronto

District No. 5.....Dr. D. A. Cheetham, Owen Sound

District No. 6.....Dr. T. H. Wachna, Windsor

District No. 7.....Dr. R. Michell, Kitchener

District No. 8.....Dr. E. J. Rajczak, Hamilton

Faculty *(University of Toronto)* .....Dr. J. D. Purves, Toronto

Faculty *(University of Western Ontario)* Dr. W. J. Dunn, London

RETURNING OFFICERS' REPORT ON ELECTIONS — 1966

District No. 2

Number of ballots received 93
Number of valid ballots 93
Number of invalid ballots 0

The 93 valid ballots were marked as follows
For Dr. J. B. Davies 45
For Dr. R. W. Edwards 48

Showing a majority of 3 for Dr. Edwards.

Dr. Edwards is thereby declared elected.

District No. 3

Number of ballots received 157
Number of valid ballots 156
Number of invalid ballots 1

Reason for declaring ballot invalid:
Blank ballot 1

The 156 valid ballots were marked as follows:
For Dr. L. B. Lukenda 56
For Dr. A. B. Sutherland 100

Showing a majority of 44 for Dr. Sutherland.

Dr. Sutherland is thereby declared elected.

District No. 4

Number of ballots received 761
Number of valid ballots 759
Number of invalid ballots 2

Reason for declaring ballots invalid:
Not validated 2

The 759 valid ballots were marked as follows:
For Dr. R. J. Hiscox 114
For Dr. H. M. Jolley 435
For Dr. R. W. Marshall 291
For Dr. J. E. C. McGowan 294
For Dr. W. A. Shand 172

Drs. Jolley and McGowan are thereby declared elected.

District No. 5

Number of ballots received 102
Number of valid ballots 102
Number of invalid ballots 0

The 102 valid ballots were marked as follows:
For Dr. J. T. Anders 43
For Dr. D. A. Cheetham 59

Showing a majority of 16 for Dr. Cheetham.

Dr. Cheetham is thereby declared elected.

Toronto 2, Canada
September 30, 1966.

Dr. K. F. Pownall, Secretary,
Royal College of Dental Surgeons of Ontario,
230 St. George Street,
Toronto 5, Ontario.

Dear Dr. Pownall:

This will inform you that Faculty Council, at a meeting on September 27th, re-elected Dr. J. D. Purves as Council's representative to the R.C.D.S. Board, for the two-year period 1966-68.

Yours truly,

A. G. READ,
Faculty Secretary.

Appendix C

THE UNIVERSITY OF WESTERN ONTARIO

Office of the Vice-President
(Health Sciences)

London, Canada
September 28th, 1966

Dr. Kenneth F. Pownall,
Registrar-Secretary,
Royal College of Dental Surgeons of Ontario
230 St. George Street,
Toronto 5, Ontario.

Dear Dr. Pownall:

At the first regular meeting for the 1966-67 academic year, the Council of the Faculty of Dentistry of The University of Western Ontario elected Dr. Wesley J. Dunn as its representative to the Board of Directors of the Royal College of Dental Surgeons of Ontario for the forthcoming biennial term.

Yours sincerely,

O. H. WARWICK, M.D.,
Vice-President (Health Sciences)

OHW:d

Action:

1. Report adopted.

CANADIAN DENTAL ASSOCIATION

Representative: Dr. J. D. Purves

REPORT

June 1967

1.
The 1967 Annual Meeting of the Board of Governors of the Canadian Dental Association was held in the Royal York Hotel, May 10-13, with a large number present.

2.
Perhaps the most important action taken by the Board was the mounting of a "Task Force" to prepare a national policy for the provision of children's dental care. The executive committee planned to launch the undertaking immediately subsequent to the meeting and to place the entire resources of its personnel and reasonable monetary support at its disposal. Your representative most heartily supported this action.

3.
Action on auxiliary personnel was again slow. Expansion of duties of hygienists continues to be viewed with much caution, while, surprisingly, expansion of duties of dental assistants appears to receive greater favour. However, the following resolution was approved:

> "That the Board of Governors encourage the licensing bodies to provide the necessary legislation, and that the educational institutions provide the educational facilities to enable auxiliary personnel to perform any duties that fall within the framework of the C.D.A. Policy Statement on Auxiliary Personnel."

4.
The following resolution having a bearing on this Board's recent action, was passed by the Council on Education:

> "Resolved that the terms of reference for the subcommittee to be appointed to deal with guide lines in respect of dental hygiene training, include a study of the possible effects and applicability of degree programs in dental hygiene and include, in addition, a study of the possible effects and applicability of diploma courses in dental hygiene in post secondary institutions other than universities."

5.
The Canadian Society of Public Health Dentists has acquired recognition as a Section of the C.D.A.

6.
In recognition of the extraordinary contribution to dentistry made during his lifetime by the late Dr. Sydney Wood Bradley, the C.D.A. Library has been named "The Sydney Wood Bradley Memorial Library". Dr. Bradley left in trust $50,000 toward the continued development of the library. Ontario is proud to claim the late Dr. Bradley as one of its licentiates.

7.
Last, but certainly not least, this representative wishes to commend Dr. James Coupland, who was president simultaneously of this Board and of the C.D.A., for his skilful and experienced conduct of the meeting.

Action:

1. Report received.

COMPLAINTS COMMITTEE

Members: Doctors E. J. Rajczak, Chairman; J. E. C. McGowan

REPORT

April 1967

1.
Since the last meeting of the Board, the Complaints Committee has met twice, on March 1, and April 5, 1967.

2.
One complaint was received alleging that a dentist rendered an inadequate examination and incomplete follow-up care. After investigation, the Committee suggested to the dentist that his recall procedures needed to be upgraded and that if a similar complaint against him were received it would be necessary to refer his case to the Discipline Committee.

3.
Four complaints concerned unsatisfactory dental services. In two cases the differences between the parties were satisfactorily resolved and without prejudice to either party, releases were signed. In another case a misunderstanding was corrected and the patient agreed to continue treatment with the dentist. The final complaint of this nature is still under investigation.

4.
One case involved the improper placement of a professional announcement in a publication. After interviewing the dentist concerned, the Committee did not feel any disciplinary measure was warranted but it was moved to make the following recommendation:

That the next R.C.D.S. Newsletter contain a suggestion that any member of the College contemplating the placement of his professional card in a publication of any kind would be well-advised to contact the Secretary to clear his announcement with respect to:

(a) the type of publication;

(b) the wording and type to be used in the announcement;

(c) the location of the announcement in the publication.

5.
The most serious case investigated by the committee concerned the alleged improper use of a drug in administering a general anaesthetic to a child dental patient. The committee recommends that this case be referred to the Discipline Committee for further action.

6.
Since March of this year, four complaints have been referred to the Secretary from the Toronto Telegram through the medium of its column "Action Line". Two of these have been expeditiously resolved by the Secretary. The two most recent complaints are presently being dealt with by the Secretary.

Action:

1. Report adopted.

REPORT

June 1967

1.
Since the last meeting of the Board, the Complaints Committee has met once, on June 12, 1967.

2.
One complaint was referred to the Committee from the Mediations Committee of the Toronto Academy of Dentistry. The complaint alleged incompetence with respect to a complete oral reconstruction. The differences between the parties were resolved and, with the return of a portion of the fee, releases were signed without prejudice to either party.

3.
Another complaint was heard alleging improper denture treatment. Investigation led the Committee to believe that neither of the principals was entirely blameless. A compromise was suggested as to an equitable fee which would resolve the matter.

4.
A charge was heard against three dentists, practising in association, that they had improperly advertised through indiscriminate mailing of their announcement cards. The Committee accepted the explanation that a secretary who mailed the cards, was responsible by overzealously adding the names of some of her acquaintances to those on the official mailing list submitted to her.

However, it was pointed out that any agent sending out cards on their behalf was under their direct responsibility and that any future transgression of a similar nature would be dealt with by the Discipline Committee.

5.
Another complaint concerned alleged unsatisfactory dental services. The chief point of contention revolved about the question of whether consent had been given for the treatment to take place. The matter is still under consideration.

6.
A dentist was interviewed with regard to two complaints alleging shoddy dental treatment. He admitted that his professional competence had been slowly deteriorating over the past few years and he offered some ideas as to the reason for this situation. His attitude was one of sincerity and co-operation and consequently the Committee recommended the following:

(1) That he should attend some short postgraduate courses and that guidance as to choice would be offered by the Committee.

(2) That he should subscribe to a worthwhile journal and diligently keep up with his journal reading.

(3) That he should spend some time visiting dental offices whose reputation for good dentistry is well known. The Committee has arranged this with a number of offices.

(4) That he should take a good ethical course in practice administration.

(5) That he should take part in study club activities. Inquiries are being made if clubs exist in his area.

Definite commitments as to the above were to be made and reported to the Committee by September 1, 1967.

7.
The Committee was asked to arbitrate a dispute between a dentist and a dental technician over payment of the technician's account. The Committee felt that the dentist was in an untenable position since examination of the case models revealed that his competence was, at the very least, questionable.

Both parties were informed individually that the technician was entitled to his full charges but that this Complaints Committee had no authority to exercise discipline in this regard. However, they were also informed that the technician should feel entitled to press his case in the civil courts and that he would have no difficulty in obtaining reports favourable to him from any competent dentist for use as evidence on his behalf.

8.
One dentist was questioned as to his connection with two commercial laboratories which occupy space in his building.

He denied any ownership interest or affiliation of any kind despite the fact that the telephone numbers of both laboratories and his office are identical and despite the fact that a patient has complained of confusion as to whom he was attending.

The Committee recommended that he change his telephone number and also place suitable signs directing those who had business with the laboratories to the rear of the building rather than having them pass through his dental office.

9.
The Committee has been spared a great deal of work and deliberation by the Secretary through the medium of his correspondence. At least eleven complaints have been resolved satisfactorily by him since the last Board Meeting. The Committee is grateful for his diligence and guidance.

Action:

1. Report adopted.

REPORT

November 1967

1.
Since the last meeting of the Board, the Complaints Committee has met twice, on September 13, 1967 and on November 8, 1967.

2.
One complaint involved charges of (1) lack of consideration on the part of the dentist, (2) improper jacket crown service, (3) unjustifiable charges and (4) insulting and discourteous behaviour. Although the case was ultimately dropped because of illness on the part of the patient, the dentist was nevertheless interviewed by the Committee. It was their opinion that it was impossible to assess which party was more at fault. However, the dentist agreed to waive the fee in dispute without prejudice to his position. The committee requested that he be more careful in his patient relations.

3.
Another complaint was heard with regard to incompetent denture treatment. The committee found no impropriety in the dentist's handling of the case, and the difficulties of the particular clinical problem were explained to the patient.

4.
Another complaint concerned alleged unsatisfactory dental services coupled with rude and unprofessional behaviour. The complainant decided not to appear before the committee. However, since a similar charge had previously been registered against the dentist, he was asked by the committee to give his account of the incident. As a result he was strongly urged to reassess his dentist-patient relationship, and a good course in this subject was recommended to him.

5.
A dentist was interviewed with regard to a complaint alleging excessive and unjustifiable fees. Investigation revealed the matter was a simple misunderstanding. In addition the dentist agreed to waive a disputed fee for a broken appointment.

6.
A charge of incompetent dental treatment involving anterior fixed bridgework resulted in another dentist appearing before the committee. Although these charges were dropped one day before the hearing, the committee interviewed the dentist since our records show numerous similar complaints in the past. Previously the dentist in question had been requested by the Discipline Committee to confine herself to simple restorative services well within her range of ability. She pointed out that she had complied with this request and that this bridge failure dated to a time prior to this request. Since her attitude was one of co-operation, the committee recommended the following:

(1) That she attend short postgraduate courses at regular intervals.
(2) That she subscribe to dental journals and diligently endeavour to keep up with current reading.
(3) That she take a course in practice administration, such as is offered at Western Reserve University.
(4) That she explore the possibility of enrolling in a study club.
(5) That she should spend some time visiting dental offices whose reputation for good dentistry is well known.

The first and fourth recommendations have already been complied with, and definite commitments as to the other points were to be made and reported to the committee.

7.
The College was informed that one dentist occasionally allowed his assistant to perform prophylaxes for his patients. He explained that certain of his patients "feel more sympathy with the nurse". Since no witnesses were available to give evidence of this misdemeanour the Secretary was obliged to accept the man's explanation with the admonition that under no circumstances was the offence to be repeated.

8.
A complaint was received against a dentist alleging improper dental treatment. On interviewing the dentist the committee decided to refer the case to the Discipline Committee.

9.
Since the last meeting sixteen complaints have been resolved by the correspondence and personal intervention of the Secretary. Again the committee wishes to acknowledge its indebtedness to the Secretary for his diligence and good judgment in these matters.

Action:

1. Report adopted.

CONTINUING EDUCATION COMMITTEE

Members: Doctors E. J. Rajczak, Chairman; R. W. Edwards, D. A. Cheetham

REPORT

April 1967

1.
Appended is the list of extramural and extension lectures. These lectures continue to be well received and provide a potent stimulus to the practitioners who attend.

2.
Twenty-seven lecturers spoke at thirty-six meetings to a total audience of 1149 dentists.

3.
The Committee is pleased to learn that the Dean of the Faculty of Dentistry, University of Western Ontario, has delegated to a senior member of his staff the responsibility of "Continuing Education".

4.
Thanks to the co-operation of the Faculty of Dentistry, University of Toronto, and the Ontario Dental Hygienists' Association, the post graduate course for dental hygienists was extremely successful and it is planned to make this an annual event.

5.
The Committee is pleased that the Continuing Education program offered on Wednesday afternoons at the Faculty of Dentistry, University of Toronto in 1964-65 was reinstituted in 1966-67. It is unfortunate that attendance at these lectures has not been high; however, the committee would like to see more advance publicity given to such lectures in order to stimulate attendance.

6.
The Committee is indebted to Dean R. G. Ellis and Miss C. Lukes who process the speaker service through the Faculty office. In this connection it is necessary that Societies requesting speakers should give the Faculty as much notice as possible. This is important so that speakers may adjust their schedules and also so that society members may have more notice.

7.
The Committee is studying methods of co-operating with the Ontario Dental Association with regard to future planning on matters related to continuing education.

1. Report adopted.

REPORT

November 1967

1.

The Continuing Education Committee has held two meetings since the last meeting of the Board. In addition it has held two special meetings, one with the "Users" Committee of the Faculty of Dentistry, University of Toronto. The other meeting was an all-day workshop involving the President and Secretary of the Board, the Chairman of the Continuing Education Committee and Dr. T. V. Weclew of Chicago, Illinois.

2.

Dean R. G. Ellis requested a change in policy in the provision of speakers to local societies in Northern Ontario. These include societies in Sudbury, North Bay, Timmins, Kirkland Lake, Kenora-Rainy River, Lakehead and Sault Ste. Marie. As a result of this request the committee makes the following recommendation:

> That the Royal College of Dental Surgeons of Ontario make provision for two speakers annually for each of the Northern Ontario societies in addition to one speaker for the Northern Ontario Dental Association Convention.

3.

Concern was felt by the committee that the number of participation courses on a continuing educational level is not sufficient. It was also noted that universities in other areas are including in their programs a high percentage of courses led by guest clinicians and, in this way, are encouraging the dissemination of new ideas and fresh approaches. The committee felt that the R.C.D.S. Board should encourage the establishment of more participation courses and also the increased utilization of guest clinicians. To this end the committee recommends:

That the R.C.D.S. Board establish an Annual Memorial Seminar embodying the following principles:

(a) The seminar would be named to commemorate an outstanding Canadian dentist.

(b) The course would be held at an Ontario dental school.

(c) The subject of the course would be determined by the field in which the commemorated dentist made his contribution.

(d) The length of the course would be of five days' duration and would be a participation type.

(e) The course leader would be a guest clinician whose training was obtained at a dental school other than that at which the seminar would be held, and preferably from outside the province.

(f) All course participants would pay a fee to cover all, or the major portion of any expense involved. However, the R.C.D.S. would guarantee to make good any deficit and would advertise the course as one of its extension projects.

(g) The clinician would be chosen through joint consultation of the Continuing Education Committee and representatives of the dental faculty at which a particular seminar is being held.

4.
The re-introduction of seminars, similar to those organized by the Public Health Committee of the Ontario Dental Association in 1953-58, whereby clinicians visited dental offices and demonstrated treatment techniques, was discussed. The Secretary was requested to investigate the possibility of obtaining a government grant for such seminars.

Regardless of whether government grants can be obtained, the committee recommends that the R.C.D.S. re-institute similar seminars as a part of its extension and extramural program.

5.
On Saturday, September 23, 1967 an all-day workshop was held in the R.C.D.S. Board Room. Dr. T. V. Weclew, founder of the Academy of General Dentistry in the United States met with the President and Secretary of the Board along with the Chairman of the Continuing Education Committee. Discussion revolved around the origin, organization, functions, and future objectives of the Academy of General Dentistry, as outlined in the attached article by Dr. Weclew, (Appendix A).

The day's deliberations and their subsequent reporting to the Continuing Education Committee resulted in a recommendation to the Board embodying the following principles:

(a) That an Ontario counterpart of the Academy of General Dentistry be established.

(b) That an Interim Organizational Plan be adopted under which Ontario would affiliate with the Academy of General Dentistry of the United States.

(c) That under this plan the Continuing Education Committee would act as an Executive Committee, and the Secretary of the R.C.D.S. as the Executive Secretary, of the Academy of General Dentistry of Ontario.

(d) That the R.C.D.S. make a minimum allotment of $2,000. during the initial stages of development. This money would be used for the printing of descriptive pamphlets and literature which are essential for the promotion of membership in the Academy. Although $2,000. would appear to be sufficient for the initial stages, it may prove necessary for this amount to be increased.

(e) That local societies form chapters of the Academy to serve their particular area, with the President of the local society and one other member acting as official representatives.

(f) That, in time, after the official representatives of the Academy are selected, the R.C.D.S. will organize a meeting of all local representatives, local society presidents and this committee. From this group would be elected a new Executive Committee to carry on the Academy as an autonomous organization. However, the R.C.D.S. would continue to provide secretarial services, if required, during the initial period of organization.

6.
The Committee met with the "Users" Committee of the Faculty of Dentistry, University of Toronto, to discuss their views with respect to the facilities that might be established at the University of Toronto to further the cause of continuing dental education.

The Continuing Education Committee offered the following views:

(a) That continuing education was a responsibility of both the University and the profession.

(b) That continuing education be given the same status as undergraduate, graduate and post-graduate education.

(c) This would necessitate separate facilities and staff including possibly a Dean of Continuing Education along with a separate building or autonomous department for continuing education. This type of organization would be somewhat similar to the one that now exists at the University of California, School of Dentistry at San Francisco.

The "Users" Committee did not feel that it could, at the present time, recommend to University authorities a plan of such scope. They offered the opinion that Continuing Education might not necessarily be the responsibility of the University and that, quite possibly, the profession should endeavour to set up such facilities. However, they suggested that the R.C.D.S. Board give them some information and statistics on the needs and/or demands for continuing education courses. They also requested information on the methods of organizing such a program.

It was suggested that such data could be obtained by visiting and observing the University of California arrangement, the New York First District Program, or any other comprehensive program that now exists.

Since it appears that we must furnish some reliable data to this committee in order that they may be equipped to approach university authorities on behalf of Continuing Education, the Continuing Education Committee recommends that we send a representative, or representatives, to assess any of the good programs that now exist.

7.
The growing feeling in professional circles that proof of continuing education should be linked to the right of re-licensure, was discussed. The committee recommends that the Board set up a study to explore this question thoroughly.

8.
The Committee is indebted to both the President and the Secretary of this Board for their help and guidance during the past months.

Appendix A

CONTINUING EDUCATION AND THE ACADEMY OF GENERAL DENTISTRY

The primary objective of the Academy of General Dentistry since its founding in 1952, has been the promotion of Continuing Education, as a regular procedure for General Practitioners. The effort has been most successful in many ways, and the Academy now numbers 3,500 members, with representatives in our fifty States, Canada and other countries.

All of the Specialties have associations or Academies. These groups have naturally promoted the interest of their members. Boards were created, curricula were established, and legislation was passed to regulate their procedures. Nothing of a similar nature was done for the General Practitioner until the advent of the Academy.

The Academy is particularly cognizant of the fact that the schools have small budgets and few facilities for the needs of the great bulk of 94% of the dentists of the United States who are General Practitioners. However, it is also true that

new knowledge is growing so rapidly in the sciences, that the practitioner and ultimately, too many patients are being short-changed because they are not receiving the dentist's educated best. He is not producing his best because he is not motivated or the curriculum is not offered by the dental schools.

The Academy has put forth a great deal of effort to correct this situation. With the co-operation of the Journals and other publicity at A.D.A. Meetings, both local and national, the need for Continuing Education has been clearly demonstrated and many of the schools are co-operating.

At the time of the Academy's inception, not more than one half of the dental schools offered refresher course work. Most of these schools offered two or three courses yearly, and they were poorly attended. Enrolment at that time was approximately five thousand out of the one hundred thousand dentists, and many of those attending were repeaters. The attendance figures have risen to over forty percent, according to recently published statistics. However, this includes many out of school courses. The Journals are now publishing many pages of refresher courses and the profession is recognizing the need for keeping current with knowledge.

The Academy program requires yearly attendance at school, with fifty hours every three years as the minimum. One hundred seventy-five members have far exceeded this requirement and have been awarded an Academy Fellowship. The desire for more courses will necessitate the establishment of sequential courses to take care of the burgeoning need. A program of yearly attendance should be inaugurated in the schools to carry a man all through his professional career. This will call for a budget, faculty, prescribed courses and facilities.

The lifelong yearly attendance of every professional man at a school, is not yet a reality. Apathy, complacency, a lack of responsibility, and the pressure of time may be the causes. However, a licence to practise is a privilege conferred by a State and with it comes the obligation to do one's best. With the tremendous knowledge explosion we are witnessing, this can only be accomplished through keeping up with current concepts. The Academy of General Dentistry has been in the forefront of this movement, and merits and invites your participation in its program.

THADDEUS V. WECLEW, DDS, FACD
Editor and Executive Director
Academy of General Dentistry
6007 Saugenash Avenue
Chicago, Illinois 60646

Action:

1. Report adopted.

2. Motions approved — "That the recommendations contained in the report of the Committee on Continuing Education in respect of

(i) an annual seminar (para #3),
(ii) community seminars (para #4),
(iii) an Academy of General Dentistry (para #5),
(iv) Continuing Education Programs in Faculties of Dentistry (para #6),

be approved in principle, and

that the Committee on Continuing Education be authorized to proceed as it deems appropriate to recommend suitable means to activate the said recommendations."

— "That the Committee on Continuing Education study the advisability of requiring proof of continuing education as a requisite for re-licensure."

DENTAL ASSISTANTS' COURSE

Participating Schools: Etobicoke Collegiate Institute, Etobicoke; Lorne Park Collegiate, Toronto Township; West Hill Collegiate, Scarborough.

REPORT

June 1967

1.

Dental Assisting in High Schools

Judging from the fact that applications exceed available places in the Dental Assistants' Course, interest in this course is high among High School girls. In June, 1967, the above-mentioned schools will graduate approximately fifty-five Dental Assistants.

Other centres in Ontario have been extremely interested in this relatively new course for girls at the secondary school level and intend to start similar programs at the conclusion of West Hill's five year experimental term. (1968)

2.

Admission Requirements

Dental assisting is offered in Grades XI and XII of the four year Science, Technology and Trades Branch. The course is open to twenty-four students each year, who have successfully completed Grades IX and X in any branch of the secondary school program. At Etobicoke and West Hill Collegiates, priority is given to students with an average of sixty-six per cent or better. In the first years of operation, West Hill Collegiate admitted interested students from Grades XI and XII. This backlog of older students has now diminished. Receiving students strictly from Grade X has changed the average age of the graduate Dental Assistant from 19 to 18.

3.

Curriculum

The original curriculum set for the Dental Assistants' Course remains unchanged as far as the content. However, since West Hill Collegiate will change from its original five-day cycle to a six-day cycle starting in Septembeer, 1967, there will be a slight change in the total number of periods allotted for each subject.

The teachers of West Hill, Etobicoke and Lorne Park Collegiate have set an early July meeting, to discuss standardization of subjects taught in the Dental Assistants' Course.

4.

Externship Program

Practical work weeks have been set up for the Dental Assistants in their final year. West Hill Collegiate, by special permission from the Board of Education, conducted four experience weeks this year. The weeks were spread two months apart and proved extremely valuable to the general training of the students. Lorne Park Collegiate allowed two weeks for the externship program and Etobicoke Collegiate allowed only one week for a similar program. Without the excellent co-operation from the local dentists, these work weeks would have been impossible.

In Etobicoke Dr. J. G. Chalmers is employed by the Board of Education to teach Operative Dental Assistance four periods per week. Similarily, Toronto Township employs Dr. R. M. Watson to aid the students gain realistic experience in the school dental laboratory.

5.
Graduation

At the successful completion of the second year in Dental Assisting students will be awarded the Ontario Secondary School Graduation Diploma, as well as a Certificate in Dental Assisting from the Royal College of Dental Surgeons of Ontario. This Diploma and Certificate will make the graduate eligible for Certification by the Ontario Dental Nurses and Assistants' Association upon completion of the necessary practical experience term, (860 hours or approximately six months).

6.
Placement

As to the placement of the graduating students, the Boards of Education differ in their opinion. Etobicoke Board of Education feels that the teacher of the Dental Assistants' Course should be responsible for the placement of all graduates. Lorne Park Collegiate has left the placement in charge of the Technical Director. West Hill Collegiate, giving aid whenever possible, considers the students responsible for finding positions in dental offices. Fortunately, with the courses getting more and more publicity, many calls from the dentists to the schools resulted in the placement of the students.

Manpower has given valuable assistance in placing students and Mr. I. Hannah handles mainly the placing of experienced dental assistants.

1. Report adopted.

COMMITTEE ON DENTAL HYGIENE

Members: Doctors T. H. Wachna, Chairman; H. M. Jolley, W. J. Dunn, J. B. Taylor, J. E. Speck; Mrs. M. J. Bakti, Mrs. M. J. Dolman

REPORT

November 1967

1.

The ad hoc Committee on Dental Hygiene met on August 23, 1967.

2.

There was general agreement on the following four considerations:

(i) The dentist must ultimately be responsible for the quality of care his patients receive and for the delegation of the duties of the auxiliary personnel in his office.

Comment:

The serial listing of operations and duties which may be carried out by a dental hygienist should be discarded. In lieu thereof, a provision which recognizes the dentist's responsibility to determine how a dental hygienist working under his supervision and control can be utilized to perform procedures which do not require the full professional knowledge, judgment, skill and competence of the dentist should be substituted.

(ii) The Board of Directors of the R.C.D.S. of Ontario should create a legislative environment free from prohibitive regulations.

(iii) There should be a provision in The Dentistry Act of Ontario to specify that the dentist must not delegate those duties which require the full professional knowledge and skill of the dentist.

(iv) Faculties of Dentistry should mount programs in Dental Hygiene which would provide the hygienist with the fundamental biological knowledge and technical competence she would require to be employed in any dental office and adapt herself to the specific needs of that office.

Comment:

(a) The present two-year diploma program at a Faculty of Dentistry should be maintained but altered where necessary.

(b) The Universities should be encouraged to mount a degree program particularly for those aspiring to administrative and teaching positions in dental hygiene.

(c) The number of students in dental hygiene programs should be increased.

3.

In order to create the "legislative environment" as referred to in 2(ii) above, the following suggested amendment to Section 12(b) of The Dentistry Act of Ontario is presented for consideration:

"(b) providing for the delegation to dental hygienists of the performance, under the supervision and control of a member, who shall have full responsibility for such performance, of such services as are of a minor nature and do not involve the exercise by the dental hygienist of the full professional skill or judgment required of a member of the College."

4.

Given appropriate statutory authority it would then become necessary to effect several amendments to the By-laws of the Royal College of Dental Surgeons of Ontario and to the By-laws relating specifically to Dental Hygienists.

Action:

1. Report received and referred to the Government and Legislation Committee for further study.

DENTAL INTERNSHIPS COMMITTEE

Members: Doctors E. J. Rajczak, Chairman; C. Cummings, K. Davey, E. Dore, H. M. Jolley, J. Pedlar, C. H. M. Williams

Ex-Officio Members: Dean W. J. Dunn, J. D. Purves, K. F. Pownall, Secretary

REPORT

February 1967

1.

Initial meeting, February 1967.

2.

Hamilton Internship Program

As the Board is aware, the hospitals which were the greatest cause for concern in the matter of dental interns with non-registrable qualifications, were the Hamilton General Hospital and the Ottawa Civic Hospital. It was generally agreed by the Internships Committee that their internship teaching programs would necessarily have to be upgraded in order to attract applicants who possessed registrable qualifications.

The purpose of this report is to inform the Board of the progress that has been made to date in Hamilton.

3.

Organization

An approach was first made to the Hamilton Academy of Dentistry to enlist its aid in setting up a teaching program at the Hamilton General Hospital that would significantly enhance the training received by its dental interns. The Hamilton Academy of Dentistry executive organized a committee under Dr. D. F. Boljkovac as its chairman, to carry on the work necessary to bring such a teaching program to fruition. The first meeting was called for January 30th, 1967 to discuss the question and gather ideas as to what approach should be adopted.

4.

Committee Meeting, January 30th, 1967

The following subjects came under discussion:

(a) existing rotating internships at two New York City hospitals,

(b) a possible list of instructors to carry out the teaching,

(c) the committee's manner of approach to hospital authorities to expand present physical facilities,

(d) ways and means of financing the laboratory costs that would inevitably be attendant to such a teaching program,

(e) formation of a steering committee to carry on discussions with hospital authorities.

5.

Steering Committee Meeting, February 13th, 1967

The steering committee met to discuss:

(a) the teaching program, proposed staff and their qualifications,

(b) the additional equipment required to bring facilities up to minimum standards required to implement such a program,

(c) to outline a brief to be presented to hospital authorities.

At this time verbal commitments had been obtained from thirty-two members of the Hamilton Academy of Dentistry to serve as instructors. Some of these were general practitioners or general practitioners who had restricted their practice to certain fields. Some were certified specialists in each of the recognized specialty areas. Many of these men presently or formerly were on staff at the Faculty of Dentistry, University of Toronto.

It was estimated that each instructor would contribute approximately four and one-half days per year to the teaching program. This would provide for the interns' supervised clinical instruction plus lectures for one hundred of the approximately two hundred and fifty week days of the year. This would leave ample time for the interns to fulfil their role in providing a dental service at the hospital but would also provide them with enough supervised training to make their intern year a fruitful one.

6.

Meeting with Hospital Officials, February 14th, 1967

A meeting was held with hospital officials in the office of Mr. Walker, the Superintendent. The brief was presented and received a very favourable reaction. Mr. Walker suggested certain avenues that should be explored by the Committee and gave it to understand that the brief would be carried to the Hospital Executive and also to the Medical Advisory Committee, with the recommendation that they should adopt the proposals contained therein.

7.

The Hamilton Academy Committee on Dental Internships is very pleased with the progress that has been made thus far, and hopes in the very near future to report to the Board that its dental internship program is indeed an accomplished fact.

Action:

1. Report adopted.

DISCIPLINE COMMITTEE

Members: Doctors R. Michell, Chairman; H. M. Jolley, R. W. Edwards, D. A. Cheetham, A. B. Sutherland

REPORT

June 1967

1.
The Discipline Committee met on Thursday, May 24th, to hear a charge of "improper conduct in a professional respect" against Dr. Maurice Gordon Sussman of Brantford.

The defendant was found guilty as charged and was assessed the following penalty:

(a) a reprimand,

(b) a fine of $1,000.00,

(c) full costs of the hearing.

Action:

1. Report adopted.

REPORT

November 1967

1.
The Discipline Committee has held hearings on three occasions in 1967 in the Board Room of the R.C.D.S. headquarters.

2.
The Discipline Committee met on Monday, June 26th to consider a charge against Dr. Charles A. King of Toronto with regard to the administration of drugs to a child. He was found guilty of improper conduct in a professional respect in that he did administer to a patient, on February 27, 1967 a quantity of sodium pentothal in excess of the manufacturer's recommendation, and his licence to practise was suspended for a period of three months.

3.
A summons to appear before this committee on October 24th, 1967 was served to Dr. Louis J. Fenech of Windsor to ascertain the facts relating to his conduct towards a patient which resulted in his being convicted on a charge of common assault. Dr. Fenech was found guilty of improper conduct in a professional respect and received a reprimand.

4.
On more than one occasion defence counsel has seen fit to compliment this committee on its fairness and consideration in the conduct of its duties. This commendation reflects favourably on the whole Board.

Action:

1. Report adopted.

SUBCOMMITTEE TO STUDY PREMEDICATION AND DRUGS IN DENTISTRY

Members: Doctors K. W. Davey, Chairman; E. Sonley, Secretary; P. E. Currie, L. Frost, M. F. Grapko, F. N. Hughes, J. Kreutzer, J. Purves, J. E. Speck, A. W. S. Wood, P. T. Sunohara and Mr. P. W. Bell

REPORT

June 1967

1.
A meeting of this Committee was held in the Board Room of the R.C.D.S. at 7:30 p.m. on Monday, June 19th. The purpose of the meeting was to edit and finalize an article drafted by Dr. Sunohara, entitled "The Use and Misuse of Drugs in Dentistry". This business was completed and the finished article will be sent to the Secretary of the R.C.D.S. in the near future.

2.
According to the Proceedings of the Royal College of Dental Surgeons of Ontario, 1965-66, the Board's Action at the 1966 Annual Meeting was as follows:

(1) That Clinics and Extramural Lectures on the use and abuse of drugs be encouraged.

(2) The Board favours recommendation number 2 (the publication of a pamphlet on the use of drugs in dentistry).

(3) That the report be received and adopted.

Dr. Kreutzer has contacted Dean Ellis with regard to suggestion number (1).

With the completion of the article described above, the second recommendation has been carried out. Therefore, in the opinion of this Committee, its work has been completed.

The Committee strongly recommends that this article be circulated to all dentists of Ontario as a publication of the R.C.D.S.

3.
The Committee's final comment concerns the alternate suggestion that was forwarded to the Board in the report of 1966 and read as follows:

> "That the R.C.D.S., providing its function includes education by pamphlets or publications, distribute or make available to Ontario dentists, either free or at nominal cost, a binder designed to contain the publication 'Accepted Dental Remedies' as well as future publications of the R.C.D.S. that could be distributed periodically. These short publications would be produced to fulfil particular needs in Ontario. The first issue, for example, would be the letter referring to the recommendations of the committee and its proposed program. This issue might be followed, for example, by a pamphlet concerned with the hazards of drugs in dentistry. Other releases would cover such subjects as: emergency treatment, antibiotic therapy, premedication for children, etc. This gradual organized introduction of material into the private office, using the 'ADR' as a reference might be more effective than a sudden release of a complete publication on drugs in dentistry."

Many members of this subcommittee feel that this suggestion warrants further consideration.

4.
With the presentation of this report, the subcommittee feels that its work has been completed, and unless otherwise directed, recommends that it be dissolved.

Action:

1. Report adopted.
2. Motions approved — "That the Subcommittee to Study Premedication and Drugs in Dentistry be dissolved."
   — "That, dependent upon the consent of the majority of the Board, the R.C.D.S. underwrite the cost of printing and distributing the booklet entitled, The Use and Misuse of Drugs in Dentistry, which has been produced by the Subcommittee to Study Premedication and Drugs in Dentistry.
3. The Secretary was directed to send a copy of the pamphlet when available to the Supervising Coroner of Ontario.

FACULTY OF DENTISTRY, UNIVERSITY OF TORONTO

Dean Roy G. Ellis

REPORT

June 1967

1.

Introduction

On July 1st, 1967, a few days from now, it will be twenty years since I assumed the office of Dean, of the Faculty of Dentistry, University of Toronto. I am very conscious of and deeply grateful for the tremendous help and assistance I have received from many individuals and organizations since July 1st, 1947. I presume that it would be excusable at this time, if I were to reminisce about the past. However, this I shall leave to the historians. I would much prefer to comment briefly about the future.

We are in the midst of important changes in secondary education and I believe equally significant changes are ahead in higher education. The health professions are reviewing their educational patterns because of general sociological trends, governmental participation in health affairs, the expanding use of auxiliaries, increased specialization and probable changes in practice in the future. Dentistry is no exception, and such changes will affect the curriculum of the Faculty of Dentistry. It seems appropriate therefore that a comprehensive study of the curriculum should be undertaken to assure that graduates in the years ahead will be adequately prepared for their responsibilities.

2.

Curriculum Review

The curriculum of a Faculty in the University of Toronto is the responsibility of the Council of the Faculty concerned and recommendations for changes are subject to ratification by the Senate of the University.

Major changes in the curriculum should be recommended only after an exhaustive study has been made of the aims of dental education and the means of achieving the same. With this long range objective in mind, a Curriculum Review Committee was established in the fall of 1966 with Mr. J. H. Sword, Vice-Provost of the University, as Chairman. The Committee under Mr. Sword comprises, Dr. J. Kreutzer; Dr. Blake McAdam; Dr. J. E. Speck; Dr. A. T. Storey and Dr. C. E. Purdy (Co-ordinating Secretary).

We were fortunate in obtaining the services of Mr. Sword, as an impartial Chairman, and we regret that the demands on his time as Acting President of the University of Toronto in Session 1967-68, will make it impossible for him to continue with the Committee. His place as Chairman of the Committee will be taken over by Professor D. F. Forster, Executive Assistant to the President, University of Toronto.

The Committee has been meeting every week since the beginning of January 1967 and there is good evidence already that it realizes the enormous responsibility which it has undertaken. It has initiated a comprehensive study of all aspects of the undergraduate curriculum. It has invited comments, observations and recommendations of students currently registered in the Faculty, recent graduates, graduates of earlier years, department chairmen and staff.

The work of the Committee is proceeding systematically and thoroughly and will not likely be completed for many months. No deadlines have been set in order to give the committee ample time for its deliberations. The ultimate recommendations of the Committee will be carefully studied by the Faculty Council, before being submitted to the Senate of the University.

3.

Graduate Dental Education

A review of the Postgraduate and Graduate registration figures for the past five years, indicates a steady yearly increase. For the period of 1962-67, students registered in graduate dental education have more than doubled (29 to 60). Application for full time courses of one to three years duration are increasing significantly. Continued growth and expansion however is going to be limited by physical facilities. The accommodation at 124 Edward Street was planned to house approximately 50 students in Postgraduate and Graduate categories.

It would appear that this Faculty has an important responsibility to provide for increasing numbers of students who are seeking specialty courses, graduate education and teacher training. Therefore the University has been advised that expansion of the facilities and staff for Postgraduate and Graduate Dental Education is urgently needed. At the request of the Vice-President of Health Sciences (Dr. John D. Hamilton) a "Users Committee" was established in March 1967, "to study proposals and prepare a report on expansion of the facilities and staff of the Division of Postgraduate Dental Education". Dr. A. M. Hunt was named Chairman of the Committee. The Committee comprises three Statutory members of the University Administration; Drs. R. M. Grainger; D. G. Woodside; R. C. Burgess and M. C. Johnston from the Faculty with Dr. K. J. Paynter and the Dean, Ex Officio.

This Special Committee is at work, meeting once a week, and is expected to report within twelve months.

4.

Research

The research accommodation is now bulging at the seams. The space provided for research in the new building in 1958-59 appeared to be adequate, with ample room for expansion. However the pressure on the research quarters is directly related to the increasing enrolment of students in graduate dental education. These areas are complementary to each other and may function in the future as a single well integrated unit.

During 1967-68 nine National Research Council Grants to dental staff, totalling approximately $85,000, and 3 Public Health Grants totalling $35,000, will be operative. In addition Dr. M. Goldner will continue to receive National Research Council support through a Dental Research Associateship and Dr. R. C. Burgess through a Dental Research Scholarship. During the summer of 1967, eleven undergraduate students, will be active in the Research Division, supported by Studentship Awards.

The age of Computer Science is very evident in the Dental Faculty. This development has been guided by Dr. R. M. Grainger and recently received additional emphasis when the Research Division took delivery late in March of a IBM 1130 II electronic computer.

This computer was purchased with funds from the Associate Committee on Dental Research of the National Research Council and is thought to be the

largest computer anywhere devoted completely to dental research problems. The computer is itself a powerful machine but in addition it will be interfaced to the large IBM 7094 II at the Institute of Computer Science, University of Toronto, as a remote terminal.

The computer configuration in the Dental Building was designed to permit special attention to be given to processing epidemiological and health survey records which demand considerable time for feeding in data and printing out results. The computer will also be used to complete the calculations from other automatic laboratory equipment such as the chemical analyzers, electromyographic recorders and the radiation counters.

The computer in the Research Division is expected to demonstrate how smaller computers may be used for the time consuming work of developing and testing programs which may later be run on the larger computer.

5.

Dental Students Conference on Research

The Third Dental Students' Conference on Research was held in Washington D.C., February 16-18, 1967. Mr. F. Michael Eggert, a second year student, was chosen as the representative from this Faculty. Fifty-two students attended the 1966 conference, representing fifty-six dental schools in the United States, Canada and Puerto Rico. Mr. T. Bembenek, the 1966 representative from this Faculty wrote an excellent account of the Conference, which was published in the Undergraduate Dental Journal.

The Faculty is making every effort to encourage students to take an active interest in research, through studentships referred to above and attendance at Conferences on Research.

6.

Registration

The progressive registration figures for the last five years are as follows:

Undergraduate Course	**1961-62**	**1962-63**	**1963-64**	**1964-65**	**1965-66**	**1966-67**
Professional Year	123	125	0	0	0	0
I Dental Year	120	123	127	127	125	125
II Dental Year	110	120	117	117	125	119
III Dental Year	114	105	118	115	115	129
IV Dental Year	85	124	120	123	121	122
Special Students	4	7	1	7	9	5
Dental Hygiene						
I Year	42	50	49	47	50	49
II Year	16	38	45	47	44	48
Postgraduate & Graduate						
Diploma Courses	20	21	20	25	31	35
Bachelor of Science	5	1	3	6	5	6
Master of Science	5	4	4	10	9	16
Occasional Students	—	3	7	6	3	3
	644	721	611	630	637	657

The steadily increasing total registration of students in the Faculty reflects the increasing number of students in the Postgraduate and Graduate Division. Both the undergraduate and dental hygiene categories are relatively static.

7.

Aptitude Tests

The first Canadian Dental Association aptitude testing session was held on January 7, 1967. A total of 649 applicants were tested at the various centres across Canada. Over one third (238) attended the test centre in the Dental Building at Toronto. These tests will provide the Admissions Committee with additional useful information.

All prospective dental students are being advised that it is in their best interests to present themselves for this test. It remains to be seen how valid the aptitude test scores will be in predicting success in dental education.

8.

New Awards

Senate approval has been given to the following new awards during the current academic Session:

a. ROYAL COLLEGE OF DENTAL SURGEONS CENTENNIAL ADMISSION SCHOLARSHIP

The Royal College of Dental Surgeons of Ontario has established a Dental Hygiene admission scholarship in the Faculty of Dentistry of the value of $200. The Award will be made to the Dental Hygiene student who is a resident of Ontario, who obtains first class standing (average of at least 75%) in the Ontario Grade 13 examinations, and who is admitted and registers in the first year of the course. The first scholarship will be awarded in the session 1967-1968.

b. RONSON SCHOLARSHIP IN PERIODONTICS

This scholarship is the gift of the Ronson Products of Canada Limited and will be awarded by the Council of the Faculty of Dentistry to the successful applicant who is admitted to the first year of the Diploma course in Periodontics. The award is of the value of $2,000 and will be made on the basis of scholarship. In the event that two or more candidates are judged to be of equal merit the scholarship will be divided equally between or among them. The first award will be made in the session 1968-1969 and successive awards are to be annual for a period of at least three years.

c. THE GLENN T. MITTON MEDAL

The Ontario Association of Public Health Dentists has provided a medal which will be awarded to the student standing highest in general proficiency in the course leading to the Diploma in Dental Public Health at the University of Toronto. The first award will be made in session 1966-1967.

d. ORAL PATHOLOGY PRIZE

The Council of the Faculty of Dentistry has accepted the generous offer of Professor H. A. Hunter to establish a prize of $50.00 to be awarded to the student with honours standing in the third year of the course and who obtains the highest mark in the subject of Oral Pathology. In the event of a tie the prize will be shared equally. The first award will be made in the session 1966-1967.

e. ANDREE HEBERT BRUNELLE SCHOLARSHIP

The Ontario Dental Hygienists' Association proposes to make a donation annually to establish an award of a value of $100 in the Faculty of Dentistry course in dental hygiene. The Scholarship would be entitled "The Andree

Hebert Brunelle Scholarship". A candidate, to qualify for the award, must complete the first year of the dental hygiene course with first-class honours; have the highest aggregate mark in the subjects of bacteriology, histology, and dental anatomy, and, in the event that two or more sudents are equal in the aggregate mark, the award will be shared equally between or among them. The first award will be made in the 1966-67 session and annually thereafter, subject to one year's notice of withdrawal by the donor. The award will not be tenable with other monetary awards given in the Faculty of Dentistry.

f. THE JOSEPH HARKER JOHNSON AWARD

Former students and colleagues in the profession dentistry, to honour Dr. J. H. Johnson, formerly Professor of Oral Surgery & Anaesthesia, Librarian of the Faculty of Dentistry, Curator of the Museum, a distinguished author and an outstanding representative of his profession, will be establishing an award to be known as the Joseph Harker Johnson Award. To accomplish their purpose, they have provided an endowment of $6,500, the income from which will be used to provide an annual award to a student in the fourth year of the Faculty of Dentistry, who passes his year in all subjects and who has shown the greatest proficiency in theoretical and clinical Oral Surgery & Anaesthesia. The first award will be made in the session 1967-68, with successive awards made annually.

g. DR. W. B. AND EDNA MAY AMY STUDENT LOAN FUND

The bequest of the late Edna May Amy makes possible the establishment of a loan fund in the Faculty of Dentistry, to assist students to the extent of a loan not to exceed $500 to one student in any one session, or to a total of $1,500 in all. Both principal and interest could be used in making loans from this fund. The applicant for a loan must be registered in any course in the Faculty of Dentistry which leads toward a degree or a diploma. Interest will be charged at the rate of 3% per annum on the outstanding balance from July 1st next, following the borrower's graduation; the first payments of principal will become due on July 1st of the following year, with all payments completed within three years of that date.

9.

Student Aid

During session 1965-66 over a quarter of a million dollars in student aid was allotted to students in the Faculty of Dentistry. A total of 313 students in all categories, just under 50% of the total registration (637), received aid valued at $262,240. This amount included:

Loans	$177,355
Bursaries	83,070
Scholarships	1,815

Comparable figures available for previous years are as follows:

Year	Total aid*	Number of Students
1960-61	$ 71,236	195
1961-62	120,060	258
1962-63	152,135	294
1963-64	150,495	284
1964-65	279,115	364
1965-66	262,240	313

* The total figure does not include assistance given to a new student enrolled in the R.C.D.C. Training plan.

10.

Association of Canadian Faculties of Dentistry

Culminating discussions which have taken place on several occasions in recent years, the Deans and elected representatives of the Canadian Dental Schools met in Washington, immediately after the adjournment of the annual meeting of the American Association of Dental Schools on March 22 to prepare the way for the establishment of the Association of Canadian Faculties of Dentistry. Following the adoption of a formal motion to establish this new association the proposed constitution was considered and adopted in principle.

The officers elected were:

President	Dr. J. W. Neilson	Universiy of Manitoba
Vice-President	Dr. G. Parfitt	University of British Columbia
Secretary-Treasurer ..	Dr. A. Storey	University of Toronto
Members of		
Executive Council ...	Dean J. P. Lussier	University of Montreal
	Dean W. J. Dunn	University of Western Ontario

The Executive Council plans to meet early in the summer to complete further details relating to the formation of the Association and it is anticipated that the first annual meeting of the Association will be held in about one year.

The American Association of Dental Schools in which the Canadian Dental Schools hold institutional membership has given its blessing to the formation of the Association of Canadian Faculties of Dentistry. They have amended their constitution so that the Canadian Dental Schools may individually elect to remain as institutional members in the American Association of Dental Schools or assume affiliate membership in the A.A.D.S. It is anticipated that the Canadian Dental Schools will maintain their relationship with the A.A.D.S. through affiliate membership.

11.

Staff

We record with deep regret the death of two part time members of the staff during the current session, namely Dr. W. O. Nursey and Dr. R. A. Erickson.

We were pleased with our first Visiting Professorship appointment held by Dr. George S. Beagrie, currently Professor of Restorative Dentistry at the University of Edinburgh. Professor Beagrie was at the school in the Department of Periodontology during the period September 1, 1966 to February 28, 1967. He created a very excellent impression during his stay in Canada.

Arthur T. Storey, D.D.S. (Tor) 1953; M.S. (Mich) 1960; Ph. D. (Mich) 1964; joined the staff with the rank of Associate Professor on July 1st. Dr. Storey was born in Sarnia, and after graduating from the University of Toronto in 1953, he was in general practice there until 1957. He then went to the University of Michigan where he undertook postgraduate work in Orthodontics (M.S. 1960), and Physiology (Ph.D. 1964). At the University of Michigan Dr. Storey held the rank of Assistant Professor in Physiology in the Medical School, and the same rank in Orthodontics in the School of Dentistry.

William C. Sturtridge, D.D.S. (Tor) 1954; and M.D. (Tor) 1965 joined the University staff on a fulltime basis with the rank of Lecturer on August 1st. Dr. Sturtridge has accepted a cross-appointment in the Faculties of Medicine and Dentistry, with particular reference to Pharmacology. Following graduation in 1954, he practised dentistry until 1961 when he was admitted to the Faculty of Medicine. The degree of Doctor of Medicine was conferred in June, 1965.

George A. Zarb, B.Ch.D (Malta) 1960; D.D.S. (Mich) 1961; M.Sc. (Mich) 1963 rejoined the Faculty staff on a full time basis with the rank of Assistant Professor on September 1st. Following graduation from the University of Malta in 1960, he went to the University of Michigan where he obtained his D.D.S. and M.Sc. degrees. Dr. Zarb then came to Toronto and was a member of the part time staff of the Faculty for two academic sessions. During session 1965-1966 he did postgraduate work at the School of Dentistry, Ohio State University, on a Fellowship Grant from the Canadian Fund for Dental Education.

Dr. K. J. Paynter assumes his duties as Dean of the College of Dentistry at the University of Saskatchewan on July 1st. Dr. Paynter will be greatly missed, but he goes to his new responsibilities with the best wishes of the entire staff and all the students at Toronto.

Dr. D. W. Stoneman leaves the Faculty to assume his duties on July 1st as Head of the Division of Dental Radiology in the Department of Oral Medicine, University of Western Ontario.

Dr. H. Sorenson has accepted an appointment as Assistant Professor of Paedodontics in the College of Dentistry, University of Kentucky.

We wish both Dr. Stoneman and Dr. Sorenson much happiness and success in their new posts.

12.

Acknowledgements

Once again I seize this opportunity to express thanks and our appreciation to many individuals and organizations for their continuing support. These include the Ladies Auxiliary to the Academy of Dentistry; the Dental Alumni Association; the University of Toronto Associates; the W. K. Kellogg Foundation and a host of individual members of the profession.

Finally, we express sincere thanks to this Board for their very substantial assistance with the Extramural Lecture program and annual grants for specific Faculty projects.

Action:

1. Report adopted.
2. Motion approved — "That the Board of the Royal College of Dental Surgeons, being intimately concerned with the development of curricula in dental schools in Ontario, and being most interested in obtaining any advice and information that would help it develop its philosophy along these lines, request the Curriculum Review Committee of the University of Toronto to provide the minutes of its proceedings and any other collected material it deems valuable."

THE UNIVERSITY OF WESTERN ONTARIO
FACULTY OF DENTISTRY

Dean Wesley J. Dunn

REPORT

June 1967

It is a privilege to present the third annual report of the Faculty of Dentistry of The University of Western Ontario to the Board of Directors of The Royal College of Dental Surgeons of Ontario.

1.

Curriculum Development Committee

One of the most significant actions taken by the Council of the Faculty of Dentistry during the past academic year has been the creation of a Curriculum Development Committee. The active committee Consists of Dr. P. G. Dellow, Chairman; Dr. P. E. Currie; Dr. D. G. Gardner; Dr. K. Hoshino; Dr. R. E. Jordan; and the Dean of the Faculty acting in an ex officio capacity. Upon the arrival of Professor W. H. Feasby on July 1, 1967, he, too, will assume an active role as a member of the committee. Consultants to the committee are Dr. J. A. Guest, Professor A. Murray Hunt, Dr. Ian Walker, Dr. C. E. Whitman, and from the Board of Directors of The Royal College of Dental Surgeons of Ontario, Dr. D. A. Cheethman and Dr. Ted Wachna.

The broad terms of reference of this committee are three in number:

(1) to state the aims and objectives of the Faculty of Dentistry in its education program

(2) to recommend the curriculum which it considers will best serve to achieve these objectives within the students enrolled for the degree of Doctor of Dental Surgery;

(3) to have the authority to seek expert opinion.

Dental schools in Canada and the United States are charged with a responsibility not assumed by any other professional educational institution. It is expected that the graduate of a Canadian dental school will have a solid foundation of basic sciences, he will have a broad theoretical awareness of the subjects indigenous to the art of his profession, and he will be competent in the application of that art. It is quite unrealistic to expect a modern dental school adequately to discharge that full range of responsibiliy in four academic years. In medicine, before the graduate of a Faculty of Medicine is permitted to practise, he must complete an internship program. The legal profession requires of its graduate several months of articling followed by a bar admission course. When the young engineer has graduated he, almost always, assumes a very junior position in which he performs his professional functions under the supervision of someone more experienced. The neophyte teacher is responsible to a department head, a vice-principal, and a principal, and follows procedures which have been rather meticulously outlined for him. The graduate nurse, by the very nature of her discipline, performs her services under supervision.

Of all the major professions it is only dentistry which expects its graduates "to be off and running" the day they receive their University degrees. Not only are these graduates expected to be able to perform a wide range of treatment services but there is an expectation that they have a rather comprehensive

appreciation of effective and efficient practice administration including the utilization of auxiliary personnel. It is time that the profession recognizes that the modern dental school if it is to give appropriate attention to basic sciences and to the theoretical aspects of the clinical sciences, cannot hope to produce graduates sufficiently competent to engage in immediate independent practice. Unless the dental school is able to liberate much more time in the undergraduate curriculum to permit greater attention to basic sciences then the profession will have to continue to be content to find, except for only a handful of its members, itself outside the main stream of the biological sciences in Canada. We are simply not producing dental scientists proportionate to our professional complement.

As the functions of the school and the licensing authority are virtually inseperable in this area this Faculty is hopeful that the Board will give serious attention to this matter to the end that from the joint deliberations of the Board and our Council we may develop a program which will assure a body of practitioners well founded in the basic sciences, thoroughly familiar with all subjects bearing on the art of our profession and possessing the technical competence and administrative experience to render a superior quality of treatment services.

2.

Official Ground-Breaking

Although the general contractor for the Dental Sciences Building commenced his activities on August 22nd, 1966 the official ground-breaking ceremony was held on September 27th. The university was privileged to have the Honourable M. B. Dymond, M.D., LL.D., Minister of Health of the Province of Ontario to turn the first sod and to address those assembled to witness this historic occasion. The construction phase is proceeding on schedule and there is reasonable optimism that the building should be delivered to the university in the early summer of 1968. Plans have already been initiated for the official opening of the Dental Sciences Building on Friday, October 25th, 1968.

3.

The First Class

Eighty-eight applications were received for admission to the first year class, 1966-1967. Five of these were subsequently withdrawn and from the remaining eighty-three, eight students were finally admitted. Unfortunately, during the course of the year one student, for personal reasons, withdrew from the program. The remaining seven students have performed most creditably. Academically, all completed their first year satisfactorily, three of them receiving first-class honours and three earning second-class honours.

The class has initiated student activities in our Faculty in a fashion which assures a high standard of participation in the years which lie ahead. A creatively-amusing float appeared in the Homecoming Parade only a few short weeks after lectures began. The University of Western Ontario Dental Students' Society was officially recognized by the university community when its constitution was ratified in the spring of 1967 by the University Students' Council. Then came the journal. To the best of our knowledge this is the only dental school in the world the freshman class of which was able to produce a journal in the first year of operation. And what a journal it was! Among 178 university publications submitted for assessment by a panel of expert judges, the *Journal of The University of Western Ontario Dental Students' Society* was selected among the top five. Both the students and faculty are most grateful to the Board of Directors of the R.C.D.S. for the financial contribution made to support this most worthwhile extra-curricular activity.

4.
Continuing Education

Council has established a Committee on Continuing Education with Brigadier K. M. Baird as its Chairman. By this action, Council has recognized the need for the university's participation in continuing education and has also provided an administrative mechanism should the R.C.D.S. Board wish to establish at Western an extramural lecture program similar to the one which has operated so effectively at the University of Toronto for many years. This Faculty would be privileged to co-operate with the Board in respect of continuing education activities.

5.
Academic Hood

Approval has been given to the academic hood to be employed to designate the Doctor of Dental Surgery degree of The University of Western Ontario. The university colours of purple and white are embodied in the hood and dentistry is distinguished by the use of lilac coloured silk. The colour lilac has, for many years, been dentistry's official colour and we are fortunate that it blends so beautifully with the university colours.

6.
Aptitude Test Program

The Senate, acting on the recommendation of Council, has made the presentation of the results of either the C.D.A. or A.D.A. Aptitude Test Program mandatory for consideration for admission. A test centre was established at The University of Western Ontario and tests were conducted in January and again in April. The January tests were administered by Professor Gordon Turner of the Department of Psychology and the tests in April were under the supervision of Mr. Henry Feenstra, a graduate student in that department. This Faculty will co-operate closely with the Aptitude Test Committee of the Canadian Dental Association as validation studies are proceeded with from time to time.

7.
R.C.D.S. Centennial Admissions Scholarships

It is with the utmost appreciation that this Faculty acknowledges the gracious generosity of the Board of the R.C.D.S. in making available R.C.D.S. Centennial Admissions Scholarships. These awards are two in number, one in the amount of $350.00 and the other in the amount of $250.00. As conditions, a candidate must:

(a) register in the first year of the course in the Faculty of Dentistry;
(b) be an Ontario resident and have completed Ontario Grade XIII or equivalent at first attempt;
(c) have obtained honour standing (an average of at least 75% in the Ontario (or equivalent) Grade XIII examinations) and when university admission grading is established that that portion of evaluation be based on university grading;
(d) have obtained at least 60% in each of the mandatory pre-dental science subjects at university level (physics, general chemistry, organic chemistry, and biology) as well as an over-all "B" average in these subjects.

In the event that the two scholarship recipients cannot be differentiated academically, two equal scholarships in the amount of $300.00 each will be awarded. It is hoped that there will be eligible recipients for these awards in the class being admitted in September, 1967.

8.

Dental By-Laws — St. Joseph's Hospital

The Dean of the Faculty was given the privilege of drafting a set of dental by-laws for St. Joseph's Hospital, one of the major teaching hospitals in London. On January 24th he met with the Committee appointed by the hospital and agreement was reached on a final version to go forward to the Ontario Hospital Services Commission. The dental by-laws were forwarded to the Commission with several other amendments bearing on other portions of the hospital's medical staff by-laws and although the by-laws were returned for some final refinements none of the suggested amendments is applicable to the dental section. In due course, these by-laws will be returned for the approval of the Lieutenant-Governor in Council and there is more than reasonable confidence that the dental by-laws will be approved. These by-laws are entirely in keeping with the policies in respect of hospital by-laws as developed both by the Canadian Dental Association and The Royal College of Dental Surgeons of Ontario. Acting on the provisions of the by-laws the hospital has appointed, effective July 1, 1967, Professor A. G. Parnell, Chairman of the Department of Oral Surgery, as Chief of the Department of Dentistry of the hospital.

9.

Fluoridation

The Council of the Faculty of Dentistry took a very active part in encouraging the citizens of London to vote favourably for fluoridation at the December, 1966 referendum. Through the leadership provided by this Faculty both the Council of the Faculty of Medicine and the Council of the Faculty of Dentistry unanimously adopted the following resolution which was transmitted to the Medical Officer of Health who subsequently published this resolution in the local press:

> "Whereas water fluoridation is the most important single public health measure available to combat tooth decay — an increasingly serious and costly health problem, and
>
> Whereas there have been extensive nutritional, biochemical, pharmacological, physiological, and toxicological studies on fluoride furnishing a sound scientific basis for its public health application, and
>
> Whereas these and other studies reveal that fluoride in the recommended amount of one part fluoride to one million parts water is safe from any ill effect and is effective in reducing tooth decay by approximately two-thirds,
>
> Therefore be it resolved . . .
>
> That the Council of the Faculty of Dentistry (Medicine) of The University of Western Ontario endorses fluoridation as a safe, beneficial, scientifically-sound public health procedure and recommends that communities having a public water supply adopt a procedure for adjusting the fluoride content of their water supply to a level considered optimal for the maximum prevention of tooth decay."

In addition, a public statement endorsing fluoridation and encouraging the community to act favourably on it was issued and was signed by the Vice-President (Health Sciences), the Deans of Graduate Studies, Medicine, Nursing, and Dentistry, and Heads of all departments in the Faculty of Medicine and in the Faculty of Dentistry. There is no question but that these activities were a very strong influencing factor in reversing an earlier negative reaction on the part of the citizens of London. Fluoridation is expected to commence in this city at approximately mid-summer.

10.

Course in Dental Hygiene

In September, 1966, Council established a small committee to consider the projected program in dental hygiene vis-à-vis the College of Applied Arts and Technology. Fanshawe College has been established in London and an Advisory Committee for courses in respect of health and welfare related disciplines has been established. The committee appointed by Council consists of Dr. R. E. Jordan, Dr. D. S. Moore, Dr. H. B. Stewart and Dr. Ted Wachna. The committee met in November, 1966 and, as a result of its deliberations, expressed the view that dental hygiene in Canada is a program indigenous to the university and as effective dental hygiene education and training must be performed in an atmosphere in which the team approach to dental care is made possible felt that it would be retrogressive to establish the program in a College of Applied Arts and Technology.

There are, however, certain problems which must be considered. At this point in time The University of Western Ontario has no diploma course whatsoever at the undergraduate level. Universities, by and large, have been attempting to divest themselves of "vocational" pursuits feeling that such responsibilities should be assumed by other agencies.

The Ontario Council of Health which has been established as the Senior Advisory Committee to the Minister of Health has created a Committee on the Education of the Health Disciplines. Its major term of reference is to advise on the location and general arrangements for education and training in the health disciplines. Before a program in dental hygiene could be mounted at The University of Western Ontario it would be necessary to receive the agreement, in principle, of the Senate of the university and then receive the approval of the Senior Co-ordinating Committee, a committee consisting of the Deputy Minister of Health as its Chairman, the Deputy Minister of the Department of University Offairs, and the Chairman of the Ontario Hospital Services Commission.

If it is not possible to establish a diploma level program in The University of Western Ontario then only three alternatives appear to be open. One, of course, is to do nothing at all. Another is to recommend the establishment of a degree level program in dental hygiene, and the third is to establish a relationship with Fanshawe College to mount the didactic portions of the program in that institution while providing the clinical training within the Faculty of Dentistry.

To do nothing seems entirely out of the question. To establish a degree level program with the present highly restrictive regulations bearing on the services which dental hygienists can perform seems unrealistic. A C.A.A.T's centered program is not without considerable problems not the least of which is the hygienists' expressed opposition to such a development.

Again, because the education and licensing of hygienists are, for all practical purposes, inseparable it is recommended that the Board, without delay, engage itself in a study of all matters bearing on the education and licensing of dental hygienists to the end that the best possible program can be developed.

11.

Special N.R.C. Summer Research Assistantships

The National Research Council, through its Associate Committee on Dental Research, makes available to each dental school in Canada two special N.R.C. Summer Research Assistantships. These were awarded to Miss Marilyn Morgan

and Mr. David Kenny, both of whom completed their first year with first-class honours. Miss Morgan will spend the summer in the Department of Physiology and Mr. Kenny in the Department of Pathology.

12.

Research Proposal — Kellogg Company

On March 28th, 1967 J. H. Hopper, Ph.D., Director of Nutrition of the Kellogg Company of Battle Creek, Michigan, met with Professor J. A. F. Stevenson, Dr. P. G. Dellow and the Dean to propose that this Faculty consider undertaking a research study to confirm results of a dental study already in progress with Kellogg experimental products in the States. The study would bear on the possible effectiveness of phosphate additives to cereals in the reduction of dental caries. A non-fluoridated area is required and one in which some 600-800 children could be regularly examined. Regretfully, under the relatively difficult circumstances in which this study would have to be conducted and in view of the many other activities in respect of the development of this Faculty with which new members of staff would be preoccupied Council found it difficult to be enthusiastic over the proposal. It was agreed, therefore, that at this time the proposal is not a practical one for this Faculty but that some time in the future the Faculty would be interested in participating in this kind of program.

13.

University Television Council

During the past academic year the Dean of the Faculty of Dentistry has had the privilege of acting as Chairman of a university-wide Ad Hoc Committee on University Television established by the Advisory Committee to the Board of Governors. Essentially, the committee was directed to seek an answer to the question: "Is a Television Centre for The University of Western Ontario feasible and, if so, is it desirable?" After several months of relatively intensive study and discussion a report was prepared which emphatically provided affirmative answers to both parts of this question. Subsequently, a University Television Council has been created, on which the Faculty of Dentistry is represented, and it is confidently expected that a Director of Television Services will be appointed and, in due course, his recommendations will bring forth The University of Western Ontario Television Centre. With such a Centre the Faculty of Dentistry, which has made extensive plans for the employment of Closed Circuit Television, will have available highly competent production and technological assistance.

14.

Appointments

Although all members of the six Basic Science Departments hold joint appointments in the Faculty of Medicine and the Faculty of Dentistry and all new appointments, therefore, are new appointments to each Faculty, only the "dental" appointments are herein reported. Effective July 1, 1967 the following full-time appointments are pleasurably reported:

1. Kenneth M. Baird, O.B.E., D.D.S., F.I.C.D., Director of Clinics;
2. Wilfrid H. Feasby, D.D.S., F.R.C.D.(C), Professor and Chairman of the Department of Paediatric Dentistry;
3. Leonard N. Johnson, M.S., Ph.D., Associate Professor of Dental Materials Science;

4. Anthony G. Parnell, L.D.S., R.C.S., F.D.S., R.C.S., Professor and Chairman, Department of Oral Surgery;
5. James E. Ryan, D.D.S., M.S.D., Associate Professor of Removable Prosthodontics;
6. Douglas W. Stoneman, D.D.S., Associate Professor of Dental Radiology;
7. Walter R. Teteruck, D.D.S., M.S.D., Associate Professor of Fixed Prosthodontics.

15.

Faculty Elected to C.D.A. Committees

Professor D. S. Moore, Professor R. E. Jordan, and the Dean of the Faculty are privileged to serve on Canadian Dental Association Councils. Drs. Moore and Jordan serve on the Council on Research and the Dean is Chairman of the Council on Education.

16.

Committee on the Healing Arts

In company with the other Faculty of Dentistry and the Faculties of Medicine and the Schools of Nursing in Ontario this Faculty received a comprehensive questionnaire which it completed for the use of the Committee on the Healing Arts. The Faculty did not make an independent presentation to the committee feeling that its views were adequately encompassed in the presentations developed by The Royal College of Dental Surgeons of Ontario and The Ontario Dental Association.

17.

Association of Canadian Faculties of Dentistry

On January 17th, 1967 Council approved, in principle, the creation of an Association of Canadian Faculties of Dentistry. In due course, Professor R. E. Jordan was elected as the Faculty's representative to this Association. On Wednesday, March 22nd the constitution of the A.C.F.D. was ratified when representatives of the Canadian schools met together during their attendance at the Annual Meeting of The American Association of Dental Schools in Washington, D.C. The first officers elected were:

President	— Dr. J. W. Neilson, Manitoba
Vice-President	— Dr. G. Parfitt, UBC
Secretary-Treasurer	— Dr. A. T. Storey, Toronto
Executive Member	— Dr. Jean-Paul Lussier, Montreal
Executive Member	— Dr. Wesley J. Dunn, UWO

18.

Canadian Association for the Advancement of the Health Sciences

During the past year the Canadian Association for the Advancement of the Health Sciences has been developed. A national steering committee was formed and the profession of dentistry was represented by Dean-Designate K. J. Paynter. A general meeting was held in Ottawa on January 19th, 1967 at which local chapters of the Universities of Canada were represented. A University of Western Ontario Chapter has been formed under the chairmanship of Dr. Earl Plunkett and the Dean of the Faculty of Dentistry is a member of the Executive of this Chapter.

19.

Dr. G. Edward Hall Retires

It is with considerable regret that this report records the impending retirement of Dr. G. Edward Hall from the offices of President and Vice-Chancellor of this university. Dr. Hall has served Western with distinction over a period of twenty-two years and has been, since 1947, one of the driving forces for the establishment of a Faculty of Dentistry at Western. Since January 1, 1965, the official date for the creation of the Faculty of Dentistry, Dr. Hall has enthusiastically supported and has given full co-operation to this Faculty in its efforts to become a full member of the university community. Our President has been a great friend to dentistry and this Faculty will miss his wise and judicious counsel very much.

20.

President-Designate Dr. D. Carlton Williams

It is with pleasure that the Faculty of Dentistry welcomes Dr. D. Carlton Williams, Vice-President of the University of Toronto for Erindale and Scarborough Colleges, as President and Vice-Chancellor of The University of Western Ontario effective July 1, 1967. Dr. Williams is an educator of broad experience and catholic interests and will be a most worthy successor to Dr. G. Edward Hall.

21.

Appreciation to the Board

This report would be remiss if it did not include a final word of appreciation to the Board of Directors of The Royal College of Dental Surgeons of Ontario for its interest in, and concern for, the development of this, as yet, embryonic Faculty and for the many actions which the Board has taken to facilitate the development of a creditable institution. In particular, the Registrar-Secretary of the Board has been most kind and helpful and a special word of grateful appreciation is extended to him.

1. Report adopted.

GOVERNMENT AND LEGISLATION COMMITTEE

Members: Doctors R. C. Honey, Chairman; H. M. Jolley, A. B. Sutherland.

REPORT

February, 1967

1.

Dental Hygiene By-Laws

In the proposed revision of the Dental Hygiene By-Laws it was attempted to delete the word "direct supervision and control" and substitute "supervision and control by a member who shall have full responsibility". We have been advised by our solicitor that in order to effect this change it will be necessary to have The Dentistry Act amended to make the deletion there. This Committee recommends to the Board that consideration be given to requesting such a change in The Dentistry Act.

2.

The Revised Third Draft of the By-Laws

The Committee submits for the consideration of the Board the Revised Third Draft of the By-Laws.

Action:

1. Report received.
2. The Board was not in favour of approaching the Legislature of the Province of Ontario for a change in the by-laws respecting Dental Hygienists at this time.
3. The first 20 pages of the Revised Third Draft of the By-Laws were received. Further consideration of the by-laws was deferred until the next meeting of the Board.

GOVERNMENT AND LEGISLATION COMMITTEE

Members: Doctors A. B. Sutherland, Chairman; J. P. Coupland, T. H. Wachna.

REPORT

November, 1967

1.
R.C.D.S. By-laws — Section 11 (1) of The Dentistry Act states:

"The Board shall make such by-laws as it deems necessary for the proper and better guidance, government, discipline and regulation of the Board, the College, the members of the College and the profession of dental surgery and the carrying out of this Act, and such by-laws shall be published for two consecutive weeks in *The Ontario Gazette,* and do not take effect until so published."

Pursuant to the above, the recent revision of the By-laws appeared in the September 30th, 1967 and the October 7th, 1967 editions of *The Ontario Gazette.* The fee for publication was $837.00.

A copy of the By-laws has been distributed in the Ontario Dental Manual to every dentist in the province. Several other jurisdictions have been sent copies upon their request.

2. The revised By-laws are appended.

Action

1. Report adopted.

2. Motions approved — "That the Secretary be authorized to act along with legal counsel to approve the transmission of the Regulations in respect to Dental Hygienists to the Lieutenant-Governor in Council."

—"That whereas it is necessary to have the principle of the ultimate responsibility of the dentist for all dental services received by the public recognized, and

Whereas The Dentistry Act does not specifically delineate this responsibility,

Be it resolved that the Government and Legislation Committee be instructed to study the matter and have appropriate legislation prepared to achieve the desired end."

BY-LAWS OF THE ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

As revised and amended to June, 1967

PREAMBLE

Whereas the Royal College of Dental Surgeons of Ontario is incorporated by Act of the Legislature of the Province of Ontario, Canada, and

Whereas power is given to the Board of Directors of the said College to make such by-laws as it may deem necessary for the proper guidance, government, discipline and regulation of the Board, the College, the members of the College, and the carrying out of the provisions of The Dentistry Act, it is hereby enacted that:

ARTICLE 1 — Definitions

In these by-laws the words "Board", "College", "dentistry", "dental surgery", "practice", "profession", and "secretary", shall have the same effect and meaning as set out in Section 1—"Interpretation of The Dentistry Act; "member" shall mean member of the Royal College of Dental Surgeons of Ontario; "approved" shall mean approved by the Board, and "recognized" shall mean recognized by the Board; "dentists in association" shall mean dentists practising together in the same suite of offices in the same building and sharing the expenses of their practices; a "regular meeting" shall be any meeting of the Board duly called under the provisions of The Dentistry Act.

ARTICLE II — Election of Directors

Section 1—The Secretary shall, not later than the 20th of October in every year in which an election is to be held, mail to every member of the College licensed to practise in the Province of Ontario, a notice of the time, place, and manner of conducting said election and a list of qualified electors in each electoral district or Faculty of Dentistry.

Section 2—Each member of the said College is eligible to vote provided that, on October 1st of the year in which an election is to be held, he is not in arrears in respect to any moneys payable under the provision of The Dentistry Act; his licence has not been cancelled; and, at the time of the distribution of the ballots, he is not under suspension.

Section 3—Every qualified elector shall be entitled to vote for one duly nominated candidate (except in District No. 4 where he shall be entitled to vote for two) from the electoral district in which he practises, or if not in practice, from the electoral district in which he resides.

Section 4—Every qualified elector shall be eligible for nomination as a candidate for election to the Board from the electoral district in which he practises, or if not in practice, from the electoral district in which he resides. No otherwise qualified elector shall be nominated or eligible for election to the Board or shall continue to be a member of the Board if he is, or after election becomes a director of any corporation or organization engaged or involved in the business of providing dental supplies or non-professional services to the dental profession.

Section 5—Any qualified elector may, by registered mail delivered to the Secretary not later than the 10th day of November in the year in which an election is to be held, nominate any qualified elector practising in the electoral district in which the nominator practises, as a candidate for election to the

Board from the said district, and no one shall be deemed a candidae for election who has not been nominated by at least two qualified electors. On or before November 14th, the Secretary shall notify all candidates so nominated, and any candidate may withdraw by registered mail addressed to the Secretary so as to reach him not later than the 20th day of November.

Section 6—The nomination paper shall be in the form or to the effect following, viz.:

To the Secretary of the R.C.D.S. of Ontario:
Having otained his consent to do so, I hereby nominate as a candidate for election as a member of the Board of Directors of the R.C.D.S. of Ontario, for the Electoral District No.....L.D.S., a qualified elector practising or residing in the said Electoral District, his post office address being.....
in the County of.....
Name of nominator.....
Post Office.....
County .....
Date .....

Section 7—Only such nomination of qualified candidates by qualified electors as shall be received by the Secretary, by registered mail, on or before the 10th day of November in the year of an election shall be accepted. In any electoral district where only one candidate (or two in District No. 4) has been duly nominated such candidate shall be declared elected by acclamation.

Section 8—At least ten days prior to the date of the election the Secretary shall mail to every qualified elector practising in Electoral District No. 4, for which three or more candidates have been duly nominated, and to every qualified elector practising in all other electoral districts for which two or more candidates have been duly nominated:

(a) A list of candidates duly nominated for the electoral district in which he practises;

(b) A voting paper in the following form with the name and address of each candidate:

Voting Paper
Royal College of Dental Surgeons of Ontario
District No.....

Dr..... Of.....	_____
Dr..... Of.....	

Mark this voting paper (X) for one candidate only. Place this ballot in the envelope marked "Ballot" and seal.

Voting Paper for District No. 4
Royal College of Dental Surgeons of Ontario

Dr..... Of.....	_____
Dr..... Of.....	_____
Dr..... Of.....	

Mark this voting paper (X) for two candidates only. Place this ballot in the envelope marked "Ballot" and seal.

(c) An envelope as provided in Section 10 of Article II of this by-law and an envelope addressed to himself.

Section 9—The counting of ballots for the election of members to the Board of Directors of the Royal College of Dental Surgeons of Ontario shall take place in such place in the city of Toronto as the Secretary shall direct, on the second Wednesday of December in every second year reckoning from the year 1926, and the proceedings shall commence at 2 o'clock in the afternoon of the said day.

Section 10—A ballot to be counted at the said election must be in the form prescribed by Section 8(b) of this by-law, duly marked by a qualified elector and enclosed in a non-transparent envelope provided by the Secretary attached to which shall be a perforated detachable slip containing the following:

VALIDATION SIGNATURE
DO NOT DETACH THIS SLIP

..... (perforated)

This is to certify that I am a qualified elector under The Dentistry Act of Ontario; that the signature affixed hereto is my proper handwriting; that I have marked no other voting paper in this election; that I am a qualified elector in this District in which I now vote; that this ballot was marked by me this .....day of.....19.....

.....
Signature of voter

.....
Office address in full

.....

Distirct No.....

(At the counting of the ballots this slip will be removed by the returning officers and the envelope placed in the ballot box.)

On the reverse side of the envelope shall be: "Ballot, Royal College of Dental Surgeons of Ontario."

Any needful directions to the elector may also be printed on the envelope.

This envelope is to be enclosed in another addressed to the Secretary and must be sent so as to be delivered to him not later than the Tuesday preceding the second Wednesday in December in the year in which an election is to be held.

Section 11—It shall be the duty of the Treasurer of the said College, immediately after the first day of October, to furnish to the Secretary a certified alphabetical list of the names of all the members of the said College, who on the said first day of October were not in arrears in respect to any fees payable under the provisions of The Dentistry Act.

Section 12—From the list of names of members so furnished the Secretary shall prepare a list of duly qualified electors, alphabetically arranged, for each of the eight electoral districts prescribed by Schedule "A" of the said Dentistry Act, and these shall be the electoral lists for the purpose of said elections.

Section 13—Prior to each election the Board shall appoint two returning officers. In case a vacancy exists at the time of an election the Secretary shall appoint a returning officer. For their services, the returning officers shall receive a per diem allowance identical to that authorized for Directors of the Board.

Section 14—The persons entitled to be present at the counting of the ballots shall be the President, the Treasurer and the Secretary of the Board, the returning officers, and the candidates, or a duly accredited representative of each candidate.

Section 15—The election shall be under the direction of the Secretary who shall decide upon the eligibility of any elector to vote and shall decide any dispute which may arise between the returning officers, but he shall not otherwise interfere in the proceedings.

Section 16—The counting of the ballots shall be so conducted that no one shall know how any elector votes. The returning officers shall make a declaration before the Secretary similar to that made by the returning officers in a municipal election.

Section 17—At the time and place fixed for the counting of the ballots the Secretary shall deliver to the returning officers, unopened, all envelopes marked "Ballot" received by him in the manner and within the time specified by The Dentistry Act and the by-laws of the College, with the detachable slips in place.

The Secretary and the returning officers shall check the names on all slips with the list of qualified electors, and, if correct, the returning officers shall remove the detachable slips from the envelopes and place the envelopes in the ballot box.

The returning officers shall then proceed to open and count the ballots properly marked for each candidate in each electoral district in which an election is being held.

Section 18—If, in the election of any member of the Board, a tie vote exists, the returning officers shall by lot decide which shall be declared elected.

Section 19—When all the votes have been counted the returning officers shall make a certified return in duplicate of the total number of votes cast in each district, the number cast for each candidate in each district, and the number of ballots rejected, stating the reason for rejection. One of these returns shall be handed to the Secretary and the other sealed with the ballots as hereafter directed.

Section 20—When the election is completed the returning officers shall seal all the ballots cast in each district in an envelope by themselves, distinguishing those which were rejected, and shall mark on the outside the number of the district from which they came. The returning officers shall then put these envelopes in a large envelope, with one copy of their certified return, and shall securely seal the same and hand it to the Secretary who shall deliver it to the newly-elected Board at its first meeting.

Section 21—On receiving the certified return from the returning officers the Secretary shall, by registered mail, notify all the candidates of the results of the election.

Section 22—Any candidate deeming himself to have been unfairly treated may, within one month after such election, lodge a protest with the Secretary and the matter shall be disposed of at the first meeting of the Board thereafter.

Section 23—If, from any cause, the Secretary is unable, refuses, or neglects to act in any capacity in which his services are required by the provisions of this by-law, the President shall appoint someone to act in his place, and such person shall have authority to discharge all the duties required by the Secretary by this by-law.

Section 24—The election of a member by and from a Faculty of Dentistry of an Ontario University shall be conducted by the Faculty in accordance with the regular usage of the Faculty in conformity with the statute under which the said University is constituted.

Section 25—When a by-election becomes necessary it shall be held within two calendar months of the vacancy occurring.

Licentiates in good standing two months prior to the date of the by-election shall be qualified voters in the electoral district in which they practise, or if not in practice, in the electoral district in which they reside.

The President and Secretary shall determine the date on which the by-election shall be held, and also the dates for the various proceedings as provided in this by-law.

ARTICLE III — Officers

Section 1—The officers shall consist of President, Vice-President, Registrar, Secretary and Treasurer. The first two named officers shall be elected and the other officers shall be appointed.

Section 2—The Secretary shall be considered a permanent officer, and shall hold office during the pleasure of the Board. Neither the Registrar, Secretary, nor the Treasurer shall necessarily be members of the Board. However, the offices of Secretary, Treasurer, and Registrar may be held by one person.

Section 3—All officers shall continue in office until their successors are elected or appointed and installed.

ARTICLE IV — Election of Officers and Committees and Their Duties

Section 1—At the first regular meeting of the Board after an election, as provided for in Section 6 of The Dentistry Act, the Secretary shall take the chair and present his own and the returning officers' report of the results of the election. He shall then call the roll of members-elect. If a majority is present they shall proceed to elect by majority ballot, without nomination, the officers requiring election and thereafter, as soon as deemed advisable, appoint the officers requiring appointment. The officers elected shall enter immediately upon their several duties. The Treasurer shall assume his duties when the books and accounts of his predecessor are audited.

Section 2—At the first regular meeting of the Board following the biennial elections, there shall also be appointed its Statutory and Standing Committees.

Section 3—It shall be the duty of the President to preside at all meetings of the Board and to enforce the due observance of the by-laws, rules, and regulations. He shall have the right to vote on all questions, and in case of a tie, may in addition, give the deciding vote. He shall be an ex officio member of all committees, except the Complaints Committee and the Discipline Committee. He shall see that the officers and employees of the Board perform their duties. He shall sign orders on the Treasurer for all moneys voted, and for the payment of all accounts ordered by the Board or by Committees of the Board under the direction of the Board. In case of a vacancy occurring in any office of the Board or among the appointees of the Board, in the interim of meetings, he shall either fill it himself temporarily, or appoint another member to fill it temporarily. He shall call special meetings of the Board when necessary. He shall perform such other duties as the by-laws require or as the Board may, by resolu-

tion, from time to time direct. In the absence or disability of the President his duties shall be discharged by the Vice-President. In the temporary absence of the President and Vice-President, the members of the Board present at a meeting duly called shall elect one of themselves as chairman, who while presiding, shall have the same powers and exercise the same functions as the President.

Section 4—It shall be the duty of the Registrar to see that the requirements of qualification of all applicants for admission into the Royal College of Dental Surgeons of Ontario be met and that a true record of all certificates of licence issued by the Board, together with the date of such certificate, the name of the licentiate, residence, qualifications, etc., be kept in a book specially provided for that purpose and to deliver to his successor in office all books, papers, etc., the property of the Board, that may be in his possession.

Section 5—

(a) It shall be the duty of the Secretary to act as Secretary to all statutory and standing committees of the Board, to conduct, under the direction of the Board, all correspondence relating to the affairs of the College, to keep copies of letters written by him, and files of all letters received; to keep a true record of the proceedings of each meeting of the Board; to notify members of the meetings; to keep a correct list of all applicants and make a complete report to the Registrar of the Board; to keep a correct list of the licentiates, with the date of licence; to issue an annual Registration Certificate to those licentiates whose annual fee is paid; to conduct the election of representatives to the Board of Directors; to lay before the Board a summary of its transactions at each regular meeting; and, in conference with the President, to transact all business requiring attention between the various meetings of the Board; to pay over promptly to the Treasurer all funds coming into his hands as Secretary; to draw orders on the Treasurer for all moneys voted and for the payment of all accounts ordered by the Board or that the officers of the Board may, from time to time direct, and to deliver to his successor in office all books, papers, etc., belonging to the Board, in his possession.

(b) All records, files, correspondence and anything respecting the business of the College shall be maintained by the Secretary for the use of the Board and its officials and, upon the written order of the President, for any other member of the College in good standing.

Section 6—It shall be the duty of the Treasurer to receive all funds of the Board and to deposit them in such chartered bank and/or trust company authorized to engage in business in Ontario under The Loan or Trust Corporations Act as the Board by resolution may direct; to open a savings account in the name of the Royal College of Dental Surgeons of Ontario in such bank and/or trust company in which all moneys received by him are to be deposited, withdrawal from this account to be by cheque signed by the Treasurer and countersigned by the President; to open a current account, which account shall contain not more than $15,000 at any one time; the current account shall be subject to withdrawal by cheque signed by the Treasurer or upon and in accordance with instructions of the Treasurer, by a Business Manager duly appointed and bonded; to make disbursement only upon the signed order of the President and Secretary; to pay all orders drawn on him signed by the President and Secretary; to keep a correct account of all moneys received and disbursed by him; to give at each regular meeting a report of the state of the finances of the Board; to notify each member of the College residing in Ontario, not later than the 15th of December in each year, of the amount that will be due to the

College by him or her on the first day of January next ensuing under the provisions of The Dentistry Act and the by-laws of the Board; to deliver to his successor in office all moneys, books, papers, and other property of the Board that may be in his possession; and to perform such other duties as the Board may, from time to time, direct.

Section 7—Any resolution bearing the signatures of all members of the Board shall have the same force and effect as if duly passed at a regularly constituted meeting of the Board. Any resolution so passed shall be embodied in the minutes of the Board at its next meeting. No such resolution shall be initiated except through the direction of the President.

ARTICLE V — Security of Treasurer

The Treasurer shall, before entering upon his duties, give a security bond approved by the Board, in the sum of $100,000 for the faithful accounting of the moneys which he may receive as Treasurer, the premium for the same to be paid by the Board. A similar security bond shall be given by an employee of the Board entrusted with moneys of the Board to sign cheques on current accounts.

ARTICLE VI — Seal

The seal shall be a crown in the centre, surrounded with the words, "Royal College of Dental Surgeons of Ontario."

ARTICLE VII — Respecting Students of Dentistry and the Licentiate of Dental Surgery Certificate

Section 1—Anyone desirous of obtaining a Certificate of Licence to practice Dentistry in the Province of Ontario is required to:

(a) Successfully complete a program of studies over a period of four academic years in a Faculty of Dentistry of a university in the province of Ontario or its equivalent. In all cases a student must have completed beyond Ontario Grade XII or its equivalent, at least two years of Arts and Science in a recognized university, which course must have included the following subjects: Biology, Chemistry, Physics.

(b) Forward to the Secretary of the Board at least one month before the date of examination:

  (i) An application for such examination and the statutory declaration required to be made by himself, and

  (ii) Such evidence as may be demanded of having complied with all the above requirements.

(c) Be of the full age of 21 years and possess the aptitude, character, and capacity to become a competent and ethical member of the College.

Section 2—The subjects in which examinations shall be passed before receiving a Certificate of Licence are those which shall be determined by the Board.

ARTICLE VIII — Examination for Certificate of Licence

Section 1—Applicants for Licence in attendance at a Faculty of Dentistry of a University in Ontario:—

(a) The Board may accept the examinations as conducted by a Faculty of Dentistry of a university in Ontario.

Section 2—Applicants not in attendance at a Faculty of Dentistry of a University in Ontario:—

(a) The examinations may be conducted by the Board at a place and time set for the purpose.

(b) The results shall be reported to the Board of Directors.

(c) The candidate must adhere to the "Regulations Governing Board Examinations" established by the Board, and such regulations may, by by-law or resolution, be revised from time to time.

ARTICLE IX — Re-Instatement

Every member of the College who has allowed his licence to lapse for two consecutive years or any longer period is required to submit to such investigation as to his qualifications to resume practice as the Board may prescribe, and to pay a fee of $25.00 in addition to the fee for the current year, before receiving a Certificate of Licence to resume practice.

ARTICLE X — Internships

Section 1—Any graduate in dentistry who possesses a registrable qualification in Ontario and whose qualifications for the purpose of internship have been approved, is at least 21 years of age, and desires to become an intern in dentistry in a hospital in the province of Ontario whose dental services are approved by the Canadian Dental Association, shall put himself under the protection of The Dentistry Act by signing an indenture, in the form approved by the Board, with the member of the College who is the director of the dental department of such hospital, for a period of not more than twelve months which shall not be extended or renewed without the consent of the Board.

Section 2—All Indentures of Internship shall be promptly filed with the Secretary of the Board, and shall be valid and effective only from the date of acceptance of such filing by the Secretary, and shall forthwith cease to be valid or effective if the applicant fails to comply with the terms of the indenture or these by-laws.

Section 3—The Secretary of the Board shall not accept for filing any such indenture unless it is in the approved form duly executed by the applicant and by the director of the dental department of the recognized hospital in which internship is sought, and accompanied by evidence satisfactory to the Board that the applicant is a graduate in dentistry of a school approved by the Board and possesses qualifications suitable to the Board.

Section 4—Production of a copy of such indenture duly endorsed by the Secretary of the Board and with the date of acceptance of filing thereof shall be a condition precedent to any person acting, or being allowed to act as, or to undertake any of the duties of an intern in dentistry.

ARTICLE XI — Admission of graduates of Schools other than the Faculties of Dentistry of the Universities in Ontario to Membership in the Royal College of Dental Surgeons of Ontario.

Section 1—**Graduate Dentists.** Applicants for licence are required:

(a) To have held, before commencing their dental studies, qualifications equivalent to those required from Ontario students at that time, and to establish to the satisfaction of the Board that they possess the aptitude, character, and capacity to become competent and ethical members of the College.

(b) To be recommended by the Dean of the school from which they graduated and the Secretary of the licensing authority of the province or state in which they are licensed.

(c) To present credentials that a graduation diploma was granted on the basis of a four-year dental course following at least two years of approved pre-professional studies.

(d) If a graduate in dentistry of an approved school, to pass examinations as specified by the Board.

(e) If the applicant is a graduate holding the Fellowship in Dental Surgery of the Royal College of Surgeons of England or of the Royal College of Surgeons of Edinburgh, or if the applicant is a graduate holding the Bachelor of Dental Surgery degree or its equivalent from a dental school of Australia, Denmark, Eire, New Zealand, Norway, Sweden, Union of South Africa, or the United Kingdom, to pass such examinations as the Board may direct.

(f) If a graduate of other than an approved school, and after being admitted to an approved school, to have completed two or more years of dental education, and to have passed the prescribed examinations in order to obtain qualifications equivalent to that demanded for registration as a member of the College.

(g) To sign a covenant to practise ethically and maintain the dignity and honour of the profession and to comply with all by-laws enacted by the Board.

(h) To pay an examination fee of $125.00 and a registration fee of $100.00.

Section 2—**National Dental Examining Board Certificate Holders**

(a) Subject to sub-section (b) holders of a certificate of qualification issued by the National Dental Examining Board of Canada may be admitted without further examination to membership in the College upon payment of the registration fee of $100.00.

(b) An application by the holder of a National Dental Examining Board Certificate must be accompanied by a certificate from the Secretary of the licensing board of the province or jurisdiction in which the applicant is licensed, stating that he has been and is in good standing.

(c) Certificates of the Dental Council of Canada or of the Dominion Dental Council will be recognized on the same basis as the National Dental Examining Board Certificate.

(The National Dental Examining Board of Canada was incorporated under Federal Statute in 1952, and is, in essence, the successor to the Dominion Dental Council, latterly known as the Dental Council of Canada.)

ARTICLE XII — Certificate

The Certificate of Licentiate of Dental Surgery to be granted by this Board shall be signed by the President and Registrar.

ARTICLE XIII — Annual Licentiate Fee

Section 1—Every member of the College engaged in the practice of dentistry in the province of Ontario shall pay to the Treasurer, on or before the first day of January in each year, a sum designated by the Board in accordance with the Act.
Section 2—Any member whose annual fee is not paid on or before the first day of March in the year in which said fee applies, shall pay, in addition to the said annual licentiate fee, the sum of $25.00 before becoming entitled to have his

licence renewed. Any member whose annual fee (plus any applicable penalty) is not paid on or before the first day of April next following shall be liable to have the unpaid account entered in Division Court for collection.

Section 3—No annual registration certificate shall be issued to any practitioner who is indebted to the College.

Section 4—Effective in respect of the year 1967 and following years, the annual registration fee payable by every member of the College engaged in the practice of dental surgery in Ontario shall be $125.00.

ARTICLE XIV — For the Regulation of the Profession of Dentistry

Preamble

The Board has enumerated the following regulations for the guidance of its members. The offences specified do not form an exhaustive list. In matters of doubt it is the conviction of the Board that members will be motivated by the ethics of their profession and their desire to be of service to the public rather than by a desire for personal advantage.

Section 1—**Charging of Excessive Fees**

(a) Charging of excessive fees shall be considered improper conduct in a professional respect.

(b) Failure by a member to carry out the terms of any agreement with a patient or representations made to a patient as to the member's professional charges, may be considered improper conduct in a professional respect.

Section 2—**Sales of Dentists' Accounts**

The selling of accounts by members of the College to third parties shall be considered improper conduct in a professional respect.

Section 3—**Fee Splitting**

Engaging by any member in "fee splitting" or the acceptance of "rebates" by a member shall be considered improper conduct in a professional respect.

Section 4—**Newspaper Announcements**

(a) It is considered proper for a dentist to have a suitable announcement on starting practice, but the number of insertions should not exceed three. The space used should not exceed one column (13 ems) in width by two inches in length, and the announcement should not be in the nature of a display.

(b) It is not considered proper for a dentist to have an announcement routinely in a newspaper.

Section 5—**Professional Cards**

(a) A member may use private professional cards, providing that he observes the dignity and ethics of the profession in so doing, and makes no reference to qualifications, procedures or equipment.

(b) A member may not insert his professional card in any handbill, program, year book, time book or other printed matter of like character.

Section 6—**Telephone Directory Listings**

It is the responsibility of members to determine that their telephone directory listings conform to the provisions of the following regulations of the Board:

(a) A member's listing should appear only in the section designated "Dentists" in the yellow pages and in his alphabetical listing in the white pages.

(b) A member's office hours should not be listed.

(c) Heavy type is not to be used in the yellow pages. The use of heavy type in the white pages is left to the discretion of each dentist.

(d) Members may not have a listing in "By-District" sections of yellow page directories.

(e) A member may have a yellow page listing in any geographical area in which he practices.

(f) A member who is a certified specialist may list the specialty designation.

(g) A member may not use display advertising of any kind.

(h) A member may not mention particular facilities or equipment, such as X-rays, general anaesthesia, etc.

(i) A member may list his residence in the yellow pages.

(j) The name of a clinic, dental centre, partnership or other form of dental group may be listed but a list of the members' names may not appear thereunder. The name of each member may be listed in his alphabetical section of the telephone directory. These listings may include the members' recognized designations.

Section 7—**Use of the Term "Clinic", "Dental Centre", or other form of Dental Group**

The use of the word "clinic", "dental centre", or other form of dental group can be applied only to a group which comprises a minimum of three members. These three members may be engaged only in one such dental group on a full time basis, and to the exclusion of any other private practice.

Section 8—**Dental Service in a Public Place**

No member of the College shall perform any dental operation, for fee or otherwise, in any public place, or in any vehicle or other movable contrivance, but this shall not apply to any clinic, movable or otherwise, approved by the Board or conducted by the Department of Health of the Province.

Section 9—**Display of Signs**

(a) A member may, in connection with his practice, display a dignified sign, or at most two signs, on the premises where his practice is being carried on.

(b) The signs must conform to the following standards:

(i) One sign only may be a suspended sign.

(ii) One sign only may be illuminated, but this may not be intermittent or neon-type.

(iii) Signs may be displayed only on the premises where a dental practice is carried on.

(iv) The maximum size of letters used in signs is four inches.

(v) Office hours may be added to an entrance sign, provided that only unilluminated letters not larger than two inches are used.

(vi) When an entrance is difficult to find, the words, "Entrance on....." may be added to the sign.

Section 10—No member of the College shall practice his profession in such a way that he may be unable to give full force and effect to his training, experience, and judgment as acquired in the course of his education. In particular and without restricting the generality of the provisions:

(a) No member of the College shall, except with the consent of the Board, as employee, assistant, agent, partner, officer, shareholder or otherwise howsoever, engage in the private practice of his profession for the benefit, profit, or advantage of any Corporation, or of any person who is not duly qualified and lawfully entitled to practise either dentistry or medicine in Ontario, or in such a way that any such company or unqualified person may make thereby any profit, reward or advantage, either directly or indirectly. The Board may determine whether or not any practice constitutes private practice within the meaning of this subsection.

(b) No member of the College shall employ any person not legally qualified and duly authorized under the Act to prescribe any medicine or dental treatment or to perform any dental operations, nor shall he permit any such person in his name or for his benefit, to prescribe any medicine or dental treatment or to perform any dental operations upon any person whatever. Nothing in these by-laws shall be deemed to prohibit the utilization by a member of the College, in connection with the practice of his profession, of the services of a radiological technician duly registered under the provisions of the Radiological Technicians' Act, provided such services involve only the performance of the technical or mechanical aspects of dental radiology.

(c) The licence of a member of the College who engages in the business of a dental technician while concurrently practising the profession of dentistry or any branch thereof may be forthwith suspended by the Board. Use by any member of the College of the designation "Registered Dental Technician" or of the letters "R.D.T.", or the description as a dental laboratory of any business carried on directly or indirectly by a member of the College shall be a prima facie proof of the carrying on of the business which a dental technician is authorized to carry on.

Where no dental laboratory services are furnished to others, a member of the College or no more than three members in association in the practice of their profession, may employ the full time services of a dental technician.

(d) A member may employ one dental hygienist only, registered with the College and licensed for the current year.

(e) A member who employs a dental hygienist must ensure that she performs only the specific dental duties which may properly be delegated for performance by a dental hygienist. He must also ensure that these duties are carried out under his direct control and supervision.

(f) Nothing in these by-laws shall prevent the employment in public health activities, under the supervision and control of a legally qualified and licensed dentist or dentists, of a dental hygienist or hygienists registered as such with the College and holding a current licence.

Section 11—Any member of the College who shall have been found by a competent Court guilty of fraud, malpractice, or of any other serious offence, which in the opinion of the Board makes it improper that he should be allowed to continue to practise his profession, or who shall have been found guilty of

contravening any of the provisions of these by-laws shall be deemed to have been guilty of conduct unbecoming a Licentiate of Dental Surgery and of improper conduct in a professional respect.

Section 12—When any member of the College takes over the practice or office of another member either by purchase or otherwise, the member so acquiring the said practice or office, shall not, after one year from the date of such acquisition, use any sign or printed matter which suggests to the public that the retiring member is in any way associated or connected with the said practice or office.

Section 13—The Board shall from time to time appoint such representative or representatives as it deems advisable for the purpose of effecting inspections of any or all dental offices in the province of Ontario and the conditions under which the practice of dentistry is being conducted therein. Such representative or representatives shall have authority to enter any and all dental offices at reasonable times and to make all necessary inspections and observations therein and to make such recommendations to members of the College as they may deem necessary in order to remedy unsanitary conditions and/or improper conduct, practices, or procedures. Every such recommendation which is not promptly and adequately adopted and effected shall be reported to the Board, together with a description of the conduct, condition, practice, or procedure complained of, and the Board shall thereupon make a formal written demand for such correction of the said conduct, condition, practice and/or procedure as the Board shall deem necessary or advisable. Failure on the part of the member shall be deemed to be improper conduct in a professional respect.

Section 14—No member of the College shall announce himself to the public or hold himself out to the public as a specialist, or as being specially qualified in any particular branch of dentistry, or limiting his practice to any branch of dentistry, unless he has complied with the additional requirements established by the Board and is the holder of an unrevoked Certificate of Qualification as a specialist. The Board is hereby empowered to give such examination as it may deem necessary to determine the qualifications of applicants. Every member of the College receiving a licence to practise as a specialist must, as a condition of qualification, limit his practice to that specialty to the exclusion of general practice. Every such certificate of qualification issued by the Board shall be subject to revocation by the Board at any time in case it shall determine in its sole judgment that a candidate who has received his certificate either was not qualified to receive it or has become disqualified since its receipt by failing to limit his practice or otherwise.

ARTICLE XV — Remuneration of Directors and Committee Members

Section 1—Each Director and each member of a committee of the Board in attendance at meetings of the Board or in attendance at approved Committee meetings shall be paid $75.00 for each day in attendance, and $75.00 for each additional day necessarily spent in travelling from and returning to his home. $40.00 shall be paid for each half-day in attendance, and $40.00 for each half-day necessarily spent in travelling from and returning to his home.

Section 2—There shall be paid to each Director and to each member of a committee of the Board the sum necessarily disbursed by him for travelling expenses.

ARTICLE XVI — Complaints Committee

Section 1—There shall be a Complaints Committee pursuant to Section 24a of The Dentistry Amendment Act, 1966.

Section 2—At the first regular meeting of the Board following the biennial elections, the Board shall appoint a committee of two members to be known as the Complaints Committee. No member of the Discipline Committee shall be appointed to the Complaints Committee.

Section 3—Where a complaint is made, or it comes to the attention of the College or its Registrar that there may have been professional misconduct on the part of a member of the College, the Registrar shall make such preliminary investigation as he deems proper, and where in his opinion there is a reasonable ground for believing that the complaint is or may be justified, he shall refer the matter to the Complaints Committee.

Section 4—Upon such referral the Registrar shall write to the member of the College

(a) notifying him of the complaint,

(b) informing him of the date of the meeting of the Complaints Committee at which the complaint will be considered, and

(c) inviting him to submit in writing prior to the meeting of the Committee any explanations or representations he may wish to make concerning the complaint.

Section 5—The Complaints Committee shall thereupon consider the material and determine

(a) that no enquiry shall be held in the case by the Discipline Committee; or

(b) that the matter in question shall, in whole or in part, be referred to the Discipline Committee; or

(c) that, if the matter before the Committee is possible of resolution and not one that need be referred to the Discipline Committee, it shall attempt to effect appropriate mediation.

Section 6—When the Complaints Committee determines that no enquiry shall be held in a case, the Registrar shall inform the complainant (if any) and the member of the decision of the Committee in such terms as the Committee may direct.

Section 7—Notwithstanding the foregoing provisions, the Registrar may, in his discretion, refer any complaint directly to the Board of Directors without following the procedure designated herein.

ARTICLE XVII — Discipline Committee

Section 1—At the first regular meeting following the biennial elections, the Board shall appoint five members of the Discipline Committee and designate one of them as the Chairman. In the event that at the time of a biennial election the Discipline Committee then in office has before it any case or application only partially heard, that Committee shall continue in office until every such case or application has been disposed of.

Section 2—The Discipline Committee shall hold meetings at such time as may be necessary to deal with inquiries without undue delay.

Section 3—The time and duration of meetings shall be determined by the Chairman after consultation with the Registrar and the Solicitor for the College.

Section 4—Except in the case of a member appointed to replace a member who is unable to attend, each member of the Committee is entitled to five days prior written notice specifying the date, time and place of the meeting. Members present at the meeting shall be deemed to have accepted the notice given them and to have waived any irregularity in respect thereof.

Section 5—The hearings of the Committee shall follow such procedure as the Chairman considers most conducive to the proper ascertainment of the facts and the determination of the charge made or subject matter of the inquiry, and may be in accordance with the practice and procedure followed in the trial of a civil action in a Court.

Section 6—The member whose conduct is the subject of the inquiry and his Counsel are entitled to be present during the reception of evidence and the presentation of argument, but are not entitled to be present during the deliberations of the Committee. Subject to the foregoing provisions, the Chairman may direct that any complainant, witness or other person may be present or shall be excluded during a hearing or any part thereof.

Section 7—All questions shall be decided by a majority vote upon a show of hands and such majority vote is the decision of the Committee in respect of the matter in question. Each member present shall be entitled to one vote. In the event of a tie, the Chairman is entitled to a second or casting vote. A member of the Committee who dissents from the majority vote is entitled to have his dissent recorded if he so requests.

Section 8—The Committee may reserve its decision in any case and may give its reasons for the decision reached, but it is not necessary that it do so. The decisions of the Committee and the text or substance of any admonishment or reprimand given shall be announced to such persons in such manner and at such times as the Committee may direct.

Section 9—In cases referred by the Committee to the Board the Committee's report shall be settled by the Chairman and the Solicitor after consultation with the other members of the Committee. The report shall be signed by the Chairman and a copy transmitted to the member whose conduct was the subject of the inquiry or to his Counsel.

Section 10—In cases referred by the Committee to the Board, the member whose conduct is the subject of the inquiry and his Counsel are entitled to be present when the member's case is dealt with by the Board and to make representations to the Board, but are not entitled to be present during the deliberations of the Board.

Section 11—In publishing the proceedings of the Discipline Committee in the "Proceedings of the Royal College of Dental Surgeons of Ontario", the following practice shall be followed:

(a) In cases in which a member has been found guilty upon a charge, the full name and address of the member, a summary of the charge, the decision, and the penalty imposed shall be stated. The text or substance of any reprimand may be added.

(b) In cases in which the charge has been dismissed, the identity of the member involved will not be revealed in the summary of the charge. If a warning or admonishment has been given, the text or substance of the warning or admonishment may be published in a manner completely dissociated from and without identification with the case in question.

ARTICLE XVIII — Alterations

Any of these by-laws or any of the rules or regulations of the Board may be repealed, amended, added to or suspended for the time being, by a two-thirds vote of the members present at a regular or special meeting.

ARTICLE XIX — Repeal of Prior By-Laws

By-Laws I-XVII as from time to time heretofore amended be, and the same are hereby repealed.

HOSPITAL SERVICES COMMITTEE

Members: Doctors Wesley J. Dunn, Chairman; N. F. Anderson; F. J. Clumpus; C. E. Woods; D. P. Cunningham; D. M. Wallace, Honorary Consultant.

REPORT

February 1967

1.
The Hospital Services Committee met at R.C.D.S. headquarters on Wednesday, January 18th, 1967. In addition to the full committee membership the deliberations were enhanced by the contributions of Dr. D. M. Wallace, Honorary Consultant to the committee, and by Drs. A. S. Brown and P. T. Smylski, representatives of the Hospital Services Committee of the Canadian Dental Association. Following the November, 1966 meeting of the Board, an invitation was extended by the Secretary to the Ontario Society of Oral Surgeons to nominate one member for appointment to the committee. At the date of meeting the Ontario Society of Oral Surgeons had not had an opportunity to present its nominee.

2.
The Chairman reported to the committee the results of the meeting held with the Executive Committee of the Council of the College of Physicians and Surgeons of Ontario on January 16th, 1967. The R.C.D.S. deputation consisted of Dr. James P. Coupland, President; Dr. James D. Purves, Vice-President; Dr. Kenneth F. Pownall, Registrar-Secretary; and the chairman of the Hospital Services Committee. The purpose of the meeting was to discuss the hospital's medical staff responsibilities with regard to sections 9 and 10 of the O.M.S.I.P. regulations. The attitude of the C.P.S.O. Executive was one of co-operation and the exchange of views which the meeting made possible was mutually beneficial.

3.
Guide Lines for Hospital Dental By-Laws

The committee gave approval to a document known as "Guide Lines for Hospital Dental By-Laws," (Appendix A). It must be stressed that no one set of model by-laws is adequate for all hospitals because each hospital has a set of by-laws consistent with its own particular needs and requirements. Thus certain portions of the "Guide Lines" may not be germane under all circumstances.

4.
Methods of Assuring a High Quality of Hospital Dental Service

Appendix B provides some suggestions bearing on the responsibility of assuring a high quality of dental care in hospitals.

5.
Procedures for Appointment to the Dental Staff of a Hospital and the Privileges that should be Assigned

The committee approved a document on appointments' procedure and privileges to be assigned. (Appendix C).

6.

The Promotion of Interest in Hospital Dentistry

To encourage practitioners to take an interest in hospital dentistry the following procedures were approved:

(a) the preparation of a Manual on hospital dentistry which could be employed as a ready source of reference,

(b) the chairmen of group and table clinics at conventions are to be urged to include clinicians competent to present material on various aspects of hospital dentistry, and

(c) the extramural and extension lecture service be requested to include speakers and topics in hospital dentistry.

7.

O.M.S.I.P. Regulations

The committee was privileged to have Dr. J. L. Johnston, Medical Director of O.M.S.I.P., present for a portion of the meeting. The purpose of his attendance was not to discuss the validity of all sections of the Act respecting Medical Services Insurance or the regulations enacted thereunder. Dr. Johnston's responsibility is to administer the regulations as they exist. Sections 9 and 10 of the O.M.S.I.P. regulations were those to which attention was directed. Dr. Johnston made the following points clear:

(a) "In hospital" means either a formal admission, i.e. 24 hours or more or a short stay admission or an extended out-patient admission. It does not mean an emergency extraction in the out-patient department. There must be an admission's procedure.

(b) Dental anaesthetists are not paid under present regulations.

(c) Under present regulations there is no provision for dental radiographs.

(d) Extra billing by the dentist is permissible if the patient understands this.

Dr. Johnston stated that the present billing system for dentists is not satisfactory and that a new computerized method similar to that used for physicians is being developed. He explained that there is a Medical Services Council, appointed by the Minister of Health, which acts in an advisory capacity to the O.M.S.I.P. program.

8.

Enquiries

It was reported that the committee had received requests for information and assistance from dental groups in Essex County, Lambton County and in the Collingwood and Newmarket areas.

9.

Scarborough General Hospital Seminar

The committee extended its congratulations to Dr. D. M. Wallace, Chief of Dentistry of Scarborough General Hospital for his and his colleagues' initiative in organizing a Fourth Hospital Seminar which was held on January 19th and 20th. The leadership of the Department of Dentistry of Scarborough General Hospital is unique and, unquestionably, this group has made a most significant contribution toward the advancement of hospital dentistry in Canada. Dr. Wallace reported that the forty places in the Seminar had been taken up and a few

applicants had to be regretfully declined. In addition to the many communities in Ontario from which applications had been received, there were some from Winnipeg, Montreal and Fredericton.

10.

Future Activities

Time did not permit the committee to give attention to:

(a) recommendations in respect of dental examinations for hospital food handlers, and

(b) standardized hospital dental charts.

These will be considered at a future meeting of the committee.

Appendix A

GUIDE LINES FOR HOSPITAL DENTAL BY-LAWS

1.

The permissive legislation to enable Boards of Trustees of Public General Hospitals in Ontario to enact dental by-laws is found in

(a) The Public Hospitals Act, and

(b) Regulation 523, being General Regulations enacted pursuant to The Act.

All by-laws relating to dental services in Ontario public general hospitals must be consistent with the provisions of The Act and the General Regulations.

2.

The by-laws for dental service in a public general hospital must embrace two major considerations:

(a) Medical staff responsibilities for dental patients, and

(b) Dental by-laws.

(a) **Medical Staff Responsibilities for Dental Patients**

No attempt will be made here to present a set of model by-laws respecting medical staff responsibilities for dental patients because medical staff by-laws of which all hospitals have a set, tend to vary considerably in form and are usually written in a fashion particular to needs of the hospital to which they apply. However, anyone embarking on the task of framing a set of by-laws relating to medical staff responsibilities for dental patients should familiarize himself with the provisions of the Second Edition of *Standards of the Canadian Council on Hospital Accreditation*. These may be found on page 14 of that publication. Essentially these responsibilities are stated to be

(a) requirements for the history and physical examination

(b) responsibility for the *medical* care of the hospitalized dental patient

(c) responsibilities of the Chief of Surgery vis-à-vis dental patients

(d) responsibilities for general anaesthesia.

When one is drafting dental by-laws he should be sure that in those sections of the by-laws which

(i) list the departments of the Medical Staff that a Department of Dentistry is provided for, and

(ii) list the Committees of the Medical Advisory Committee that provision is made for a Dental Audit Committee, and

(iii) list the complement of the Credentials Committee that there is dental representation on such committee.

(b) **Dental By-Laws**

"DENTAL SERVICES

1.

Appointment

(1) The Board of Trustees, on the advice of the Medical Advisory Committee, may appoint one or more dentists to the professional staff of the hospital and specify the privileges that each dentist so appointed shall enjoy in the hospital.

(2) No person other than one holding a Certificate of Licence under The Dentistry Act of Ontario shall be eligible for appointment to the Dental Staff.

(3) Appointments to the Dental Staff shall be for one calendar year and may be a full time appointment, as determined by the Board of Trustees.

(4) Appointments to the Dental Staff shall be made in the same manner as required for appointments to the Medical Staff.

(5) All rules and regulations that apply to the Medical Staff shall apply to the Dental Staff.

2.

Duties of the Dental Staff

(1) The Dental Staff shall work as a Department and be responsible to the Chief of the Department.

(2) To give the best possible care to every dental patient, the Dental Staff shall co-operate with the Administrator, the President of the Medical Staff (if applicable), the Medical Advisory Committee and the Chief of the Department of Dentistry.

(3) All treatment rendered in the Operating Room shall be under the overall supervision of the head of the Department of Surgery.

3.

Each Member of the Dental Staff shall:

(1) For every patient under his care, within 48 hours after the admission of the patient, complete and enter on the patient's case record:

(a) any dental history of the patient relevant to the cause of his admission;

(b) the findings of a dental examination;

(c) the provisional diagnosis;

(d) the proposed course of treatment, and

(e) any other pertinent information.

(2) Prepare a written description of every dental treatment, procedure or operation within 24 hours after it was performed on a patient and attach such description to the patient's case record.

(3) Prepare, at the time of discharge, a final dental summary including the final dental diagnosis.

4.

Admission of Dental Patients

Patients requiring dental care shall be admitted by a member of the Dental Staff in association with a member of the Medical Staff. Dental patients will be admitted to the ward or service most appropriate for the patient's needs or treatment.

5.
Discharge of Dental Patients

Before any dental patient is discharged there shall be an order for the discharge from the member of the Dental Staff treating the patient and from the member of the Medical Staff responsible for the care of the patient.

6.
Medical Records

Before dental treatment or oral surgery is undertaken on an in-patient, a complete medical examination shall be performed and a case history shall be completed by a member of the Medical Staff with the same thoroughness as if the patient had been admitted to undergo a general surgical operation.

7.
Consultations

Indicated consultations shall be held on a dental patient as they would be for any other patient.

8.
Chief of the Department of Dentistry

The duties and responsibilities of the Chief of the Department of Dentistry shall be those set out in (whatever section outlines duties of *all* Chiefs of services).

9.
Dental Staff Meetings

(1) Meetings of the Dental Staff shall be held ten times a year and shall include discussions of general dental business, organization and policies, followed by a report of the dental audit function and a review, analysis, and evaluation of the dental treatment of the hospital including review of selected in-patient and out-patient cases treated at the hospital.

(2) The attendance requirement at dental staff meetings shall be kept."

Appendix B

METHODS OF ASSURING A HIGH QUALITY OF DENTAL SERVICE IN HOSPITALS

1.
A definite "chain of command" must be provided for as a beginning in any Dental Department formation. This would entail developing a set of By-Laws which would be consistent with

(a) the provincial medical Act,

(b) the provincial dentistry Act,

(c) the provincial hospitals Act and general regulations, and

(d) the particular by-laws and regulations of each individual hospital involved.

These By-Laws should be drawn up in concert with the Medical Staff and then be processed in the usual manner customary to the formation of any Hospital Service or Department.

The By-Laws should clearly detail the duties and responsibilities of the Chief of Dental Services and his staff.

2.
Adequate equipment and its maintenance are important factors in maintaining quality control. The extent of the Dental Department's service should be decided upon and the necessary space and equipment supplied. This is a variable that must be decided upon in each individual case.

3.
The Chief of Dental Services must be present a significant part of the time and should take part in the clinical work load and not be confined entirely to administrative duties.

4.
The formation of a Dental Audit or Dental Advisory Committee seems to present a twofold purpose. It can effectively review the type, quality and amount of service within the department and, in the event that criticism is required, it affords the dispersion of the responsibility among the committee members.

5.
The establishment of Hospital Internships is an aid to quality control inasmuch as more and better trained hospital-oriented practitioners would be made available to the profession and the public.

6.
The mechanics of inter-departmental consultation, more than adequate histories and follow-ups, precise recording of all facets of diagnosis and treatment are factors in quality control.

7.
Seminars, Dental Rounds, Department Staff Meetings promote a high quality of dental service.

8.
If a Department of Dentistry is established in a hospital it is incumbent upon the members of that department to realize that hospital practice is not a right but a privilege and therefore high standards of patient care are not only expected but are enforced. Dentists who do not measure up to standards required of hospital dental practice should not enjoy the privilege of using hospital facilities.

SUGGESTED PROCEDURES FOR APPOINTMENTS TO THE DENTAL STAFF OF A HOSPITAL AND THE PRIVILEGES THAT SHOULD BE ASSIGNED

1.
Upon receipt of an application for hospital privileges by the Chief of the Dental Staff, the dental member of the Credentials Committee shall secure, from the Royal College of Dental Surgeons of Ontario, a letter confirming that the applicant holds a current licence to practise dentistry. The applicant may then be recommended for associate privileges.

2.
The Chief of the Dental Staff, or his appointee, shall provide for a period of orientation and observation for the applicant. This period would vary in duration depending, to some extent, on the privileges requested. It would include familiarization with the hospital by-laws, rules and regulations, physical layout of the hospital, operating room procedures and equipment, scrubbing and gowning, proper documentation of cases, writing of orders and all other pertinent aspects of hospital practice.

3.
In respect of a recent graduate, a period of observation and assisting in dental operations by experienced staff members should precede permission to operate. When the applicant has gained experience in his office practice (3 to 6 months), and has observed or assisted in a specified number of hospital dental procedures, he may be granted permission to operate under the supervision of the Chief of the Dental Staff or his appointee. Following this period of supervision (3 to 6 months), in which a specified number of procedures has been completed, the applicant may be recommended for full privileges of staff membership if the Chief of the Dental Staff feels that he is competent. If the applicant is not recommended he may again apply after a further period of supervision.

4.
Provision may be made for the granting of staff privileges to a qualified practitioner in circumstances of an unusual or emergency nature, on the recommendation of the Chief of the Dental Staff or his appointee. The practitioner shall exercise these privileges under the direct supervision of the Chief of the Dental Staff or his appointee.

5.
The privileges which should be assigned to general practitioners shall be those which normally apply to the general practice of dentistry and without necessarily limiting the foregoing, would include restorative, prosthetic, periodontal, orthodontic, paedodontic, endodontic, and surgical services in which the practitioner deems himself (and is judged) to be competent.
The privileges which are assigned to specialists would be those which pertain to the specialty involved and in which he deems himself (and is judged) to be competent.

Action:

1. Report adopted.
2. The suggestion was made that the Hospital Services Committee be transferred eventually to the Ontario Dental Association.

COMMITTEE INVESTIGATING INCORPORATION OF DENTAL PRACTICE

Members: Doctors J. E. C. McGowan, Chairman; E. J. Rajczak, W. G. Bruce

REPORT

April 1967

1.
At the request of several members of the College, a special committee was formed to investigate in depth the consideration of incorporation of dental practice.

2.
Some preliminary statements should be noted so that we can view the problems with perspective.

By-law No. 12, Section 2(a) prohibits any member of the College from engaging in the private practice of dentistry in any capacity for the benefit of a corporation. It follows therefore that it would be the responsibility of the Board to effect a change of the By-law, should there be a valid reason for so doing.

It is the responsibility of the Board "to make such By-laws as it may deem necessary for the proper and better guidance, government, discipline and regulation of the Board, the College, the members of the College, and the Profession of Dental Surgery, and the carrying out of the Provisions of the Dentistry Act".

3.
From the foregoing it can be seen that it does not fall within the province of the Board to *initiate* a change in the By-laws, unless it can be demonstrated that the Board would better meet its obligations in any of the above respects.

4.
If, however, a presentation were made to the Board requesting the change of this By-law for what the presentee considered good and valid reasons, it would then be the responsibility of the Board to ensure that such action would in no way allow any undesirable results to accrue. As it is most likely that such a request will be forthcoming, it behooves the Board Members to be acquainted with the probable ramifications of such a presentation.

5.
Because the prime reasons supporting the concept of incorporation of dental practice relate to the business side of dental practice, it would probably be within the province of the "Tax Equity Committee of the Ontario Dental Association" to present such a brief requesting a change in the By-law, if, of course, that Committee saw fit to do so.

6.
The Committee is going to pursue in some detail many different situations related to incorporation of dental practice, including the following, and will report its findings to the Board:

(1) **Incorporation**

(a) A consideration of the arguments supporting the concept of incorporation of professions, and in particular the profession of dentistry.

(b) The benefits that can accrue to the public, to the profession as a whole and the members of the College.

(c) A consideration of the arguments against the concept of incorporation.

(d) A consideration of the limiting factors which would have to be placed on the form incorporation would take, and a determination if these limitations would adequately safeguard those factors considered vital to effective service to the public.

(2) **The Future**

A statement of projections of the public's dental needs, the ability of the profession to satisfy these needs, and the relative position incorporation may have in the light of the various forms of practice which might be adopted in the future.

(3) The effects of the Carter Commission Report.

(4) The effects of the recommendations of the Select Committee on Company Law.

Action:

1. Report adopted.

INSPECTOR'S REPORT

Inspector: Mr. J. H. Payzant

REPORT

November 1967

The following report concerning activities since the 1966 Annual Meeting is respectfully submitted.

1.

Prosecutions — Dentistry Act

(a) 8-6-66 Magistrate's Court, Ottawa
BOURGAULT, Gerard — 537 Donald St., Ottawa, Ontario
Sec. 23(1) (b) "take impression" — Fine $50.00
Sec. 23(1) (c) "supply denture" — Fine $200.0 (2nd offence)
Sec. 23(5) "have dental equipment" — Fine $50.00

(b) 22-6-66 Magistrate's Court, Ottawa
LEBLANC, Fernand Adelard — 387 Catharine St., Ottawa, Ontario
Sec. 23(1) (b) "take impression" — Fine $50.00
Sec. 23(5) "have dental equipment" — Fine $50.00

(c) 22-6-66 Magistrate's Court, Ottawa
MANELLI, Wilfrid — 31 Solva Drive, Crystal Beach, Ontario
Sec. 23(1) (b) "take impression" — Fine $200.00 (2nd offence)

(d) 6-3-67 Magistrate's Court, Napanee, Ontario
GAULIN, Herbert — 234 Simcoe St., Napanee, Ontario
Sec. 23(1) (c) "supply denture" — Fine $300.00 (2nd offence)
Sec. 23(5) "have dental equipment" — DISMISSED

(e) 23-3-67 Magistrate's Court, Toronto, Ontario
TUSTIN, Frank — 121 Celeste Drive, Scarborough, Ontario
Sec. 23(1) (b) "take impression" — Fine $250.00 (2nd offence)

(f) 11-5-67 Magistrate's Court, Pickering, Ontario
STEIL, William — 863 Douglas Ave., Bay Ridges, Pickering Twp. Ontario
Sec. 23(1) (b) "take impression" — Fine $50.00

(g) 24-8-66 Magistrate's Court, Timmins, Ontario
GAUTHIER, Andre — 7115 Christopher Columbus St., Montreal, P.Q.
Sec. 23(5) "have dental equipment" — Fine $100.00

21-6-67 Magistrate's Court, Timmins, Ontario
GAUTHIER, Andre — 7115 Christopher Columbus St., Montreal, P.Q.
Sec. 23(5) "have dental equipment" — Fine $250.00 (2nd offence)

(h) 21-9-67 Magistrate's Court, Ottawa, Ontario
MORRISON, Joseph, Registered Dental Technician, 39 Richmond Rd., Ottawa, Ontario
Sec. 23(1) (c) "supply denture" — Fine $70.00
Sec. 23(1) (c) "supply denture" — SUSPENDED SENTENCE

2.
Division Court

(a) 1966 Annual Registration Fees — Six (6) suits entered in Division Court resulted in fees and additional sums as prescribed by By-law being received in due course.

(b) 1967 Annual Registration Fees — Three (3) suits entered in Division Court resulted in fees and additional sums as prescribed by By-law being received in due course.

3.
Investigations

(a) Signs at dentist's premises contrary to By-law (10)

(b) Complaints unhygienic condition dentists' offices (5)

(c) Complaints dentists' actions with patients (2)

(d) Complaints dental assistant performing prophylaxis (5)

(e) Provincial government department inquiry re establishment of practice (1)

(f) Service of notice of Discipline Committee meetings (5)

Inspections and inquiries were made as indicated above. Directives were issued by the Registrar and appearances were made before the Complaints Committee, Discipline Committee or as otherwise required. With reference to inspections made regarding unhygienic premises, complaints appeared to be unfounded on inspection made in such instances.

4.
General

Although witnesses or sufficient evidence are not available for prosecution action to date, investigations are continuing regarding reported cases of suspected illegal practice of dentistry in various sectors of the Province.

Action:

1. Report adopted.

LIBRARY-MUSEUM COMMITTEE, UNIVERSITY OF TORONTO

Members: Dr. J. G. Dale, Chairman; Miss P. Smith, Drs. H. G. Poyton, W. D. MacKay, C. E. Purdy, F. Kellam, K. F. Pownall

Ex Officio: Dean R. G. Ellis, Mr. A. G. Read

REPORT

June 1967

THE LIBRARY

1.

Centennial Year is a time for reflection in Canada, in Dentistry and in our Faculty.

Within the past hundred years the Faculty of Dentistry has developed from a handful of staff and students located in two rented rooms above the British American Assurance Company office on the north west corner of Church and Court streets to a magnificent new building with an academic teaching staff of 227 and an enrolment of 644 students. The Division of Postgraduate Dental Education has an enrolment of 56 students, and there are plans for expansion in the near future. The Division of Dental Research operates on a budget of approximately $200,000 and employs over 50 academic, technical and secretarial staff members.

The Dental Library began in April 1898 when Drs. J. P. Marshall and J. B. Brownlee, members of the Board of the R.C.D.S. recommended that the College purchase the Library of the late Dr. George W. Beers of Montreal. Dr. Beers was the first editor of the first dental periodical in Canada "The Canada Journal of Dental Science". He possessed one of the finest Libraries of the time. The Dental Library has grown from this initial acquisition of approximately 600 volumes to 13,536. It would appear, therefore, that the Library, in general, has met the needs of the Dental College.

The Harry R. Abbott Memorial Library began in 1926 one year after the School of Dentistry of the R.C.D.S. became the Faculty of Dentistry of the University of Toronto. Dorinda E. Tully of London, Ontario bequeathed $15,000 to the R.C.D.S., the income of which was to be made available for the purchase of books for a library to be used by the students of the College and to be named "The Harry R. Abbott Memorial Library" in memory of her brother. This Library now possesses approximately one half of the total 13,536 volumes housed at the Faculty.

The first Dental Library Committee was comprised of Dean J. B. Willmott and Dr. H. T. Wood.

The first Librarian to be appointed in the Faculty was Dr. W. G. L. Spaulding. Dr. Spaulding was succeeded by a number of dentists including Dr. Charles Angus Kennedy and Dr. Joseph Harker Johnson. Both men were most active in the organization of our Library. Dr. Kennedy served for 25 years until 1937, Dr. Johnson for 18 years until 1964. In 1942 the organization changed to the present arrangement with the appointment of Miss Eileen Bradley, the first Library Staff member to possess Library qualifications.

2.
The Collection

There were 234 books, and 133 bound periodicals added to the University of Toronto book collection. There were 102 books added to the Harry R. Abbott Library. This represents a total addition of 709 bound volumes. Sixteen new subscriptions have been added to the 139 we now have in our possession. The Library now has 266 journals by subscription, donation and exchange.

There are at the present time, 67 orders outstanding from the University.

An "In Memoriam and Awards Recognition Collection" is appended. This is a collection of books within the Library which have thoughtfully been donated in memory of people who have died, or in recognition of awards and honours given.

We gratefully acknowledge donations from: Drs. K. W. Davey, R. G. Ellis, R. J. Godfrey, S. Goldman, G. C. Hare, H. A. Hunter, J. H. Johnson, F. G. Kellam, A. W. Lindsay, (donation of 1,315 journals), M. Listgarten, S. A. McGregor, G. Morgan, A. L. Posen, C. Purdy, A. Storey, R. Teitler, D. Teskey, C. H. M. Williams, A. Mankodi, Mrs. Charles Nolfe, who presented the Library with her late husband's collection of 266 books.

We particularly acknowledge donations from: American College of Dentists, in memory of Dr. Sidney Bradley; Drs. J. G. Dale, A. Feldman, M. Roberts and Toronto Orthodontic Club, in memory of Dr. R. A. Erickson; Dr. M. Jackson in memory of Miss Gladys Henderson; Toronto Orthodontic Club, in memory of Dr. Charles Corrigan; and Dr. A. Winnick, in memory of Mrs. Sidney Golden.

We are indebted to the following Institutions and Associations: American Association of Dental Schools; American Dental Association; American Academy of Dental Practice Administration; Baylor-in-Dallas Library, Dallas, Texas; Canadian Dental Association; College of Dentistry, University of Kentucky at Lexington; Department of Health & Welfare, Ottawa; British Dental Association; American Institute of Oral Biology; Howard University, Washington; Grasslands Hospital, Valhalla, N.Y.; McGill University, Montreal; National Research Council, Ottawa; Medical Library, U.S. Naval Hospital, San Diego, California; North Carolina Memorial Hospital, Chapel Hill, North Carolina; Denver Medical Society Library; Kaiser Foundation Hospital, Los Angeles, California; Ontario Cancer Institute Library, Toronto; Pacific State Hospital, Pomona, California; Nihon University, Tokyo, Japan; Sandia Base Hospital, Sandia Base, New Mexico; Royal College of Dental Surgeons of Ontario; Trudeau Institute, Saranac Lake, N.Y.; University of Colorado Medical Center; University of Detroit School of Dentistry; University of Göteberg, Sweden; University of Lund, Malmo, Sweden; University of Michigan, Ann Arbor, Michigan; University of Stockholm, Sweden; United States, Department of Health, Education & Welfare.

The Library acquired 1,135 reprints from the Orthodontic Department. A subcommittee comprising Miss Smith, Dr. Purdy and the chairman was established to study the management of this collection. This has now been successfully completed.

3.
The Use of the Library

During the year 1956-1957, the Library recorded a total of 7,789 loans. The Faculty accounted for 399, the students for 5,328, and the graduates for 703. This year, 24,120 loans were recorded, an increase of 16,331. The Faculty was responsible for 1,729, an increase of 1,330, the students for 11,322, an increase

of 6,044, and the graduates for 4,652, an increase of 3,949. Reading room loans increased by 2,235 (1960) to 4,035. The Periodical loans have increased from 1,449 to 2,332. There was an increase in total circulation of 3,975 over last year.

4.
Appropriation

The annual appropriation from the University of Toronto fund was $2,300 for the purchase of books and continuations. We no longer receive monthly statements of expenditures and balances from the University.

It was reported at the Library-Museum Committee meeting on March 17, 1967 that the balance in the Harry R. Abbott fund was $570.00.

5.
Staff

Miss Barbara Gallivan, Assistant Librarian for four years, terminated her employment May 31. Miss Sandra Walsh has accepted her position. Miss Walsh is a graduate of Library School this year, and is bilingual.

A proposal is now being considered, in view of the student enrolment, and the rise in circulation, to add to the Library staff, a Library Assistant. The staff would then include:

(1) Librarian-in-charge, for administration and reference

(2) Assistant Librarian, for circulation and reference

(3) A Library Assistant, for circulation, binding and processing

(4) A Clerical Assistant, for typing, filing, shelving, etc.

This would be ideal, not only for daytime hours, but in the event of evening hours — the ultimate arrangement with an increase in graduate enrolment. To date, the physical facilities of the building and the lack of an adequate Library staff have complicated the opening of the Library in the evening.

6.
Catalogue System

A list of the material that we have to offer on the Medical Library Exchange was made out once again this year. A listing of 566 periodicals, and 119 books was sent out.

A catalogue of "The Rare Book Collection" has recently been completed and distributed to various Libraries and individuals in the United States and Europe. It includes 398 books and 100 Manufacturers' catalogues. Many of these items are exceedingly valuable, and a large proportion are first editions. Since publication we have been fortunate in acquiring 39 more books, 26 of which are first editions. We are extremely grateful to Dr. K. F. Pownall for his efforts in making possible the purchase of books, especially of this nature, directly from the Harry R. Abbott Trust Fund. This direct ordering procedure enables us to procure rare books immediately. Regular texts of an "urgent" nature may also be obtained in this manner. This avoids months of waiting while orders are being processed through the University Library Order Department.

It was our pleasure to supply the Canadian Dental Association Library with eight bound volumes of the early issues of the Dominion Dental Journal and several hundred issues of the Canadian Dental Association Journal.

7.

Medical Library Association's Annual Meeting, Boston

Through the generosity of the Faculty, Miss P. M. Smith, Librarian, attended the Medical Library Association's annual meeting in Boston in June, 1966. Much of the meeting was concerned with the study of computerized services for bibliographic information and retrieval service. Discussions included indexing, the Medical Library Exchange, and ways and means for improving our various Library services. Visits to the Francis A. Countway Library of Medicine, the Harvard School of Dental Medicine Library, and the Forsyth Dental Infirmary Library were part of the agenda.

8.

Teaching Conference on the Dental Faculty Library

In March, 1967, a Teaching Conference on the Dental Faculty Library was held at the Canadian Dental Association prior to the Conference on Dental Education. It was extremely successful, and many discussions took place regarding staff, floor space, organization, budgets, services, cataloguing, and the Canadian Dental Libraries' responsibility in the building of the new Health Sciences Library at Ottawa. Library Representatives from all Dental Faculties in Canada were present. Miss P. Smith, our Librarian, presented a paper on "Library Services as they Relate to the Staff, Students and the Profession". As Chairman of our Committee I had the honour to present a paper on "Library Organization". The seven resolutions arising from the Conference are appended, and it is to be hoped that they will have an important bearing on future Library developments in Canada.

A special meeting was arranged by Dean Ellis with the Chief Librarian of the University, Mr. Robert H. Blackburn, to discuss problems which relate to the Faculty of Dentistry Library. Mr. Blackburn gave his assurance that every effort would be made to expedite the processing of dental books.

The Library-Museum Committee is preparing a series of proposals for the Curriculum Committee of the Faculty of Dentistry for a Library Orientation Program.

THE MUSEUM

1.

The Collection

The Committee gratefully acknowledges the donation of the following Museum items; Dr. K. C. Campbell of Kitchener, who formerly taught in our Operative Dentistry Department, a set of examination papers and a copy of "The Booster"; Mr. and Mrs. A. G. Hartford, a complete dental office of the period 1890-1900 formerly used by Mrs. Hartford's father, Dr. Cowan; Dr. Robinson of Cobourg, a number of slides illustrating a denture carved from a walrus tusk by an Eskimo artist; Dr. John Ackerman, an X-ray unit and a number of examples of gold restorations; Mrs. Wm. Lyle, a newspaper clipping; Mrs. Mary Louise Hose, a reprint "Antiques of Dental Interest", describing the collection of Dr. T. G. H. Drake. Dr. C. Adams, an oil painting created by a member of the family. Dr. Adams' grandfather, Dr. J. G. Adams operated the first dental clinic of its kind in the world, 1870; Dr. Bruce Morrow, a student typodont and a box of crown forms; Dr. E. G. Berry, class picture 1915-1916, the soccer team 1915-1916, trays and a diagnostat.

The Museum received three valuable acquisitions which demand special acknowledgement: equipment and records from the oldest dental practice in Canada. This practice has been in operation in Belleville since G. V. N. Relyea

established it in 1844. In 1886 John A. Marshall succeeded him, and members of the Marshall family have maintained it ever since that time, donated by Dr. Jack A. Marshall. An oil painting of Dr. A. J. McDonagh who, in 1909, established in the College the first chair in periodontology in the world, donated by his son Monsignor J. A. McDonagh, Author and Composer of the Canadian Flag Song. An extensive collection of documents of historic value including a series of records of Dr. Arnold D. A. Mason, Dean, Faculty of Dentistry 1936-1947, donated by Dr. Joseph H. Johnson.

2.
Appropriations

The routine operation of the Museum is subsidized by a special Museum fund established through the generosity of the Ontario Dental Association. Two flags together with standards were purchased for general use in the museum.

There have been no purchases made from the Associates of the University of Toronto in New York Grant. The commission of the bust of Mendel Nevin is being deferred pending instructions from the family.

3.
Staff

Mr. John Turner, fourth dental year student, will be employed for July and August to complete the numbering, photography and cataloging of Museum items. Miss S. Spencer of secretarial services will assist in cataloguing.

4.
Space

At present, the Museum has storage space in Rooms 149 and 70. These areas are rapidly becoming inadequate. Additional space will be required in the immediate future if donations continue to arrive at the current rate.

5.
Centennial Convention

The Faculty of Dentistry Library-Museum Committee was represented at the 1867-1967 Centennial Convention through the Chairman who was "History Chairman" for the Convention. The Chairman's responsibilities included the construction and design of (1) an 1867 Dental Office in the Saskatchewan Room, (2) a mural relating the "History of Dentistry in Ontario" together with a twelve foot convention symbol which hung in the Canadian Room and (3) a series of panels displaying Museum items and pictures, in the Canadian Room. In addition, the Library-Museum contributed to the drawings and illustrations for the souvenir historical brochure which was presented to each person registered at the Convention.

The Library-Museum has also contributed illustrations for a special issue of Oral Health related to History by Dr. Joseph H. Johnson.

At present historical illustrations are being prepared for the Journal of the Canadian Dental Association.

6.
Museum Display

During Open House the permanent HISTORY OF DENTISTRY Museum display was modified to include a collection of cabinets, a Horace Wells exhibition, and a Royal Family exhibition.

This display is now being dismantled and replaced by the "1867 Dental Office" which was featured at the Centennial Convention, Royal York Hotel.

7.
Extramural Loans

Several requests have been made for the loan of Museum items. The Committee is sympathetic with these requests; however, the policy has been established that no loans should be made until the collection is completely catalogued, and even then only duplicates will be available. If such loans are eventually made, it will be the borrower's responsibility to arrange for packing, shipping, insurance and safe return of all borrowed items.

Prior to formulating this policy the Committee approved a loan of specimens to Dr. J. Shaw for a public television presentation, and the Chairman displayed Museum items on the Channel 9 television program "Toronto To-day" during the Centennial Convention.

In conclusion, I would like to take this opportunity to express sincere appreciation to the members of the Library Committee for their interest and support throughout the year, to the Library-Museum staff for the efficient manner in which they have performed their responsibilities, and to Dr. R. G. Ellis, Dr. D. Gullett, Dr. J. H. Johnson, Dr. Joseph Bielawski, Dr. Anne Dale, Dr. Norman Levine and Dr. S. Crouch for their generous support in the Convention projects. I am especially indebted to Miss Phyllis Smith for her devotion to the affairs of the Library, for her support and co-operation in every matter that pertains to the Library and Museum throughout the year. Her untiring efforts to achieve the highest standards through the years have been a major factor in the growth of the Library to what it represents today.

DR. JACK G. DALE,
Chairman, Library-Museum Committee,
Faculty of Dentistry,
University of Toronto.

Action:

1. Report adopted.

NATIONAL DENTAL EXAMINING BOARD

Representative: Dr. J. D. Purves

REPORT

June 1967

1.
The N.D.E.B. met in Ottawa June 19-20, 1967.

2.
The results of the spring examinations of the N.D.E.B. are summarized as follows:

Number of candidates writing — 221
(Three of these were writing supplementals)

Number of successful candidates — 167 (75.5%)

Number of candidates failing to meet an aggregate 65% — 28 (12.7%)

Number of candidates eligible to write supplementals — 26 (11.8%)

Failure Rate by Subjects

Oral Diagnosis — 19 (8.7%)

Operative Dentistry — 15 (6.8%)

Prosthodontics — 7 (3.2%)

Orthodontics — 30 (13.7%)

Oral Surgery — 22 (10%)

Oral Medicine — 22 (10%)

3.
The number of N.D.E.B. certificate holders now is 1535.

4.
The Board authorized the appointment of a full time bilingual secretary to assist the Registrar-Secretary.

5.
The Board authorized the utilization of the A.D.A. National Board of Dental Examiners objective question tests. Such tests are to be formulated in the fall of 1967 for use in the spring of 1968.

6.
The Board elected the following executive committee for the 1967-69 period:

Past President — Dr. A. G. Racey, P.Q.

President — Dr. J. Dohn, B.C.

Vice President — Dr. R. DeWare, N.B.

Council — Dr. J. D. Purves, Ont.
Dr. G. Barrett, P.E.I.

7.
The great proportion of the meeting was devoted to discussion on the report of Dr. M. Taylor. In summary, highlights of the discussion were as follows:

(a) Recommendation #1 — A meeting is to be arranged between a representative of the N.D.E.B. and the Council on Education of the C.D.A. to work out an accrediting committee. Decisions on #2 and #3 were tabled until a workable committee has been appointed.

(b) Recommendation #4 was approved by all the provinces.

(c) The principle of #5 was agreed upon but the N.D.E.B. does not consider this an area of its responsibility.

(d) #6 has already been acted upon, namely, appointment of a full time assistant to the Registrar-Secretary of the N.D.E.B.

(e) #7 was acted upon in that the Examiners Committee is to appoint a committee to present for approval by the Board a statement of examination coverage to be made available to staff and students. #8 and #9 have also been acted upon as stated above.

(f) #10, #11 and #12 were agreed upon in principle but are not functions of the N.D.E.B. However, since each university has studied this report, it is hoped that these principles will be adopted by all university faculties.

(g) #13 was agreed upon in principle and implementation was recommended as soon as possible. It was felt that the recommendation should end at the statement: "By about 1971 or 1972 the N.D.E.B. confer its certificate upon all graduates of Canadian dental schools". Provinces stress their licensing prerogatives which they zealously wish to retain.

(h) #14 and #15 were agreed upon.

(i) #16 excited much comment. A decision was tabled and a special committee was appointed to study the desirability and feasibility of the N.D.E.B. entering into the examination of foreign dentists. Members of this committee are:

D. J. D. Purves, Chairman

Dr. H. MacLean

Dr. J. McLean

(j) The provincial bodies agreed nine to one that they would be prepared to support the N.D.E.B. on a fixed per capita grant based on the number of their registrants. However, #18 was turned down since the faculties feel that the examining boards provide no demonstrable service to the faculties.

(k) #19 was agreed upon and is to be followed up.

In general the Taylor report carries with it goals to be achieved not only by the N.D.E.B. but also by the Faculties of Dentistry, the Canadian Dental Association and its corporate bodies, and the providers of research funds.

1. Report received.

EXECUTIVE COUNCIL MEETING OF THE ONTARIO DENTAL ASSOCIATION

Representative: Dr. H. M. Jolley

REPORT

June 1967

1.

Committee on Auxiliary Services

A Committee on Auxiliary Services was formed by the O.D.A. and the duties of the committee are to be:

1. To study the need for and development of auxiliary dental personnel.
2. To develop policies respecting auxiliary personnel.
3. To make recommendations respecting the proper use and training of auxiliary personnel by the profession.
4. To establish liaison with appropriate councils and committees of the C.D.A.

2.

Committee on Specialists and Specialization

A Committee on Specialists and Specialization was formed by the O.D.A. and the duties of the committee are to be:

1. To consider all matters pertaining to specialists and specialization.
2. To maintain close liaison with the appropriate committees of the R.C.D.S., C.D.A. and O.D.A.

3.

Canadian Cancer Society

Dr. W. L. Heaslip was appointed to serve as a representative of the O.D.A. on the Canadian Cancer Society committee to investigate ways and means of limiting the health hazard in connection with smoking.

4.

R.C.D.S. Committee to study the education and duties of Dental Hygienists of Ontario — present and future

Several names were submitted to the R.C.D.S. as suggested appointees to serve on this committee.

5.

Denture Services Committee

Subsequent to a resolution passed by the R.C.D.S. requesting the O.D.A. to incorporate the joint Denture Services Committee within their organization, the following motion was approved by the Executive Council of the O.D.A.:

"THAT the joint Denture Services Committee become a sub-committee of the O.D.A. Dental Services Committee, and

THAT the members of the Denture Services Committee be requested to serve on the sub-committee."

6.

Scholarships for Dental Technicians

The Executive Council recommended that a scholarship in the amount of $100.00 be awarded to the student obtaining the highest standing in the graduating year in the Dental Technicians' Course at the Provincial Institute of Trades and Occupations, Toronto.

7.

Prescriptions

It was agreed that a Public Relations letter be mailed to the profession pointing out that all work sent to dental technicians must be accompanied by a proper prescription duly signed by the dentist himself.

8.

Finances

On June 10th, a meeting was held to discuss finances of the two organizations. Present were the R.C.D.S. President, Vice-President, and the Chairman of the Finance Committee; the O.D.A. President, President-elect and the Past President, as well as the Secretary and Business Manager. Agreement in principle on future planning was reached.

Action:

1. Report received.

REPORT

November 1967

1.
Charter

The O.D.H.A. is in the process of being chartered. This has become necessary in order that we may operate a licensed Placement Service.

2.
Terms of Employment

We would like to acknowledge the assistance of the R.C.D.S. in this matter. Further to your suggestions we are drawing up a list of terms of employment that each girl should discuss with the dentist prior to employment. This will be in the form of a guide only, and will not offer suggestions re pay, sick leave, etc. These matters must be discussed and determined by the individuals for the future benefit of both parties.

3.
Mount Sinai Volunteer Service

It has become necessary for the O.D.H.A. to discontinue this service mainly because the girls are not self-employed and those at home cannot always keep their commitments. The Association will, however, continue to call for volunteers at our meetings if so requested.

4.
Publications

(a) This year, again, we hape to publish two newsletters containing scientific news.

(b) We hope to have a copy of the film, "A Bright Future", which discusses educational requirements and course training, made available for use at Dental Society meetings and high schools.

5.
Scholarship

We are pleased to announce the establishment of the Andree Brunelle Scholarship to be awarded at the University of Toronto to a student who has completed her first year in Dental Hygiene with first class honours and the highest marks in Histology, Bacteriology, and Dental Anatomy.

6.
Future Training and Expanded Duties for the Hygienist

This past year a special O.D.H.A. committee was established to look into the future education and expanded duties of the hygienist. The O.D.H.A. issued a statement of policy last May, a copy of which has been submitted to the RCDS. We appreciate being a part of your committee to study this matter further and hope that in the future we may be able to be present at any discussion which involves dental hygiene.

Last May we reported to the Committee on the Healing Arts; a copy of this report was sent to Dr. Pownall.

The Division of Dental Hygiene, Faculty of Dentistry, University of Toronto, is the only place in Canada that teaches the use of displacement packing. In order to maintain reciprocity between the provinces we feel that the facilities should be available to any hygienist coming to Ontario to learn the use of displacement packing.

7.
Dental Hygiene By-Laws
When the new By-laws for hygienists are approved it would be desirable for each hygienist to receive a copy of them.

Action:

1. Report adopted.

REPORT

November 1967

1.
Certified Dental Assistants

One hundred and nine dental assistants who successfully completed an approved educational course applied to the Ontario Dental Nurses and Assistants Association and received Certification in 1967. The number of dental assistants who have been certified since the inauguration of the program is 883.

Certification continues to be an incentive to dental assistants to further their education.

2.
Certification Committee

The Certification Committee has received enquiries from dental assistants, graduates of the course presented by the Royal Canadian Dental Corps, for certification. Our association has been granting Certification *only* to graduates of the Royal College of Dental Surgeons approved courses and the school programs.

3.
Continuing Education

It is the Committee's desire to present a one-day clinic for certified dental assistants of the province in Toronto in early spring.

4.
Suggestions for Presentation of the Dental Assisting Course

The Certification Committee offers the following suggestions, believing they will contribute to a better educated dental assistant:

(1) That a permanent Co-ordinator be appointed by the local Dental Society.

(2) That the lecture outline be followed in detail.

(3) That examinations be set by a central office.

(4) That examination papers be marked at a central office.

(5) That secretarial-bookkeeping be given more importance on the agenda.

(6) That the value of the subjects "Pharmacology and Bacteriology" be questioned.

(7) That more practical work be applied to the course.

(8) That arrangements be made to have classes visit dental offices and laboratories to observe procedures.

5.

National Certification

Committee: Canadian Dental Association — Auxiliary Services

Sub-Committee: Dental Assisting — Certifying Board Structure, Administration and Prerequisites for a National Certifying Program

Chairman: Dr. M. Nacht, Vancouver, B.C.

Sub-Committee Meeting — Toronto — January 1967

Present: Representatives of the Auxiliary Services, Sub-Committee and Canadian and Provincial Dental Nurses and Assistants

Proposed Certifying Board Structure and Administration

The Board shall consist of:

(1) A member of the Council on Education of the Canadian Dental Association who shall be Chairman and appointed by the Council on Education.

(2) One member-at-large from the Canadian Dental Nurses and Assistants Association, who shall be appointed by the Board.

(3) A member from a Faculty of Dentistry associated as an advisory member to a provincial training program for dental assistants, who shall be appointed by the Council on Education.

(4) An executive member of the Canadian Dental Nurses and Assistants Association, who shall be appointed by their Board.

(5) One Director of a formal dental assistants training program.

Functions of the Certifying Board

(1) To review current training programs and to review all curricula of day school programs plus existing night school programs and correspondence programs for approval until 1970. From January 1, 1970, all courses will be required to meet minimum standards of training for Certification as established by the Certifying Board.

(2) To develop and administer national certification examinations.

(3) To establish a continuous program for certificate renewal.

Requirements and Eligibility

The Certifying Board will establish requirements for candidates for examination. The following requirements are recommended for all candidates:

(1) Successful completion of one of the following training programs:

(a) formal day school program,

(b) evening extension program.

(2) Employment in a dental office for one year for a graduate of the day school program; two years for a graduate of the extension program.

(3) Renewal of certification every five years.

6.

Conclusion

The Certification Committee would appreciate the advice of the Board of Directors regarding:

(a) Granting Certificates to graduates of the Armed Forces dental assisting course.

(b) Our suggestions regarding the presentation of the extension course in dental assisting.

(c) Establishment of two committees for the national program:

(i) Education — to be the responsibility of the Canadian Dental Association;

(ii) Certification — to be the responsibility of the Canadian Dental Nurses and Assistants Association.

On behalf of the Board of Governors of the Ontario Dental Nurses and Assistants Association, this report is respectfully submitted.

Action:

1. Report adopted.
2. A committee with power to add, consisting of Dr. R. W. Edwards, Chairman, and Dr. D. A. Cheetham, was appointed to study the updating of the Dental Assistants Evening Course.

PROPERTY COMMITTEE

Members: Doctors J. E. C. McGowan, Chairman; R. W. Edwards, W. J. Spence

REPORT

November 1967

1.
The increased use of the facilities of 230 St. George St. due to greatly expanded activity of the Ontario Dental Association, demands a change in the rent structure. The committee recommends an annual rental of $3,000.00 for the Ontario Dental Association.

2.
A detailed inspection of the building and property was made. The following recommendations are made:

(i) Pointing of brick work to be done.

(ii) The following painting one coat all surfaces to be done:

(a) Accounting — two coats on walls

(b) Academy, Toronto office — no cupboards

(c) ODA — Both rooms — no cupboards

(d) Reception room — no ceiling, no cupboards

(e) Cafeteria

(f) IBM Room

(g) Accountant's office

(iii) The eavestroughing may face a major overhaul within the next two years, an expense of perhaps $800.00 and should be kept in mind in relation to other anticipated expenses.

(iv) The maintenance and cleanliness carried out by Mrs. Bachmann has been of a high quality and the appreciation of the Board should be conveyed to her.

(v) The committee would like the Board to consider the advisability of cutting a window in the wall of the typing room so that the staff working there would have visual contact with the front door.

3.
The budget for 1968 is presented for the Board's approval:

Revenue

	1967	1968
Rental — Academy	$ 900	$ 900
D.S.P.I.	3,000	3,000
O.D.A.	1,520	3,000
	$5,420	$6,900

Expenditures

Caretaking	$1,000	$1,200
Equipment	200	500
Insurance		700*
Maintenance	3,000	1,700
Renovation	1,000	1,000
Taxes	2,100	3,200
	$7,300	$8,300

*Note: Insurance is for a three year term.

Action:

1. Report adopted.

RCDS-ODA-DLA-GBDT LIAISON COMMITTEE

RCDS Representatives: Doctors H. M. Jolley, R. W. Edwards

REPORT

June 1967

1.
The idea of forming a liaison committee originated during the November 1966 meeting of the Board of the Royal College of Dental Surgeons. At a special meeting of the Governing Board of Dental Technicians and the R.C.D.S. Board the suggestion was made that such a committee would provide a valuable means of communication for the participating bodies, namely, The Ontario Dental Association, The Dental Laboratories Association, The Governing Board of Dental Technicians, and The Royal College of Dental Surgeons. Each of the above organizations was invited to appoint two representatives to the committee, and the first meeting was held on June 17, 1967, a report of which follows.

2.
The major complaint of the technician group is the failure on the part of many dentists to supply a prescription signed by themselves to accompany prosthetic repairs. The technicians assert that:

(a) Many dentists are allowing their receptionists to sign prescriptions on their behalf. Technicians with many years' experience are not permitted to work directly with the public.

(b) Some dentists refer patients with repairs directly to the laboratories.

(c) Some technicians would like to deal directly with the public in the matter of minor repairs.

(d) In many cases, they feel that repairs are not financially profitable, but could be if pick-ups and deliveries were eliminated.

(e) Letters sent by the R.C.D.S. to licentiates on the subject of providing a complete prescription duly signed by the dentist have not produced the desired result.

(f) The above points are substantiated by results of a questionnaire submitted to all Registered Dental Technicians.

3.
The dental group could not support the technicians' request to deal with the public. Dentists maintain that it is not in the best interests of the public for someone lacking the training of a dentist to deal directly with the public. For example, many repairs require intra-oral adjustments.

4.
The technicians brought up the problem of delinquent dentists' accounts, and wondered if the R.C.D.S. could help them. Dr. Jolley pointed out that the College cannot act as a collection agency.

5.
A motion was carried that the R.C.D.S. send a strong letter to its licentiates, with copies to the Governing Board of Dental Technicians and the Dental Laboratories Association, stating that the laboratories will not be allowed to do any technical work, including minor repairs, without a prescription signed only by the dentist, (as per Section 12 of the R.C.D.S. By-laws). This letter is to be followed up or accompanied by a similar letter from the Governing Board of the G.B.D.T. and the laboratories are to inform dentists for whom they work that repairs will not be accepted without a proper prescription, duly signed by the dentist.

6.
A motion was carried that a new questionnaire be sent to laboratories to determine the effectiveness of letters from the Royal College of Dental Surgeons and the Governing Board of Dental Technicians.

7.
It was suggested that the Liaison Committee meet three or four times a year to foster continuing harmony between the two professions. The R.C.D.S. is to call the next meeting in the fall of 1967.

Action:

1. Report adopted.
2. Motion approved — "That the R.C.D.S. Board at the request of the Joint Liaison Committee send to every licentiate in Ontario a letter with the following directive:

   That under no circumstances will any commercial dental laboratory be able to accept for repair or fabrication any dental prosthesis or appliance unless a work order properly filled out and signed by the dentist accompanies the case."
3. The Secretary was directed to send a letter to the Governing Board of Dental Technicians and the Dental Laboratories Association informing them of the above resolution.
4. The Secretary was directed to send a letter to the Ontario Dental Association informing it of the above resolution.

REPORT

November 1967

1.
A meeting of the Liaison Committee was held at R.C.D.S. headquarters on Monday, October 16, 1967. Motions were carried by which Mr. W. J. Southby was appointed Chairman of the Committee, Mr. F. J. Bryan and Dr. K. F. Pownall were appointed members ex officio, and Dr. R. W. Edwards was appointed secretary of the Committee.

2.
R.C.D.S. Letter re Laboratory Prescriptions

The representatives of the Governing Board of Dental Technicians and the Ontario Dental Laboratories Association reported that the R.C.D.S. letter to

licentiates re dental laboratory prescriptions has had the desired effect, and licentiates for the most part are now signing prescriptions.

An indirect benefit has been that dentists, now seeing their prescriptions, are allowing more time for technicians to complete the laboratory work.

3.

Minor Repairs

Another problem which still causes concern to technicians is the attitude of some dentists towards minor repairs:

(1) Some do not send a prescription with them.

(2) Some send patients directly to the laboratory with minor repairs.

The technicians suggested that a questionnaire be sent to dentists, similar to the questionnaire which has already been sent to technicians. They felt that, if nothing else, the psychological effect on the negligent dentists would be of value.

4.

Discussion followed on the activities of persons seeking legislation to enable them to work directly with the public. A small but vocal group across Canada is constantly trying to enlist the support of laboratories in its appeals to provincial governments.

It was pointed out that in Ontario such persons do not number more than eight or ten.

The Chairman read letters which he had received from one such person. One letter was addressed to all candidates in the recent provincial elections. The Chairman pointed out that letters of this kind are not generally supported by reputable Registered Dental Technicians.

Action:

1. Report received.

REGISTRATION AND LICENSURE COMMITTEE

Members: Doctors J. D. Purves, Chairman; R. Michell, T. H. Wachna

REPORT

February 1967

1.
With respect to the specialties of Endodontics and Prosthodontics, the Committee was unable to make a firm recommendation on the recognition of further specialties.

2.
The Committee continues to support the concept of the two-year university diploma course in Dental Hygiene but should it not be possible to perpetuate this arrangement, then the Committee would oppose the establishment of courses in Dental Hygiene in technological colleges or institutes.

The Committee asks the approval of the Board of Directors to conduct a study in depth on the subject and also to conduct a survey of the present training programs for Dental Assistants and to advise upon their adequacy.

3.
As instructed by the directors, the Committee has sent a letter to the R.C.D.(C) informing them of our concern over an apparent misunderstanding that exists with regard to their function. It is the understanding of the R.C.D.S. that two of the prime functions to be served by the R.C.D.(C) are as follows:

(a) the provision of a certification program acceptable for registration by the licensing bodies of Canada, and

(b) recognition for Fellowship of those dentists whose area of concentration is not presently recognized as a specialty by the R.C.D.S.

4.
The Registration and Licensure Committee recommends to the Board that graduates of dental schools in Denmark, Norway and Sweden be considered eligible to sit for the R.C.D.S. Board Examinations.

5.
The Committee recommends that the present practice of giving life memberships in the R.C.D.S. of Ontario be discontinued and that upon retirement from active practice a member of the College in good standing who has been on the register for 49 years or more, be granted a life membership certificate.

6.
The Committee recommends that Miss T. Farley be requested to serve as an adviser to the Registration and Licensure Sub-committee for Dental Hygiene.

Action:

1. Report adopted.

2. Motions approved — "That Melvin Brown, D.D.S., M.S. (U of Montreal '65) having met the requirements for certification in the specialty of Orthodontics be granted such certification."

— "That John Greenwood Linghorne, D.D.S., Dip. Perio (U of T '66) having met the requirements for certification in the specialty of Periodontics be granted such certification."

— "That James Kenneth Hicks, D.D.S., Dip. Perio (U of T '66) having met the requirements for certification in the specialty of Periodontics be granted such certification."

— "That the Board, agreeing that Dr. W. J. McColeman possesses qualifications which can be equated with the essential requirement of having successfully completed an approved graduate program in orthodontics, approves the application of Dr. W. J. McColeman for certification in Orthodontics."

— "That the application for specialty certification in Endodontics and Prosthodontics be denied."

— "That the Board of the R.C.D.S. declare a moratorium on the recognition of dental specialties."

— "That the request contained in Paragraph 2 of the report of the Registration and Licensure Committee to initiate a study be granted and that the chairman be empowered to add to his committee and seek expert advice if required."

— "That the graduates of the Faculty of Dentistry, University of Toronto, be granted licensure when all requirements have been met."

— "That the graduates of the course in Dental Hygiene at the Faculty of Dentistry, University of Toronto, be granted licensure when all requirements have been met."

— "That a letter in recognition and appreciation be provided to each member of the College who retires in good standing from the College and who has been on the Register of the College for at least 50 years and that a copy of each letter be provided to the Secretary of the Ontario Dental Association."

— "That in order to facilitate and expedite the licensing of dental staff of the Faculties of Dentistry in Ontario, the Registration and Licensure Committee in conjunction with the President and the Secretary of the R.C.D.S. be empowered to grant said licence upon examination of the applicant's curriculum vitae if they are satisfied as to his qualifications."

3. It was suggested that the Ontario Dental Association be consulted for its views on specialization.

4. The question of life membership is to be referred to the Ontario Dental Association.

REGISTRATION AND LICENSURE COMMITTEE

Members: Doctors T. H. Wachna, Chairman; W. J. Dunn, H. M. Jolley

REPORT

April, 1967

The qualifications and curricula vitae of Doctors Ronald E. Jordan, James E. Ryan, and A. G. Parnell, prospective staff members of the University of Western Ontario, Faculty of Dentistry, were examined by the Committee. Licensure was approved in accordance with the resolution adopted at the Board meeting of February 21st, 1967:

> "That in order to facilitate and expedite the licensing of dental staff of the Faculties of Dentistry in Ontario, the Registration and Licensure Committee in conjunction with the President and Secretary of the R.C.D.S. be empowered to grant said licence upon examination of the applicant's curriculum vitae if they are satisfied as to his qualifications."

2.
An outline of the formation and plan of the proposed Committee to study the education and duties of Dental Hygienists in Ontario was sent to the members of the Committee. A copy is attached as Appendix A.

3.
At the meeting of the Board on February 21, 1967, the Registration and Licensure Committee was directed to assess the significance of the Part I Examinations of the Royal College of Dentists of Canada. This has not been completed as the results are not available until September, 1967.

4.
The names of dentists applying for certification in a specialty appear as Appendix B.

Appendix A

PROPOSED FORMATION AND PLAN OF THE COMMITTEE TO STUDY THE EDUCATION AND DUTIES OF DENTAL HYGIENISTS IN ONTARIO

Below is a proposed plan to organize the committee and to outline in general terms the purpose and methods of achieving a study in depth.

Title

A study of the education and duties of Dental Hygienists of Ontario — present and future.

Purpose

(1) to review present educational requirements and duties;
(2) to assess possible changes in University requirements;
(3) to review R.C.D.S. By-laws respecting Dental Hygienists;
(4) to report on the desirability of expansion of duties and to suggest the direction and extent, if approved;
(5) other.

Committee Members

(1) a dentist in general practice employing a hygienist;

(2) a dentist in general practice not employing a hygienist;

(3) a Periodontist;

(4) an Orthodontist;

(5) a dentist on the teaching staff of a Faculty of Dentistry;

(6) the President (ex officio or active member);

(7) all members of the Registration and Licensure Committee;

(8) two hygienists appointed by the Ontario Dental Hygienists' Association.

Sources of Information

Previous studies have been conducted and reports prepared by the Canadian Dental Association Auxiliary Services Committee, the American Dental Association, the Nova Scotia Dental Association, and, no doubt, by many other organizations. Compilation of such material is planned.

Persons and Organizations who might be consulted

(1) Dr. Marjorie Jackson, Head of the Department of Dental Hygiene, Faculty of Dentistry, University of Toronto;

(2) Ontario Dental Hygienists' Association;

(3) Universities of Toronto and Western Ontario;

(4) Ontario Dental Association;

(5) interested local Dental Societies.

Appendix B

APPLICATIONS FOR CERTIFICATION

1.
An application for certification in oral surgery was received from Dr. Albert Dominic Taliano. The Committee recommends that Albert Dominic Taliano, D.D.S., Dip. Oral Surg. (State University of New York '67) having met the requirements for certification in the specialty of oral surgery, be granted such certification.

2.
An application for certification in oral surgery was received from Dr. Garry Keith Hurd. The Committee recommends that Garry Keith Hurd, D.D.S., Dip. Oral Surg. (U of T '67) having met the requirements for certification in the specialty of oral surgery, be granted such certification.

Action:

1. Report adopted.

2. Motions approved — "That the list of committee members as outlined in Appendix A of the report of the Registration and Licensure Committee be augmented by two representatives of the Ontario Dental Hygienists Association, such representatives to be named by the said Association."

— "That, as the Spring Board Examinations occur on the 29th, 30th, and 31st of May, 1967, the Registration and Licensure Committee be granted the privilege of acceptance of successful candidates for registration when all remaining requirements have been met."

— "That Albert Dominic Taliano, D.D.S., Dip. Oral Surg. (State U of N.Y. '67) having met the requirements for certification in the specialty of Oral Surgery, be granted such certification."

— "That Garry Keith Hurd, D.D.S., Dip. Oral Surg. (U of T '67) having met the requirements for certification in the specialty of Oral Surgery, be granted such certification."

— "That the following, having been recommended for the Degree of Doctor of Dental Surgery from the Faculty of Dentistry of the University of Toronto, be registered as Licentiates of Dental Surgery of the Royal College of Dental Surgeons of Ontario when all remaining requirements have been met:

Bacher, Jay
Backstein, Edward Yehudi
Baker, Nicholas Vincent
Banting, David William
BeGora, Dennis John
Bender, Perry Barry
Blackborow, Donald Ross
Blakley, Michael Bruce
Bretzler, Gary Dan
Cairns, John William James
Caldwell, Thomas William
Cherewaty, Eugene Michael
Chitalen, June Francis
Chong, Gordon Joseph
Clark, Terence Morgan
Darbar, Miss Farida H.
Dencs, Miss Ilga Brigita
Denston, Richard Walter
Edelson, Joel Joseph
Elken, Miss Ann
Fedewicz, Miss Irena
Fenton, Aaron Harvey
Feurtado, Peter Michael
Foley, Michael Joseph
Friedberg, Edmund Jerome
Genyk, George
Gervais, Joseph Claude R.
Ghose, Sarit Kumar
Gigal, Miss Sidney Wendy
Gold, Ronald
Golem, James Harvey
Greenwood, John
Groff, Douglas Frank
Hamilton, Cyril William
Heitbohmer, Norman Ronald
Highfield, Don Henry
Hobson, James Henry
Howatson, Garry James
Jennings, Richard Laird
Jones, John David
Jones, Lawrence Francis
Jones, Robert Grant
Joynt, Brian William
Juras, Raymond Norman
Kay, Kenneth Seymour
Kikuchi, Fred Susumu
Lambe, Anthony Gerard
Lazar, Jerry Alexander
Lee, Cathay Kuo T.
Litchen, Michael
Lukenda, John Peter
Maartense, Peter Iman
MacIntosh, Ian Kenneth
Mankodi, Surendraray M.
Markle, Peter Warren C.
Markulin, Ronald Andrew
Marsh, Brian Allan
Martin, Jeffrey Michael
McDonald, James Anthony
McIsaac, Howard John
McKenna, John Hugh Francis
McQuistan, Ian Wilson
Medlock, William David
Mironowicz, Miss Marta M.
Mitchell, Gary Robert
Miyasaki, Roy Saburo
Montgomery, John Winston
Mulcahy, Donald Faraday
Naiberg, Milton
Nicholson, Wayne John
Nimchuk, Dennis Phillip A.
Pancer, Jeffrey Paul
Pawlikowski, Mrs. Wanda
Percival, William James
Petrisor, Allan John
Pick, Mrs. Judith Anne
Plank, David Edward
Purves, William Timothy

Thomas, Glyn William
Turner, William Sheldon
Twible, Bruce Meredith
Wachna, Miss Sandra Ann
Warren, Frederick Wallace
Watson, Philip Arthur
Weitz, Philip
Williams, Gerald Ivan
Wilson, Henry Lawrence K.
Woodall, Grant Lyall
Wuls, Ronald
Yates, Brian William
Zamikoff, Irving Ira"

— "That the following, when they are recommended for the Degree of Doctor of Dental Surgery by the Faculty of Dentistry of the University of Toronto, be registered by the Registrar in the Royal College of Dental Surgeons of Ontario, when all remaining requirements have been met:

Devine, David Allan
Devine, Michael Charles
Lee, Young-Il
Mikelenas, Algis Raymond
Vanaselja, Thomas"

REPORT

June 1967

1.
Although the Sub-committee to study the education and duties of Dental Hygienists in Ontario has not yet held an official meeting, its Chairman has been gathering preliminary material and contacting various persons for information which will be of use to the Committee. The Committee expects to have a complete report for the next Board meeting.

2.
The results of the Spring Board Examinations are appended.

3.
Recommendations of the Examiner-in-Chief are as follows:

(a) The larger number of candidates appearing at Board examinations presents problems related to accommodation, equipment and patients. It is recommended that the Chairman of the Examination Committee review all the relevant complications with the university or universities involved to rectify the physical problems presented by Board examinations.

(b) It is recommended that consideration be given to a review of the examination content, with a view to broadening both the scope and the content of the examinations.

(c) It is recommended that candidates be advised as to the necessity of possessing both academic and practical competence equivalent to that provided at Ontario universities.

4.
The Committee recommends that William Hamilton Mills, D.D.S., Dip. Perio (U of T '67) having met the requirements for certification in the specialty of Periodontics be granted such certification.

5.
The Committee recommends that the Board consider the application for certification in Oral Surgery of Anthony George Parnell, F.D.S., R.C.S. (Eng. '53).

6.
The Committee recommends that the applications for certification in Paedodontics of Doctors Merwan Suntok and Arnold Barry Rubinoff be deferred for further consideration.

7.
The Committee recommends that Victor Rupert Schacher, D.D.S. Dip. Ortho. (Eastman Dental Center 1967) having met the requirements for certification in the specialty of orthodontics, be granted such certification.

8.
The Committee recommends that Allan H. Solomon, D.D.S., Dip. Perio. (Columbia '67) having met the requirements for certification in the specialty of Periodontics be granted such certification.

REPORT ON BOARD EXAMINATIONS — MAY, 1967

(a) The Committee recommends that:

Patricia Helen McGlynn, B.D.S. (St. Andrews '66)
Mervyn John Richards, B.D.S. (Queensland '50)
Alfred Pak Cheung Wong, B.D.S. (Malaya '58)

having passed the licensing examinations conducted by the Board be granted their Licentiate of Dental Surgery of the Royal College of Dental Surgeons of Ontario when all remaining requirements have been met.

(b) The Committee regrets to report that:

John Lennox Ablack, D.D.S. (McGill '47)
Raymond Leon Braham, B.D.S. (London '58)
John Reginald Dickinson, B.D.S. (Sheffield '57)
Robert Duncan Fraser Hutcheson, B.D.S. (St. Andrews '63)
Aubrey Shervington Jacobs, D.D.S. (Howard '44)
David Wilson Johnston, B.D.S. (Queens '58)
Elaine Mary O'Shaughnessy, B.D.S. (National U. '67)
James Joseph Pogany, B.D.S. (Melbourne '66)
James Laurence Rafferty, B.D.S. (U. College '63)
Michael Stuart Sherman, D.D.S. (Western Reserve '67)

failed to pass the licensing examinations.

1.
The Committee recommends that the following Dental Hygienists, having passed the qualifying examination, be licensed when all remaining requirements have been met:

Mrs. Marian Alexander
Mrs. Leslie Ann Bald
Miss Nancy Jean MacEachern
Miss June Martin
Mrs. Kathleen Joan McIntosh
Miss Margaret Pelren
Miss Jennifer Anne Stirling
Miss Sharon Kathleen Wilcox
Mrs. Joyce Young

2.
The Committee regrets to report that Mrs. Sandra Cheater failed to pass the qualifying examination.

Action:

1. Report adopted.

2. Motion approved — "That the application for certification in Oral Surgery of Anthony George Parnell, L.D.S., F.D.S., R.C.S. (Eng. '53) be approved."

REPORT

November 1967

1.
Specialty Certification
The committee recommends that the following be granted specialty certification when all remaining requirements have been met:

Paedodontics
(1) Julian Sheldon Geller, D.D.S. (U of T '64); Dip. Paedo and M.S. (Indiana U '67);
(2) Roderick Lawrence Moran, D.D.S. (U of T '61); Dip. Paedo (U of T '67);
(3) Arnold Barry Rubinoff, D.D.S. (U of T '64); Dip. Paedo (U of Illinois '67);
(4) Merwan Suntok, B.D.S. (Bombay U '61); Cert. Paedo (Tufts '64); D.D.S. (U of T '66); M.D.S. (Tufts '67);
(5) Franklin E. Young, D.D.S. (U of T '64); Dip. Paedo and M.Sc.D. (Boston U '67).

Oral Surgery
(1) Victor N. Direnfeld, D.D.S. (U of T '63); M.S. (U of Illinois '67).

Orthodontics
(1) Daniel John Boyko, D.D.S. (U of T '64); Dip. Ortho (U of T '67);
(2) Howard Tile, D.D.S. (U of T '63); Dip. Ortho (U of T '67).

2.
Dr. Howard Phillips
The committee recommends that Dr. Howard Phillips, a candidate for certification in Oral Surgery be asked to sit for written and oral examinations to be set by the Consultants in Oral Surgery.

3.
Dr. Knud Borge Petersen

The committee recommends that Dr. Knud Borge Petersen be granted a licence to practise dentistry in Ontario, when all remaining requirements have been met.

4.
Dr. James Gardiner White

The committee recommends that Dr. James Gardiner White, on fulfilling the requirements for life membership by payment of his 1966 licence fee, be granted Life Membership in the College.

5.
State Board of Dental Examiners

At present a survey of the method of conducting board examinations by some of the American State Boards is being carried out by correspondence and personal contact. If further information and more direct contact are deemed necessary, the committee recommends to the Board:

"THAT the Secretary and one other appointee of the Board be requested to visit an appropriate State Board of Dental Examiners in the United States, for the purpose of reporting on procedures being followed in respect of the conduct of licensing examinations."

6.
Candidates for Board Examinations

The qualifications of several candidates for Board Examinations were reviewed by the committee. It was decided that the Registrar, using his judgment, should write to each one and inform him what additional requirements, if any, must be met in order for him to become eligible to sit for the Board examinations.

7.
Liaison Specialists Consultants Meeting

The report of the meeting of the committee with the specialists consultants is attached as Appendix A.

8.
Dental Assistants Course

Dr. Marjorie Jackson and Mrs. Mae Pohlak met with the committee on November 3, 1967 to discuss the training and education of Dental Assistants. Discussion centred on whether the course in Dental Assisting should be introduced at the community college level, either in place of or in addition to the existing high school course.

The committee recommends to the Board that the Secretary be requested to obtain from the Board's solicitor a definitive legal opinion on the Board's jurisdiction in respect of the establishment of courses in dental assisting.

The committee expressed general agreement on the following points:

(1) The high school program in Dental Assisting has proven itself an effective vehicle for the training of dental assistants.

(2) There is a positive need in some communities at least, for the program at the level of the Colleges of Applied Arts and Technology.

(3) Any program mounted in the Colleges of Applied Arts and Technology should be developed only after thorough investigation of the need for such a program, and

(4) the assurance that it would not be inimical to any existing high school program.

9.

Dental Hygiene Examinations

In view of the problems associated with administering examinations in the school of Dental Hygiene, the committee recommends that the Board establish two examination periods and only two in one calendar year, the dates to be determined by the Secretary.

10.

Clinical Experience prior to Registration

The committee will undertake a study of the feasibility and/or desirability of establishing a mandatory period of clinical experience subsequent to completion of the under-graduate dental program, and for the purpose of this study, the committee will be augmented by a representative from each of the Faculties of Dentistry.

11.

Mrs. Deanna Silver

The committee recommends that Mrs. Deanna Silver, having successfully completed a special examination, be licensed in Dental Hygiene, after all remaining requirements have been met.

12.

Special Register

The question of a special register for educational purposes was presented for consideration by the committee. After some discussion, it was decided to give it further study.

LIAISON SPECIALISTS' CONSULTANTS MEETING

On August 23, 1967 the Registration and Licensure Committee met with the consultants representing the specialties of Oral Surgery, Orthodontics, Paedodontics, Periodontics, and Public Health, to discuss the certification of specialists in Ontario, the advisory role of the specialist consultants in this respect, and the future role of the Royal College of Dentists of Canada.

The original terms of reference for the specialist consultants were reaffirmed, namely, to act in an advisory capacity when requested by the Board and/or the Registration and Licensure Committee.

A majority of those present expressed the view that candidates should be required to sit for a certifying examination before certification as a specialist is considered.

After considerable discussion there seemed to be agreement that if an examination facility were to be set up, it would be most desirable to have the Royal College of Dentists of Canada establish and conduct such certification examinations. The prerogative would remain with the Board to recognize the certificate of the Royal College of Dentists of Canada as evidence that the applicant has met at least the minimum standards for certification as determined by the specialties themselves.

The members in attendance who are participating in an active way with the Royal College of Dentists of Canada agreed to bring the matter to the attention of the policy making body of the R.C.D.(C).

The Registration and Licensure Committee is reluctant to propose to the Board that a separate program be established for Ontario. If, in a reasonable length of time, the certifying examination facility is not forthcoming from the R.C.D.(C) then the committee will, in all likelihood, recommend a specialty examination procedure for exclusive applicability to Ontario.

Action:

1. Report adopted.
2. Motion approved — "That the Registration and Licensure Committee take appropriate action to encourage the establishment of Dental Assistants' Courses in Ontario Colleges of Applied Arts and Technology, as well as supporting existing High School and evening extension courses."

TREASURER'S REPORT

Dr. K. F. Pownall

REPORT

April 1967

1.

Revenues and Expenditures

The Balance Sheet of the Royal College of Dental Surgeons of Ontario, the Welfare Trust Fund and the Harry R. Abbott Memorial Library Fund, as well as the statement of the revenue and expenditures of the R.C.D.S. for the calendar year ending December 31st, 1966 are submitted. The firm name of our Auditors has been changed from Thorne, Mulholland, Howson and McPherson to Thorne, Gunn, Helliwell, and Christenson. Their report is enclosed.

2.

Securities

A list of the securities held by this College is submitted. A review of these securities shows that the College's position could not be improved by the sale of any of these at current market prices.

3.

Note of Appreciation

I wish to bring to your attention this year the fact that the College has an exceptionally capable and industrious staff and I wish to extend to them my warmest thanks.

4.

Reappointment of Auditors

As the firm of Thorne, Gunn, Helliwell and Christenson continues to provide a fine service, it is recommended that this firm be reappointed auditors for 1967.

AUDITORS' REPORT

To the Directors of the
Royal College of Dental Surgeons of Ontario

In accordance with your instructions and the recommendations adopted by you at your 1960 fall meeting, we have examined the balance sheet of the General Account of the Royal College of Dental Surgeons of Ontario as at December 31, 1966. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the aforementioned balance sheet presents fairly the financial position of the College as at December 31, 1966, on a basis consistent with that of the preceding year.

Action:

1. Report adopted.

Insurance Advisers Committee

Before turning insurance matters over to the Ontario Dental Association, the Board of the R.C.D.S. agreed to select a competent firm of consultants in consultation with the Canadian Dental Association, to conduct a survey. The purpose of the survey is to assess the possibility of merging or of otherwise correlating the insurance programs of the C.D.A. and the R.C.D.S./O.D.A. in order to:

(1) create larger groups,

(2) minimize cost in relation to quality and to administration, and

(3) eliminate confusion on the part of the membership.

In the investigation, consideration must be given to the organizational techniques used by the C.D.A. and the R.C.D.S./O.D.A. which differ in some respects.

The R.C.D.S. agreed to defray half the cost of the survey, the total cost not to exceed $5,000.

Dr. Sydney W. Bradley

On receiving the news of the death of Dr. Sydney W. Bradley, the Board approved the following resolution:

"Whereas the Board of the Royal College of Dental Surgeons of Ontario now in session has learned with the utmost regret of the passing of Sydney W. Bradley, and

Whereas Dr. Bradley as a past president of this Board made an invaluable contribution, and

Whereas Dr. Bradley similarly made an outstanding contribution to organized dentistry at all levels, and

Whereas his services to the public as a distinguished orthodontist were exceptional,

Therefore be it resolved that this Board record its recognition of Dr. Bradley's contribution both to the public and to the advancement of dentistry, and further

Be it resolved that this Board's sympathy be extended to Mrs. Bradley and his daughter, Helen."

Dr. Frank Kohli Retires

After serving for many years as Director of Dental Services for the Department of Health for the Province of Ontario, Dr. Frank Kohli retired at the beginning of the year. The Board extended its sincere appreciation to Dr. Kohli for having served the profession so well in his official capacity.

Workshop on Preventive Dentistry

Dr. A. B. Sutherland was the Board's representative to the Workshop on Preventive Dentistry held in Washington, D.C., July 25-26, 1967.

National Dental Examining Board

Dr. Malcolm Taylor's report entitled "Report of the Commissioner on Examinations" was reviewed at the April meeting of the Board. Comments on each of Dr. Taylor's recommendations were given to the Board's N.D.E.B. representative. The following motion was approved:

"That the Board of Directors of the Royal College of Dental Surgeons of Ontario approves, generally, the recommendations of the Report of the Commissioner on Examinations of the National Dental Examining Board of Canada, and

That concern is expressed that inadequate provision appears to have been made in respect of the examination of foreign dentists already possessing the registrable qualifications of the province in which they desire to practise, and

That the Board of Directors agrees to provide equitable and proportional financial support to the National Dental Examining Board of Canada, providing that a majority of the provincial dental legal bodies agrees to do likewise, and providing that the National Dental Examining Board of Canada, as an agent of the provincial regulatory authorities, is prepared to render reasonably adequate services to meet the licensing needs of such provincial regulatory authorities, and

That the R.C.D.S. representative to the N.D.E.B. be respectfully requested to engage in the development of N.D.E.B. policies, consistent with contemporary requirements, based on the Report of the Commissioner on Examinations but not necessarily being circumscribed by the letter of the report."

Dental Hygiene Graduates, University of Toronto

The following graduates of the Dental Hygiene course at the Faculty of Dentistry, University of Toronto, were licensed to practise in Ontario in 1967:

R. Adler
M. R. Anderson
B. E. Bain

J. B. Willmott Scholarships

The leading students in first and second year in the Faculty of Dentistry at the University of Toronto for the 1966-67 session were Miss N. Karro (First Year) and Mr. Z. F. Tahtadjian (Second Year). Both were recipients of the J. B. Willmott Scholarship in recognition of their academic achievement.

North York Board of Education Plans Dental Assistants' Course

The R.C.D.S Board approved the application of the North York Board of Education to conduct a course in Dental Assisting at Northview Heights Secondary School in a manner similar to that of the other three secondary schools already conducting such a course.

R.C.D.S. Centennial Admission Scholarships, University of Toronto

The winners of the R.C.D.S. Centennial Scholarships for the 1967-68 academic year are Mr. G. B. Sokalsky and Miss K. E. Wright. Mr. Sokalsky obtained an average of 82% in Grade 13, followed by 85% at York University. Miss Wright, who achieved 75.7% in Grade 13, is the first recipient of this new scholarship in the Dental Hygiene course.

R.C.D.S Centennial Admission Scholarship, University of Western Ontario

The winner of the R.C.D.S. Centennial Scholarship for the 1967-68 academic year is Mr. Robert Beath, who completed Grade 13 with an overall average of 74.5%. In the Honours Science course, his first year average was 77.8% and his second year average 77.7%, thereby making him eligible for the Deans' Honours List both years.

R.C.D.S. Scholarship, University of Western Ontario

Miss Marilyn Jean Morgan ranked highest in honours at the annual examinations of the first year, 1966-67, with an overall average of 82.29%. Miss Morgan was admitted to the University of Western Ontario as an Ontario scholar, and received "A" standing in her two years of pre-professional study in the Faculty of Arts and Science, majoring in Mathematics.

Fluoridation in Ontario

As of January 1, 1967, there were 152 communities in Ontario supplied with fluoridation, either controlled or naturally occurring, serving 3,333,116 persons, which represents 70.2% of the population on piped drinking water.

Dentists by Age Groups

A survey of those dentists licensed to practise dentistry in the province of Ontario reveals the following groupings:

Year of Birth	Age Group	Number in Group	Per Cent of Total
1945 — 1937	22 — 30	573	20.3
1936 — 1927	31 — 40	685	24.3
1926 — 1917	41 — 50	702	24.9
1916 — 1912	51 — 55	176	6.2
1911 — 1907	56 — 60	129	4.5
1906 — 1902	61 — 65	177	6.3
1901 — 1897	66 — 70	186	6.6
1896 — 1892	71 — 75	126	4.4
1891 — 1887	76 — 80	30	1.0
1886 — 1882	81 — 85	22	.7
1881 — 1877	86 — 90	8	
1876 — 1872	91 — 95	2	

unknown — 56

R.C.D.S. Centennial

Plans are being made to celebrate suitably the Centennial of the Royal College of Dental Surgeons of Ontario, which occurs in 1968.

PETITION.

To the Honorable the Legislative Assembly of the Province of Ontario, in Parliament assembled.

YOUR PETITIONERS RESPECTFULLY REPRESENT,

Wherefore, it is expedient for the protection of the public, that there should, by enactment, be established a certain standard of qualification, required of such person practising the profession or calling of Dentistry in this Province,

We therefore pray, that an Act be passed requiring that persons so practising shall be examined by a competent Board, as to their qualifications to practice the said profession or calling.

Reproduction of Petition to the Legislative Assembly to form the Royal College of Dental Surgeons, 1868

OUR FIRST HUNDRED YEARS

In January 1868 a petition was signed by 68 dentists, 28 medical graduates, one Judge, the Mayor of Toronto and one druggist, and presented to the Legislature of the Province of Ontario.

This statement accompanied the petition:

> *"Whereas it is expedient for the protection of the public that there should, by enactment, be established a certain standard of qualification, required by each person practising the profession or calling of dentistry in the province;*
>
> *We, therefore pray that an Act be passed requiring that persons so practising shall be examined by a competent Board as to their qualifications to practise the said profession or calling."*

Thus the Dentistry Act of Ontario was enacted and received royal assent on March 4th, 1868.

In 1968, the Centennial Year of the R.C.D.S., we the dentists of Ontario salute the admirable foresight and determination of the pioneers of our profession in laying the foundation for a strong and vital profession.

May we in our turn show equal foresight and determination!

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

1868 - 1968

R.C.D.S. CENTENNIAL DINNER

March 18, 1968

PARK PLAZA

Dr. J. D. Purves, R.C.D.S. President, addressing the guests. At his left are -Dr. K. F. Pownall, R.C.D.S. Secretary-Registrar-Treasurer, and Mr. Gordon Watson, R.C.D.S. solicitor.

The Honourable -Dr. M. B. Dymond, Minister of Health.

DR. J. D. PURVES
President
1967-1968

R.C.D.S. PRESIDENT'S REPORT

Dr. James D. Purves

REPORT

November 1968

1.

As the Centennial Year celebrating the founding of the Royal College of Dental Surgeons of Ontario draws to a close and the biennial elections promise many new faces on the Board, it is again pertinent to make a few observations on the highlights and trends of the past year.

2.

The Board has made available $25,000.00 as a Centennial Grant to the Ontario Centre for Science and Technology.

Dr. S. A. MacGregor and his committee are already well advanced with their plans for the dental exhibit. The importance and magnitude of this undertaking can only be assessed by an "on the spot" perusal of this magnificent complex. There is no other project anywhere in the world similar to this Centre, and the educational value to dentistry will place our profession high among the healing arts.

3.

The Spring Board examinations were taken by a total of 26 candidates, of whom 9 failed to qualify. Although the examinations are very basic, the results generally are by no means outstanding. Pressures and tendencies to reduce standards must not be tolerated, no matter what the source. As the chief examiner and a faculty member of the University of Toronto, I am adamant on this stand.

4.

Amendments or additions to the Dentistry Act and By-laws have been at a standstill pending the release of the report of the Healing Arts Committee. The McRuer Report promises some interesting dialogue on the future of professional governments.

5.

The Complaints Committee has been busier than ever this year. Very often the solution to many of these problems could be achieved by simply explaining the work and fee involved to the patient.

When the new fee schedule is employed improperly there are bound to be poor patient/doctor relationships.

Once again, Ethics — the relationship to one's fellow dentist — deserves comment. Trends towards advertising by indiscriminate distribution of professional cards, newspaper pictures of patients being treated in offices with the accompanying unsavoury texts, and unacceptable signs continue to degrade the hard-won gains of the profession.

The Committee – Drs. Rajczak and McGowan deserve much credit in handling a very difficult assignment.

6.

The effectiveness of any licensing Board depends upon the whole-hearted co-operation of its licensees to the terms of the Act which governs that body. The Dentistry Act is designed to protect the public against those whose qualifications fail to meet a minimum standard. It also protects against those whose professional ability is in question.

The Board of Directors therefore solicits the support of all dentists in carrying out their duties. The Act and By-laws provide ample facilities for any dentist to bring evidence of incompetence to the Board's attention.

Two particular areas requiring constant vigilance are:

(i) The exposure of unlicensed persons performing dental services illegally.

(ii) The reporting of those dentists who allow untrained personnel to carry out duties requiring the competence of a dentist or other licensed personnel.

7.

The Board salutes the Faculty of Dentistry of the University of Western Ontario on the dedication of their new building. Conceived as it was through the combined efforts of the Minister of Health, Dr. Hall, past-president of the University of Western Ontario, and the Board of the Royal College of Dental Surgeons of Ontario — we take great pleasure in seeing it officially opened.

8.

To those Board members retiring from the Board at the close of the year — I offer the deep gratitude of the dentists of the Province for their diligent service on the Board.

1. Report received.

CANADIAN DENTAL ASSOCIATION

Representative: Dr. James D. Purves

REPORT

November 1968

1.

The 1967 Annual Meeting held June 27th to 30th has become history. The Convention following this meeting was an outstanding clinical and social programme. The new format of completing the Board of Governors Meeting and the Convention within one calendar week appeared favourable.

2.

The Children's Dental Health Plan was accepted, and a proposal to solicit Federal and Provincial funds in order to undertake projects within the guidelines of the plan was proposed.

3.

Dr. W. J. Spence continues to serve on the Executive Committee of the C.D.A. representing Ontario; he will be joined by Dr. J. B. Taylor of London, also representing Ontario. Dr. Hector MacLean becomes the President-elect of the C.D.A.

4.

A new policy concerning the recognition of special areas of dental practice was submitted by the Specialists and Specialization Committee and approved. It was agreed that the present moratorium on specialty practice should be continued, and the specialty and special areas were requested to submit their opinions regarding proposed regrouping of specialty areas of practice to be utilized for educational and administrative purposes only.

5.

New principles governing prepayment plans were discussed and approved along with a standardized claim form.

6.

The principle engendered in the proposal to raise the C.D.A. grant to $65.00 per member was accepted. Initiation of this proposal will be "in the near future".

7.

Merging of group life, office overhead, and income protection insurance programmes sponsored by the C.D.A. and the O.D.A. was approved. An ad hoc committee has been appointed to effect this merger and also to study plans for the collection of premiums and the administration of the plan.

8.

The Canadian Fund for Dental Education reported that $32,585.00 had been granted in fellowships — a most commendable achievement since the C.F.D.E. was founded only in 1964. In addition, the Association of Canadian Faculties of Dentistry has been provided with $9,000.00 since it was founded in 1966.

9.

A resolution favouring a larger role for dental auxiliaries operating under the control of a licensed dentist was defeated and returned to the Auxiliary Services Committee. Generally, concern was felt for the difficulties in effecting such a policy.

10.

These represent but a few of the highlights; the reports in detail will be published in the Transactions 1968.

Action:

1. Report received.

COMPLAINTS COMMITTEE

Members: Doctors E. J. Raczak, Chairman; J. E. C. McGowan

REPORT

March 1968 Meeting

1.

Since the last meeting of the Board the Complaints Committee has met twice, on December 8, 1967, and on February 14, 1968.

2.

One complaint alleged improper emergency and endodontic treatment. Investigation by the Committee tended to uphold the patient's viewpoint. It was suggested to the dentist that he undertake a refresher course in endodontics. In addition, he offered the patient a cash settlement for the inconvenience and out of pocket expense involved. The Committee was of the opinion that the settlement offered was fair; however, the patient has since demanded restitution of sufficient magnitude that the case is still pending.

3.

The Committee heard a complaint regarding faulty fixed bridgework and examined the patient. Examination revealed that the patient was having an occlusal problem as a result of the treatment. The dentist was very co-operative when contacted. Although he had remade the prosthesis in question twice, and had made numerous adjustments, he offered to refund the fee and also to take further training in the area of occlusion. Subsequently, the patient attended another practitioner and his occlusal adjustment therapy seems to have improved the situation. To this date the bridgework has not been remade nor has it been necessary to have the dentist refund his fee.

4.

Two complaints of a similar nature were heard involving improper diagnosis. In one case, two members of a family were examined by the Committee and the dentist's diagnosis was not only upheld but he was commended for having made an extremely careful and accurate examination.

The other case was resolved through an examination of the radiographs. In this case also the dentist's diagnosis was upheld without question.

5.

Unsatisfactory restorative treatment was alleged in another case and the patient's case was sufficiently substantiated that the dentist agreed, without prejudice, to refund the portion of the fee paid him and to waive the balance.

6.

The Committee interviewed a dentist whose fees were disputed by an insurance company. The company alleged that the dentist's fees were unreasonable and exorbitant and the Committee's investigations tended to support this view. It was recommended that the dentist accept the settlement offered by the company which was an extremely fair one.

In addition, the practitioner was reminded that she did not seem to have any good reason for charging an insurance carrier considerably more than was her custom for her regular patients where a similar service was involved. She was asked to regard the interview as a warning against future similar occurrences.

7.
As always, the Committee is indebted to the Secretary for the number of complaints which are resolved through his diligence and diplomacy over the telephone and through his correspondence.

Action:
1. Report received.

REPORT
June 1968 Meeting

1.
Since the last meeting of the Board the Complaints Committee has met once, on April 2nd, 1968.

2.
The Committee heard a complaint against a dentist regarding excessive fees and the carrying out of unnecessary dental treatment. Investigation revealed that the dentist was not at fault and the patient accepted the explanation of the Committee.

3.
Another complaint alleged improper service with respect to the refitting of an upper partial denture. No fault could be found with the treatment rendered, but the dentist agreed, without prejudice, not to pursue collection of the patient's unpaid account.

4.
One patient registered a complaint that she was not informed by her dentist that chronic abscesses had formed at the apices of six anterior teeth serving as abutments for a periodontal prosthesis. Interviews with both patient and dentist revealed widely conflicting stories. The case is still under investigation.

5.
Three cases of unsatisfactory denture service were heard by the Committee. In all three cases the dentists involved agreed to refund, without prejudice, the full fee paid for treatment.

6.
A complaint was heard from a dental technician charging that his dentist customer resorted to unethical means to deprive him of his rightful payment for services rendered. Since the dentist was not available for interview at the last Committee meeting, the case is still pending.

7.

Many complaints have been resolved through the good offices of the Secretary. The Committee is grateful to him for making its task so much less difficult.

Action:

1. Report received.

REPORT

November 1968 Meeting

1.

Since the last meeting of the Board the Complaint Committee has met twice, on June 24th and September 27th, 1968.

2.

It was reported at the June meeting that a dental technician charged his dentist customer with using unethical means to deprive him of his rightful payment for services rendered. At a meeting with the Committee, the dentist in turn countercharged that the technician made remarks directly to the patient involved that were designed to undermine the good relationship that existed between the dentist and his patient.

On the advice of the Committee, the dentist agreed to pay the technician's account and to take his complaint to the Governing Board of Dental Technicians under whose jurisdiction this charge should be heard.

3.

In a case previously reported involving chronic abscesses that had formed at the apices of six anterior teeth the patient was again interviewed. Her original contention was that the dentist had not informed her that these abscesses existed when he reasonably should have. However, she now charged incompetence and demanded full recovery of the fee paid. The investigation is still continuing.

4.

In a case involving unsatisfactory denture service, the dentist involved agreed to refund, without prejudice, the full fee paid for treatment.

5.

A complaint was heard against a periodontist wherein the patient charged incompetence and misrepresentation, demanding waiver of the unpaid fee. Investigation revealed that the periodontist had acted fairly and ethically. However, in the interests of public relations and also to settle the dispute, the dentist agreed, without prejudice, not to press for collection of his account provided the patient submit an apology for the distress and inconsideration inflicted on him. The patient agreed to this provision.

6.

Another complaint alleged improper service with respect to fixed bridge therapy. The case was resolved to the satisfaction of both dentist and patient through a partial refund of the fee paid.

7.

Another patient complained that jacket crowns made for her were incompetently done and that in no way should she be liable for payment of the fee. She subsequently found it necessary to attend another dentist to complete treatment. Resolution was effected to the satisfaction of both parties through having the practitioner assess the patient only the amount of the laboratory costs.

8.

Unsatisfactory complete denture service was charged by a patient. Examination revealed that the case was a very difficult prosthesis problem as well as a personality problem. However there were shortcomings in the treatment rendered and the attending dentist was unbiased enough to recognize this. He very generously offered to send the patient to a dentist more experienced in prosthodontics and agreed to pay for the treatment to the amount of the fee received.

9.

Another complaint alleged that the dentist carried out unnecessary restorative treatment and at an excessive fee. Investigation revealed that the dentist did not act unethically; however, his procedures could be open to question in the light of present recognized practices. Since a certain amount of misunderstanding did exist, the dentist agreed, without prejudice, and in the interests of good public relations, to waive the fee which in the opinion of the Committee was not excessive.

10.

Another patient claimed she was charged a fee other than that quoted at the consultation appointment. In addition, she felt that periodontal treatment was advised unnecessarily. The Committee felt that the dentist was correct in his diagnosis of periodontal involvement. However, with respect to the other charge, the Committee felt that a reappraisal of office procedures was in order since several complaints had been received against the dentist involved. Refund of the disputed amount was agreed to readily.

11.

Another complaint alleged incompetent fixed bridge treatment. The Committee was not prepared to support a charge of incompetency but felt the situation warranted arbitration by an independent referee. The dentist, however, agreed in the interests of good public relations to refund the fee without prejudice to his position.

12.

A further complaint alleged improper restorative and partial denture treatment to correct a hearing disorder which was diagnosed as resulting from a temporo-mandibular joint dysfunction. Investigation is still incomplete.

13.

A charge, made by the Inspector for the R.C.D.S., alleging improper use of auxiliary personnel was heard. Although it was deemed that insufficient evidence existed to refer the case to the Discipline Committee, the dentist

was admonished that his methods were open to question and that henceforth there must be no possible confusion as to who was the dentist in his office and who was not.

14.
As always, many complaints have been resolved by the Secretary through his tact and diligence. The Committee is grateful for his invaluable help.

Action:
1. Report received.

CONTINUING EDUCATION COMMITTEE

Members: Doctors E. J. Rajczak, Chairman; R. W. Edwards, D. A. Cheetham

REPORT

March 1968 Meeting

1.

One meeting of the Continuing Education Committee has been held since the last meeting of the Board, taking place on February 21, 1968.

2.

The Committee met with Dr. M. E. Jarrett, Senior Dental Consultant, Ontario Department of Health, with regard to reviving the public health seminars that were held in the past.

It was decided that, providing Dr. Jarrett's request for a grant was met, three seminars would be held. No obstacles to such a grant were foreseen.

It was agreed that the seminars would be held in Port Arthur, Belleville and Owen Sound, each being of two days' duration. An orthodontist and paedodontist would work in pairs at each seminar.

3.

The Committee has reviewed the continuing education requirements necessary for dentists to participate in the New York State Medicaid Program and the American Dental Association statement regarding continuing education and re-licensure. In addition, it has studied the legislation of numerous states regarding re-licensure of osteopaths. The Committee's investigation in this area is continuing.

4.

The first R.C.D.S. Centenary Seminar has been arranged in co-operation with Dean R. G. Ellis of the Faculty of Dentistry, University of Toronto. It will be held at the Faculty for six days from June 17-22, 1968, with Dr. Arne Lauritzen of Seattle, Washington, as guest clinician. Preliminary interest in this course is high and it is anticipated that adequate enrolment will be no problem.

5.

Arrangements have been made by the Secretary for field trips to New York, San Francisco and Los Angeles in order to examine the facilities of various continuing dental education centres. The first visit will be to New York on March 29, 1968, to examine the First District Dental Society Continuing Education Program. The second visit will take place April 18 and 19, 1968, when both the University of California and the University of Southern California programs will be evaluated.

6.

Members of the Committee have been active in speaking to their dental societies regarding membership in the Academy of General Practice and

interest is mounting. Applications have been received by some of the District representatives and it is hoped that by the end of the year a number of new chapters will be formed in the province.

Action:

1. Report received.

REPORT

June 1968 Meeting

1.

Since the last meeting of the Board the Continuing Education Committee has held one meeting and has held under its aegis, an organizational meeting for the Academy of General Practice.

2.

The organizational meeting of the Academy of General Practice was held during the O.D.A. Convention, on Tuesday, May 14, 1968 at the Royal York Hotel.

Prior to this meeting, the Committee requested the Kente Chapter of the Academy to supply men to staff an information centre during the Convention for the purpose of answering questions posed by interested dentists. These men were most pleased to perform this function and were in part responsible for the turnout of approximately one hundred and fifteen members of the profession to the organizational meeting.

The Academy was placed on the road to becoming an autonomous organization with the election of an interim Executive Committee. This Committee consists of Chairman, Dr. Harold Craig of Belleville; Dr. W. R. Patrick of Trenton; Dr. Hugh Donnelly of Sudbury; and Dr. B. L. Pedlar of Burlington. In addition, interim regional representatives were appointed for various existing study clubs and some local society areas.

It was decided that the term of office of this Executive pro tem would extend to the time of the O.D.A. meeting in May 1969.

3.

Subsequent to this organizational meeting, a joint meeting of the Continuing Education Committee and the Executive pro tem was held on June 7, 1968. Regional representatives were appointed conditionally for those local society areas which were not represented at the previous meeting.

In addition, it was agreed that, from this point on, the new Executive would carry on the affairs of the Academy with the R.C.D.S. supplying the necessary secretarial services until the organization is able to assume this responsibility. Dr. K. F. Pownall was appointed Executive Secretary for this period.

It was agreed that, for the present, there were numerous advantages to be gained by remaining closely affiliated with the American National Headquarters.

4.

Arrangements have virtually been completed for the first R.C.D.S. Centenary Seminar with Dr. Arne Lauritzen of Seattle as guest clinician. Dean Ellis and his staff have been most co-operative in supplying lecture, laboratory and T.V. facilities.

There are twenty men enrolled in the course so far, a sufficient number to ensure that it will be a financial success.

5.

The Registrar-Secretary and the Chairman of the Continuing Education Committee visited three institutions to study continuing education concepts. On March 29, 1968 they visited the First District Dental Society headquarters in New York and on April 18, 1968 they studied the program given at the University of California at San Francisco. The following day was spent reviewing the Continuing Education Department at the University of Southern California at Los Angeles. A comprehensive report on these programs will be submitted to the Board before the next meeting.

6.

The Dental Public Health Seminars which were contemplated for this year will unfortunately not be held. Funds to make these possible were not granted by the Provincial Government. Efforts are presently being made by Dr. M. E. Jarrett, Senior Dental Consultant for the Ontario Department of Health, to apply directly to the Department of National Health and Welfare for grants to subsidize such seminars in 1969.

Action:

1. Report received.
2. The approval of the Board was given for the Chairman of the Continuing Education Committee and the Secretary to visit the Continuing Education facilities at the University of Pennsylvania.

REPORT

November 1968 Meeting

1.

Since the last meeting of the Board, the Continuing Education Committee has held one meeting on November 11, 1968. In addition, its Chairman and the President of the Board attended a Symposium on Continuing Education and Socio-Economic Trends in Dentistry at Albany, N.Y., on October 4th and 5th, 1968.

2.

In accordance with the wishes of the dental faculties at the University of Toronto and the University of Western Ontario, the Committee reviewed the honoraria paid to clinicians participating in the Extramural and Extension programs. Further consideration is being given to this question.

It is realized that some societies are able to afford programs of almost any magnitude, whereas others could support only modest ones. Some may

not be in a position financially to pay clinicians at all. Because individual considerations are so variable from society to society, it is difficult to establish an inflexible scale. It is the feeling of the Committee that, wherever possible, a society should contribute to the cost of its own Continuing Education programs to the level of its ability. The balance of costs will be borne by the R.C.D.S. The R.C.D.S.' share of the costs should be determined by the Secretary in consultation with the individual society and with the Continuing Education Committee whenever necessary. The number and geographic distribution of clinics will be reviewed by the Continuing Education Committee at a future meeting.

3.

The first R.C.D.S. Centenary Seminar was held at the University of Toronto, June 17-22, 1968. Twenty men were enrolled in the course conducted by Dr. Arne G. Lauritzen of Seattle, Washington.

All participants agreed that the Course was of exceptionally high calibre and they noted especially that the time spent in participation was most valuable. The Committee acknowledges with gratitude the assistance given by Dean R. G. Ellis and his staff in providing the facilities and organizational guidance to make this course possible. Without their generous co-operation the program could not have been as successful as it was.

Tentatively, the next seminar is scheduled for September 8-12, 1969, at the University of Western Ontario. The course leader will be Dr. Stanley P. Hazen of Temple University who will be assisted by staff members of the periodontal division. Subject of the seminar will be Periodontal Surgery.

The Committee would also recommend that the name of this seminar be changed from the R.C.D.S. Centenary Seminar to the R.C.D.S. Memorial Seminar in order to commemorate deserving practitioners or dental teachers who have made significant contributions to dentistry in Ontario or Canada.

It is further recommended that the 1969 seminar commemorate Dr. H. K. Box in keeping with the course topic.

4.

It was reported at the June meeting that the contemplated Dental Public Health Seminars would not be held since grants were not forthcoming from the Ontario Department of Health. Fortunately, this situation has changed and the College has been notified that funds in the amount of $4,080.00 have been granted for this purpose.

The seminars will be held in Port Arthur, Owen Sound and Belleville and possibly one other location. Clinical techniques in Orthodontics and Paedodontics will be demonstrated.

5.

The symposium in Albany was organized by and held under the aegis of the Third District Dental Society of the Dental Society of the State of New York. The program was a most ambitious one and constituted the first in a series of high quality programs arranged to keep current the competency of the general practitioners of that area.

Probably the most important factor to an outsider was the attitude of the society in respect of its responsibility in Continuing Education. With no

dental school close by to supply the necessary courses, this group has arranged a series of seminars, didactic in nature, to fill a great need. This need has been heightened recently by the enactment of legislation requiring dentists to show proof of regular Continuing Education in order to take part in the New York State Medicaid program.

It is the hope of this society that participation courses will eventually be added to the program and that study group activity will be initiated and developed.

The Committee feels that the activities of this society should be watched with interest by this Board with a view to eventually playing a much more meaningful role in Continuing Education in this province.

6.

The Committee is indebted to the Secretary for his untiring efforts on its behalf. Many times it has been necessary for him to assume extra duties, especially with respect to the organizing of the Academy of General Practice.

Action:

1. Motions approved.
   - — That the Continuing Education Committee be instructed to develop guidelines for participation in this Board's Extension and Extramural Lecture programs.
   - — That the Executive Committee be requested to consider the administrative requirements that will be necessary to effectively carry out the Board's expanding activities in Continuing Education, Licensure and other responsibilities.
2. Report adopted.

DISCIPLINE COMMITTEE

Members: Doctors R. Michell, Chairman; H. M. Jolley, R. W. Edwards, D. A. Cheetham, A. B. Sutherland

---

REPORT

June 1968 Meeting

1.

The Discipline Committee met on Monday, June 10th, 1968, to hear a charge of "improper conduct in a professional respect" against Dr. Lorne B. Brunton of Sarnia, Ontario.

The defendant was found guilty as charged and was given the following penalty:

(b) He was charged with the cost of the hearing.

(a) He was given a reprimand.

Action:

1. Report received and adopted.

FACULTY OF DENTISTRY, UNIVERSITY OF TORONTO

Dean: Roy G. Ellis

REPORT

June 1968 Meeting

1.

Introduction

This report is being written immediately following the annual University Graduation Exercises at which 127 candidates were admitted to the degree of Doctor of Dental Surgery and 37 young ladies to the Diploma in Dental Hygiene. As a back drop to all the colour and pageantry which accompanies this ceremonial occasion is the sobering thought that many of these men and women will be practising their profession and providing health services to the people of their community, in the year 2000. The staff attest to the fact that they are well equipped to cope with today's conditions of general practice, but admit they have much to achieve in developing clinical experience. We can foresee however that during the three decades between now and the turn of the century they will have to adapt themselves to significant changes, which will take place inevitably in the provision of health services by the year 1999.

A year ago I reported that our concern for the responsibility which graduates of today must assume in respect to the future led us to initiate a review of the undergraduate curriculum, and to give consideration to the expansion of Post Graduate Dental Education at the Faculty of Dentistry, University of Toronto. A few observations are made here to bring you up to date on these matters.

2.

Curriculum Review

The Committee has continued its comprehensive study of all aspects of the undergraduate dental curriculum under the Chairmanship of Professor D. F. Forster, Executive Assistant to the President, University of Toronto. The committee under Professor Forster comprises: Dr. J. Kreutzer; Dr. D. B. McAdam; Dr. J. E. Speck; Dr. A. T. Storey and Dr. C. E. Purdy (Co-ordinating Secretary).

They have been meeting each week since January, 1967. Submissions and responses to questionnaires from undergraduates currently registered in the Faculty, recent graduates and graduates of earlier years, department chairmen and others have been closely scrutinized and evaluated. Since the Fall of 1967 numerous meetings of the committee have been devoted to interviews with student representatives, staff members and people outside the Faculty who have an interest in curriculum development. In total, 44 such people have been interviewed personally to gain their opinions as to what changes should be made in the present curriculum for greater effectiveness in preparing the new graduate for the responsibilities that he may be expected to assume in future years.

The committee has now reached a stage in its study of the undergraduate curriculum where it is preparing a report for consideration by Faculty Council. The report will include a critical evaluation of the present undergraduate dental curriculum, incorporating suggested revisions to meet the objectives and organizational considerations as an aid to implementation. The immediate, intermediate and long term needs of dental education to meet the changing needs of the profession in a changing society will be discussed and recommendations made accordingly

The work of the committee so far has been confined to the undergraduate course in Dentistry. At a future date it is probable that it will be prepared to offer general comments on the training of Dental Hygienists and dental education at the Post-graduate and Graduate level.

3.

Post Graduate Dental Education

The "Users Committee" established in March, 1967 has been meeting at regular intervals for a year, under the Chairmanship of Dr. Murray Hunt. They have assembled much pertinent information and some statistics pertaining to the responsibility of this Faculty in supplying trained specialists for practice and personnel required for teaching and research in Canada in the future.

Dr. John B. Macdonald has met with the Committee on several occasions in his capacity as Special Consultant to the Committee. Similarly the Vice-President, Health Sciences, Dr. John D. Hamilton, has been available for consultation when requested, and Dr. Hamilton has assigned Mr. G. B. Bailey of his staff to work with the Committee.

Among the major concerns of the Committee are the projected enrolment figures in all categories of postgraduate and graduate education, the new physical facilities which will be required to accommodate an expanded enrolment and the number and types of additional staff which will be required to cope with the expanded teaching and research duties in the future.

Field visits to several of the leading centres of postgraduate dental education on the North American continent are being undertaken at present by members of the Committee, to obtain further information in all these areas. The Committee has expressed great concern in respect to recruiting additional suitably trained staff for the enlarged program and has recommended that this recruitment drive should begin immediately. With this objective in mind, when the Faculty estimates for 1968-69 were submitted in March, 1968, additional funds were requested to initiate the recruitment of staff. It is perhaps significant that the Province of Ontario made available to the University a special supplementary grant of $175,000 "for expansion of graduate and postgraduate programs in dentistry. I am hopeful that one year from now we may be able to report considerable progress with this project.

Another development, which supplements the staff recruitment activity referred to above, is the availability of financial assistance for training programs for potential staff.

4.

Province of Ontario Teacher Training Program

Approximately eighteen months ago the Ontario Department of Health announced through the Vice-President, Health Sciences, Dr. John D. Hamilton, the availability of bursaries to assist with the training of staff for academic positions in the Health Sciences in Ontario Universities. Candidates for bursaries must be sponsored by the Dean of the Faculty concerned, and undertake to accept a teaching position in an Ontario University for a period not less than the time spent in assisted training. The University sponsoring the candidate must in turn guarantee the applicant a teaching position upon completion of training.

In 1967-68 three bursaries were awarded on the recommendation of the Faculty of Dentistry, University of Toronto. The recipients were Dr. R. L. Ellis for a two year program in Dental Public Health and related fields; Dr. R. J. Borris for a two year course at Indiana University in Prosthodontics; and Dr. W. C. P. Wright, for a year of study in dental care administration.

For 1968-69, applications have been submitted requesting the extension of bursaries for Drs. R. L. Ellis and R. J. Borris. New applications have been submitted in support of a two year study period for Dr. P. A. Watson at Indiana University in Restorative Dentistry, and a three year Ph.D. program for Dr. E. Hisaki at the University of Toronto, majoring in Anatomy.

The establishment of this bursary program provides significant encouragement to potential teachers who are willing to undertake one to three years of further education to better prepare themselves for a career in teaching and research.

5.

Registration

The overall registration figures for session 1967-68 totalled 647, or 10 less than in the previous session. The reduction of ten students is accounted for entirely in the Dental Hygiene enrolment. An increased first year failure rate one year ago reduced the graduating class to 41, and several withdrawals from first year hygiene after the session commenced reduced the freshman class to 46, for a total of 87 hygiene students, compared with 97 in session 1966-67.

The undergraduate dental student enrolment remains very steady and close to capacity (500 students), in spite of a depreciation rate of approximately 9% of those who enter the course and those who finish. The places which become vacant due to student failures or withdrawals are filled by candidates selected from the many, who seek admission with Advanced Standing. The policy of this faculty in respect to admission to the higher years is as follows.

6.

Admission with Advanced Standing

During the past twelve months several inquiries have been received from institutions, dentists, and dental educators with respect to the admission of foreign dental graduates to the course leading to the Degree of Doctor of Dental Surgery. Candidates seeking admission fall into three main categories based on credit given for degrees earned elsewhere, namely:

I. **Admission to Fourth Year — three years credit allowed**

(a) Candidates with a B.D.S. degree from the United Kingdom, Ireland, Australia, New Zealand or South Africa; or

(b) Candidates with an L.D.S. diploma from the United Kingdom or Ireland, plus the F.D.S.R.C.S.

II. **Admission to Third Year — two years credit allowed**

(a) Candidates with a B.D.S. degree from a Commonwealth country or former Commonwealth country other than those named above; or

(b) Candidates with an L.D.S. diploma only, from the United Kingdom or Ireland.

III. **Admission to the Second Year — one year credit allowed**

(a) Candidates with a University degree in dentistry from all other countries not included above. Admission after successful completion of a Qualifying Examination satisfactory to the Faculty Council.

The number of inquiries and subsequent applications for admission to these three categories of advanced standing is increasing significantly.

On April 2nd, 1968, the Admissions Committee reviewed 74 applications for Session 1968-69, as follows:

Category I ..... Admission to Fourth Year — 32 applications
Category II ..... Admission to Third Year — 18 applications
Category III ..... Admission to Second Year — 24 applications

The number of places available each year at these levels is likely to become fewer and fewer, as the quality of regular applicants admitted to the first year continues an upward trend. Approximately 12 of the 74 applicants have been selected for admission in 1968-69 to the Second, Third and Fourth Years.

The University of Western Ontario recently announced guidelines in respect to "Advanced Standing" in which reference is made to the use of "Qualifying Examinations." It was agreed shortly thereafter that both dental schools in Ontario should explore the possibility of conducting conjoint qualifying examinations, where applicable, for candidates seeking admission to advanced standing at either school. Subsequent discussions by official representatives of both schools have resulted in agreement to initiate conjoint qualifying examinations in August, 1968. While the 1968 examinations will be conducted at the University of Toronto, the special relations and manual dexterity tests will be assessed by representatives of both schools and the overall examination results will be reviewed and a pool of suitable applicants will be selected by a conjoint committee. Where a suitable candidate has made application to both schools it is possible he will receive two acceptances, and it will be the candidate's prerogative to select the school of his choice. Arrangements for the conduct of qualifying examinations after 1968 are to be considered in the light of the 1968 experiment.

Indeed, perhaps we might hope that sometime in the future qualifying examinations for foreign graduates, acceptable to all dental schools in Canada, will be conducted by some national agency in this country, thereby providing the dental schools with the additional necessary information prior to the selection of applicants.

7.

Survey of the Health Sciences — University of Toronto

In the fall of 1967 we were advised that the Board of Governors had authorized a survey of the Health Sciences group in the University of Toronto.

The survey was to be undertaken by a panel of internationally recognized educationists working in collaboration with two firms of Canadian management consultants. Both firms of management consultants have had previous experience in University organization and in the health science and educational fields.

The terms of reference for the panel and management consultants are to survey and make recommendations with respect to:

(a) the organization and staffing, both professional and administrative, of the Faculty of Medicine and of the various faculties, departments and divisions of the University comprising the Health Sciences group;

(b) the implementation of the objectives and policies of the University with respect to the teaching of Medicine and the Health Sciences;

(c) the relationship of the Faculty of Medicine and Health Sciences group with the various associated or affiliated Teaching Hospitals (including Sunnybrook), levels of government and fund granting agencies;

(d) the physical facilities and staff available, and the physical facilities, financing and staff establishment necessary to support the clinical teaching of medicine and the teaching in the Health Sciences group and related research.

While the survey has been launched, and senior members of the staff of the faculty have been interviewed, and a "Statement of Objectives" of the Faculty of Dentistry has been prepared by the Consultants and approved by the Executive Committee of the Faculty Council (April 22nd), it is too early to express an opinion as to the possible outcome of the survey. We are assured that the curriculum and academic matters will not be scrutinized. It would appear that the consultants will concentrate on organization, physical facilities, staff ratios, relationships between components of the health sciences and the relationship of each component to the teaching hospitals.

8.

Student Representation

One facet of student activism on the campus of the University of Toronto during the current academic session has been student requests for representation on Faculty Councils. A few Faculties and Schools have acceded to these requests, while others, including Dentistry, have arranged for student representation on certain standing committees of the Faculty Council. At its meeting on November 28th, 1967, the Council of the Faculty of Dentistry agreed to invite the Dental Students Society to appoint one voting representative and an alternate to full membership on the following Committees of Council: Scholarships and Awards; Library and Museum; Instrument and Hospital Services. The students subsequently appointed to these committees have been very useful and effective participants in the deliberations of these committees.

In this connection it should be observed that an active Student-Staff Liaison Committee has been in existence since 1954. This group of students and staff have met two or three times a year to discuss problems of mutual interest and concern. In the light of recent student activism on a broad front, we believe this Committee has served a most useful function.

9.

Television — as teaching medium

The use of closed circuit television in this faculty dates back to about 1957. This medium has been used for teaching by members of our staff, even prior to entering the new building, with varying degrees of effectiveness. Improvements in equipment and techniques in the past decade and the obvious desirability of reviewing our procedures prompted the Executive Committee of the Faculty Council to recommend the appointment of a small committee under the Chairmanship of Dr. J. E. Speck, to study and report on this subject.

10.

Dental School and Art

In 1964 a small group of dental students and staff promoted the idea that something should be done to create a more pleasing and stimulating aesthetic environment in the dental building. Subsequently the "Picture Loan Committee" under the chairmanship of Dr. C. H. M. Williams undertook to arrange a series of exhibitions of pictures to be hung in the main lobby, the students' common room and main corridors.

Since 1964 four exhibitions a year have been arranged and the activities of the Committee (renamed the Arts Committee) have been broadened. Included in these activities is the acquisition of a permanent collection of art objects which is meeting with encouraging success. The permanent collection now includes five paintings and four pieces of sculpture.

We believe that the idea, initiated in 1964, is not only important to the improvement of the aesthetics of the building, but of cultural value in the education of professional men and women.

11.

Extramural Lectures

The active participation of the Faculty of Dentistry of the University of Western Ontario in this program has given some welcome relief to members of our staff during the 1967-68 academic year. At the outset the need for close collaboration of those responsible for making the arrangements at both schools was recognized and accordingly some guidelines were drawn up, and communication between the two schools has been excellent.

We are aware of the contents of the letter from Dean Wesley J. Dunn addressed to the Secretary of the Board on May 22nd, 1968 and heartily endorse the comments and recommendations made therein.

12.

Staff

Changes in Session

We record with deep regret the deaths of two part time members of the staff during the current session, namely, Dr. G. D. Beierl, and Dr. W. S. Schwetz.

Dr. R. M. Grainger, Chairman of the Division of Dental Research, resigned from the staff on August 31, 1967, to become Director of Clinics at the Faculty of Dentistry, University of British Columbia.

John H. Hibberd, B.D.Sc. (1949), M.D.Sc. (1957) (Melb.), D.D.S. (1960) (Tor.) joined the full time staff with the rank of Professor of Restorative Dentistry on January 1, 1968.

New Full Time Appointments in 1968-69

Professors:

George S. Beagrie, L.D.S.R.C.S. (Edin.) (1947), F.D.S.R.C.S. (1954): D.D.S. (1966). Chairman of Clinical Sciences and Assistant Director, Postgraduate Dental Education.

A. Richard Ten Cate, B.Sc. (1955), Ph.D. (1957), B.D.S. (Lond.) (1960) (Anatomy and Histology).

Associate Professors:

D. Blake McAdam, D.D.S. (Tor.) 1945

A. Bruce Hord, D.D.S. (Tor.) 1947; B.Sc.D. (1949)

J. A. Bigelow, D.D.S. (Tor.) 1942

Other Staff Changes

Dr. D. G. Woodside and Dr. F. Popovich will relinquish part time status to devote full time to teaching on the Faculty staff as of July 1.

Dr. Keith W. Davey is promoted to full Professorial rank and Chairman of the Department of Paedodontics as of July 1st.

We regret the loss of the following staff members who have accepted appointments elsewhere.

Dr. Max A. Listgarten leaves on July 1 to further his research activities in the newly created Center for Oral Health Research at the University of Pennsylvania.

Dr. L. D. Catena assumes his duties as Assistant Professor of Dental Radiology at Temple University.

Dr. G. E. Longhurst goes to U.C.L.A. School of Dentistry as Assistant Professor of Dental Radiology.

We wish them every success and happiness in their new responsibilities.

13.

Acknowledgements

The Faculty is again indebted to a host of individuals and organizations for continuing support. On this occasion I would like to acknowledge the constant help of Dr. John D. Hamilton, Vice President, Health Sciences in the University. Since assuming this office two years ago he has been consistently responsive to recommendations important to this faculty. A strong division of health sciences in the University of Toronto, in which each component is able to contribute, is not only possible under his able leadership but a high probability.

During the current session we have been the recipients of further support from the Ladies Auxiliary to the Academy of Dentistry; the Dental Alumni Association; the W. K. Kellogg Foundation; the Canadian Fund for Dental Education.

In conclusion we acknowledge with gratitude the generosity of this Board in respect to support of the Extramural Lecture Program and annual grants for specific Faculty projects.

Action:

1. Report received.
2. The appreciation and gratitude of the Directors is to be extended to Dean Ellis for his presence at the Board meeting.

THE UNIVERSITY OF WESTERN ONTARIO
Faculty of Dentistry
Dean: Wesley J. Dunn

REPORT

June 1968 Meeting

It is a privilege to present the fourth annual report of the Faculty of Dentistry of The University of Western Ontario to the Board of Directors of the Royal College of Dental Surgeons of Ontario.

1.

Ceremony for the Laying of the Cornerstone

In his last official act as Chairman of the Board of Governors of The University of Western Ontario, Colonel D. B. Weldon presided at the laying of the cornerstone of the Dental Sciences Building on October 27th, 1967. The Chairman of the ceremony was the President and Vice-Chancellor, Dr. D. C. Williams, and Colonel Weldon was assisted by the Dean of the Faculty and by Mr. Aaron Goldfarb, the President of The University of Western Ontario Dental Students' Society.

The Official Opening is scheduled for October 25, 1968.

2.

Curriculum Development Committee

One of the most important on-going activities is unquestionably the work of the Curriculum Development Committee. At the time of presentation of this report the committee has had some 20 meetings and is close to offering, for presentation to the Council in the fall of 1968, an interim proposal. The incredible complexities involved in ascertaining definitive departmental objectives, the number of hours and the experiences needed to meet those objectives, and the blending of these factors within a workable timetable almost defy solution. The progress which has been made, however, provides reasonable optimism that, while it may not be possible to achieve an utopian ideal, there is every indication that there will be developed a forward-looking and innovative curriculum consistent with the requirements of contemporary dental education.

The Faculty is grateful for the interested and co-operative participation of the two representatives of the Board of Directors of the Royal College of Dental Surgeons of Ontario as consultants to the Curriculum Development Committee.

3.

Advanced Standing

The Council and Senate have approved regulations bearing on admission to Advanced Standing. These regulations fall into the broad categories – "undergraduate dental students seeking transfer to this Faculty" and "dental graduates seeking admission to Advanced Standing."

Students who have been required to withdraw from any other dental school for academic or other reasons and are not readmissible to that dental school are not eligible for admission to Advanced Standing in this Faculty. Students who have successfully completed one or more years at another dental school and seek admission to this Faculty

(a) must fulfil the equivalent of the pre-professional admissions' requirements of this university,

(b) must have successfully completed courses equivalent to those offered in this Faculty for the years below that into which transfer is being sought,

(c) may be required to pass special placement or other examinations satisfactory to this Faculty,

(d) may be required to repeat the year most recently completed at the former institution, and

(e) shall not be eligible for admission into the Fourth Year.

In respect of dental graduates seeking admission to Advanced Standing, no graduate possessing a dental qualification which is registrable in the Province of Ontario is eligible for admission. The applicant may be required to take the Science Achievement Test administered by The American Dental Association and he may be required to write qualifying examinations satisfactory to this Faculty. He must also satisfy the university's English requirements for students from other countries. The applicant, if accepted, may be granted admission into either the Second Year or the Third Year. Those admitted into the Second Year and whose performance during that year, in the judgment of the Promotions Committee, is of exceptional quality giving evidence that the student is capable of more advanced clinical work may be recommended for promotion to the Fourth Year following completion of the Second Year.

It should be noted that the acquisition of the Doctor of Dental Surgery degree of The University of Western Ontario is not obtainable for less than two years of enrolment in this Faculty.

4.

Continuing Education

The Committee on Continuing Education has had a very successful year. Two short courses were given, one on September 7, 8, and 9, 1967 with Dr. Stanley P. Hazen of Temple University as the guest clinician. The subject of this three-day course was *Occlusion in the Natural Dentition* and 47 dentists were registered.

On March 1 and 2, 1968 the Department of Restorative Dentistry presented a two-day *Seminar on Restorative Dentistry*. Dr. R. E. Jordan, Chairman of the Department; Dr. L. N. Johnson, Chairman of the Division of Dental Materials Science; Dr. J. E. Ryan, Chairman of the Division of Removable Prosthodontics; and Dr. W. R. Teteruck, Chairman of the Division of Fixed Prosthodontics, participated in the program. There were 51 dentists registered.

In addition, ten members of the academic staff, nine full-time and one part-time, of this Faculty participated in the Extra-mural Lecture Program of the Royal College of Dental Surgeons, addressing 22 dental societies.

5.

Advisory Committee to the Faculty of Dentistry

The Council, Senate, and Board of Governors of the university has approved the establishment of an Advisory Committee to the Faculty of Dentistry. The Faculty is grateful for the expressions of interest which have come from all sides in respect of participating in the deliberations of this body.

Believing that the community and the profession have an interest in and concern for the quality of dental education and research, a representative Advisory Committee has been established to permit the Faculty to receive informed and responsible counsel and advice and to enable representatives of the community and the profession to ascertain information bearing on the policies, programs, hopes, and aspirations of the Faculty. The community and the profession should be interested in the "product" of this institution and the Faculty should be interested in the views and opinions of the community and the professions as they relate to this "product."

The eventual membership of the Advisory Committee will total 25. The following is the membership complement which has been approved:

1.	President and Vice-Chancellor	1
2.	Member, UWO Board of Governors	1
3.	Vice-President's Committee (Health Sciences)	
	— Vice-President (Health Sciences)	1
	— Dean of Medicine	1
	— Dean of Nursing	1
	— Dean of Dentistry	1
4.	Representatives, Council of the Faculty of Dentistry	
	— Basic Sciences	1
	— Clinical Sciences	1
5.	Representatives, The Royal College of Dental Surgeons of Ontario	3
6.	Representative, The Canadian Dental Association	1
7.	Representative, The Ontario Dental Association	1
8.	Representative, London and District Dental Society	1
9.	Representative, National Dental Examining Board of Canada	1
10.	Representative, The Royal College of Dentists of Canada	1
11.	Representative, Dental Students' Society	1
12.	Representatives, (dental), UWO Alumni Association (when available)	2
13.	Executive Director, University Hospital	1
14.	Executive Director, Victoria Hospital	1
15.	Administrator, Saint Joseph's Hospital	1
16.	Superintendent, Westminster Hospital	1
17.	Director of Dental Services, London Board of Education	1
18.	Senior Dental Officer, Westminster Hospital	1
	TOTAL	25

No member of the Advisory Committee, except the officially elected representatives of the Council and the ex *officio* group, shall be from the faculty of the Faculty of Dentistry of The University of Western Ontario.

At the time of writing this report neither the National Dental Examining Board of Canada nor the Royal College of Dentists of Canada has been able

to reply because the meetings of their Executive Committees have not been held. All others to whom invitations have been extended, however, have given enthusiastic affirmative replies.

It was originally planned to attempt to have the first meeting of this Advisory Committee this spring but in view of the difficulty encountered by two of the organizations in being in a position to reply it may be the fall of 1968 before the first meeting can be convened.

The Faculty looks forward with anticipation to the participation of Dr. D. A. Cheetham, Dr. T. H. Wachna, and Dr. K. F. Pownall as representatives of the Board.

6.

Committee Structure

As the Faculty grows and develops various requirements, both academic and administrative, arise. During the year three new committees of Council have been created — Committee on Advanced Training in Dentistry, Committee on Clinical Records, and Committee on Hospital Services. All committees are "policy-suggesting" arms of Council as Council is the supreme academic authority within the Faculty.

7.

Students on Council

The Council of the Faculty has unanimously approved student representation on Council, the highest court of academic authority within the Faculty. The Senate of the University, of course, is the supreme body of academic authority within the University. It has been agreed that student representatives to Faculty Council will be one elected from each of the four years plus the President of the Dental Students' Society, *ex officio*.

8.

Faculty Crest Approved

Through the energetic initiative of the Dental Students' Society a crest for the Faculty of Dentistry has been approved. The upper portion of the emblem is occupied by the red sun which was derived from the Coat of Arms of The University of Western Ontario. Directly below this is the main portion of the crest which is superimposed on a lilac background — lilac being the academic colour of dentistry. The central figure is the single serpent of Aesculapius, the father of medicine, and is shown in silver, entwined around a golden Arabian cautery. To either side of the central figure are 32 green leaves and 20 red berries which are representative of the permanent and deciduous dentitions. In addition, the Greek letters delta for dentistry and omicron for odont or tooth have also been incorporated into the central design. These letters are manifested in purple which is one of Western's official colours.

The basis of the insignia is the emblem which was approved by the American Dental Association to be considered the insignia of dentistry and which has been subsequently carved in stone over the entrance to Western's Dental Sciences Building.

9.

Class of 1971

In September, 1967 a second "pilot" class was enrolled. The Dental Sciences Building, not yet being ready for occupancy, made possible the enrolment of a class of only eight students. All of the members of the Class of 1971 are male, three of them have university degrees, four are products of the Second Year of either the Honours Biology or Honours Chemistry program of The University of Western Ontario, and one has come from the Second Year of the university's general course in Science.

10.

Class of 1972

It has been agreed that no more than 32 students will be admitted to the First Year class in September, 1968. The Faculty wishes to be able to assess the development of its clinical resources material before it proceeds to maximum enrolment which is 52 in each of four years.

11.

National Research Council Grants

Four applications were made by members of this Faculty to the Associate Committee on Dental Research of the National Research Council. All were successful. The following are the members of Faculty supported by NRC grants, the subject of their area of research, and the amount awarded:

1. Dr. P. G. Dellow, Associate Professor,
   Department of Physiology
   Hypothalamic Relationships to Oral and Salivary Function $16,660
2. Dr. D. G. Gardner, Associate Professor,
   Department of Pathology
   Studies on the Oral Tissues in Certain Systemic Disorders $ 6,270
3. Dr. K. Hoshino, Associate Professor,
   Department of Anatomy
   Studies on Salivary Glands in Mice ..... $ 6,170
4. Dr. J. M. Parker, Professor,
   Department of Pharmacology
   Study of Analgesics by Operant Behavioural Techniques.. $ 7,840

12.

National Research Council — Special Summer Assistantships

Again, in the summer of 1968, the Associate Committee on Dental Research of the National Research Council has made it possible to engage two students to participate in research activities in the Faculty during the months of June, July, and August. Miss Marilyn Morgan will work in the Department of Physiology with Dr. P. G. Dellow as her principal and Mr. David J. Kenny will be associated with Dr. David G. Gardner in the Department of Pathology. Each of these students was similarly engaged in the summer of 1967 and the excellent reports of their summer work appeared in Volume II, No. 1 of the *Journal of The University of Western Ontario Dental Students' Society.*

13.

Students' Research Conference

The Faculty of Dentistry was represented by Mr. David J. Kenny of the sophomore class at the Fourth Dental Students' Conference on Research, held in Washington, D.C., from February 22nd to February 24th, 1968. This most worthwhile activity was supported, in part, by each participating dental school and by a grant from the Procter & Gamble Company. Mr. Kenny had the opportunity of reporting on the conference to the student body and it was quite apparent that great benefit is to be derived from student participation in such an activity. This Faculty hopes to have the opportunity of sending students to future research conferences.

14.

Scholarships and Awards

Council expressed concern that there be established a sound basis for the granting of Scholarships and Awards within the Faculty. There is general opposition to awards which recognize competence in isolated procedures or techniques. Accordingly, Council ratified the recommendation of the Scholarships and Awards Committee when the committee expressed, in general terms, the two major criteria for the establishment of awards in the Faculty:

(a) That they recognize academic and/or clinical excellence as the major reason for giving the award;

(b) That they be academically acceptable.

In giving effect to these broad areas it was agreed that awards recognize either departmental or divisional disciplines and that they not apply to specific techniques or procedures within the departments or the divisions. As an example an award to recognize, let us say, proficiency in gold foil technique would not be acceptable but one recognizing proficiency in restorative dentistry would be.

15.

RCDS Awards Presented

On October 5th, 1968 the Faculty was privileged to enjoy a visit from Dr. Wesley P. Munsie, the President of The Canadian Dental Association. During Dr. Munsie's visit two awards offered in this Faculty by the Royal College of Dental Surgeons of Ontario were presented.

The first academic award ever granted in this Faculty, the RCDS Scholarship, was presented to Miss Marilyn J. Morgan for being the student ranking highest in honours in the Frst Year.

The first RCDS Admissions Award was presented to Mr. Robert L. Beath. The Faculty expresses deep appreciation to the Board for this tangible encouragement of academic excellence.

16.

UWO/DSS Journal

It is an understatement to suggest that this Faculty is simply proud of the production of the *Journal of The University of Western Ontario Dental Students' Society*. Volume No. 1, produced only by members of a freshman

class one year ago, was surely a remarkable achievement of which any dental school could be proud. Volume No. II is more than a worthy successor. The high standards established in the first journal have been maintained and enhanced and this product is a testimonial to the tangible support which this journalistic activity has received from the Board, some dental societies, several dentists, and the firms which have advertised in its pages. Congratulations are due Mr. David J. Kenny as the Editor of Volumes I and II and it is a foregone conclusion that the Editor of Volume III, Mr. Morley P. Bodnar, will carry on in the effective fashion of his predecessor.

17.

Centennial Paediatric Dentistry Award Established

It is with pleasure it can be reported that the Ladies' Auxiliary to the London and District Dental Society has established the Centennial Paediatric Dentistry Award in this Faculty. The Award has the value of $100.00 and is presented annually to the member of the Third Year class, who, on the recommendation of the Department of Paediatric Dentistry, is judged the most proficient in paediatric dentistry and who, by scholarship and attitude towards his responsibilities, has met the requirements for the award.

18.

Canadian Fund for Dental Education

The Faculty is again grateful to the Canadian Fund for Dental Education for a grant of $500.00 received during the year. The Fund supported Dr. W. R. Pellow, an Instructor (part-time) in the Department of Oral Medicine, in a one-week course in Oral Diagnosis held in March at the University of Michigan. This Faculty, at this point in time, proposes a significant utilization of the resources of the Fund to support the Faculty in providing programs for part-time staff to assist them in acquiring additional training in order to contribute even more significantly to the teaching program.

19.

St. Joseph's Hospital — Department of Dentistry

Great credit must be extended to Dr. A. G. Parnell, Chairman of the Department of Oral Surgery, for his activities in developing a Department of Dentistry at St. Joseph's Hospital. Dr. Parnell is Chief of Dentistry at St. Joseph's Hospital and has been successful in recruiting six additional members of the active staff — Dr. W. A. Dinniwell, Dr. S. A. Elderkin, Dr. G. C. Frey, Dr. S. U. McParland, Dr. M. Nordine, and Dr. J. E. Ryan.

Dr. David G. Gardner, Associate Professor of Pathology, was granted courtesy privileges in the hospital in Oral Pathology.

The development of the department was greatly assisted by the generosity of the St. Joseph's Hospital Auxiliary which donated $10,000 for the purchase of equipment.

20.

Victoria Hospital — Department of Dentistry

Initial efforts, following the establishment of appropriate by-laws, have been taken toward the eventual establishment of a viable Department of Dentistry in Victoria Hospital. Dr. W. H. Feasby, Professor and Chairman of the De-

partment of Paediatric Dentistry, has been appointed to the dental staff of Victoria Hospital but his essential interest will be in the War Memorial Children's Hospital, a hospital which resides within the trusteeship of the Victoria Hospital Trust.

21.

President's Committee of Enquiry

During the year a very important activity took place in the university when a Committee of Enquiry, appointed by the President and Vice-Chancellor, held hearings and presented a report in respect of the social behaviour of members of the university community. The Faculty of Dentistry participated in the presentation of resource material to the committee and it associated itself with the Faculty of Medicine and the School of Nursing in a joint Health Sciences' document. Dr. L. N. Johnson, Chairman of the Division of Dental Materials Science, was the active participant from this Faculty on the Health Sciences Committee.

22.

Senior Officers of the University

During the year Colonel D. B. Weldon retired as Chairman of the Board of Governors and, through action of the Board, was made Chairman emeritus. Colonel Weldon has made an outstanding contribution to The University of Western Ontario and has been most helpful to the Faculty of Dentistry during its formative period. He was succeeded by Mr. Albert E. Shepherd, Q.C., a distinguished member of the London Bar.

Mr. Verschoyle P. Cronyn completed his term as Chancellor of the university to be succeeded by Dr. Albert E. Trueman, the very distinguished former dean of Western's University College of Arts, President of two Canadian universities, Chairman of the National Film Board, and Director of the Canada Council.

The Faculty of Dentistry extends warm regards to Colonel Weldon and Mr. Cronyn and an enthusiastic welcome to Mr. Shepherd and Dr. Trueman.

23.

Academic Appointments

It is a pleasure to report the impending arrival of five colleagues to the full-time academic staff of this Faculty. Each will be joining the university on July 1, 1968.

DR. WILLIAM STUART HUNTER,

Professor and Chairman, Division of Orthodontics

Dr. W. Stuart Hunter acquired the Doctor of Dental Surgery degree from the University of Toronto in 1950 and in 1955 and 1959 respectively earned the Master of Science and Doctor of Philosophy degrees of Dentistry and Research Associate of the University of Michigan and was Acting Chairman of the Department of Orthodontics of the University of Michigan from September 1, 1965 to May 6, 1966. From 1959 to 1961 Dr. Hunter engaged in the private practice of orthodontics.

In addition to his graduate theses Dr. Hunter has had eight articles appear in the scientific literature. He is a member of the American Association of Orthondontists, International Association for Dental Research, and International Association for Cranio-Facial Biology.

Dr. Hunter is married and is the father of two daughters.

DR. BRUNO P. MARTINELLO,

Associate Professor and Chairman, Department of Social Dentistry

Dr. Martinello is a 1955 graduate of the Faculty of Dentistry of the University of Toronto. He acquired his Diploma in Dental Public Health through the School of Hygiene of the University of Toronto in 1962. From 1955 to 1960 he was engaged in private practice, was Dental Director of the Brant County Health Unit from 1962 to 1964 and during the following year served as Regional Dental Director of the above unit in addition to the Wentworth County Health Unit.

In 1965 he became Director of the Sturgeon Health Unit Area, Alberta and during 1967 served as a part-time dental officer while on staff of the Faculty of Dentistry of the University of Alberta. Dr. Martinello is Associate Professor, Division of Community and Preventive Dentistry in the Faculty of Dentistry as well as supervising dentist for the School of Dental Hygiene at the University of Alberta.

Dr. Martinello is a past Secretary of the Ontario Public Health Association and a past Chairman and Member of the Executive Board of the Alberta Division of the Canadian Public Health Association.

Dr. Martinello is married and has five children.

DR. KNUD BORGE PETERSEN,

Assistant Professor of Oral Medicine

Dr. Knud Borge Petersen was born in Humble, Denmark and was graduated from the Royal Danish Dental College of the University of Copenhagen in 1950. He has taken extensive courses in Periodontics and Occlusal Reconstruction and has been a part-time teacher in the Department of Periodontics of the Royal Danish Dental College.

Since 1956 he has been engaged in private practice in Copenhagen and is a member of the various Danish Dental Associations as well as the Society for Periodontal Research.

Dr. Petersen is married and his wife, too, is a dentist.

DR. KENNETH HARFIELD WRIGHT,

Assistant Professor of Oral Medicine

Dr. Wright was born in Montreal and his secondary education was taken at Trinity College School in Port Hope. In 1955 he graduated with a Bachelor of Commerce degree from McGill University. In 1966 he acquired his D.D.S. degree from the Faculty of Dentistry of that same university. At the present time he is enrolled in the Diploma Course in Periodontics in the Faculty of Dentistry of the University of Toronto and will complete his studies this spring. He has extensive computer experience having worked for seven years with International Business Machines in the Data Processing Division.

Dr. Wright is married and is the father of four children.

DR. B. JALALDIN ZULQAR-NAIN,
Assistant Professor of Oral Medicine

Dr. Zulqar-Nain was born in Lahore, Pakistan and acquired his Bachelor of Dental Surgery degree in 1961 from the University of Panjab in Lahore. From 1963 to the present time he has been a Fulbright Fellow and for the past two years has been a graduate student at the Eastman Dental Center and University of Rochester School of Medicine and Dentistry in Rochester, New York. His Master of Science degree is expected in 1968. Dr. Zulqar-Nain has authored or co-authored some five publications which have appeared in the dental literature.

He is a member of the American Society of Periodontology and as an undergraduate in his B.D.S. program he was top student in his class and stood first in the subjects of Orthodontics, Operative Dentistry, and Prosthetics.

24.

Dr. Roy G. Ellis to be Awarded Honorary Degree

It is with consummate satisfaction and pleasure that this Faculty is able to announce that at the regular Fall Convocation of The University of Western Ontario to be held on Friday, October 25, 1968, Dr. Roy G. Ellis, Dean of the Faculty of Dentistry of The University of Toronto, will be the recipient of the degree of Doctor of Laws, *honoris causa*. Dr. Ellis' contributions to dentistry, in general, and to dental education, in particular, have been monumental. This Faculty believes that The University of Western Ontario honours itself when Dr. Ellis becomes an honorary graduate.

25.

Visitors to the Faculty

During the year the Faculty was privileged to enjoy visits from Professor G. L. Howe, Professor of Oral Surgery at the University of London, Dean J. D. McLean of the Faculty of Dentistry of Dalhousie University, Dean J. McCutcheon and Dr. Mervyn Rogers of the Faculty of Dentistry of McGill University, and from Dr. Wesley P. Munsie, the President of The Canadian Dental Association.

26.

Appreciation to the Board

This report cannot be concluded without an expression of deep and sincere appreciation for the participating and co-operative interest of the Board in the development of Ontario's second dental school. The Board has given tangible support to the Dental Students' Society; it has made a contingency grant available to permit certain activities which, although important, are rarely covered in university budgets; it has established academic awards, and it has been of great assistance in the matter of staff recruitment particularly in respect of those colleagues coming to Ontario from other jurisdictions. The Faculty of Dentistry of The University of Western Ontario wishes to express to the Board of Directors of the Royal College of Dental Surgeons of Ontario its most sincere and grateful appreciation.

Action:

1. Report received.
2. It was moved that a letter of appreciation be sent to Dean Dunn for his comprehensive report.

FINANCE COMMITTEE

Members: Doctors A. B. Sutherland, Chairman; R. Michell, H. M. Jolley.

REPORT

November 1968 Meeting

The Finance Committee has met and presents the following recommendations and budget for the consideration of the Board:

(a) Whereas the duties of the Property Committee members usually involves the expenditures of money, and

Whereas the duties of the Committee are not onerous, therefore

Be it Resolved that the Finance Committee recommends to the Board that the Property and Finance Committees be amalgamated into one committee effective in 1969.

(b) Be it Resolved that the honorarium paid to the dentists on the Board of Examiners of this College be at the rate of $100.00 per day rather than $75.00 per day as is presently paid.

BUDGET PROPOSAL — 1969

1. Report adopted.

GOVERNMENT AND LEGISLATION COMMITTEE

Members: Doctors A. B. Sutherland, Chairman; J. P. Coupland, T. H. Wachna

REPORT

March 1968 Meeting

1.

At the November 1967 meeting of the Board, the Government and Legislation Committee was directed to review the Dentistry Act with the view to recommending to the Board such change or changes in the Act as would provide for an extension in the scope of the dental services which a dental hygienist might be licensed to render.

2.

Beyond this the Government and Legislation Committee had no consensus of Board opinion in respect of any other proposals for changes in the Act. At the November meeting and also in a memorandum dated December 15th, 1967 the Committee requested each Board member to forward any proposals he might wish to make regarding amendments to the Act.

3.

A Government and Legislation Committee meeting was scheduled for February 1st, 1968. The Committee did not feel competent to articulate the legal viewpoint which would be involved in recommendations for amendments to the Act especially as it pertains to hygienists and therefore considered it advisable to have legal counsel present at Committee level.

4.

Approaching the February 1st date which was set for the meeting of the Government and Legislation Committee it was learned that,

(1) our legal counsel was seriously ill and would be unable to attend at that date nor for an indefinite period thereafter.

(2) The Minister of Health had advised our Secretary that under no circumstances (save one not applicable to Dentistry) would proposals for amendments to any Act pertaining to the Healing Arts be entertained until the Report of the Healing Arts Committee be handed down.

5.

In these circumstances and in consideration of the distinct possibility that the Report of the Healing Arts Committee may very well include recommendations for changes in the Dentistry Act, the meeting of the Government and Legislation Committee was postponed.

6.

In response to the Committee's request, proposals for changes in the Act have been advanced by three Board members. Having conferred with each other, with copies to the Committee, two of the respondents are known to have reached accord in their proposals.

7.

These proposed amendments along with abbreviated notes on the comments received in support of them are presented herewith.

(1) That the words "dentistry" and "dentist" be substituted for "dental surgery" and "dental surgeon" wherein these terms appear in the statute. The latter terms are regarded as being archaic while the alternative words are held to be more adequately descriptive of modern dental procedures.

(2) That Section I(c) (I) (II) (III) does not provide the protection that was originally intended and is therefore no longer applicable or desirable and that the example provided in the Medical Act which statute does *not* spell out "medical practice" in detail be followed.

It is suggested that 1(c) be changed to "Dentistry" means any professional service usually performed by a dentist; "dentist" means one who by virtue of holding a valid and unforfeited certificate of licence to practise dentistry granted to him by the College is a member of the Royal College of Dental Surgeons of Ontario.

1 — (d) "practice" means the practice of dentistry
1 — (e) "Profession" means the profession of dentistry.

(3) There was agreement between two respondents that 12(b) was unnecessarily and undesirably restrictive in regard to the duties of dental hygienists and (with possibly some very minor differences in wording than here shown), it was suggested that 12(b) be amended to read:

12(b) "providing for the delegation to dental hygienists of the performance under the effective supervision and control of the dentist of procedures which do not require the professional judgment and competence of the dentist but for which procedures the dentist assumes responsibility."

(4) One other suggestion dealt with the term of office for which members are elected to the Board. It has been indicated that since members invariably serve for a period of four years and having regard for the changing role of the RCDS, — it would be most economical if members were elected to a term of four years; provided however that the pertinent article of the By-laws of the College be amended so as to require that the president and vice-president of the Board be elected annually. Section 6(1) of the Act would therefore read "An election of the Board shall be held on the second Wednesday of December in every fourth year from the year 1968."

8.

The Government and Legislation Committee acknowledges receipt of the above submissions but for reasons already noted is not in a position at this time to make recommendations to the Board in respect of the suggested amendments.

Action:

1. The Secretary was instructed to find out the status of the Committee on the Healing Arts at this time so that the Government and Legislation

Committee will be able to decide whether to bring in firm recommendations for the consideration of the Board at the June meeting.

2. Report received.

REPORT

June 1968 Meeting

1.

The Committee met on Wednesday, May 22, 1968 to discuss proposed changes in The Dentistry Act. Our legal counsel, Mr. Gordon Watson, was present.

The Secretary reported that he had been informed by the Secretary of the Committee on the Healing Arts that the final report of the Committee would not likely be presented until early in 1969 rather than in August 1968, as previously expected.

The action dealing with Dentistry is not in its final stages and if we have any comments the Committee on the Healing Arts would be pleased to receive them before the end of June.

2.

The following proposals were considered by the Committee:

Proposal #1

Substitute the words "dentistry" and "dentist" for "dental surgery" and "dental surgeon" wherever they appear.

Asked his opinion, Mr. Watson stated that this was not really a question of law but one of Board opinion and policy. It was agreed that there was merit in keeping the terms consistent throughout the Act. It was agreed that when substantial changes in the Act are contemplated, consideration should be given to using the term "dentistry" (with a small "d") rather than sometimes using "dentistry" and sometimes "dental surgery."

Proposal #2

Change Section 1(c) (i) (ii) (iii) to the following:

"As used in this Act the scope of dental practice means the human teeth, gums, other hard or soft tissues adjoining the human teeth and associated oral structures.

"As used in this Act, the objective of dental practice means the treatment, correction, or cure of the diseases, defects, or disorders of the human teeth, other hard or soft tissues adjoining the human teeth and gums and associated oral structures."

Mr. Watson stated that the present definition of dentistry emphasized prosthetics because the most active area of illegal dentistry involved prosthetics, and for court purposes it was intended that there be no doubt that taking impressions, etc. was part of dentistry. He felt that there was no harm in deleting everything in Section 1 (c) after the word "dentist", and expanding Section 23 (1) (b) (the prohibition section) to include some of the items from 1 (c).

3.
The following definition of dentistry taken from the Pennsylvania Dental Practice Act was presented for consideration:

"A person engages in the Practice of Dentistry, within the meaning of this Act, who diagnoses, treats or operates on, or prescribes for any disease, pain or injury, or regulates any deformity or physical condition of the human teeth, jaws, or associated structures, or conducts a physical evaluation, or administers anaesthetic agents, or who fits, constructs or inserts any artificial appliance, plate or denture for the human teeth or jaws or who holds himself or herself out as being able and legally authorized to do so."

4.
The Committee recommends to the Board that the definition of dentistry as outlined in Section 1 (c) be amended to encompass a more up-to-date and concise definition of dentistry with a broader interpretation and less emphasis on prosthetics, and further, that Section 23 (1) (b) be updated in the light of the proposed changes in Section 1 (c).

5.
The Committee recommends to the Board that Section 12 (b) of The Dentistry Act be altered to read:

". . . providing for the delegation to dental hygienists of the performance under the effective supervision and control of the dentist, of procedures which do not require the professional judgment and competence of the dentist, for which procedures the dentist assumes responsibility."

and that Section 12 (c) be deleted,

and further, that changes in the By-laws be effected to provide for any restrictions that are deemed necessary.

6.
The Committee recommends to the Board that wherever reference be made in the Act or By-laws to the fact that dental hygienists must be female, this reference be deleted.

7.
The Committee recommends to the Board that if the Board approves any alterations in the Act or By-laws, these proposed changes be forwarded to the Committee on the Healing Arts.

Action:
1. Report received.

REPORT

November 1968 Meeting

1.

The Dentistry Act

It was the opinion of the Committee that the time was not opportune to recommend any amendments to the Act.

The reasons for this opinion are as follows:

(a) Legislation that may arise from the recommendation of the Committee on the Healing Arts may greatly affect the Act. It is anticipated that the report of this Committee will be presented early in 1969. The College has been informed that new legislation should not be submitted until after the Committee's Report is presented.

(b) The inquiry into Civil Rights (1968) of The Honourable James Chalmers McRuer, Chief Justice of the High Court of Ontario, has made many recommendations that could affect certain sections of our Act dealing with Board Membership, Admissions to Licensure and Discipline procedures.

(c) The Attorney General's Department is giving consideration to preparing a model Act for all self-governing professions.

(d) The Ontario Council of Health is conducting studies into Education and Manpower resources of the professions and sub-professional groups. Their recommendations could affect the Act.

2.

The Establishment of a Special Register

(a) The Committee has delayed a decision on this subject pending a discussion on the total subject of licensure of foreign dentists which is to take place at the Board Meeting.

Action:

1. Report received.

INSPECTOR'S REPORT

Inspector: Mr. J. H. Payzant

REPORT
November 1968 Meeting

1.

Prosecutions — Dentistry Act

14-6-68 Magistrate's Court, Ottawa
LEBLANC Fernand A. — 387 Catherine Street, Ottawa, Ontario.
Sec. 23 (1) (b) "Take Impression" — Withdrawn
Sec. 23 (1) (c) "Supply Denture" — Fine $25.00
Sec. 23 (5) "Have Dental Equipment" — Fine $100.00 (2nd offence)

2.

Division Court

1968 Annual Registration Fees — Two suits entered in Division Court resulted in fees and additional sums as prescribed by By-law being collected.

3.

Investigations

(a) Inquiries to collect 1968 Registration Fees (2)
(b) Complaints — unhygenic conditions dentists' offices (2)
(c) Inquiries re. dentists' whereabouts (3)
(d) Signs contrary to By-law (5)
(e) Service of Notice of Discipline Committee Meeting (1)
(f) Dentist's assistant examining and advising patient re fees and dentures (1)
(g) Unregistered dentist practising in Province (1)
(h) Complaints by persons obtaining dentures from illegal sources (3)
(i) Patient complaining against dentist (1)

Inspections and inquiries were made as outlined above and reported to the Registrar-Secretary. Appearances were made before Complaints Committee, Discipline Committee or as otherwise directed.

With reference to illegal sources, one conviction resulted, one prosecution is under consideration and the third source reportedly ceased such illegal practice.

4.

General

During this period contact has been made with various District Societies in many sectors of the Province. Many complaints have been dealt with in this manner and arrangements made to facilitate report and dealing with complaints and matters of concern to the College.

LIBRARY-MUSEUM COMMITTEE

Chairman: Dr. J. G. Dale

REPORT

June 1968 Meeting

THE LIBRARY

1967, like 1867, has now passed into history—the year when all of Dentistry, together with all Canadians, peered into the past to learn more of their heritage.

1968, in contrast, presents a new challenge — the year when all Dentists should focus on the future to learn more of the events that lie ahead, and so it is with Dental Libraries. . . .

Can you imagine a Library without books?

A Library in which all information is stored on computer tape, microfilm and videotape, available within seconds of demand;

A Library in which the staff has no direct contact with the students; where an electronic system of remote dial access provides visual read-out as well as audio response;

A Library that leans heavily on the collections of other universities to fill requests by students and faculty — and works in such close collaboration with the others that information is only minutes away by teleprinter and telephoto transmission.

Science fiction? — not completely.

It is unlikely that Canadian university Libraries will achieve such automated sophistication within the next 20 or even the next 50 years. Books, for instance will probably never disappear completely from the university scene, while human contact will always be considered too important to bypass. But there will be some startling changes in our Libraries in the next two decades, changes that will be very much influenced by electro-mechanical techniques.

Canada's university Libraries are progressively falling behind in their efforts to achieve even minimum levels of adequacy. Many are finding it almost impossible to acquire anything but the most important titles, and are completely unable to provide the supplementary material so important to adequate research and teaching.

Reports, such as the Williams' survey and the more recent, St. John report on the status of Ontario's Libraries assist greatly in bringing the problem into the open.

The main causes of the problem, most studies agree, are: (1) inadequate financing, (2) boom in student population, (3) sharp increases in course offerings, (4) huge volumes of new material published annually, and (5) lack of professional staff.

So great has been the publishing industry's expansion in the past half century that there now exists an estimated 50,000,000 worthwhile titles. For instance, the field of medical science alone has at least 12,000 regularly published periodicals. It has been estimated that if the output of scientific papers were to follow the current curve, the heft of the one periodical alone — The Physical Review — would begin to exceed the weight of the earth in the mid-21st Century.

In 1963, Canadian universities spent $11,000,000 on Libraries. By 1975, academic Libraries should spend $88,000,000, a seemingly fantastic sum. Even the University of Toronto, which spent $981,692 on books, periodicals, binding and rebinding in the 1964-1965 fiscal year, and has holdings of 2,158,636 volumes, making it North America's 12th largest university Library, has been unable to keep abreast of the demand.

The University of Toronto, the leader in the field of Library computer technology in Canada, and one of the most advanced universities in this field on the continent, has stated, in a special report, that the Library of the future will make wide use of computers, microfilm and other electro-mechanical aids:

Books will be as important as ever, with standard collections of "everyday" material and large specialized collections replacing to-day's varied (and very poor) general collections.

Libraries across the country, and perhaps the continent, will work in close co-operation, sharing books as required on an immediate basis via electronic equipment.

Material will be filed on magnetic tape or micro-film, available for print out as required, and special class material will be available to the students via dial access audio-visual systems.

Library facilities will continue to expand, and will decentralize into departmental Libraries scattered about the large campuses of the future.

Book cataloguing will be more efficient than is presently the case, thanks to the wonders of the computer.

Faculty will be kept up-to-date on acquisitions as never before, with regular lists of material, within their discipline, forwarded to them by Library computer.

Yes! Most of the above is in some form of operation to-day — an achievement which would have been considered sheer fantasy 50 years ago. Most will be routine procedure 50 years from to-day.

With this type of progress, it is difficult to imagine our Libraries 100 years into the future.

1.

The Collection

There were 142 books, and 337 bound periodicals added to the University of Toronto book collection. There were 380 added to the Harry R. Abbott Library. This represents a total collection of 859 bound volumes, an increase of 148. Five new subscriptions have been added to the collection. The Library now has 271 journals by donation and exchange.

There are at present, 67 orders outstanding from the university for books and subscriptions.

The increase of 278 books added to the Harry R. Abbott Library and the decrease of 192 books added to the University of Toronto book collection reflects the relative facility of the purchasing procedure of the two collections. A more efficient system was instituted for the Harry R. Abbott Library this year. As a result, the Library is able to provide much better service. We are grateful to Dr. K. F. Pownall for his assistance in this venture.

We gratefully acknowledge donations of 1,071 journals and 57 books from the following individuals, institutions and associations:

Miss I. Bumby, Drs. J. Duncan, R. G. Ellis, R. Godfrey, M. Golden, G. Hare, M. Hunt, H. Hunter, M. Jackson, F. Kallem, W. Linghome, A. Lindsay, W. Mills, K. Paynter, H. Poyton, W. Ross, A. Storey, C. Williams, The University of Manitoba; Dental Library, The University of Lund; Sweden, The American Dental Association, The American College of Dentists, The American Academy of the History of Dentistry, The American Society for Geriatric Dentistry, The American Society of Dentistry for the Handicapped, The Department of Health and Welfare; Ottawa, Nihon University, Tokyo, Japan; North Western University; Dental School Library, University of Malmo, Sweden, The Royal College of Dental Surgeons of Ontario, Geigy Pharmaceuticals, The University of British Columbia School of Dentistry, The Medical College of Virginia, The American Association of Dental Schools and Western Reserve University.

A 1968 Supplement to the 1966 Rare Book Collection Catalogue has now been published which lists 72 new acquisitions. We are deeply grateful to Dr. J. Menzies Campbell, world renowned dental historian, for his thoughtful and generous donation of an exceedingly rare edition of Mayo Smith's text, "A Popular Treatise on the Teeth," 1848. Dr. Campbell has given this treasured book to our Library in spite of the fact that he has no duplicate for his own collection.

The Royal College of Dental Surgeons of Ontario, through the generosity of Dr. K. F. Pownall, has permitted our Library to xerox minutes of the R.C.D.S. from 1882 to 1916.

2.

The Use of the Library

Five years ago, the Library recorded a total of 17,227 loans. The faculty accounted for 1,184, the students for 9,205 and the graduates for 1,810. This year, 23,611 loans were recorded, an increase of 6,384. The faculty was responsible for 1,536, an increase of 352; the students for 11,409, an increase of 2,204 and the graduates for 3,255, an increase of 1,445. Reading room loans increased by 1,157 to 4,148. The periodical loans have increased from 2,037 to 2,263. There was a decrease of the total circulation of 509 compared to last year. This is a reflection of a decrease in faculty and graduate loans. (Appendix A.)

The Library mailed 105 books and journals to 75 individuals. Interlibrary loans mounted to 110.

3.

Catalogue System

The Library offered 128 books and 560 journals on the Medical Library Exchange this year. We received requests from 23 Libraries in the United States, New Mexico, Great Britain, Hawaii, Australia, Manitoba, Saskatchewan and the Canadian Dental Association.

The Library completed, this year, the book lists from 1948. These book lists are available on request.

"The Guide for the Use of the Library" has been revised and improved. This document together with a conducted orientation tour will serve as an introduction to the Library for the freshman students.

The Committee approved in principle, the duplication of graduate theses in an effort to improve circulation while preserving the original copy.

The Committee approved the binding of the "Varsity Graduate" for future historic value, "Dentantics" programs, and a complete collection of "Dental Cosmos" together with advertisements for future museum and historical reference.

The Library-Museum Committee in co-operation with the Graduate Committee is preparing a revision of the "Outline Guide for Scientific Writing." The purpose of the revision is to standardize scientific writing in the Faculty by including instructions for both undergraduate essays and graduate theses.

4.

Copying Service

The Committee approved in principle, the installation of a copying machine in the Library. This machine will be made available to the students.

5.

Space

The Committee approved in principle, an increase of the staff working area by approximately 60 square feet.

6.

Staff

Miss Sandra Walsh, Assistant Librarian, has terminated her employment. Miss Juliana Choy succeeded Miss Walsh on June 1st. Miss Choy has her Master's Degree in Library Science. In addition to Miss Choy, two Library Assistants are now employed by the Library: Miss C. Dinsmore and Miss M. Basile. The increase in staff which was proposed in the last report has now become a reality.

7.

Appropriations

The annual appropriation from the University of Toronto was $3,000.00 for the purchase of books and continuations. This is an increase of $700.00 over last year.

It was reported at the Library-Museum Committee meeting on May 10th that the balance in the Harry R. Abbott Fund within the university system was $350.00.

The Library Contingency Fund, on May 10th had a balance of $850.78. This fund which receives annual donations of $150.00 from the R.C.D.S. and approximately $150.00 from Library fines is used for rebinding books in the Harry R. Abbott Collection. Legal advice indicates that the Harry R. Abbott Fund should not be used for maintenance.

8.

University Archives

Miss Harlow, University Archivist, was invited to attend the Library-Museum Committee meeting on December 15th, 1967. Miss Harlow enlightened members of the Committee on the role of the University Archives, and made a strong request that artifacts of historical interest be retained by faculty members and forwarded to the Archives. These include personal papers, minutes, correspondence, momentos, photographs, reports, etc. The Library has listed 120 items for deposit in the University Archives and has compiled a duplicate catalogue for future reference.

9.

Student Representative

Mr. Brian Kotzer, student representative, joined the Library-Museum Committee this year. The Faculty, in an effort to maintain an efficient staff-student relationship, and to promote student participation in administration, has added student representatives to several Faculty committees. Brian has been most effective, and has provided the Committee with a more direct liaison with the students of the Faculty.

10.

Library Policy

The Library-Museum Committee made an extensive review of Library policy this year. The revised statement is recorded in Appendix B. The review was conducted in preparation for submission to a sub-committee established by the Executive Committee of the Faculty Council to evaluate the policies and regulations of all Departments within the Faculty of Dentistry.

11.

Evening Hours

The Committee recommended to Council that:

(1) Commencing in October, 1968, the Library remain open until 10:00 p.m. Initially this would be for two evenings a week (Tuesdays and Thursdays), but if successful could be extended to other evenings.

(2) Consideration be given to extending the hours beyond 10:00 p.m. prior to and during examination.

(3) A member of the Library staff be on duty during the evening hours.

(4) Room 277, the staff lunchroom, be available to Library users for refreshment breaks.

The Committee stressed that the student must be motivated and orientated to using the Library, especially during the evening hours. Motivation is the responsibility of the entire teaching staff. Lecturers must give assignments and provide an example for the students to follow. Orientation will be carried out by the Library Committee and staff.

THE MUSEUM

1.

The Collection

The Committee gratefully acknowledges the donation of the following museum items: Dr. Lloyd M. Grose, a series of photographs of the Dental Museum in Stockholm, Sweden, Dr. C. D. Beierl, a dental laboratory bench currently on display in the "1867 Dental Office," (this bench was once used by Dr. Beierl's father, Dr. G. D. Beierl), Dr. J. Turner, an oriental rug currently part of the "1867 Dental Office," Mr. G. Pelletier of Port Sanfield and Dr. J. Kreutzer, a graduation certificate dated 1889, and Dr. M. Jackson for numerous contributions.

The Committee particularly acknowledges the generous loan by Dr. Norman Levine, of several historical artifacts which are not dental in nature. These antique items form part of the "1867 Dental Office."

2.

Appropriations

The routine operation of the Museum has been subsidized, to date, by a special Museum fund established through the generosity of the Ontario Dental Association. A number of antique furniture pieces were purchased and restored for the purpose of completing the "1867 Dental Office."

There have been no purchases made from the Associates of the University of Toronto in New York grant. The commission of the plaque of Mendel Nevin is being deferred pending acquisition of photographs to be used by the sculptor. (Appendix C.)

3.

Staff

Dr. John Turner, while a fourth year student, completed the numbering, photography and cataloguing of the Museum items. In addition, he constructed shelves and painted the storage area in Room 70. We are most grateful to John for his splendid effort. Mr. G. Miles will be employed this summer to assist in the construction of a new Museum display.

4.

Museum Display

The current Museum exhibition featuring the "1867 Dental Office" that was on display at the Centennial Convention, will be dismantled this summer.

Included in the office are, a dental cabinet used by Dr. James B. Willmott, co-founder and first dean of the School of Dentistry of the Royal College of Dental Surgeons of Ontario, 1875-1915 and a rare nitrous oxide gas appa-

ratus which was used by Dr. John Marshall, president of the Ontario Dental Association, 1897-1898. The gas apparatus was donated by Dr. Marshall's grandson, Dr. Jack Marshall, of Belleville. The Marshall practice is the oldest continuous practice in Canada, dating back to 1844 and G. V. N. Relyea.

In addition to the dental office the following items are on display. (1) the class picture of 1893 featuring the first woman dentist to graduate in Ontario, Mrs. Josephine Wells, (2) a portrait of Dr. A. J. McDonagh who, in 1909, established in the college the first chair of periodontology in the world. This portrait was donated by his son, Monsignor J. A. McDonagh, author and composer of the Canadian Flag Song, (3) a portrait of Dr. J. Neelands, who is credited with the administration of the first general aneshesia for dental purposes in Canada, in 1865, and (4) a composite photograph of the 1917 dental hockey club, "The Toronto Dentals," Allan Cup Winners and World Amateur Hockey Champions. The Allan Cup enjoyed the prestige, just prior to the formation of the N.H.L. in 1917, that the Stanley Cup enjoys to-day. During "Open House," approximately 1,700 people filed through the Museum, photographed the dental office and conversed with the dentist (Mr. Garry Tresidder, first year dental student), the nurse (Miss Adele Zinkiewich) and the patient (Miss Lee Ann Price). Several booklets and pamphlets were given to the visitors as souvenirs. The display was featured on the National Television News at 11:00 p.m.

On May 4th, the CBC again featured the "1867 Dental Office" on the Public Affairs Program, "The Day It Is." The profession was well represented by Dr. K. F. Pownall and Dr. J. H. Johnson.

During the summer, an extensive exhibition of photographs, prints and paintings of historical interest will be erected.

I am indebted to the members of the Library-Museum Committee for their valuable contribution throughout the year, to the Library-Museum Staff for the responsible manner in which they have carried out their duties, and to Drs. Norman Levine, John Turner, Joseph Bielawski, and Anne C. Dale for their valuable assistance in the construction of the "1867 Dental Office."

Action:

1. Report received.
2. It was agreed that a letter of appreciation should be sent to Dr. Dale for his excellent report.

Appendix A

LIBRARY CIRCULATION 1963-1964 to 1967-1968

Year	Faculty	Students	Graduates	Periodicals	Reading Room	Total
1963-64	1,184	9,205	1,810	2,037	2,991	17,227
1964-65	1,459	9,060	2,114	1,828	3,041	17,502
1965-66	1,461	9,677	3,281	2,358	3,368	20,145
1966-67	1,729	11,372	4,652	2,332	4,035	24,120
1967-68	1,536	11,409	3,255	3,263	4,148	23,611

STATEMENT RESPECTING LIBRARY-MUSEUM POLICY

The Council of the Faculty is responsible for courses of study, examinations, and standards of achievement of students registered in the Faculty. The instruction given to students is complemented by the effectiveness of the Library in establishing and maintaining academic standards. Therefore, the Library is an area of great interest and concern to the Faculty Council. It's direction and control is the responsibility of the Faculty Council. Like any other academic Department or Division in the Faculty, the Library functions with a senior academic staff member responsible to the Council, in his or her capacity as Chairman of the Library Committee.

As an adjunct to the Library and supporting its educational function, the collection of records and items of historical interest should fall within the purview of the same Committee. It is therefore desirable to have the Chairman of the Library Committee function as the Curator of the Museum.

The "Rare Books and Special Collections" will be the responsibility of the Library. Three dimensional artifacts together with related historical information will be the responsibility of the Museum.

The administration of Faculty Departments and Divisions is the responsibility of the Head of the Department, or Chairman of the Division except in matters of staff appointments and finances which must be arranged in consultation with the Dean, who in turn is responsible to the President, as the direct representative to the Board of Governors of the University of Toronto. The status of special financial accounts, under the administration of the Library Committee, may be reported from time to time to the Faculty Council.

The Library and Museum active staff will be under the direction of the Chairman of the Committee. These include: the professional librarians, and supporting staff, including secretarial and technical personnel asigned to the Library and Museum.

All Intrafaculty communications relating to the Library shall be directed to the Chairman of the Committee, with copies to the Librarian, and the Secretary of the Library Committee. Copies of the Library Committee minutes will be directed to both the Chairman of the Committee and the Librarian.

The Library-Museum Committee shall consist of the Chairman, the Librarian, the Dean and Secretary of the Faculty (ex-officio) and five members of Council, one of whom shall be a representative from the Board of Directors of the Royal College of Dental Surgeons of Ontario, and nominated by the Board and one student representative, nominated by the students.

The duties of the Committee shall be to consider and make recommendations to Council concerning.

(a) The number of copies and types of books and journals to be purchased e.g., dental, medical, scientific, research, cultural, etc.

(b) The proportionate allotment of funds for purchases as:

(1) between books and journals

(2) among the types as suggested in (a)

(3) among the Faculty teaching department

(4) among the undergraduates, graduates, research students and staff.

(c) The physical accommodation of the Library with regard to space, location, equipment and arrangement.

(d) The enforcement of discipline in such matters as conduct in the Library, care of books and fines.

(e) A method of securing the co-operation of the members of the staff in regard to book lists, reading lists, etc.

(f) General Library problems such as: inter-library services and privileges, index of periodicals, packets, travelling libraries, etc.

(g) policies concerning use of the Library by graduates.

(h) policies relating to the management of and co-operation between the Departmental Library of the University of Toronto and the Harry R. Abbott Memorial Library.

(i) The Faculty Museum

(j) Such other matters as affect the welfare of the Library.

The Committee shall make an Annual Report to Council. The Chairman shall make an Annual Report to the Board of the Royal College of Dental Surgeons of Ontario, with special regard to the Harry R. Abbott Trust Fund which was set up for the purchase of books for this Library.

NATIONAL DENTAL EXAMINING BOARD

R.C.D.S. Representative: Dr. James D. Purves

REPORT

November 1968 Meeting

1.

The National Dental Examining Board meeting was held in Ottawa on June 17th and 18th.

2.

The May 1968 examinations were of the objective type, six papers of 150 questions each were set.

Total candidates	229
Successful candidates	210
Failed in more than two subjects and received less than an aggregate of 75%	3
Failed in no more than two subjects and obtained more than an aggregate of 75%	16

3.

The budget of the N.D.E.B. has become severely strained due to extra expenses incurred in effecting the objective type examinations. The complete committee of examiners were sent to Chicago. Four examination papers were prepared, providing two annual and two supplemental examinations. It will be necessary to have the papers prepared at least one year in advance of the examinations. In addition, translations into French have escalated the costs considerably. Budget breakdowns are attached as appendix "A".

4.

The income of the N.D.E.B. is limited to candidates fees ($125.00). The National Board of Dental Examiners of the United States have kindly loaned the facilities of their bank of questions. It is therefore necessary to review the system which currently prevails. Economies could be made by the following suggestions:

(a) Rearranging the present "bank" of the four prepared sets of papers in order that these can be repeated.

(b) Economy in translation service — cost was 15¢ per word which is felt to be excessively high.

(c) Utilization of offset printing procedures.

(d) Raise candidates' fees to $200.00.

(e) Have each licensing body underwrite the cost of sending their representative to N.D.E.B. meetings.

A grant from the licensing bodies is requested in the amount of $5.00 per dentist. Undoubtedly the N.D.E.B. serves the licensing body through relieving that body of the necessity of examining many candidates. If the N.D.E.B. would examine all candidates for whom the R.C.D.S. would give a registrable qualification, our Board could be relieved of the necessity of holding annual examinations except for practical examinations when necessary.

The N.D.E.B. wishes to solve the dilemma and in the immediate future tailor a budget to its operations. It appears that financial assistance is necessary at this time.

5.

In order to explore the recommendation of the Taylor Report respecting the N.D.E.B. assuming the function of accrediting Canadian dental schools, a meeting is to be held in the near future between the N.D.E.B., the Council on Dental Education of the C.D.A. and the Association of Canadian Faculties of Dentistry. (Two members from each).

6.

A breakdown of candidates according to centres and faculties is attached as appendix "B" and "C".

Action:

1. Report received.
2. Concerning a grant to the N.D.E.B., action was deferred until a meeting with the executives of the N.D.E.B. could be arranged.
3. Motions approved.
   —That a meeting of the Executive Committee or the Board of the N.D.E.B. and three members of the R.C.D.S. Board appointed by the President, be held in the near future and hopefully before the next N.D.E.B. meeting in June 1969.

—THAT whereas the Board of Directors of the Royal College of Dental Surgeons of Ontario has expressed its intent to amend its By-laws to require all graduates of accredited dental schools to present the certificate of the N.D.E.B. for registration in Ontario, and

WHEREAS the Board of Directors of the R.C.D.S. has expressed its intent to exclude the graduates of the Faculties of Dentistry in Ontario should the N.D.E.B. be unable or unwilling to establish conjoint examinations with the said Faculties

THEREFORE BE IT RESOLVED

that the National Dental Examining Board of Canada be earnestly encouraged to make every possible effort to assure the early introduction of conjoint examinations with the accredited dental schools of Canada.

ONTARIO DENTAL NURSES AND ASSISTANTS ASSOCIATION

Submitted by: Mollie Fader, Chairman, Certification Committee

REPORT

November 1968 Meeting

1.

Certified Dental Assistants

Certification continues to be the goal of many dental assistants in the province. 171 have been granted this status in the past year. The Bay of Quinte affiliated chapter of the O.D.N. & A.A. has been formed, an Upper Ottawa Valley Group are associated with Ottawa, at least for this year, and courses are being conducted in these centres.

The number of dental assistants who have been certified since the inauguration of the program is 1,053.

2.

Certification Committee

Last year Certification was denied to graduates of the Armed Forces Dental Assisting Course until further information regarding Canadian Certification had been obtained. Enquiries have been made again by these women and their request will be given further consideration.

It is the Committee's opinion that the time allotment of six months practical experience for Certification should be raised to one year.

3.

Continuing Education

An all day clinic presented by Dr. Henry Tanner, Los Angeles, and his assistant, "Utilization of the Chairside Assistant," will be presented in Toronto on March 2, 1969. This clinic will be open to all members of the dental profession.

4.

Dental Assisting Course

No report has been received by the Certification Committee on decisions reached by the reactivated Educational Committee of the R.C.D.S. Again, we state the suggestions offered last year would be of benefit to all participants particularly:

(a) The course be presented in detail as it is outlined; many co-ordinators are changing the subject material or eliminating subjects.

(b) Arrangements be made for more practical work.

(c) Upgrade the course, raising the standards to the same level as graduates from the High School Program.

(d) Extension Course be made available to dental assistants who are not able to attend evening lectures.

(e) The advantages of the dental assisting course be explained to the dental profession, asking their encouragement and their interest be extended to dental assistants before, during and after they have participated in furthering their education.

5.

National Certification

The following proposals were discussed and passed at the annual meeting of the C.D.N. & A.A. in Vancouver, in June:

(a) The National Committee be comprised of eleven members; one from each province with the exception of Quebec, which will have one English and one French member.

(b) Each member of the Committee form a sub-committee within her province to review the educational committee already established.

(c) Certification will be granted without examinations to:

(i) As of January 1, 1969, continuous full-time employment for the preceding five years as a dental assistant in Canada; plus Active Membership for the past three years of C.D.N. & A.A. The Application Form must be approved by the Provincial Certification Representative and her Committee.

(ii) As of January 1, 1969, continuous full-time employment for the preceding three years as a dental assistant in Canada; plus a certificate of completion in a recognized night school or correspondence course; plus Active Membership in C.D.N. & A.A. for the past two years.

(iii) As of January 1, 1969, any candidate having a certificate of completion of a formal day school program of a minimum of one academic year; plus one year of employment as a dental assistant in Canada; plus one year membership in C.D.N. & A.A.

(d) The decision on the title "Dental Nurse or Dental Assistant" was carried over for one year.

(e) Recognition for the Certified Dental Assistant or Nurse should be granted, also a higher level of remuneration corresponding with the broader training and greater efficiency of the C.D.A. should be one of the advantages to the individual.

Conclusion

The enthusiasm and interest in education shown generally by the dental assistants is most encouraging. An expanded evening course and an extension educational program offered to all dental assistants in the province, we feel, would be well received.

On behalf of the Board of Governors of the Ontario Dental Nurses and Assistants Association, this report is respectfully submitted.

Action:

1. Report received.
2. Board is continuing to study the best methods of training dental assistants.

PROPERTY COMMITTEE

Members: Doctors J. E. C. McGowan, Chairman; R. W. Edwards, W. J. Spence.

REPORT

November 1968 Meeting

1.

There has been no formal calling together of the Committee since the last report, as no crises were encountered, and as any new major ideas should be a function of the new 1969-1970 Committee. Regular maintenace problems have been adequately handled by Mr. W. E. Jackson, Business Manager.

2.

The following work was completed:

(i) Brick work repainted.

(ii) Inside painting carried out in Accounting, Toronto Academy, O.D.A. and Reception offices, Cafeteria, I.B.M. room and Accountant's office.

(iii) The window from the typing room to the front hall was completed and has proven its worth.

Action:

1. Report received.

REGISTRATION AND LICENSURE COMMITTEE

Members: Doctors T. H. Wachna, Chairman; H. M. Jolley, Dean W. J. Dunn

REPORT

March 1968 Meeting

1.

For Specialization Certificate

(a) The Committee recommends to the Board that the following, having successfully completed the requirements, be granted certification in Oral Surgery:

Howard Phillips, D.D.S. (U of T '64);

William Prusin, B.S. (U of Illinois '58); D.D.S. (U of Illinois '60).

(b) The Committee recommends to the Board that the following, having successfully completed the requirements, be granted certification in Orthodontics:

Daman Dev Thanik, B.D.S. (U of Lucknow '56); D.D.S. (U of T '67); M.S. (U of Rochester '64);

Kamal Dev Thanik, B.D.S. (U of Lucknow '56); M.S.D. (Indiana U '61); Dip. Ortho (Forsyth '64).

(c) The Committee, agreeing that William Cedric McComb, D.D.S. (U of T '46) possesses qualifications which can be equated with the essential requirement of having successfully completed an approved graduate program in Orthodontics, recommends to the Board that he be certified in Orthodontics.

2.

Dental Assistants Course in Colleges of Applied Arts and Technology

Mr. D. H. Craighead of the Department of Education was invited to meet with the Committee to discuss the possibility of offering courses in Dental Assisting in Colleges of Applied Arts and Technology.

By means of a flow chart, Mr. Craighead explained how new programs are introduced at Community Colleges. He pointed out that the principal objective of these colleges is to meet the needs of a given community, and to provide employment-oriented programs. The need should be expressed by prospective employers, and their request is doubly effective if reinforced by the approval of an official licensing body such as the R.C.D.S.

The Committee recommends that the Board inform the Department of Education of our approval of introducing courses in Dental Assisting in Colleges of Applied Arts and Technology. This approval should be in accordance with the following points as approved and adopted by the Board at the November 1967 meeting:

(1) The high school program in Dental Assisting has proven itself an effective vehicle for the training of dental assistants.

(2) There is a positive need in some communities at least for the program at the Community College level.

(3) Any Community College program should be developed only after thorough investigation of the need for such a program, and

(4) the assurance that it would not be inimical to any existing high school program.

At present Fanshawe College of London is investigating the need for such a course in that area. Their committee is following the above guidelines and those set out by the flow chart of the Advisory Committee to the Colleges of Applied Arts and Technology. The plans and procedures of this investigating committee should be useful to other local dental societies and Community Colleges.

3.

Ottawa Civic Hospital re Internships

A letter from Dr. C. C. Cummings concerning the internship program at Ottawa Civic Hospital was read by the Secretary.

The Committee recommends to the Board that the section of the By-laws concerning registrable qualifications for internship not be waived.

4.

Subcommittee to Study Pre-registration Internship

Dean R. G. Ellis represented the University of Toronto Faculty of Dentistry in place of the appointed member of this sub-committee, Dr. P. G. Anderson, who was unable to be present.

Dr. W. H. Feasby was present as the representative of the Faculty of Dentistry at the University of Western Ontario.

A lengthy discussion took place regarding the desirability of mandatory clinical practice after graduation and prior to licensing. This is a relatively new and unexplored subject and there is no material available regarding the advantages and disadvantages of such a program. Consequently our meeting was primarily one of an exploratory nature.

The Committee did not arrive at any specific decision as to the manner in which a program of pre-registration internship might be implemented but felt that the subject should receive further consideration. The following motion was discussed and carried:

> "Whereas we recognize the need to continually improve dental practice standards through improved dental education, and
>
> Whereas academic and clinical improvement will require additional time, therefore,
>
> We recommend to the Board of the R.C.D.S. that this Committee explore the possibility of finding additional educational experience prior to registration."

Action:

1. Report adopted.
2. The following were granted certification in the specialty of Oral Surgery: Surgery:

Howard Phillips, D.D.S. (U of T '64);
William Prusin, B.S. (U of Illinois '58); D.D.S. (U of Illinois, '60).

3. The following were granted certification in the specialty of Orthodontics:

Daman Dev Thanik, B.D.S. (U of Lucknow '56); D.D.S. (U or T '67); M.S. (U of Rochester '64);

Kamal Dev Thanik, B.D.S. (U of Lucknow '56); M.S.D. (Indiana U '61); Dip. Ortho (Forsyth '64).

4. The Board, agreeing that William Cedric McComb, D.D.S. (U of T '46), possesses qualifications which can be equated with the essential requirement of having successfully completed an approved graduate program in Orthodontics, approves the application of Dr. McComb for certification in Orthodontics.

5. The application of John L. Ablack, D.D.S. (McGill '47) to try the Board examinations in May 1968 was approved.

REPORT
June 1968 Meeting

1.
Meeting
A meeting was held on Tuesday, May 14, 1968. The President, Dr. J. D. Purves, and the Secretary, Dr. K. F. Pownall, were present in addition to the above named members of the Committee.

2.
For Specialty Certification
(a) The Committee recommends to the Board that Edward Hisaki, D.D.S. (U of T '63); Dip. Ortho (U of T '67), having successfully completed the requirements, be granted certification in Orthodontics.

(b) The Committee recommends to the Board that, when all remaining requirements have been met, the following be granted certification in Oral Surgery:

Gerald Baker, D.D.S. (U of T '64);
William Dowhos, D.D.S. (U of T '57);
Lawrence I. Gaum, D.D.S. (Dalhousie '61);
John Howard Gryfe, D.D.S. (U of T '64);
Eugene Markovitch, D.M.D. (Manitoba '62);
Jack Gerald Zosky, D.D.S. (U of T '64).

3.
Examinations for Specialty Certification
Considerable discussion took place regarding the present and future methods of assessing the applications and examining the applicants for certification in a specialty. There was general agreement that, with the increasing number of applicants coming from graduate schools outside

Ontario, the present procedure for certification of specialists should be reviewed in order to maintain a high standard and to establish a procedure that would be beyond reproach and fair to all applicants.

It might be well to clarify the position of this Board with respect to Specialty Certification. Various dental organizations in the province of Ontario have written and expressed genuine concern over examination and assessment procedures and the role of the Royal College of Dentists of Canada.

(a) This Board has the sole statutory authority to grant special certification to its members in the province of Ontario and it cannot transfer and does not intend to transfer this authority to any other body.

(b) This Board would co-operate with other licensing bodies in the establishment of a national examination facility for specialists similar to the N.D.E.B. for dentists. It was expected that the Royal College of Dentists of Canada would set up such an examination facility. This should not be confused with their present Part I, Interim, Part II or other fellowship examinations.

(c) At the November 1967 Board meeting this Committee reported that "the Registration and Licensure Committee is reluctant to propose to the Board that a separate program be established for Ontario. If, in a reasonable length of time, the certifying examination facility is not forthcoming from the R.C.D.(C) then the Committee will, in all likelihood, recommend a specialty examination procedure for exclusive applicability to Ontario."

The Secretary was asked to ascertain what progress the R.C.D.(C) is making in this regard. If no progress is forthcoming the Committee will proceed with the review and plans for a specialty certification examination procedure.

The Committee recommends that the Secretary consult with Mr. Watson and have ready for the next meeting of the Board, a suggested by-law to cover certification of specialists, using the examinations of the Royal College of Dentists of Canada.

4.

Special Register

Discussion took place regarding the advantages and disadvantages of creating in our Act a section dealing with a special, temporary and/or educational register. There was general agreement on the various statements for and against this proposal.

This Committee recommends the establishment of a special register similar to the special register of the College of Physicians and Surgeons of Ontario. Excerpts from the Medical Act and By-laws appear as Appendix A.

5.

Reduced Licence Fee for Graduate Students

The request of the dentists in graduate programs to have their licence fees reduced was considered. It was suggested that this request be forwarded to the Ontario Dental Association for its consideration.

6.

University of Toronto Graduates, 1968

The results of the Fourth Year, Faculty of Dentistry, University of Toronto appear as Appendix B.

7.

Dental Hygiene Graduates, 1968

The report of the Dental Hygiene Examinations, Faculty of Dentistry, University of Toronto, appears as Appendix C.

8.

Board Examinations, May 1968

The report of the Spring Board Examinations appears as Appendix D.

Action:

1. Report adopted.
2. The recommendation for the establishment of a special register similar to the special register of the College of Physicians and Surgeons of Ontario was referred to the Government and Legislation Committee for appropriate action.
3. The following were granted certification in the specialty of Orthodontics:

   Edward Hisaki, D.D.S. (U of T '63); Dip. Ortho (U of T '67);
   Nestor J. Snihura, D.D.S. (U of T '65).
4. The following were granted certification in the specialty of Oral Surgery:

   Gerald Baker, D.D.S. (U of T '64);
   William Dowhos, D.D.S. (U of T '57);
   Lawrence I. Gaum, D.D.S. (Dalhousie '61)
   John Howard Gryfe, D.D.S. (U of T '64);
   Eugene Markovitch, D.M.D. (Manitoba '62);
   Jack Gerald Zosky, D.D.S. (U of T '64).

Appendix A

EXCERPTS FROM THE MEDICAL ACT AND BY-LAWS

1.

The name of any person may upon application to the Registrar-Treasurer be entered upon the said Educational Register if:

(a) His or her academic qualifications have been evaluated by the Registrar-Treasurer as being at least equivalent to a degree in medicine for a medical school in Ontario, and

(b) He or she has filed with the Registrar-Treasurer evidence satisfactory to him that the applicant is or has contracted to be employed as an interne or engaged in postgraduate work in a public hospital approved under the Public Hospitals Act, a private hospital licensed under the Private Hospitals Act, a hospital within the meaning of the

Mental Hospitals Act, the Toronto Psychiatric Hospital, an Isolation Hospital established under the Public Health Act, a sanatorium for consumptives within the meaning of the Sanatoria for Consumptives Act or a hospital operated and maintained by Her Majesty in right of Canada.

2.
When a person registered in the Educational Register terminates the employment in the hospital or hospitals consequent upon which such registration was obtained, the name of such person shall be forthwith removed from such Register by the Registrar-Treasurer.

3.
The fee payable for registration on the Educational Register shall be $5.00.

4.
The entry of the name of an applicant upon the Register shall be for the period of employment in post-graduate work in statutory hospitals only and at the expiration of such employment the same shall be expunged unless the Registrar-Treasurer is furnished with satisfactory evidence that the employment of the registrant is to be continued in statutory hospitals in which event the name of such registrant may be permitted to remain upon the Educational Register for such extended period of employment.

5.
Registration on the Educational Register must be renewed on 1st July of each year. The fee for renewal shall be $5.00.

6.
Upon payment of the appropriate fee and satisfaction of the conditions laid down in the above sections a Certificate shall be issued by the Registrar-Treasurer in accordance with regulations.

Excerpt from the Medical Act

Temporary Register

23. — (1) The Council may by by-law establish and maintain a register to be known as the "Temporary Register" and may from time to time make regulations respecting the persons or classes of persons who may be registered therein, the qualifications to be required of such persons, the fees payable by those so registered, and the conditions, limitations and restrictions applicable to such persons.

Effect of registration

(2) The persons registered in the Temporary Register are entitled to practise medicine, surgery and midwifery and shall be deemed to be registered medical practitioners only for the period, in the manner, to the extent, and subject to the conditions, limitations and restrictions set out in the regulations applicable to such persons.

Removal of name from register

(3) Upon any person so registered ceasing to comply, either as a result of circumstances or default, with the terms of the regulations applicable, the registrar shall remove the name of such person from the Temporary Register. R.S.O. 1960, c. 234, s. 23.

FACULTY OF DENTISTRY
UNIVERSITY OF TORONTO

LICENTIATES OF DENTAL SURGERY, 1968

The Registration and Licensure Committee recommends that the following, having been recommended for the Degree of Doctor of Dental Surgery from the Faculty of Dentistry of the University of Toronto, be registered as Licentiates of Dental Surgery of the Royal College of Dental Surgeons of Ontario when all remaining requirements have been met:

Adirim, Herbert Jerome
Andrulionis, Miss Dalia O.
Atkins, Allan Sydney
Ballantyne, Douglas George
Banack, Ronald
Barnes, David Graeme
Bateson, Charles Roger
Belman, Herbert James
Bembenek, John Joseph
Bloom, Miss Sally Marlene
Bowyer, Bruce Murray
Briggs, Miss Mary J.
Brown, James Wendell
Brown, Peter
Buckridan, Rashied
Bulas, Walter Paul
Burman, David Gordon
Burtch, David Alexander
Burton, Edward Stanley
Cameron, Duncan Frederick
Chliwny, Ronald Michael
Conder, John Antony
Crawford, Alan Morton

Wilson, William Laine
Wood, Philip Andrew
Worral, William John
Wright, Amos William D.
Yoney, Mehmet Refik

The Committee recommends that the following, when they are recommended for the Degree of Doctor of Dental Surgery by the Faculty of Dentistry of the University of Toronto, be registered by the Registrar in the Royal College of Dental Surgeons of Ontario, when all remaining requirements have been met:

Azam, Charles Alexander
Richter, Mrs. Hilde

Appendix C

REPORT ON DENTAL HYGIENE EXAMINATIONS FACULTY OF DENTISTRY

UNIVERSITY OF TORONTO
1968

1.

The Committee recommends that the following, having been recommended for the Diploma in Dental Hygiene by the Faculty of Dentistry, University of Toronto, be licensed when all remaining requirements have been met:

P. A. Biehn
G. Bossin
P. J. Brett
S. M. Brillinger
M. H. Buchanan
C. H. Chapnick
S. A. Chernin
S. M. A. Conville
G. C. Crockford
S. L. Currie
M. L. Ewens
L. B. Fine
E. Galambos
L. A. Green
L. M. Harris
B. J. Hennessy
D. E. Hierlihy
P. A. Hnatyk
J. L. Hubbert
L. M. G. Hummel

N. A. Johnson
P. E. Jones
M. E. Keir
M. Kertesz
J. M. Klich
H. S. Kochen
K. R. Love
S. M. McLaren
F. L. Millard
J. Mywaart
B. J. Nicholson
S. I. Russak
J. A. Samson
M. S. Segel
B. J. Shore
M. J. Waldie
H. R. Zynoberg

2.
The Committee recommends that the following be licensed when they have completed the requirements of the Faculty of Dentistry and the remaining requirements of this Board:

S. J. Morrow
J. A. Pecnik
S. Pustil
M. I. Waye

Appendix D

REPORT ON BOARD EXAMINATIONS, MAY 1968

1.
The Committee recommends that the following, having passed the licensing examinations conducted by the Board, be granted their Licentiate of Dental Surgery of the Royal College of Dental Surgeons of Ontario when all remaining requirements have been met:

John Lennox Ablack, D.D.S. (McGill '47)
Alice Andersson, B.D.S. (Copenhagen '64)
John C. Bailey, D.D.M. (Kentucky '68)
Roger G. Eickmeier, D.D.S. (Detroit '68)
John David Haworth, B.D.S. (Leeds '67)
Byron H. Hoffman, D.D.S. (St. Louis '58)
Derrick Holgate, B.D.S. (London '53)
Ruben B. Layug, D.M.D. (Philippines '59); Dip. Paedo (U of T '68)
Alexander Leroux, B.D.S. (London '62)
Ronald A. Monica, D.D.S. (St. Louis '58)
John Postlethwaite, B.D.S. (Birmingham '62)
Kathleen Mary Shaughnessy, B.D.S. (National U '61)
Jeffrey Solomon, B.D.S. (Witwatersrand '58)
James Douglas Stewart, D.D.S. (McGill '49)
Keith Charles Titley, B.D.S. (London '66)
Paula R. Walshaw, B.D.S. (Manchester '66)

2.
The Committee regrets to report that the following failed to pass the licensing examinations:

Christian W. D. Hirsch, B.D.S. (Glasgow '60)
Darious Hodivala, B.D.S. Bombay; L.D.S., R.C.S. (Eng. '55); F.D.S., R.C.S. (Eng. '57)
Catherine P. McLaughlin, B.D.S. (Glasgow '59)
Herbert D. Norton, L.D.S., V.U. (Manchester '40); H.D.D., R.C.S. (Edinburgh '48)
Michael Taylor, B.D.S. (Leeds '68)

REPORT
November 1968 Meeting

1.
For Specialty Certification
(a) Motion for approval:

Orthodontics

(i) Roland Albert, D.D.S. (U of T. 1960), Dip. Orthodontics (U. of T. 1968)
(ii) Raymond Bozek, D.D.S. (U. of T. 1963), Dip. Orthodontics (U. of T. 1968)
(iii) Ronald Cross, D.D.S. (U. of T. 1964), Dip. Orthodontics (U. of T. 1967)
(iv) Gavin James, B.D.S. (U. of Glasgow 1953), Dip. Orthodontics (U. of T. 1968)
(v) Alan Joe, D.D.S. (U. of T. 1962), Dip. Orthodontics (U. of T. 1968)
(vi) Eric Luks, D.D.S. (U. of T. 1965), Dip. Orthodontics (U. of T. 1968)
(vii) William Sinclair, D.D.S. (U. of T. 1962), Dip. Orthodontics (U. of T. 1968)
(viii) Bryan Smith, D.D.S. (U. of T. 1963), Dip. Orthodontics (U. of T. 1968)

THAT the above having met the requirements for certification in the specialty of Orthodontics be granted such certification.

(b) Motion for approval:

Oral Surgery

(i) Jerome Becker, D.D.S. (U. of T. 1961), Dip. Oral Surgery (Boston University 1966, U. of Texas 1968)
(ii) Thomas Cuff, D.D.S. (U. of T. 1964), Dip. Oral Surgery (New York University 1966, Bellevue Hospital Center 1968)
(iii) Paul Morgan, D.D.S. (U. or T. 1964), Dip. Oral Surgery (Mayo Clinic, Rochester, New York 1968)

THAT the above having met the requirements for certification in the specialty of Oral Surgery be granted such certification.

(c) Motion for approval:

Paedodontics

(i) Ruben B. Layug, D.D.S. (Board Examinations 1968), Dip. Paedodontics (U. of T. 1968)

THAT the above having met the requirements for certification in the specialty of Paedodontics be granted such certification.

2.
Examinations for Specialty Certification
The Committee is going to review the present procedure for assessing the applications for certification in a specialty.

It is planned to ask for comments from the various dental organizations in the province and to review the examination precedures of other areas.

A preliminary report should be available at the next meeting of the Board.

3.

Board Examinations

The Board Examinations will be held on November 20th, 21st and 22nd. There will be eleven (11) candidates sitting the examinations.

Action:

1. Report received and adopted.
2. Motions approved -

— That this Board equates the qualification of Dr. J. Stewart with those required for eligibility for examination as a specialist and requests that an examination be set for him.

— That the Registration and Licensure Committee be empowered, when applications for registration as Dental Hygienists are being considered by the Committee, to invite a representative from the Ontario Dental Hygienists' Association to act as a consultant in such deliberations.

— That the Secretary draft the necessary By-law encompassing the following resolutions:

#1. THAT, commencing in 1970, graduates of dental schools accredited by the Council on Education of the Canadian Dental Association will be required, when making application for registration under the Dentistry Act of Ontario, to present for registration the certificate of the National Dental Examining Board of Canada, and that the Secretary be requested to prepare the appropriate By-law amendments for presentation to the next meeting of the Board and that in the event that the N.D.E.B. of Canada are unable or unwilling to establish conjoint examinations with the Faculties of Dentistry in Ontario, the graduates of the said Faculties be excluded from the above provisions.

#2. WHEREAS the Board of Directors of the Royal College of Dental Surgeons of Ontario desires to expand its regulations in respect of registration and licensure; That the following, in respect of applicants who are graduates of dental schools not accredited by the Council on Education of the Canadian Dental Association be considered as principles within the expanded regulations:

1. Applicants must furnish evidence of graduation by transcripts, or if unavailable, by other evidence acceptable to the Board.
2. Applicants who have engaged in the practice of dentistry must present satisfactory evidence of good standing within the jurisdiction in which they have been practising.
3. Examinations must be consistent with the minimum standards that are expected of Ontario graduates.
4. Examinations are to be in two parts:
   (a) Written
   (b) Clinical

5. Written examinations shall be in two sections:

   (a) Basic Biological Sciences

   (b) Clinical Sciences

6. Clinical examinations shall include the full spectrum of services normally provided by general practitioners.

7. The cost of the examination shall be borne by the candidate.

THAT the Registration and Licensure Committee be directed to develop the mechanisms for the conduct of the examinations and to present its report on this activity to the next meeting of the Board, in order to permit the Board to institute the new procedures by the Summer of 1969.

3. Czechoslovakian Refugee Dentists:

Motion approved -

(a) "THAT the Board of Directors of the Royal College of Dental Surgeons of Ontario being responsive to the special circumstances bearing on the registration, under The Dentistry Act of Ontario, of the Czechoslovakian refugee dentists, hereby waives its regulations in this instance, requiring applicants to be graduates of accredited dental schools and

(b) THAT the Czechoslovakian applicants who present evidence of having been graduated from a dental school be considered acceptable for licensing examination and

(c) THAT the Czechoslovakian applicants be entitled to take licensing examinations to be conducted by the Royal College of Dental Surgeons of Ontario in the Spring of 1969 and

(d) THAT in order to permit the applicants the opportunity of acquiring reasonable familiarity with the practice of dentistry in Ontario it be required that applications be personally presented by the candidates on or before December 31st, 1968."

TREASURER'S REPORT

Dr. K. F. Pownall

REPORT

March 1968 Meeting

1.

The Year 1967

In 1967 the College had a surplus of revenue over expenditures of nearly $15,000. We continue to be in a sound financial position.

2.

Revenue

In preparing a budget it is our policy to be conservative in our estimate of revenue and this is reflected in the fact that actual revenue exceeded our budget estimate by $27,513.98. This is due to an increase in moneys received in fees, bank interest, fines and rent.

3.

Expenditures

On the other side of the ledger, expenditures were $23,677.98 greater than estimated. Because of the increase in registration, grants to the O.D.A. were greater and the cost of Board Examinations was greater. Board and Committee expenses were increased due to a greater number of meetings. Greater efforts were put into "Enforcing the Act" with a resulting increase in expenditures in this area of activity. Our taxes, like those of everyone else, were increased in 1967.

4.

The Harry R. Abbott Memorial Library Fund

More purchases than usual of books for the Faculty of Denistry, University of Toronto, took place during 1967. Income amounted to $1,030. Expenditures were $2,193. This still leaves a balance of $3,392.

5.

Securities

A list of the securities held by this College is submitted. A review of the securities shows that the College's position could not be improved by the sale of any of these at current prices.

6.

Note of Appreciation

I wish to bring to your attention the fact that the College has an exceptionally capable and industrious staff. Mrs. E. Schmidt, our bookkeeper, and Mr. W. E. Jackson, our business manager, deserve high commendation for the efficient manner in which our books are kept and the excellent decorum with which the business affairs of the College are managed.

7.

Re-appointment of Auditors

As the firm of Thorne, Gunn, Helliwell and Christenson continues to provide adequate auditing services, it is recommended that this firm be re-appointed auditors for 1968.

Action:

1. The firm of Thorne, Gunn, Helliwell and Christenson is to be re-appointed auditors for 1968.
2. Report adopted.

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

RECEIPTS & EXPENDITURES

AUDITORS' REPORT

To the Directors of the
Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of the General Account of the Royal College of Dental Surgeons of Ontario as at December 31, 1967. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the accompanying balance sheet presents fairly the financial position of the College as at December 31, 1967 and the results of its operations for the year then ended, on a basis consistent with that of the preceding year.

ROYAL COLLEGE OF DENTAL SURGEONS OF ONTARIO

HARRY R. ABBOTT MEMORIAL LIBRARY FUND

BALANCE SHEET

December 31, 1967

AUDITORS' REPORT

To the Directors of the
Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of the Harry R. Abbott Memorial Library Fund of the Royal College of Dental Surgeons of Ontario as at December 31, 1967. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the accompanying balance sheet presents fairly the financial position of the Harry R. Abbott Memorial Library Fund of the College as at December 31, 1967 and the results of its operations for the year then ended, on a basis consistent with that of the preceding year.

ADDITIONAL ITEMS

Dr. M. E. Jarrett appointed Consultant

In accordance with the wishes of the Ontario Association of Public Health Dentists, Dr. M. E. Jarrett has been appointed dental consultant to the Liaison Subcommittee of the Registration and Licensure Committee replacing Dr. F. A. Kohli.

U of T Curriculum Review Committee

On March 15, 1968, at the invitation of the Curriculum Review Committee, a delegation from the R.C.D.S. met with the Committee members at the Faculty of Dentistry. The delegation consisted of Dr. J. D. Purves, President; Dr. H. M. Jolley, Dr. E. J. Rajczak, Chairman of the Continuing Education Committee; and Dr. K. F. Pownall, Secretary Registrar.

R.C.D.S. Centenary Dinner

On Monday, March 18, 1968, a dinner was held at the Park Plaza Hotel to celebrate the Centenary of the Royal College of Dental Surgeons of Ontario. All present and past Directors of the Board were invited as well as the Minister of Health and the Minister of Education.

A toast to the R.C.D.S. was proposed by Dr. J. P. Coupland and responded to by Dr. J. D. Purves. Dr. M. B. Dymond, the Minister of Health, brought greeting on behalf of the Premier and the Government of Ontario.

The guests were presented with cuff links engraved with the R.C.D.S. crest as a souvenir of the occasion.

Visit to Dental Technicians' School

On Tuesday, March 19, 1968, the Directors of the R.C.D.S. visited the Dental Technicians' School at George Brown College of Applied Arts and Technology. The Directors were favourably impressed by the quality of the training and the interest of the students.

Meeting with Dental Technicians

On Tuesday, March 19, 1968, a joint meeting was held in the R.C.D.S. Board Room between the Directors and representatives of the Dental Technicians.

Short keynote addresses were presented, as follows:

a. A Dental Laboratory Owner's Views on Illegal Dentistry in Ontario — Its Cause and Effects	Mr. J. Walker President Shaw Laboratories
b. Enforcing the Dentistry Act	Mr. J. Payzant Inspector Royal College of Dental Surgeons
c. Dental Technician Manpower — Future Trends	Mr. D. Ley Past President Governing Board of Dental Technicians

d. Report on Dental Technicians' Conference	Dr. W. J. Dunn Dean University of Western Ontario
e. Working Conditions in Dental Laboratories	Mr. M. E. Vowels Governor Governing Board of Dental Technicians

Following the presentation of these speeches, the delegates were divided into three groups to discuss the following topics:

Group A — Methods of Improving Dentist-Dental Technician Relations

Group B — Dental Technician Training — The Need

Group C — Illegal Dentistry — Cause and Effects

After the group sessions the delegates re-assembled in the Board Room to hear a report of the discussion which took place in each group.

The R.C.D.S. Directors felt that there was value to be gained from having Technicians attend certain parts of the O.D.A. Convention as guests of Dentists, and a motion was passed requesting the O.D.A. Convention Committee to consider this suggestion.

Centennial Centre for Science and Technology

Dr. S. A. MacGregor appeared before the Board to describe the part that Dentistry will play at the Centennial Centre for Science and Technology, and to ask for the support of the Board and the profession in this extremely worthwhile project. He felt than an opportunity of this kind would prove invaluable in creating an improved image of dentistry and in educating the youth of the province on the subject of dental care in a vital manner.

Mr. Sam Carter of the Centre staff showed slides of the Centre and explained briefly what the Centre hopes to accomplish.

The following motion was unanimously carried:

"Whereas the Centennial Centre for Science and Technology provides an exceptional and non-recurring opportunity to participate in an imaginative project with almost limitless educational opportunities, and

whereas the Board of Directors of the Royal College of Dental Surgeons of Ontario strongly supports the creation of an effective dental exhibit in the Centennial Centre for Science and Technology, and

whereas 1968 is the centennial year of the Royal College of Dental Surgeons of Ontario,

therefore be it resolved

that the Board authorize a centennial grant of $25,000 for the creation of a dental science exhibit in the Centennial Centre for Science and Technology."

Wyatt Report on Insurance

At the June 1968 meeting of the R.C.D.S. Board, the Secretary reported verbally on the Wyatt Insurance Report. The Report has been well received by both the Ontario Dental Association and the Canadian Dental Association

Insurance Committees. It involved a study of the systems of collection of premiums, brokerage, etc. used by both organizations.

Joint Meeting of Ontario and Quebec Licensing Authorities

On April 23, 1968, a joint meeting took place with representatives from the College of Dental Surgeons of Quebec, the Ontario Dental Association, and the Royal College of Dental Surgeons of Ontario.

Those present at the meeting were:

Dr. L. Picard, President of the College of Dental Surgeons of Quebec,

Dr. M. Archambault, Vice-President,

Dr. L. LeBlanc, Registrar Secretary.

Dr. W. G. Spence, President of the Ontario Dental Association.

Dr. J. D. Purves, President of the Royal College of Dental Surgeons of Ontario,

Dr. K. F. Pownall, Registrar Secretary.

Discussion ranged over a wide variety of topics, including discipline, illegal practice, complaints, specialists, Board examinations, the National Dental Examining Board, etc.

Those present felt that so much profit had been derived from the discussion of topics of mutual interest that a similar meeting should be called in the future.

Official Opening, Faculty of Dentistry, University of Western Ontario

Dean W. J. Dunn received the good wishes of the Board for the success of the opening of the new Faculty of Dentistry on October 25th, 1968.

Third Dental Faculty Proposed

The following motion was approved at the November meeting:

— That the O.D.A. be requested to co-operate with the R.C.D.S. in the creation of a four member committee, equally representative of each organization, to consider the desirability and feasibility of the establishment of a third dental school in Ontario and,

That should it be found desirable and feasible to establish such a school, the committee be requested to make recommendations with regard to a suitable location for the school, and

That the two representatives of the R.C.D.S. be appointed by the President, and

That the committee elect its own chairman, and

That Dr. K. F. Pownall serve as Committee Secretary.

AD HOC Committee on Dental Auxiliaries

This Committe was established by the Department of National Health and Welfare in Ottawa to investigate the present and future role of dental auxiliaries. The Chairman is Mr. Justice Dalton Wells. A joint brief was presented to the Committee on behalf of the R.C.D.S. and the O.D.A. outlining the numbers, training and legal status of Dental Auxiliaries in Ontario.

Ontario Council of Health

This Council was established by the Department of Health in Ontario to advise the Minister on all matters relating to health. Representatives of the College appeared before the Education Committee of the Council in June and expressed their views on future training of dentists and dental auxiliaries. Representatives of the R.C.D.S. and O.D.A. met with the Minister and Deputy Minister of Health in October with regard to a report prepared by the Manpower Committee of the Council of Health. Further meetings with this Committee are being planned.

DR. H.M. JOLLEY
President
1969 – 1970

R.C.D.S. PRESIDENT'S REPORT
Dr. H.M. Jolley

REPORT
November 1969

Official Visits
In the months since assuming office, the President, accompanied by the Registrar, has represented the R.C.D.S.O. at ceremonies for graduates of Dental Assistants' Courses conducted by the Bay of Quinte Dental Society and the Toronto Academy of Dentistry. In addition, both attended the Convention of the N.O.D.A. at North Bay in official capacities. On November 3rd the President attended a luncheon conducted by the Montreal Dental Club in honor of the Centenary of the Collège des Chirurgiens Dentaires de la Province de Quebec in Montreal. On behalf of the R.C.D.S.O. a plaque engraved with a suitable message written in French was presented to mark the occasion. While the remarks made on the occasion of the presentation were probably comprehensible only to the orator who delivered them, the thoughtfulness of this Board, the tenor of the message on the plaque and the gesture of having the plaque presented rather than merely delivered were warmly appreciated and acknowledged.

Meetings
Since the last Board meeting several meetings with different persons have been held in connection with arrangements for retraining of the refugee Czech dentists. At the first of these the Board was represented at a meeting with the Minister of Health by the President, the Immediate Past President, the Vice President and the Registrar. At a subsequent meeting with the Minister the President and Registrar were accompanied by B/Gen. Kearney and Col. Craigie of the Canadian Forces Dental Services. Some of the arrangements for the retraining course and contractual undertakings were explained and agreed upon at a meeting which was attended by 14 Czech dentists, Dr. R. E. Feasby representing the Dept. of Health, Col. Craigie and Major Taylor of the Canadian Forces Dental Services, Mr. J. Eckert of the Federal Dept. of Manpower and Immigration and the President and Registrar. An effort was made to keep the Board apprised of the discussions at these meetings and to obtain their advice and comments.

The President and Registrar, together with the Deans of the Faculties of Dentistry at U. of T. and U. of W.O. appeared before the Health Committee of the Ontario Legislature and discussed and answered a variety of questions dealing with the activities of the Board in the fields of dental education and licensure.

Government and Legislation
For some time now the Board has hesitated to make several desirable changes in its procedures while awaiting the report of the Committee on the Healing Arts. It is agreed that no attempt should be made to attempt to bring about changes in the Act until the Report is received and the Government's attitude to its recommendations is made known. However, where the necessary authority exists in the Act and there is a need for legislation it is suggested that this Board proceed to enact such measures as are required for its continuing efficient operation.

One such measure is the institution of a Special or Educational Register. This matter has been discussed by a succession of Boards with no purposeful action. It is hoped that this Board will see fit to institute proceedings which will culminate shortly in the creation of this desirable and useful tool for the efficient and equitable conduct of our activities.

It is hoped that what follows will not be interpreted as a trespass on the responsibilities and activities of any of the dedicated committees who serve this Board. However, it is urged that a decision be reached in the near future on the examination requirements of all applicants for Specialty Certification and the acceptance of a facility for carrying out our wishes in this area.

Similarly there is an urgent need for this Board to concern itself with the question of the Education and Training of Hygienists and Dental Assistants and re-examination of the limits placed on the services they can legally perform. This concern which will be merely a reflection of events occurring on the dental scene will, it is hoped, be translated into effective legislation at the next meeting of this Board.

O.D.A. – C.D.A.

The President has served as the representative of this Board to the O.D.A. for several years and recently assumed a seat on the Board of Governors of the C.D.A. It is hoped that some brief comment on some of the highlights of recent activities will be acceptable in this report. The O.D.A. has undertaken a complete survey of the delivery of dental services in Ontario and has several committees actively engaged in preliminary studies. From these deliberations will emerge, hopefully, many useful suggestions to assist the profession to keep abreast with changing times.

The O.D.A. executive has approved the presentation to the Board of Governors at its next meeting of an Investment program which is essentially participation in an existing Mutual Investment program with the attractive benefit of low service costs resulting from quantity investment. Details will be available to all members of the profession after approval by the Board of Governors.

Reports received from various individuals were to the effect that a Public Relations Seminar conducted on a recent weekend was well attended and deemed extremely useful by those present.

The Board of Governors at its May meeting agreed to review the annual O.D.A. grant to the C.D.A. at the November meeting of the O.D.A.

The question of transfer of some of the R.C.D.S. reserves to the O.D.A. was broached on several occasions. When directly questioned your representative gave as his personal view that when the O.D.A. demonstrated that it was a responsible organization, conscientious in the discharge of its contracts and obligations he would personally be prepared to consider favourably such a transfer.

At the C.D.A. level your representative has attended a meeting of the Board as an observer and, now recently, as an incumbent, to discuss and approve suggested changes in Constitution and By-laws. The latter meeting was conducted in a congenial manner with a genuine atmosphere of friendly co-operation. Some of the more meaningful discussions resulted in approval of several major changes in the Constitution. Examples –

1. When finally approved under a new formula the number of Governors on the Board would be increased to 30. Of these 9 would come from Ontario. This

(R.C.D.S.) Board might properly concern itself with the number of its representatives on the Board.

2. In future agreements on substantive matters concerning the C.D.A. will come into effect only after positive approval of at least 19 members of the Board.

3. Considerable discussion occurred when the subject of the Mechanism for Accreditation of Dental Schools was raised. Some of it directed forward an attempt to make the role of the N.D.E.B. more potent in this activity. There was general agreement, apparently, with the principle enunciated by our Board with regard to eligibility for licensure anywhere in Canada of all graduates of Canadian accredited dental schools.

It might be useful here to interpolate that corporate membership in all instances except one rests with the licensing bodies in the respective Provinces. The one exception is, of course, Ontario. The significance of this fact will emerge in many of our discussions.

General
This Board will have to initiate measures for finding a replacement to fill the very large vacancy left in our corporate existence by the death of Mr. Gordon Watson Q.C. This is perhaps not the place to eulogize our late solicitor but it is difficult to avoid saying how great we feel is our loss. Mr. Watson was a friend and helpmate of this Board as well as its solicitor. He had come to develop close personal ties with many of us. He was available at all times for advice which he always delivered impeccably, unequivocally and responsibly in the best traditions of the noble profession he so effectively adorned. He had a knack for reminding us that there were areas into which he would not trespass for these were our prerogatives and concern. He served at hearings of the Discipline Committee in exemplary fashion conducting his examinations thoroughly unrelentingly yet fairly and equitably. Whenever his advice was sought after a hearing even when he had seemingly shredded the professed defence he would be most understanding and even compassionate. His successor will have a difficult task to fill the void left by his departure.

After 9 months of gestation the President is prepared to deliver a judgment on the conduct of our offices. The attractive appointments of the recently refurbished buildings leads one to expect cheerful efficiency in the interior. In our judgment there would probably be rare instances of disappointment. There appears to be an aura of organized calmness in a staff with a genuine desire to serve and capable of delivering that service coolly and expeditiously. The Board of Directors makes no mistake when it relies on Mr. W.E. Jackson for many of its business details. At least equally it may congratulate itself for its acumen, foresight and wisdom in obtaining Kenneth Pownall to serve as its frequent spokesman, façade and responsible officer. The profession, the public, and this Board are being well served by our Registrar Secretary Treasurer.

Report received.

CANADIAN DENTAL ASSOCIATION
Representative: Dr. James D. Purves

REPORT
November 1969

1.
The C.D.A. Meeting in Montreal – July 7th to 10th was my final meeting as an R.C.D.S. representative for Ontario. The experience has been most enjoyable and stimulating.

2.
Excerpts from the various reports having a particular pertinence to the R.C.D.S. are elaborated upon as follows:

3.
Auxiliary Services Committee
(a) Committee re-named to the "Allied Services Committee";

(b) Terms of reference are to ensure no conflict with provincial jurisdiction;

(c) The broad acceptance of duties of auxiliaries being the sole and total responsibility of the dentist was again defeated.

4.
Constitution and By-laws Committee
(a) Recommended that the office of Treasurer continue to be an appointive official through the Executive Committee;

(b) Establishment of a Chairman of the Board elected by the Board of Governors. Dr. Philip Christie of Halifax becomes the first such Chairman at the 1970 meeting.

5.
Council on Education
(a) Committee on Survey Policy approved – its terms of reference to include a requirement to review and recommend on reports of the survey teams prior to consideration by the Council on Education;

(b) Approved the principle of the report of the ad hoc committee on minimum requirements for approval of postgraduate programs leading to qualification for specialties recognized by the C.D.A. The Committee on Survey Policy was to work towards the implementation of this report.

6.
Executive Committee Report
(a) Considerable time was devoted both by the Reference Committee and the Board of Governors on the summation of a review of the Aims and Objectives conference. Constitutional amendments encountered so many inter-related aspects of committee reports, that a total impasse was reached. Resolution of this impasse was hopefully to be achieved by a special Board of Governors meeting to be held this fall in Toronto.

(b) Alteration of the venue of the opening C.D.A. Annual Convention from Windsor to Ottawa in 1971 was passed.

(c) The retention of the Carleton–Cowan firm hired to study the internal relations of the C.D.A. for a twelve-month period at a cost not to exceed $1,000 per month was approved.

7.
Legislation Committee
A summation of important changes in the various provincial statutes was reported.

8.
Special Resolutions
A resolution presented by the Province of British Columbia and its subsequent approval reflects the attitudes of the majority of the corporate members relative to corporate grants.

In this connection and in the discussion on the Treasurer's report, I reported as your representative that the R.C.D.S. Board unanimously approved the principle inherent in the transfer of corporate membership to the O.D.A., viz. that the grant to the C.D.A. would be maintained at least at its present level.

9.
Specialists and Specialization
(a) Policy adopted that the sections of the C.D.A. be only the specialties recognized by the C.D.A. That the present sections of Restorative Dentistry and Public Health Dentistry be given provisional status for two years pending consideration of their application for specialty recognition;

(b) That the proposed re-grouping of specialties be postponed indefinitely;

(c) That the moratorium on specialty recognition be lifted as of the 1969 meeting;

(d) Section status by the Canadian Academy of Oral Pathology has been submitted with the presentation of their constitution.

10.
The 1970 budget, showing income of $322,600, with expenses at $394,400 provides for an operating deficit of $71,800. This was predicated upon the Ontario grant being reduced to $30.00 per member. With the continuity of the $40.00 grant from Ontario, the deficit still is a healthy $40,800.

11.
Dental Services Committee
Reaffirmation of the acceptance of the prepayment principle for dental services and the participation by the profession in profession-sponsored prepayment plans.

Action:
Report received.

COMPLAINTS COMMITTEE

Members: Doctors R.A. Clappison, Chairman; R.W. Edwards.

REPORT

April 1969 Meeting.

1.
Since the last meeting of the Board the Complaints Committee has met twice, February 17, 1969 and April 7, 1969.

2.
One complaint alleged improper fees for dental services. Upon review of the evidence, and on consultation with the dentist and examination of the patient, it was the opinion of the members of the Committee that more services were provided by the dentist than the patient realized. Therefore, it was the feeling of the Committee that the fee was justified.

3.
The Committee reviewed radiographic evidence and consulted with the practitioner regarding alleged faulty restorative and endodontic treatment. Since the original treatment was rendered six years previously, with sequential events following over an extended period, it was difficult to assess the current evidence. The findings of the Committee were that the practitioner had done everything possible in his treatment and while the patient had suffered some additional pain and discomfort, under the circumstances it could not be avoided.

4.
Unsatisfactory fixed bridge services were alleged by another patient. While attempts were made to treat the problem, the solution was unsatisfactory and upon discussion with the patient and the dentist agreement was reached whereby the practitioner agreed to re-imburse the patient for some of the expenses involved in the treatment. The practitioner has not done so to this date and so the matter is not fully resolved.

5.
A complaint was made of unsatisfactory service of acrylic veneers on lower anterior teeth. Abnormal rate of wear was presenting an unattractive appearance after only a year and a half of service. The Committee recommended remaking of the splint should periodontal conditions merit such treatment. Should the dentist not be willing to do this then some economic adjustment should be made.

6.
Several complaints are in further stages of assessment, additional reports or radiographs being necessary to render a more complete judgment.

7.
Many of the complaints or enquiries requiring less study and not requiring interviews are dealt with ably by the Secretary and the staff, and the Committee is indebted to them for lessening the work-load of the Committee.

8.
The Chairman feels that an attempt should be made again to draw up a complaint form so that irrelevant details and pointless repetitions are reduced in the communications from the patients. Many hours of study and condensation could be saved in a year if the material presented was kept relevant.

9.
Local mediations committees would serve well by having two or more committee members actually examine the patient at the local level. Some patients sense that a good deal of information is passed behind their back without actually being seen by a committee of members of the local mediations committee.

Action:
Report received.

REPORT
November 1969 Meeting

1.
Since the last report to the Board the Committee has met twice officially, June 16th and September 22nd, 1969 and twice unofficially.

2.
Item 4 of the April Report has now been fully resolved.

3.
Unsatisfactory service was alleged by a patient in regard to herself and her children. The Committee agreed that some of her allegations were correct. The practitioner involved agreed to waive collection of the account for the children and to make a settlement with the patient, but the practitioner left the country before final settlement. The case remains unsettled.

Action
Referred to our solicitor for official action.

4.
A complaint was made against a practitioner regarding alleged faulty partial dentures. The Committee, on examining the patient, and reviewing the history did not agree with the complainant. The Committee observed that the practitioner had fulfilled all the requirements expected of a dentist in the provision of this service.

5.
A complaint was lodged against a member of the College regarding unsatisfactory complete dentures. The dentist, of his own volition, prior to the complaint, refunded the sum retained for a future rebase. On examination, the Committee felt that the dentist should have carried the treatment through to its proper termination, including rebasing and resetting the lower denture and re-positioning some teeth. The dentist made an additional moderate settlement with the patient, which terminated the dispute.

6.
A patient alleged incompetent service in the provision of a fixed bridge restoration. The dentist attempted construction and reconstruction of three separate fixed bridges. The patient alleged all three were unsatisfactory. The Committee examined the patient and advised the patient that the practitioner had done his best and that the service was adequate in the opinion of the Committee. The patient's constant awareness of her occlusal relationship was found to be excessive. The dentist was advised that, in the opinion of the Committee, he would probably never satisfy the patient and was advised not to press for settlement of the remainder of the account.

7.
The failure of a fixed bridge abutment caused a patient to seek mediation of the accumulated problems. The Committee advised remaking the bridge, and the dentist, not wishing to do so, re-imbursed the patient to the extent of the total initial fee. This proved to be an amicable settlement.

8.
A dispute arose between patient and dentist regarding extensive fixed restorations. The Committee examined the patient and consulted with her twice. An improvement could be made in the occlusal relationship and the dentist agreed to reduce the fee to compensate the patient for this treatment by another practitioner. The patient then complained that she was told the restorations would be porcelain and that she received plastic veneers instead. The practitioner denied this accusation and furnished evidence to the contrary. No further action has transpired.

9.
A complaint of long standing, involving failure of a post and core and complete crown restoration, was settled by evidence that the crown was placed on a post and core constructed by a previous dentist. The Committee could not fault the present practitioner for his judgment.

10.
A review of correspondence regarding a complaint of fees for the time spent brings up once more the problem of multiple services. The premise of the fee schedule and of general dental philosophy is that some of the benefits of this type of service belong to the patient. It is difficult to defend a practitioner from a question about fees rated on an hourly basis nearly 100% higher than the schedule for basic dental services.

11.
A totally inadequate fixed restoration was the basis of a query which resulted in the recommendation that the bridge be re-constructed or the fee be refunded to the patient.

12.
The description to a patient of three surface restorations as two separate restorations was the basis of discussion between the Committee and a practitioner. The practitioner was reminded that this was not normal procedure and if this method was used to elevate fees, then this action was unethical.

13.
A patient sought reimbursement for the failure of a molar crown and pins and core and for an alleged faulty anterior bridge. The Committee, on examining the patient, agreed that a valiant attempt, at considerable investment to the patient, had been made to save the molar but unfortunately had failed. The dentist had previously refunded a portion of the fee to the patient and upon further correspondence made a further settlement to aid the patient in a third attempt to conserve the tooth.

14.
Poor patient relations was the complaint against a practitioner because of a very crisp manner of dealing with the patient and a refusal to give an itemized account. The patient set up his own post-payment plan on a very slow basis and this action then led to a further degeneration of relationship. The Committee discussed with the dentist the need for improved patient relationship to avoid such problems in the future.

15.
The fracture of a complete porcelain crown, two years after insertion, was the basis of a disagreement between the patient and dentist. The patient's misunderstanding of some of the events, the unnecessary comments of another practitioner and the rather sharp comments of the dentist were the undesirable components of the disagreement. A reduction in the fee proved to be the settlement catalyst.

16.
A well intended, but unsuccessful diagnosis of the cause of pain led to a disagreement on fees for the palliative services. The dentist felt justified in pursuing collection but in the interest of professional public relations did not do so.

17.
The Committee interviewed a practitioner regarding a complaint concerning an unsuccessful complete maxillary denture. The patient, in whose interest the hearing was made, did not present himself for examination. The dispute was over fees for a rebase and in order to avoid unpleasantness and without prejudice the dentist agreed not to press for payment of the rebase service.

18.
Disagreement and the breakdown of relations between a dentist and a dental technician and the further evolution to an impasse, necessitated a hearing of the case. The dentist was not too receptive to an attempt to settle the problem. The technician offered to remake the case. This would require the co-operation of the dentist and the patient. The Committee awaits some action by those involved.

19.
The Committee, upon reviewing complaints from several dentists considered action regarding a statement made to a Toronto newspaper by a member of the College.

The dentist, on his own volition, wrote a letter of explanation to the College and other bodies and apologized for the misleading remarks that were published. A long interview had been granted and, as often happens, the condensed and edited

version that was printed was shocking, particularly one analogy. Subsequently the dentist wrote to the editor of the newspaper and his letter was published on the editorial page. In view of the dentist's actions and the explanations given by the reporter and others no further action was taken.

Action:
Report received.

CURRICULUM REVIEW –
Faculty of Dentistry, University of Toronto
Dr. James D. Purves

Since the Report of the Curriculum Review Committee has already distilled the views of many individuals and organizations of dentistry, it is the purpose of this review to comment on the Report as the projection relates to the areas of concern of the R.C.D.S. of Ontario.

The strong central core of the practice of dentistry must emanate from the diseases which we are attempting to prevent – dental caries, periodontal disease and malocclusion. Thus in the dental caries field public health education in an intensive manner must lead the way, employing all the research evidence at its command. The pursuit of excellence in restorative dentistry – and I refer to the broadest interpretation of this term – is tied to this preventive concept so that the many repetitive procedures occasioned by poor quality service would not be necessary. Removal of the carious process by operative intervention still remains one of the finest preventive "tools" in our armamentarium.

Employment of the basic procedures, in company with quality hygienist services, and again through restorative competence, can do much to prevent periodontal disease. The close relationship of the periodontium to the blood stream offers the many potential manifestations of systemic disease. Malocclusion through teaching in growth and development from childhood to the aged, with the accompanying studies of the complexities of the temporo mandibular joint in health and disease complete the preventive core.

A student competently prepared within this core and in the undergraduate context would admirably meet the licensing requirements of the R.C.D.S. Board. Loading of the curriculum of that which is rightfully in the postgraduate or graduate field is not in my opinion desirable.

The addition of the humanities to the course is a most desirable entity, but again should be gained by the student prior to entering dentistry. The needs of all students are not the same – maturity, personality, family and ethnic backgrounds all differ. I do not see the desirability of lengthening the course at this time.

In the various areas of the Report, the concern for ample time for instruction in the wide range of dental curricula occurs with great regularity. Two possible solutions are suggested:

(1) The three semester system – the thirty-six week academic year. The objectives in this system might be:

(a) Training of more dentists, or

(b) Shortening the course, or

(c) Inclusion of more material in the curriculum, or

(d) Some of all three

(2) Reduction in hours in Basic Science Laboratories by the use of single concept films or demonstrations by staff members performing the experiment.

Trends towards specialization inevitably follow the implementation of health plans. Candidates for specialty courses should have shown a high degree of competence both within the subject of concentration and the dental course at

large, as demonstrated in the undergraduate years or in the years devoted to general practice. The patient has a right to expect a wide scope of services competently performed by a general practitioner – indiscriminate specialization is to be discouraged.

The report emphasizes the utilization of auxiliaries in the future. Any extension of duties or new auxiliaries must await recognition by the R.C.D.S. Board. Perhaps the large clinic atmosphere desirable for mass treatment services will ultimately create the demand for extended duties. The controlled program used in the R.C.D.C. where similar conditions in private practice would not allow for the close observation of auxiliaries will create what must be in mass – second-class dentistry. Historically, Europe has striven to rid itself of this very thing. Great Britain has found that their auxiliaries trained to work on children must call upon the dentist most frequently for that which is beyond their depth. They are reliably reported as considering giving up the program in favour of training more dentists.

The training of the auxiliary should be that in which an auxiliary helps, not replaces the dentist. If we do not believe that the graduate dentist provides the best dental services, then the profession certainly wastes a great number of curriculum hours.

The demands of the public, it is agreed, are not of a particularly high level of enlightenment. The mass removal of teeth becomes sponsored by such programs as OHSIP, providing entitlement to payment when the teeth are removed in hospital. The student trained in a hard core of prevention would, it is believed, preserve dentitions rather than desecrate them. In addition, the edentulous patient in greater numbers is finding his way to the illegal practitioners in our society, thus creating another problem. The undergraduate curriculum must, therefore, motivate students to a sound professional and ethical outlook. Ethics is not a few lectures on the sum and substance of the subject, but a four-year contact with ethical, living examples among the staff, showing daily the meaning of professionalism.

Internal organization of departments to correlate teaching philosophies is a most welcome trend, as is the clinical orientation program. However, an integral part of this program should in my opinion be restorative dentistry (again in the broad interpretation).

The number of hours in restorative dentistry in the 1967-68 year was 346. In the suggested curriculum there are only 277 hours for this basic requirement to provide an adequate minimal standard of excellence in operative practice. It is realized that there are some overlapping subjects such as paedodontics, endodontics and clinical seminars, that will add to the number of curriculum hours, but the concern is that the emphasis should be on the excellence of total dental care. It is not the situation, as once stated, that "if you have seen one filling you have seen them all". It requires continued elevation of the excellence necessary to perform the services expected by a more discerning public. There is nothing shameful in the "technical" ability of a dentist. Until the millennium arrives, with a world free of caries and periodontal diseases and malocclusion, we will need all the dexterity a dentist possesses.

Seminar teaching is one of the very admirable forms of teaching, depending for success upon the subject matter, numbers of qualified instructors and numbers of students. The practice of dentistry must be related to basic science subjects by those who have practised dentistry for some period of time. Again, the

allocation of curriculum time must relate to the development of digital competence. I relate the eliminating in dental anatomy the carving of teeth in soap or ivorine. It was found that elimination of this phase reflected upon the competence of anatomical carving resulting in the clinical years. Again the exercise of the direct waxing of an inlay requires sufficient repetition to acquire competence. The Report on page 23 says: "An effort must be made to avoid dissipating the students' time in those repetitive procedures which have decreasing teaching value". The answer to this question lies in degree. The realities of practice indicate that few inlays and bridges are constructed, but large numbers of amalgam and direct resin restorations are required. For the accomplished student one would agree to extend his horizons, but for the many students who perpetuate inadequate restorations from their undergraduate years and onwards, repetition is a must.

The utilization of video tape and large screened video-taping, plus the techniques and specimen reference area, is most desirable.

Variability in grading dental operations in the clinic is not easily resolved. The difficulty of the operation, co-operation of the patient, patient-doctor relationship and even the day it is, relate to the results obtained. In such a human exchange it should be recognized that the operation of a norm can only be a subjective assessment. Surely it is possible through two clinical years to assess not only competence in the result but the many doctor-patient requirements which go into the making of a successful relationship. The application of "gestapo" tactics to obtain a grade is unprofessional and reflects far more on the student than the absoluteness of the grade provided. To-day we have terminology – a "Thursday Demonstrator", which means – get your poor cases marked off on Thursday. This only attests to the personnel in instruction on that particular day.

On page 32 of the Report it is stated "Full-time clinical instructors must be kept advised by the practising part-time staff of their experience with current treatment techniques and their application". The dimensions of this naivete are preposterous. The practice of dentistry is an ever-changing environment of many moods and phases. A practical philosophy is a living thing requiring steady nourishment by actual practice. To communicate this to the full-time staff would be impossible.

The rotation of clinical instructors through pre-clinical laboratories is an absolute necessity. Ideally, it would be best for those instructors to "follow" the student through to graduation. In-service training must be meaningful to attract competent part-time staff, not repetitions of their "old" undergraduate course.

Student evaluation of instructors can be a useful guide – again its actual use a matter of degree. Students are not always accurate in their evaluation – in retrospect not all the best teachers would win a popularity contest.

Staff appointments are and will continue to be a problem. The practice of dentistry to-day, with its incumbent responsibilities, is a full-time job. To economically remain solvent requires all of one's concentration. If a man be in practice and has the competence to be a part-time or full-time teacher, he should receive all the promise and support of an adequate income comparable to practice.

The potential of teaching time loss through hospital consultative practice or outside professional responsibilities grows by leaps and bounds and derogates from teaching effectiveness. The hiring of a half-time staff man is to-day almost

economically impossible, for the man does two jobs – full-time. History has proven this. Again under practice economics the maximum time an instructor can afford is two half-days, unless he has an independent income.

Dental technicians can offer much help in a course of dental materials and laboratory procedures, and should be encouraged in this direction. The dental technician performs an ever-increasing role of laboratory expertise. However, the escalating costs of these services is rapidly becoming a deterrent to an increase in their use. The trends towards unionism presage stormy roads ahead.

In the terms of reference of the standing ad hoc committee, I respectfully recommend that consultation with the R.C.D.S. be added to this list. Again the proposal of "streaming" of undergraduate students towards specialization would be most inadvisable at this time.

Perhaps the most important recommendation was found in the early part of the report – that the curriculum survey and development committee be a continuing committee seeking to reflect the social conditions prevalent at the time. Change for change sake seems to be a byword in our society. Let us not let the crystal ball of the future blot out the nucleus of history which has brought our profession to its present height.

Action:
Report received.

DISCIPLINE COMMITTEE
Members: Drs. J.D. Purves, Chairman; D.A. Cheetham, L.B. Lukenda, J.R. Callingham and G.E. Burgman.

REPORT
November 1969 Meeting

1.
The Discipline Committee met on Friday, June 27th, 1969 –

(a) to hear a charge of "improper conduct in a professional respect" against Dr. Cathay Lee of Bay Ridges, Ontario, in that he did perform, diagnose and advise unnecessary dental services.

The defendant was found guilty as charged and was given the following penalty:

(i) He was given a reprimand;
(ii) He was charged with the cost of the hearing;
(iii) He was fined the sum of $500.00.

Note – The costs of the hearing amounted to $768.40.

(b) to hear a charge of "improper conduct in a professional respect" against Dr. Carl Dubin of Toronto, Ontario, in that he caused to be distributed advertising matter relating to his office for the practice of dentistry, contrary to the Ethics of the dental profession and to Section 5 of Article XIV of the By-Laws of the Royal College of Dental Surgeons of Ontario.

The defendant was found guilty as charged and was given the following penalty:

(i) He was given a reprimand;
(ii) He was charged with the cost of the hearing.

Note – The costs of the hearing amounted to $311.35.

Action:
Report received.

EDUCATION COMMITTEE (formerly Continuing Education Committee)
Members: Doctors R.W. Edwards, Chairman, N.L. Diefenbacher and R.A. Clappison

Note: At its meeting in April 1969, the R.C.D.S. Board approved a recommendation of the Continuing Education Committee – "That the Continuing Education Committee be re-named the Education Committee and its role be expanded to include all aspects of dental education, and to co-operate with auxiliary organizations in matters pertaining to dental education."

REPORT
June 1969 Meeting.

1.
A meeting of the Continuing Education Committee was held on February 17, 1969. All members were present, as well as the Secretary and the immediate Past Chairman of the Committee, Dr. E. Rajczak.

2.
A meeting of the Committee was held on April 7, 1969, at which all the members were present and also the Secretary, together with the following guests: Dr. R.G. Ellis, Dr. K. Baird, and Dr. K. Craig of Belleville, representing the Academy of General Dentistry.

3.
A further meeting of the Committee was held June 1 and 2, 1969. Guests on June 1 were Miss Margaret Deichert, President, and Miss Beverley Jacobs, Immediate Past President of the Ontario Dental Nurses and Assistants Association.

On June 2nd, the guests were four dental hygienists in charge of the dental assistants' courses in the Toronto Secondary Schools, and Dr. Marjorie Jackson, Faculty of Dentistry, University of Toronto.

4.
Extra-mural Lectures:
(a) The Committee recommends that the R.C.D.S. Directors make a point of meeting with the Executive of every Society in their district, in particular the smaller societies, to discuss and emphasize the problems being encountered in respect to University extra-mural lectures;

(b) That it be recommended to the Societies that they appoint a permanent corresponding secretary;

(c) That the Societies be encouraged to hold their extra-mural lectures during the day;

(d) The Committee recommends that a lecturer be assigned from each school, rather than two lecturers from the same school.

5.
Courses at the University of Western Ontario:
The Committee recommends that the University of Western Ontario be asked to send notices of continuing education courses to all licentiates in Ontario.

6.
The Academy of General Dentistry:
The Committee recommends to the R.C.D.S. Board that the Royal College of Dentists be asked for its opinion on the use of the letters "F.A.G.D." after one's name, to denote fellowship in the Academy of General Dentistry; and the qualifications pertaining thereto.

7.
Dental Seminars:
Successful two-day Seminars were conducted by Drs. A. Posen and Keith Davey in Belleville, the Lakehead and Owen Sound.

The Committee recommends that the Seminars for the year 1969-70 be held in Kirkland Lake, Cornwall and Woodstock-Chatham; and that the two clinicians who conducted the Seminars in 1968-69 be asked to repeat in the coming year.

Action:
The Board agreed that the Seminars for the year 1969-70, be held in Kirkland Lake, Sault Ste. Marie, Chatham and Brockville.

8.
Memorial Lectures:
(a) Dr. Stanley Hazen, Director of Graduate and Postgraduate Studies at Temple University, will be the guest clinician for a week long participation course at the University of Western Ontario, September 8th to 12th, 1969.

(b) The Committee recommends that Dr. Henry Tanner of California be asked to conduct a two-day Memorial Lecture near the end of March or early in April 1970, to commemorate Dr. O.S. Clappison. The lecture will be a prerequisite for a week long Crown and Bridge Course (limited participation) at the University of Toronto in the early part of September, 1970.

Action:
The Board agreed that Dr. O.S. Clappison be commemorated in the 1970 Memorial Lecture.

9.
Niagara College of Applied Arts and Technology:
The Committee recommends that the application of the Niagara College of Applied Arts and Technology for the formation of a dental assistants' course be approved, and that they be informed that minimum requirements for such courses are being established. (Board approved this application.)

10.
The Committee have under consideration the following items, for recommendation to the next meeting of the R.C.D.S. Board:

(a) Teaching machines to supplement the extra-mural lectures;

(b) Prosthetic Clinics;

(c) Standardization of and minimum requirements for dental assistants' courses;

(d) The future role of the R.C.D.S. in continuing education for the general practitioners, and the philosophy associated therewith.

The Board will eventually have to decide whether its role is simply that of a seller of licences, or whether it is actively engaged in education.

Action:
The Board agreed that the question of Prosthetic Clinics (Item 10, Section (b)), should be referred to the Ontario Dental Association.

Action:
Report adopted.

REPORT
November 1969 Meeting

1.
A meeting of the Education Committee was held on October 27th in the Board Room. Present were: Dr. R.W. Edwards, Chairman; Doctors R.A. Clappison, N.L. Diefenbacher and K.F. Pownall.

Guests present were representatives of the Ontario Dental Nurses and Assistants Association; Miss M. Deichert, President; Mrs. J. Cook and Miss B. Babbitt.

2.
The Committee recommends that the honorarium for part-time and full-time teachers be $100.00 daily, plus expenses; this arrangement to be reviewed annually.

Action:
Approved by Board.

3.
Report on the 1969 Memorial Lecture:
The 1969 Memorial Lecture was conducted at the University of Western Ontario from September 8th to 12th inclusive, under the direction of Dr. Stanley Hazen, Director of Graduate Studies, Temple University. The course was a participation course in Periodontal Surgery, and met with much favourable comment from both participants and the Oral Medicine staff of the University who assisted with it. Your chairman was a participant, and considers it a very worthwhile endeavour.

The course was self-sustaining financially; no profit or loss was incurred and all monies collected from the students were used up completely to pay for expenses, which were $3200.00.

4.
1970 Memorial Lecture:
Arrangements are finalized for the 1970 lectures which will be under the direction of Dr. Henry Tanner, formerly head of the Department of Fixed Prosthodontics at the University of Southern California where he taught for 20 years.

There will be a two day unlimited attendance lecture course April 30th and May 1st at the University of Toronto, and a limited participation course (10) in Crown and Bridge Fixed Prosthesis the first week in September; (August 31st to September 4th).

The fee for the lecture course has been set by the Committee at $70.00 and for the participation course at $425.00 which includes approximately $155.00 U.S. worth of necessary instruments. The Committee expects both courses to be self-sustaining.

5.
The Committee recommends the purchase of the 16mm film "Surgical Procedures for Gingivoplasty and Gingivectomy" at a cost of about $250.00, for use by the various Dental Societies and Academies in Ontario, at no cost to the societies.

Action:
Approved by Board.

6.
The Committee asks the Board for permission to use the Board's lawyer to assist the O.D.N. & A.A. in organizing a committee for certification.

Action:
Deferred by Board pending further study by the Education Committee.

7.
The Committee recommends that Ontario Faculties of Dentistry include in their brochures and calendars the number of hours involved in the courses. Further, it would be helpful if the Universities could supply each participant with a statement concerning the subject material, number of academic hours, and clinician, and attesting to the participant's attendance.

Action:
Board agreed.

Action:
Report adopted.

EXECUTIVE COMMITTEE

Members: Dr. H.M. Jolley, Chairman; Drs. W.J. Dunn, R.W. Edwards, J.D. Purves, T. Wachna

Members-1968: Drs. J.D. Purves (Chairman); J.P. Coupland; H.M. Jolley; R. Michell; and A.B. Sutherland.

REPORT

January 1969

1.
A meeting of the Executive Committee was convened December 14, 1968, to complete several directives assigned to it by the Board.

2.
Continuing Education
The new interest by legislators in the requirement of proof of continuity of competence in dentistry has been brought to our attention through the Hearings of the Healing Arts. Viewpoints on this subject by the profession range from the requirements of examining of dental competence at regular intervals to the other extreme. It was felt that examination for what is basically a moral issue, is not realistic. The quality and quantity of present Continuing Education programs were evaluated. Three possible areas of activity could be utilized as follows:

(a) Faculties of Dentistry – consisting of a Continuing Education Department separate from the undergraduates or graduate programs but utilizing some staff from these areas. Financing of this program would be a major issue.

(b) District Dental Societies – present local societies and study groups have and will continue to provide clinicians in areas chosen by their members. Facilities for participation courses would be required. A profession-sponsored plan of this type would be extremely expensive for the limited number of dentists in Ontario. A program similar to the 1st District New York Dental Society in the Statler Hotel provides a facility only where the demand for postgraduate clinics becomes very great.

(c) The co-ordination of a program between the Department of Health and the Board could be activated. This is based upon the appointment of six regional dental health officers from the Department of Health. Programs of this type would be along lecture lines and could also be accomplished with the co-ordination of district dental societies acting in a group fashion. The presence of these regional co-ordinators in a permanent position could augur well for the continuity of these educational procedures.

The Executive Committee recommends:
(a) That the Continuing Education Committee review the present system of Extramural and Extension lectures and consider such items as need, attendance, area rather than Society meetings; and give further consideration to administration and co-ordination.

(b) That the Continuing Education Committee, in conjunction with its review, arrange a meeting with the Deans and Heads of Departments of Continuing Education.

(c) That the Continuing Education Committee do some long range planning about the R.C.D.S. Memorial Lectures.

(d) That the Continuing Education Committee study the future role of study clubs and the Academy of General Dentistry.

Action:
R.C.D.S. Board
It was agreed that these recommendations be referred to the Continuing Education Committee.

3.
Licensing Examinations
Past, present and future plans for licensure in Ontario require a searching study. Erosion of standards must not be tolerated in the interests of expediting treatment services. The broad range of dental services available to the public will be predicated on the demand or choice of such services. Incompetently performed services only require repetition and may ultimately end in terminal dentistry.

Quality also is a vital requirement in assessing of licensing requirements for dentists and for the determination of standards of auxiliary competence, having in mind the duties they perform, their training and their competence.

The Executive Committee recommends that the Board give consideration to:

(a) The establishing of an educational register. A dentist would remain on this register until such time as a bursary is repaid or contracted services rendered.

(b) The establishment of a special register which would permit dentists to work under supervision.

(c) The role of the N.D.E.B. and its possible participation in the examining of foreign dentists.

(d) The present Examiner-in-Chief forming a committee to prepare guidelines for the new examining system contemplated by the Board in 1969, and that a budget be prepared.

Action:
R.C.D.S. Board
Dr. K.F. Pownall said he understood May 1969 would be the last time the present examinations will be held and that a decision must be reached as to whether it was proposed to launch the new examination system in the fall of 1969 or in 1970. Dr. J.D. Purves advised that Quebec is conducting another examination in March and possibly the Board's thinking could be predicated on the number of applications received by Quebec.

It was agreed that the recommendations of the Executive Committee be referred to the Registration and Licensure Committee for study and report.

4.
C.D.A. Aims and Objective Conference
Based upon the solicitation of Board members regarding subjects to be considered at the C.D.A. Aims and Objective Conference, the Secretary listed topics which have been forwarded to the C.D.A. Secretary.

This was received for information by the R.C.D.S. Board

5.

C.D.A. Specialists and Specialization Committee

Since Dr. Yule required the viewpoints of the Board relative to his projected presentation to the C.D.A. Executive Committee by a December 12th deadline, the Executive Committee considered his report. Following general agreement on the report, two relevant conclusions were emphasized, viz:

(a) The proposed new grouping of specialties should be for academic purposes only, and to facilitate the function of the R.C.D. (Canada)

(b) The future proposal that specialties be represented as Governors of the C.D.A. when their numbers reached five hundred or more throughout Canada, was not acceptable to the Executive Committee. It was felt that adequate representation was achieved at meetings of the Board of Governors when a representative of the specialty group spoke on behalf of the group.

This was received for information by the R.C.D.S. Board

6.

The Administration of the R.C.D.S.

The possible extension of R.C.D.S. duties in the fields of continuing education, licensing methods, dental public health and preventive measures, discipline and complaint practices, along with the physical requirements inherent in the headquarters building, all represent reasons for adopting a cautious approach at the moment. In addition, the financial position of the O.D.A. and relationships with the C.D.A. necessitate clarification. Dentistry runs the great risk of being "overgoverned" for the limited number we represent.

A review of all headquarters' arrangements with the O.D.A. should currently be undertaken with the possibility of devising several approaches for consideration.

This was received for information by the R.C.D.S. Board

7.

Grant to C.D.A.

Following the motion by the O.D.A. Board of Governors in December to reduce the per capita grant to the C.D.A. to $30.00, the Executive Committee felt it imperative to advise the O.D.A. of the terms on which the R.C.D.S. turned over the corporate membership to the O.D.A. which were explicitly stated. The R.C.D.S. motion reads: "It was agreed (providing the new R.C.D.S. Board approves) to remind the O.D.A. Executive Council that it was understood when the corporate membership was handed over to them, that they would continue to support the C.D.A. in a similar manner to which the R.C.D.S. supported it."

Action:

R.C.D.S. Board

Dr. Jolley pointed out that at the time of the transfer of corporate membership from the R.C.D.S. to the O.D.A. one of the conditions was that the O.D.A. would undertake to assume the obligations to the C.D.A. that hitherto had been fulfilled by the R.C.D.S. Reference was made to the resolution of the R.C.D.S. Board passed February 25, 1967, as indicated above.

When it was agreed by the O.D.A. Board of Governors in December 1968 to reduce the per capita grant to the C.D.A. to $30, the Executive Council of the C.D.A. had recommended that the R.C.D.S. Board again remind the O.D.A. of the terms of the above resolution. Dr. Jolley said he understood that the O.D.A. undertook to maintain its financial support of the C.D.A. in the same proportion as all the other corporate members.

It was agreed that a letter be sent to the O.D.A. again reminding them of their moral obligation to support the C.D.A. to the extent of the support previously given by the R.C.D.S.

Action:
Report received.

THE UNIVERSITY OF TORONTO
Faculty of Dentistry
Dean: Roy G. Ellis

REPORT
June 1969 Meeting

1.
Introduction
Session 1968-69 which ends on June 30th, has been an unusually busy and productive period. Besides the programs related to the regular under-graduate courses, and all levels of continuing education, three major activities of great significance to the Faculty have been successfully concluded during the session.

2.
Faculty Council's Rules and Regulations
In conformity with the University of Toronto Act 1947 (as amended in 1953, 1955, 1958, 1959, 1964) and the Consolidated Statutes of the University of Toronto (24th March 1966) the Faculty Council has the responsibility for formulating and maintaining its Rules and Regulations.

A Committee under the Chairmanship of Dr. H.G. Poyton, including Dr. H.A. Hunter, and the Secretary of the Faculty, reviewed and revised the Rules and Regulations during Session 1968-69. Provision was made in this completely revised document for the addition of students to some Standing Committees of the Council. Subsequently, the Council approved the report and in addition agreed to extend an invitation to the Dental Students' Society to nominate three undergraduate students as full members of the Faculty Council. Copies of the newly revised Rules and Regulations were distributed to Chairmen of Departments in this Faculty, and to the Heads of Schools and Faculties in the University for their information. Many gratifying compliments resulted from this distribution.

3.
Users' Committee
In March, the Users' Committee submitted its report to the Faculty Council, after two years of study and research and time-consuming deliberations, directed toward determining the need for the expansion of postgraduate and graduate programs in the Faculty of Dentistry. The Users' Committee was under the Chairmanship of Dr. A.M. Hunt, Associate Dean for Postgraduate and Graduate Affairs and included as active members: G.S. Beagrie, R.C. Burgess, M.C. Johnston, and D.G. Woodside. Dr. John B. Macdonald conducted a study on behalf of the Committee into the nature and scope of postgraduate and graduate programs that might be developed in this Faculty. Mr. G.B. Bailey, Project Coordinator for the Health Sciences, contributed enormously to the work of the Committee. The Users' Committee Report was received by the Faculty Council on March 25th, and forwarded to the Resources Planning Committee of the University. Final detailed consideration of the Report will take place when the project has been given a priority rating.

4.
Curriculum Review
The third major review which was completed officially on April 21st, was con-

cerned primarily with the undergraduate curriculum. The Curriculum Review Committee was appointed and approved by the Faculty Council in November 1966, initially under the Chairmanship of Mr. J.H. Sword, and since May 1967, with Professor D.F. Forster, Vice Provost and Executive Assistant to the President. The membership of the Committee included: C.E. Purdy (Co-ordinating secretary); J. Kreutzer; D.B. McAdam; J.E. Speck; A.T. Storey; and Miss Dorothy Robertson (Recording Secretary).

Copies of the Report have been distributed to all members of the teaching staff, and I have supplied the Registrar (to-day) with sufficient copies for distribution to each member of the Board of Directors for study. The Chairmen of Departments in the Faculty have been urged to set up staff meetings for discussion of the Report in preparation for special meetings of the Faculty Council to be held in the fall to consider the recommendations in the Report. The views of students and other groups concerned with the Curriculum will be welcome. We trust that this Board will express its views on the recommendations through the official representatives of the Board on the Faculty Council.

5.

Examination Standards and Procedures

During the current session Dr. D.G. Woodside chaired a Committee, appointed to review the procedures and standards to be applied to all written examinations and preclinical and clinical assessments of students. In the final report, provision was made for rescaling written paper marks by the Biometrics Department, when necessary; the establishment of a statistically acceptable scale of minimum marks for each component of a multi-component examination paper; the continuation of the 57% average requirement, but in the case of the first and second dental years this 57% average be required separately for the written papers and similarly for the preclinical subjects.

6.

Registration

The progressive registration figures, for the last six years, are as follows:

	1963-64	1964-65	1965-66	1966-67	1967-68	1968-69
Undergraduate Course						
I Dental Year	127	127	125	125	124	124
II Dental Year	117	117	125	119	126	130
III Dental Year	118	115	115	129	119	120
IV Dental Year	120	123	121	122	129	127
Special Students	1	7	9	5	4	
Dental Hygiene						
I Year	49	47	50	49	46	46
II Year	45	47	44	48	41	38
Postgraduate & Graduate						
Diploma Courses	20	25	31	35	38	48
Bachelor of Science	3	6	5	6	4	12
Master of Science	4	10	9	16	9	7
Occasional Students	7	6	3	3	7	4
	611	630	637	657	647	666

The increase in the total registration for 1968-69 is accounted for, in the Post-graduate and Graduate component. The upward trend in numbers in Diploma and Graduate courses will continue, as plans for expansion of this aspect of dental education are fully developed.

7.

Applicants for Dentistry – 1968

The following statistics have been compiled from the application lists reviewed by the Admissions Committee at the time of the selection of the 1968-69 freshman class.

Applicants – by place of permanent address:

Metro Toronto	228	(35.3%)
Elsewhere in Ontario	239	(37%)
Other Provinces	91	(14.1%)
Outside Canada	88	(13.6%)
	646	(100%)

Committee Selections – place of permanent address:

Metro Toronto	80	out of 228	(35%)
Elsewhere in Ontario	83	out of 239	(34.7%)
Other Provinces	16	out of 91	(17.6%)
Outside Canada	2	out of 88	(2.3%)
	181		

Admission Offers – by place of permanent address:

Metro Toronto	80	(44.2%)
Elsewhere in Ontario	83	(46%)
Other Provinces	16	(8.7%)
Outside Canada	2	(1.1%)
	181	(100%)

Registrations – by place of permanent address:

Metro Toronto	69	(54.3%)
Elsewhere in Ontario	54	(42.5%)
Other Provinces	2	(1.6%)
Outside Canada	2	(1.6%)
	127	(100%)

Academic background of the 1968-69 Freshman Class:

57 with one year of University
18 with two or more – no degree
52 with degrees
127

8.

Student Financial Aid

The principal source of student aid in this Faculty is government funds, so that the amounts available each year – and the numbers of eligible students – depend on government policy, but the general trend has been upward. The following table shows total aid and the number of recipients in the last five years, a period in which enrolment has not varied greatly.

1963-64	$150,500	284 students
1964-65	279,100	364 students
1965-66	262,200	313 students
1966-67	291,500	307 students
1967-68	616,600	456 students

At present the main contributor is the Province of Ontario Student Awards Program (POSAP). This was introduced in late 1966 and had a partial effect in 1966-67, a full effect in 1967-68. It is a scheme of combined loans and bursaries which, in addition to making available more money for more students, has greatly improved the ratio of bursaries to loans. The following table shows the breakdown for 1967-68:

Loans	$249,700
Bursaries	359,100
Scholarships	7,800
Total	616,600

This total was shared by 456 students out of an enrolment of 625 full time undergraduates and postgraduates.

There is no reason to expect any important change in this pattern for the next year or two, although there may be a settling-down period after the large increase shown in 1967-68.

9.

Staff

On July 1st, 1968 Dr. P.G. Anderson was appointed Associate Dean for Undergraduate Affairs and Dr. A.M. Hunt, Associate Dean for Postgraduate Affairs.

Dr. M.C. Johnston, Associate Professor in Dentistry, leaves the staff on June 30th to assume a research appointment in the National Institute of Dental Research, Bethesda. Similarly, we are losing Dr. B.K. Arora, Assistant Professor of Oral Surgery, who has accepted the Professorship of Oral Surgery, at the Faculty of Dentistry, University of Saskatchewan. We wish both of them success and happiness in their new appointments.

Several new full time appointments have been made to commence in 1969-70. These include:

Roger L. Ellis – D.D.S. (1956), D.D.P.H. (1968), appointed Research Associate in Dental Public Health.

James H.P. Main – B.D.S. (1955), F.D.S.R.C.S. (Edin.) Ph.D. (1964) (Edin.), a pathologist, appointed with the rank of Professor.

Antony H. Melcher – B.D.S. (1949), H.D.D. (1958), M.D.S. (1960). (Witw.) Ph.D. (1964) (Lond.), a histologist, appointed with the rank of Professor.

Dennis C. Smith – M.Sc. (1953) (Lond.), Ph.D. (1957) (Manch.), F.R.I.C. (1958), a material scientist, appointed with the rank of Professor.

Norton S. Taichman – D.D.S. (1961) Ph.D. (1967) (Tor.) appointed on April 1, 1969 with the rank of Associate Professor.

In addition to these new full time appointments, Dr. Ross Fisk has relinquished part time status to become full time, with the rank of Associate Professor, on July 1st.

The total full time complement of staff as of July 1st, will be 40, compared with 19 on July 1st, 1963.

Financial provision has been approved for 1969-70 to add another two or three full time staff, if suitable persons can be recruited.

10.

Space

The steady acquisition of new full time staff is creating great problems in respect to accommodation in the dental building. To relieve the office space shortage, negotiations are proceeding with the University to rent the entire fourth floor of the building across the road from the dental school. It is anticipated that this space may be available about August 1st, 1969. It may be necessary to rent additional space at 123 Edward St. if a long delay is experienced in obtaining the expansion projected for the postgraduate and graduate division.

11.

Overseas Graduates

The accommodation in the dental building may be subject to new pressures in the near future. For twenty-five years the Dental Faculty, at the University of Toronto has provided a few places in each of the second, third and fourth dental years, for graduates of foreign dental schools, admitted to advanced standing. Last year, some detail as to these arrangements was provided in the annual report. During the period from 1945-1968, approximately 125 foreign dentists, immigrants to Canada, were accommodated. In the graduating class, which was presented at Convocation recently, thirteen (10% of class) were dentists in this category. This group included seven from India; two from Egypt; and one from each of Greece, Indonesia, Philippines and Turkey.

If the numbers become larger, as it appears they will, the use of the accommodation at night and on Saturdays, may become necessary.

12.

Shortage of Dentists

The Minister of Health of the Province of Ontario has expressed concern in respect to the shortage of physicians and dentists in Ontario. He has suggested that the medical and dental schools in Ontario be asked to consider doubling their present entering classes for one year, in order to help alleviate the shortage of professional manpower.

The Council of the Faculty of Dentistry has reviewed the question raised by the Minister of Health, and the consensus of opinion is that the immediate problem is one of maldistribution of dentists. The result is that some outlying and isolated communities are without dental service. It is probable also that some larger communities are short of dentists for reasons related to lack of appreciation of dental health, and socio-economic factors.

A "crash" program to produce more dentists, would not, in our opinion, solve these problems or assure dental service to these impoverished communities.

In response to the Minister's request, we suggested that a study be made of ways and means to assure delivery of dental services to people and communities in need. If such a study reveals that there is a critical shortage of dentists in Ontario, then a third dental school should be established, as recommended by the Royal Commission on Health Services, 1964 (Recommendation #156).

13.

Visit of Survey Team

During the week of February 24-26, the school was visited by the Survey Team

of the Council on Education of the Canadian Dental Association. The team comprised, Dr. C.W.B. McPhail (Chairman), Professor of Social and Preventive Dentistry, University of Saskatchewan; Dr. B.S. Bookhalter, Dental Practitioner, Regina; Dr. D. Harold Copp, Professor of Physiology, University of British Columbia and Mrs. M.E. Forgay, Director of the School of Dental Hygiene, University of Manitoba.

This was the fifth survey of the school in the past twenty years. The report of the Survey Team has not yet been received. Previous reports have always been constructive and extremely useful documents.

14.

Sioux Lookout Project

The University of Toronto is enthusiastically supporting the project to provide health care to the Indians and Eskimos in the region of Sioux Lookout, Ontario. The area covered is approximately one hundred thousand square miles. The base hospital at Sioux Lookout includes a dental clinic where much of the dental service will be rendered, but portable equipment will be carried and service given at the nursing stations scattered throughout the district.

This project is directed by Dr. H.W. Bain, Chief of Paediatrics, Hospital for Sick Children. Dr. K.W. Davey, Professor of Paedodontics and Chief of Dentistry, Hospital for Sick Children visited Sioux Lookout recently, to complete arrangements for the provision of dental service. Dr. J.R. McGinn has accepted a full time appointment as resident dentist at the Sioux Lookout Hospital. He will be assisted by the dental interns from the Toronto General Hospital, Toronto Western Hospital and possibly Mount Sinai Hospital, who will spend one month each in the Sioux Lookout zone on a rotational basis.

Other members of the staff of the Faculty of Dentistry, at Toronto, will serve as consultants as required.

15.

Research

Following lengthy negotiations involving the Association of Canadian Faculties of Dentistry, the Research Committee of the Canadian Dental Association and the Associate Committee for Dental Research, of the National Research Council, the N.R.C. Committee (established in 1945) was discontinued. The functions of the former N.R.C. Associate Committee have been assumed by the Medical Research Council.

Dentistry has been given adequate representation on the Medical Research Council and on its various Committees. Grants and awards for research have been made for 1969-70 by the Medical Research Council as follows:

RESEARCH GRANTS

Dr. G.S. Beagrie	"Oestrogenic effects on gingival tissues of the mouse."	$6,300.00
Dr. M. Goldner	"Studies on physiology of oral micro-organisms."	$6,000.00
Dr. M.C. Johnston	"Studies on the embryonic development of the face."	$2,500.00
Dr. D.W. Lewis	"Statistical consultation and analysis unit."	$10,000.00

Dr. A.T. Storey	"Initiation of Portal Reflexes."	$10,000.00
Dr. A.R. Ten Cate	"Factors initiating epithelial proliferation and migration."	$13,500.00
Dr. C.D. Torneck	"Factors related to the reaction and repair of the dental pulp in response to injury."	$6,000.00
Dr. D.G. Woodside	"Continuing Studies of Mandibular Growth rate and direction in a population of Canadian Children."	$14,000.00
Dr. F. Popovich	Medical Research Council Equipment.	$17,900.00

GENERAL RESEARCH GRANT

A General Research Grant of $10,000.00 is awarded to the Dean of each school of dentistry in Canada which has an established research program to be in accordance with local needs.

GRADUATE DENTAL RESEARCH FELLOWSHIPS

The following students have been awarded Medical Research Council Fellowships:

Dr. E. Freeman
Dr. K.C. Titley
Dr. W.J. Sinclair

UNDERGRADUATE AWARDS

The Medical Research Council provided a grant of $24,000.00 for summer Scholarships for students working in the Faculty research laboratories during the summer months. The following students have been selected for the summer of 1969.

Dental Year I
Baldassi, F.
Benedek, S.
Boucher, G.B.
Cambruzzi, J.V.
Chapnick, L.A.
Crotin, M.I.
Marko, T.
Paterson, D.J.
Solomon, G.R.
Ublansky, J.H.

Dental Year II
Barnett, Mrs. M.C.
Grinbergs, Miss M.K.
Gryfe, B.
Kinkartz, H.F.
Riley, R.L.
Shwaluk, S.

Dental Year III
Doucet, J.D.
Fleming, W.J.
Harnett, B.E.
Shapero, B.E.
Vasiga, G.J.

In addition to Grants and Awards from the Medical Research Council, the following Public Health Grants have been received:

PROVINCIAL PUBLIC HEALTH GRANTS – 1969 – 1970

Dean R.G. Ellis and Dr. F. Popovich	"Evaluation of Interceptive Orthodontics."	$36,120.00
Drs. C.H.M. Williams and M. Goldner	"Human Gingival Pocket Fluid."	$ 6,515.00
Dean R.G. Ellis and Dr. F. Popovich	"Preservation and Duplication of the Burlington Growth Study Records."	$55,000.00
Dr. D.W. Lewis	"Research Position in Epidemiology, Biometrics, or Biostatistics for Department of Preventive Dentistry."	$23,000.00

16.

Acknowledgements

The Ladies' Auxiliary to the Academy of Dentistry continues to support the Faculty, in providing generous financial assistance for dental treatment for needy children with serious dental problems. The Dental Alumni Association supports several Faculty projects, particularly those related to students. The Canadian Fund for Dental Education gave each of the Canadian schools a grant for "special" projects. To these organizations and many individuals we offer grateful appreciation.

17.

Appreciation to the Board

Included in the long list of "expenditures" recorded in the 1968 Proceedings of this Board, are a number of grants made by the Board to the Faculty of Dentistry, University of Toronto. Perhaps it would be appropriate to comment on the use made of these grants.

Contingency – $400.00

The Faculty Contingency Fund provides flowers for various occasions; gifts for staff leaving the Faculty; the dinner given by the staff in honor of the graduating classes.

Open House – $250.00

The cost of this important student recruitment effort has doubled since its inception in 1960. In 1968 the total cost was $850.00.

Research – $1,000.00

This grant is used to provide assistance with unexpected short term research projects, frequently related to the work of graduate students.

Library Contingency – $150.00

This grant is used in the purchase of rare books for the library and binding books in the Harry R. Abbott Collection.

MacLachlan Fund – $100.00

For many years Dr. Lorne MacLachlan of Ottawa has donated $250.00 toward a Fund which is used to underwrite expenses of staff members to attend courses or meetings related to Prosthodontics. This Board's grant supplements Dr. MacLachlan's contribution.

Willmott Scholarship – $300.00
Two scholarships of $150.00 each are awarded annually to the highest-ranking students in First and Second Years respectively. These were established by the Royal College of Dental Surgeons of Ontario in memory of James Branston Willmottt, Dean of the School of Dentistry of the Royal College of Dental Surgeons from 1875 to 1915.

Hygienists Admission Scholarship – $200.00
Awarded to the Dental Hygiene student on admission – with the highest academic standing. Established in 1967.

Undergraduate Journal – $150.00
To assist in defraying the costs of publication of the Undergraduate Student Journal.

R.C.D.S. Admission Scholarship – $600.00
Awarded to the Dental student on admission – with the highest academic standing. Established in 1962.

These nine grants are greatly appreciated by the University of Toronto, Faculty of Dentistry. They represent important assistance in a wide variety of projects affecting all aspects of life in a dental school.

Action:
Report received.

THE UNIVERSITY OF WESTERN ONTARIO
Faculty of Dentistry.
Dean: Wesley J. Dunn

REPORT
June 1969 Meeting

It is a privilege to present the fifth annual report of the Faculty of Dentistry of The University of Western Ontario to the Board of Directors of the Royal College of Dental Surgeons of Ontario.

A. EDUCATION
1.
Undergraduate Dental Curriculum
An interim dental curriculum was approved by Council at a special meeting held on October 3, 1968. The curriculum, developed after intensive study by an ad hoc committee under the chairmanship of Dr. P.G. Dellow, consists of several identifiable components:

1. Basic Sciences
2. Clinical Sciences
3. Interdepartmental courses and clinical seminars
4. Clinical and related experience
5. Areas of Concentration
6. Hospital Experience
7. Unassigned time.

There are several special features introduced in this curriculum which takes effect commencing in the 1969-1970 academic year:

i Integrated Teaching
A special interdepartmental time bracket is given in each of the four years and includes the teaching of specific topics, clinical applications of basic science, interdisciplinary conferences, televised demonstrations, teacher clinics, student seminars, and case presentations.

ii Early Clinical Experience
An early introduction to some clinical material should provide a purposeful orientation and allow a degree of continuity. It will be paralleled by a spread of basic science material into the senior years.

iii Areas of Concentration
A full time bracket in the fourth quarter of the final year is set aside for project work. All teaching departments may be involved and students will have a degree of election concerning their discipline. Students who need, in the views of their teachers or a special committee, further experience in a certain field may be required to spend this term making up their deficiencies.

iv Unassigned Time
One half day each week is categorized in all years of the curriculum as unassigned.

v Summer Clinical Period
A period of six weeks between the third and fourth year is assigned outside of the academic term for clinical experience; this will be free of formal lectures.

vi Hospital Experience

A two-week period is allowed in the fourth year for general hospital experience – full-time except for the formal lecture and interdisciplinary sessions.

At the October 3rd meeting, the ad hoc committee was dissolved and a standing Committee on Undergraduate Dental Curriculum was established. Its terms of reference are three in number:

1. To recommend on the aims and objectives of the undergraduate dental educational program.

2. To recommend a curriculum which will best serve to achieve these aims and objectives.

3. To report to Council at least once in each academic year.

The committee, in undertaking this vitally important assignment, has met on thirteen occasions during the year. On June 3, 1969 it presented its first major report to Council, such report dealing essentially with proposed objectives for an undergraduate dental curriculum. Because of the importance of clearly stated objectives to the development of an effective and meaningful teaching program and because these objectives cannot help but be of vital interest to the accrediting and licensing agencies, in particular, and to the profession, in general, a portion of the committee's report is attached as Appendix "A".

2.

Marking Scales

An ad hoc committee consisting of two members of faculty and two students was appointed for the purpose of recommending on an equitable method of reporting on student evaluation. The present system is to employ both numerical and letter grades and to report to students their ranking in the class.

Council has agreed that in the future a report will be mailed to each student showing his grade in each subject. The key to the grades is as follows:

A – Excellent performance
B – Good performance
C – Satisfactory performance
F – Unsatisfactory performance.

No longer will a less than satisfactory performance in any discipline be compensated for by a more superior performance in another discipline.

Because of the fact that certain institutions continue to require information bearing on student ranking, the Faculty has agreed that for certain purposes a ranking system applicable to the entire class is required. Such ranks, however, will be made available only to appropriate institutions at the request of the student concerned. Rankings will not form a portion of the annual report which is transmitted to the students.

The ad hoc committee on Marking Scales is now studying methods, consistent with the grading system approved, of making ranking possible. A further report on this subject from the ad hoc committee will be presented to the Executive Committee of the Council in the fall of 1969.

3.

Scholarships and Awards

The Faculty is most fortunate in having had, even at this relatively early stage in

its development, several academic awards established. The list of scholarships and prizes which can be earned by eligible students is attached as Appendix "B". Appreciation is extended to all donors who, by their participating interest, stimulate an interest in and concern for academic and clinical excellence.

4.

Advanced Training in Dentistry

The first major step toward the establishment of graduate education in clinical disciplines in Western's Faculty of Dentistry has been taken. On March 24, 1969 the Council of the Faculty approved the report of an ad hoc committee, established about a year ago, under the chairmanship of Dr. A.G. Parnell, Professor and Chairman of the Department of Oral Surgery.

The report reaffirmed the fact that from its inception the Faculty of Dentistry never anticipated limiting itself to undergraduate education. This is obvious on viewing the Dental Sciences Building which already possesses the physical facilities for the clinical training of graduate students in a separate graduate clinic.

While the majority of dental graduate programs are likely to be in the recognized clinical specialties, the Faculty does not propose to be bound by such arbitrary limit. Programs may be offered in other clinical disciplines which, as yet, are not recognized as areas of specialist endeavour. Most of the clinical experience associated with these programs will be acquired within the Dental Sciences Building although some hospital residencies are anticipated.

It was agreed that in establishing graduate training programs certain pre-requisites are required. The depth, quality, and content of the training should enable the graduate to apply for specialty certification in Ontario and to assure his eligibility for the Fellowship Examinations of the Royal College of Dentists of Canada if he so desires.

It has been recommended that upon successful completion of the course of study the degree of Master of Clinical Dentistry (M.Clin.Dent.) be awarded. Although the degree is being established for graduate training in clinical dental disciplines, it should have some characteristics normally associated with non-clinical graduate programs. While a formal thesis would probably not be required there should be some specific project, paper, or review of the literature.

The report has now gone forward to the Faculty of Graduate Studies, the academic unit of the university in which the graduate program will be established. The clinical departments are directing themselves to the development of curricula and course content hopefully that all necessary approvals will be obtained to permit the initiation of the graduate clinical program in the fall of 1971.

5.

Program in Dental Hygiene

The Senate of The University of Western Ontario, at its meeting on May 9th, 1969, endorsed, in principle, the development of a four-year baccalaureate program for dental hygiene within the Faculty of Dentistry.

At the September, 1968 meeting of the Council an ad hoc committee, under the chairmanship of Dr. B.P. Martinello, Chairman, Department of Social Dentistry, was appointed to inquire into and recommend on the establishment of a dental hygiene program at The University of Western Ontario. Following the committee's deliberations it was proposed that a baccalaureate program for dental hygiene be established.

One objective of such a program is to supply qualified personnel to staff existing, expanded, and new programs of dental hygiene education designed to cope with the need for educating greatly increased numbers of dental hygienists. The program would also supply hygienists, qualified beyond the diploma level, to participate in research and for senior public health administrative positions. In order to produce personnel of the highest calibre for these purposes, a broad university program is necessary. At the present time, there are no degree programs for dental hygiene in Canada and it seemed urgent, therefore, and essential to initiate one. These views are supported by the Ontario Council of Health, the Canadian Dental Hygienists' Association, and the Directors of the five Schools of Dental Hygiene currently operating in Canada.

The proposed program will consist of four academic years of study from Ontario Grade XIII or equivalent standing and will be open to men or women. The first year will be taken in the Faculty of Science, and it will comprise courses from the Natural Sciences, Social Sciences, and Humanities. The second, third, and fourth years will be taken in the Faculty of Dentistry. The courses will cover the general areas of Arts and Social Sciences, Basic Dental Sciences, and Clinical Dental Sciences and will be integrated throughout the three years. On successful completion of the program a Bachelor of Science (Dental Hygiene) degree is to be awarded.

The class size in each of the academic years is to be twenty students with a projected target date for the first students to be enrolled in the program in September, 1970.

6.
Continuing Education
During 1968-1969 seven short non-credit courses and seminars were arranged and, apart from members of faculty who attended, there was a total attendance of 119.

Twenty-one lecture engagements were provided to dental societies throughout the province under the Extramural Lecture Program of the Royal College of Dental Surgeons of Ontario and of these sixteen were presented by full-time members of faculty and five by part-time members.

At least four non-credit courses have been scheduled for the 1969-1970 academic year and one of these will be sponsored by the Royal College of Dental Surgeons of Ontario.

7.
Dental Education – Allied Professions
While certain individual members of the Faculty have been participating in some educational programs for members of allied professions it was the view of the Faculty that these efforts were sporadic, unco-ordinated, and less effective than is possible.

An Interdepartmental Committee on Dental Education for Allied Professions was established to give consideration to and recommend on policies relating to the participation of the Faculty of Dentistry in the "dental" component of the educational programs of allied professions. In addition, this committee will give consideration to and recommend on the role of the Faculty of Dentistry in respect of educational television as such role relates to activities outside the normal undergraduate or graduate programs.

8.

Statement on Present and Projected Enrolments

In January 1969 the Faculty, in response to a request from the Minister of Health, was asked to comment on the feasibility of significantly increasing its present and projected enrolment. A great deal of time and careful consideration were given to this request and a small ad hoc committee prepared a statement which was eventually endorsed unanimously both by the Executive Committee and the Council itself. This statement is attached as Appendix "C". This Faculty respectfully suggests that it is making every possible effort, consistent with a reasonable degree of academic and clinical integrity, to develop its undergraduate, graduate, and dental hygiene programs with all due dispatch in full appreciation of the fact that it has a major responsibility in providing a maximum number of graduates of unquestioned competence to serve the dental health needs of the people of Ontario.

9.

Trimestre System

To assure that the Faculty is giving every possible consideration to ways and means to achieve the greatest possible number of graduates consistent with academically and clinically responsible standards it was decided to make a study of the possible utilization of a trimestre system. A two-member ad hoc committee was established consisting of Dr. B.P. Martinello, Chairman, Department of Social Dentistry, and Dr. W.C.C. McMurray, Associate Professor of Biochemistry, to consider the desirability, feasibility, implications and possible ramifications of a trimestre system. The committee is experiencing considerable difficulty in acquiring pertinent information but the committee's investigations are continuing and it is hoped that some positive progress may soon be made.

10.

Accreditation Preparation

October 1969 will be a most important month in the life of this, as yet, somewhat embryonic Faculty. The Faculty will be visited by a Survey Team appointed by the Council on Education of The Canadian Dental Association and it is hoped that, following the report of the Team to Council, this Faculty will be accredited.

The Council on Education of The Canadian Dental Association has considerably revamped its accreditation procedures. A committee on Survey Policy has been established by Council and this committee is representative of Council, Association of Canadian Faculties of Dentistry, and the National Dental Examining Board of Canada. The committee is responsible for recommending policy to Council and the administrative functions in respect of surveys will be carried out by the Secretariat of the Council.

This Faculty has established an ad hoc committee to effect the preparations for the visit of the Survey Team and it is confidently expected that this Faculty will meet, and hopefully exceed, the Canadian Dental Association's minimum requirements for the accreditation of a dental school.

11.

Anonymity in Final Examinations

In an effort to be as thoroughly objective as humanly possible in respect of student evaluation the Faculty has developed a policy which states that, wherever practicable, all final examinations and essays and projects related to the final

grades be identified in such a way that the examiner has no knowledge of the examinee's name until completion of the scoring of the examination, essay, or project. This system was utilized in respect of this year's final examinations and appeared to work well.

12.

Mentor System

The University of Western Ontario Dental Students' Society formulated plans, during the year, to establish a Mentor System within the Faculty. The purpose of the program is to establish a mechanism whereby a member of faculty, either full-time or part-time, may be assigned three or four students for whom he acts as mentor. Students may discuss with him any matters which may interest or concern them and it is hoped that the mentors will take a participating interest in the academic, clinical, and social welfare of the students who have been assigned to them. The students themselves are responsible for the operation of the Mentor System and the committee responsible consists of a majority of students with two members of faculty elected by Council at the request of the students.

13.

RCDS Admissions Scholarship – 1968

Only one student was eligible for the RCDS Admissions Scholarship for the first year entering in September, 1968. Mr. Hytham Ali Kadrie, having met all the requirements for the award, was granted the RCDS Centennial Admissions Scholarship for the 1968-1969 academic year. Unfortunately, Mr. Kadrie withdrew from the dental program at the end of the third quarter. He was admitted to the First Year of the Faculty of Medicine and, as was expected, distinguished himself at the final examinations of that Faculty.

14.

Students' Performance

The following is a summary of the 1968-1969 academic performance of the students in the Faculty of Dentistry of The University of Western Ontario:

First Year

Number of students	30	
Number with honours	3	
Number passed	26	
Number with conditions	1	Biochemistry

Awards:

1. RCDS Scholarship . . . . . D.S. Sweet
2. Mosby Book Awards:
   - Anatomy . . . . . G.C. Cooper
   - Physiology . . . . . D.S. Sweet
   - Occlusion . . . . . D.F. Saunders.

Second Year

Number of students	10	
Number with honours	2	
Number passed	6	
Number with conditions	1	Pathology
Number failed	1	Advanced Standing–not permitted to repeat

Awards:

1. RCDS Scholarship . . . . . R.L. Beath
2. Mosby Book Awards:
   – Oral Pathology . . . . . R.L. Beath
   – Restorative Dentistry . . . . . D.M. Lawton
3. Hamilton Academy of Dentistry
   Award in Oral Medicine . . . . . A.C.J. Sylvestre.

Third Year

Number of students	7
Number with honours	2
Number passed	5

Awards:

1. International College of
   Dentists Award . . . . . D.J. Kenny
2. Oral Surgery Award . . . . . A.J. Goldfarb
3. Centennial Paediatric Dentistry
   Award . . . . . Mrs. M. MacLoghlin
4. Restorative Dentistry Award . . . . . Mrs. M. MacLoghlin.

B. RESEARCH

15.

Medical Research Council

In October 1968 the Faculty was advised that arrangements had been completed for the transfer from the National Research Council to the Medical Research Council of the responsibility of that part of the support of dental research formerly provided by NRC. In response to our concern with the possible limitation in interpretation of the name "Medical Research Council" the Chairman of the Council replied that MRC has placed itself on record as being in favour of a change of name to Health Sciences Research Council.

In late January of 1969 the Faculty was advised that as it had been the practice of the Medical Research Council to provide the dean of each Canadian medical school and, more recently, of each School of Pharmacy, with a General Research Grant to be used for the support of research in his university that the practice would now be extended to dental schools as well. This Faculty has received an amount of $10,000 to be used for the assistance of research. These grants may not be used for overhead expenses or for the supplementation of salaries of academic personnel but, aside from these limitations, each General Research Grant of the Medical Research Council may be used at the discretion of the dean for the prosecution of research in whatever way he thinks best.

This Faculty extends sincere appreciation to the Medical Council of Canada for this most welcome and effective support.

16.

MRC Summer Undergraduate Research Scholarships

In keeping with the practice established by NRC for dental schools the MRC has made available, for the summer of 1969, two Summer Undergraduate Research Scholarships. These awards are in the amount of $1,200 each and are granted to carefully selected students who will spend three months during the summer engaged in research activities in departments in which they have research interests. Mr. John Lynn of the Second Year will be spending the summer with Dr. L.N. Johnson in Dental Materials Science Research and Mr. Joseph Cipolla will be working with Dr. K. Hoshino in the Department of Anatomy.

17.

Fourth Dental Students' Research Conference

The Fourth Dental Students' Research Conference was held on February 27th and 28th and March 1st, 1969 in Washington, D.C. Organized by the Council on Dental Research of the American Dental Association and co-sponsored by the Procter and Gamble Company the Conference permits an opportunity for one selected student from each of the North American dental schools to spend three days in activities designed to acquaint dental students with the activities involved in and the scope of dental research. Mr. John A. Lynn of the Second Year was the representative of this Faculty and his report to his student colleagues following his return attested to the great value of this Annual Conference.

18.

Bill 73

The Faculty expressed considerable interest in the hoped for enactment of Bill 73, An Act to Regulate the Procurement and to Provide for the Welfare of Animals Used in Teaching and Research. At this writing, this Bill has not left the committee stage but it is hoped that the legislature of Ontario will enact it at the earliest possible date. The Bill, in spite of some of the emotional opposition to which it was subjected, is a major step forward in animal care and it is a statute which should be supported by anyone who has an interest in animals but at the same time does not wish to curtail or circumscribe important scientific investigation.

C. GENERAL INTEREST

19.

Official Opening

On Friday, October 25, 1968 Western's new Dental Sciences Building was officially opened. The ceremonies commenced on Thursday, October 24 when the Inaugural Public Lecture was presented in Middlesex College Theatre by Dr. Gordon Nikiforuk, at the time Acting Dean of the School of Dentistry of the University of California in Los Angeles.

On Friday morning, under the chairmanship of Mr. Albert E. Shepherd, Q.C., Chairman of Western's Board of Governors, the Dental Sciences Building was officially opened by the Honourable Matthew B. Dymond, M.D., LL.D., Minister of Health of Ontario. During the ceremony a beautiful oil painting was presented to the school by Dr. Roy G. Ellis on behalf of the Faculty of Dentistry of the University of Toronto. This painting now hangs in the Conference Room in the Dental Sciences Building.

Following the Official Opening the building was available for inspection, with the students acting as guides.

During the afternoon, at the regular Fall Convocation, an Honorary Doctor of Laws degree was conferred upon Dr. Ellis who then addressed Convocation.

20.

University Hospital – Sod Turning Ceremony

The planning of several years reached fruition on Monday, June 2nd, 1969 at the Sod Turning Ceremony for University Hospital. The construction phase of the $36,000,000 project commenced immediately following the ceremony. Mr. J.H. Stevens, the President of the London Health Association, the organization under whose aegis the hospital will operate in conjunction with the university, presided. The Honourable Matthew B. Dymond, M.D., LL.D., Minister of Health,

turned the sod assisted by Mr. Walter J. Blackburn, the Chairman of the Planning Committee.

When the Council of the Faculty of Dentistry met on June 3rd it extended sincere congratulations to Dr. O. H. Warwick, Vice-President (Health Sciences), for the many months of effort he has given and the effective leadership he has provided. On completion, The University of Western Ontario's Health Sciences Centre will consist of five interconnected buildings with a total floor area of slightly in excess of 23 acres.

It is expected that the construction phase will take approximately 30 months and the building, therefore, should be ready for occupancy in late 1971 or very early in 1972.

A dental department of slightly in excess of 2,000 square feet consisting of eight operatories and provision for associated facilities, will be provided.

21.

Faculty Constitution

The Senate is the supreme academic authority within the university. Faculty Councils are responsible to Senate for the academic policies and programs within the Faculties.

On September 27, 1968 the Constitution of the Faculty of Dentistry was approved by Senate. This document is attached as Appendix "D".

22.

Other Faculties Represented on Council

Because admission to the Faculty of Dentistry follows a period of "pre-professional" education it was considered highly appropriate that Council benefit from the views, opinions, and counsel of representatives of the Faculties of Arts, Social Science, and Science. Accordingly, the Faculties of Arts and Social Science were requested each to send one delegate to the Council of the Faculty of Dentistry and the Faculty of Science was requested to elect two. It is a pleasure to report that the Council of the Faculty of Dentistry now includes:

1. From Faculty of Arts ..... Professor Frank Salter
2. From Faculty of Social Science ..... Professor L.W. Chamberlain
3. From Faculty of Science ..... Professor D.A. McLarty
   Professor L.F. Ritcey.

23.

Advisory Committee to the Faculty of Dentistry

The first meeting ever held in the Conference Room of the Dental Sciences Building was that of the Advisory Committee to the Faculty, such meeting being held on October 2nd, 1968. Attending the meeting were representatives of the Royal College of Dental Surgeons of Ontario, Canadian Dental Association, Ontario Dental Association, Royal College of Dentists of Canada, the three teaching hospitals in London, the dental service of the London Board of Education, the dental service of the Department of Veterans' Affairs, and The University of Western Ontario, the latter including the Faculty of Nursing, Faculty of Medicine, the Basic Science and Clinical Departments, and the Dental Students' Society. Regrets for their inability to attend were received from the appointed representatives of the National Dental Examining Board of Canada and the London and District Dental Society.

The establishment of the Advisory Committee gives tangible evidence that the community and the profession have an interest in and concern for the quality of dental education and research. The committee provides a mechanism, on the one hand, for the Faculty to receive information, responsible counsel and advice and, on the other, for the community and the profession to ascertain information bearing on the policies, programs, hopes, and aspirations of the Faculty.

Dr. Harvey W. Reid was unanimously elected Chairman of the Advisory Committee and he served throughout the meeting in a most effective and efficient manner.

The Advisory Committee employed the previous year's Annual Report as its resource document and most of the day was spent in its review.

Unquestionably, the Faculty derived considerable benefit from the participation of the members of the Advisory Committee and it is hoped that through the vehicle of communication which the Advisory Committee provides that the representatives will have acquired a greater understanding of some of the policies, plans, and programs either in effect or contemplated.

It is expected that the second meeting of the Advisory Committee will be held in October or November, 1969.

24.

Recruitment Activity

On Monday, March 17, 1969, 33 high school students were brought to the Faculty through a joint effort of the Dental Public Health Committee of The Ontario Dental Association and the Faculty of Dentistry of The University of Western Ontario. The students were given a tour of the Dental Sciences Building, were taken to Thames Hall for a tour of the athletic facilities of the university, were guests at a banquet in the Great Hall of Somerville House and were then billeted overnight in the homes of London dentists. The students were returned to the Dental Sciences Building on Tuesday morning for the return trip to their homes. Dr. B.P. Martinello was in charge of the local arrangements, assisted by Dr. Gordon Frey, the Chairman of the Dental Public Health Committee of the London and District Dental Society. This was a most worthwhile activity and was a suitable culmination of several such arrangements made by Dr. Glenn T. Mitton, now retired from the post of Field Secretary, Dental Public Health Committee, The Ontario Dental Association.

25.

Class Size, 1969-1970

Council has established the size of the incoming freshman class in September 1969 at a figure not to exceed 42. In addition, Council has agreed to admit not more than four students to the Second Year as Advanced Standing students. The estimated class sizes, then, for the academic year 1969-1970 are as follows:

First	42
Second	34
Third	9
Fourth	7.

26.

Utilization and Training of Dental Auxiliaries

Late in 1968 the Association of Canadian Faculties of Dentistry requested each Canadian dental school to prepare a statement on the school's views on the

utilization and training of dental auxiliaries. The statement unanimously adopted by this Faculty is in essential agreement with the resolution on auxiliary personnel presented to the 1968 Annual Meeting of the Board of Governors of The Canadian Dental Association by the Association's Auxiliary Services Committee. Because of the importance of this subject and because it seems appropriate that the views of this Faculty on this subject should be known the statement is attached to this report as Appendix "E".

27.

Social Behaviour within a University

On November 27th, 1967 the President's Committee of Inquiry into Social Behaviour was appointed under the chairmanship of Dean A.W.R. Carrothers of the Faculty of Law. The report of this committee, "Let Right Be Done," was submitted to Senate on March 25, 1968. A special meeting of the Senate was held on May 3rd, 1968 for discussion of the report.

At its meeting on May 3rd the Senate requested that the University Liaison Committee make recommendations concerning the implementation of the report and that first priority be given to this task. The University Liaison Committee met on October 10th and recommended that the Senate establish its own Committee to examine the Carrothers Report and its implementation.

On October 24th the Senate established an ad hoc committee to study the Carrothers Report, to receive and consider views of the report, and to report to Senate with recommendations as to the policy and procedure the university might adopt with regard to social behaviour.

The Committee consisted of three students and three members of faculty and Professor H.J. Johnson of the Department of Philosophy was appointed its chairman.

The Committee held 24 meetings and submitted a report to Senate on April 25th, 1969.

The Committee adopted the division of offences and of corresponding judicial structures to deal with them as determined by the Carrothers Report. The Committee found genuine distinctions among the issues involved. The classification of offences follows:

1. Academic Control and Scholastic Evaluation, without any disciplinary object;

2. Scholastic Offences which related to the improper performance of scholastic requirements, e.g., cheating, plagiarism;

3. Socio-academic Offences which relate to the destruction of university property or the disruption of university functions.

Because there are distinctions the committee has recommended different methods of dealing with offences when they arise within these classifications. While it appears that many members of faculty and the University Students' Council are not entirely in agreement with the procedures presented the Faculty of Dentistry has recommended that the procedures proposed by the Senate's ad hoc Committee on the Carrothers Report be approved for one year and that Senate undertake the responsibility for review of this report at the end of one year.

There have been major changes in university government over the past few years and The University of Western Ontario, with the enactment of its new statute, with the establishment of a truly academic Senate, and with provision for active and responsible student participation in all levels of university government has

been in the forefront of even the more progressive universities. The provisions in the report on the Carrothers Report for dealing with academic standards, scholastic discipline, and socio-academic offences while perhaps not perfect are at least a reasonable foundation upon which a more permanent structure can be built.

28.

Indian and Northern Affairs

The Deputy Minister of the Department of National Health and Welfare has suggested that each Health Sciences teaching centre might develop a relationship with local northern Indian and Eskimo areas with a view to improving the provision of comprehensive and continuous health care for Indians and Eskimos. A meeting was convened between personnel from UWO's Health Sciences and Drs. K. Butler and D. Box of the Department of National Health and Welfare. From this meeting an ad hoc Committee re Indian and Northern Health Services was established.

The committee met in April and some consideration was given to the feasibility of the university engaging itself in an area in the MacKenzie District. It was agreed that any services provided by the university should be associated with research and teaching, the main functions of the university. It was the general feeling that the educational value of working in these areas would be the increased awareness of the social responsibilities of health workers.

Dr. B.P. Martinello is the representative of this Faculty on the ad hoc committee and this committee intends to delve more deeply into this important subject.

D. ACADEMIC APPOINTMENTS

29.

New Faculty – 1969-1970

It is a pleasure to report the appointment of five colleagues to the full-time clinical department staff of this Faculty, effective in the forthcoming academic year.

(a) Department of Oral Medicine
– John A. Reid, D.D.S., – formerly Clinical Assistant Professor (half-time appointment) will on July 1, 1969 become a member of the full-time faculty as Assistant Professor of Dental Radiology.

(b) Department of Oral Surgery
– Ian D.F. Schofield, B.A., D.D.S., F.R.C.D., Associate Professor of Oral Surgery.

(c) Department of Restorative Dentistry
– A. John Gwinnett, Ph.D., B.D.S., L.D.S., R.C.S., Associate Professor of Restorative Dentistry and Associate Professor of Anatomy (Joint Appointment);
– Dennis H. Skinner, D.D.S., Associate Professor of Restorative Dentistry;
– M. Suzuki, D.D.S., M.S.D., D.M.D., Assistant Professor of Restorative Dentistry.

E. CONCLUSION

30.

Appreciation to the Board

Again, this report cannot be concluded without a word of deep and sincere appreciation to the Board for its participating interest in and concern for the development of Western's Faculty of Dentistry. The provision of scholarships

and awards, the assistance given to the Dental Students' Society in respect of the publication of its excellent journal, the provision of some contingency funds to enable certain activities which could not be engaged in through the normal budgeting process, and the willingness to have representatives serve on the Advisory Committee to the Faculty are but a few of the ways in which the Board exhibits a concerned interest in this school. The members of faculty and the student body join with the writer in extending to the Board of Directors and Members of the Royal College of Dental Surgeons of Ontario their deep and sincere appreciation.

Action:
Report received.

APPENDIX A

OBJECTIVES OF THE UNDERGRADUATE DENTAL CURRICULUM

I – GENERAL

The objectives of the undergraduate dental curriculum are to provide suitable students with an academic environment conducive to a broad education, including the acquisition of the special knowledge and skills of dentistry.

There should be developed within the student an intellectual curiosity, an ability to reason, the realization of the need for continuing education, and the sense of his professional and social responsibilities.

The student should also attain a knowledge of the basic sciences related to dentistry, including the application of these sciences to his clinical practice, a high degree of clinical ability, an understanding of, and interest in research and education, a knowledge of and the ability to practise preventive dentistry, an ability to conduct a practice properly including the utilization of auxiliary personnel, and a highly developed sense of ethical principles in professional life.

II – A BASIC SCIENCE CORE

Although the "Basic Science" training of a Dental Graduate does not start with the first year in dental school nor cease after the second year, it is during this period of instruction that a necessary core of scientific knowledge should be acquired. The basic science core depending on the subject, and at the discretion of the departments concerned, will vary in extent and may be applicable to other teaching programmés. The core should include the facts and principles necessary for a rational approach to the Applied and Clinical Science of Dentistry and necessary for an understanding of future advances in both Basic and Clinical fields of endeavour.

The Basic Science core, along with the Applied Basic Science courses and contributions to integrated Basic-Clinical teaching should qualify the Dental Graduate to apply to the Faculty of Graduate Studies for entrance into the M.Sc. and Ph.D. programmes.

Time should be made available throughout the four years of study during which a student may, if inclined, elect to take more extensive or advanced training in the basic sciences.

II – B APPLIED BASIC SCIENCES

Applied Basic Sciences refers to those specialized, applied and detailed topics particularly relevant to the oro-facial complex and the practice of dentistry. This concept suggests that many of these topics are especially suitable for multi-disciplinary teaching.

The objectives of the Applied Basic Sciences are embraced by the Objectives stated in "Basic Science Core" (Part IIA) in that together, both constitute a level of basic science education sufficient for admission to a graduate basic science programme. In addition, Applied Basic Science is a prerequisite, and in some instances a component of the Clinical Sciences (Part IIC).

(The full report provides a partial list of topics which could be included.)

II – C CLINICAL OBJECTIVES

A dentist upon graduation from The University of Western Ontario should be able to conduct his professional activity in an ethical manner and to apply his skill and knowledge with discrimination so that he will be able to:

1. TEACH dental knowledge effectively to lay groups and individuals. The knowledge imparted would include:

(a) the importance of dental health to the community and to the individual;

(b) what the community or individual could do to prevent dental problems; and

(c) how the community or individual could provide care for dental conditions.

2. PROVIDE preventive dentistry for his patients consistent with the current state of knowledge of the subject. This would require:

(a) a knowledge of the etiology of oral disease and other oral conditions requiring dental care so that primary prevention could be applied;

(b) diagnostic skill to permit detection of disease in its incipiency in order to intercept a process that might endanger the dental or general health of the individual;

(c) skill with which to perform services so that disease will not result from treatment.

3. DIAGNOSE problems of dental significance including:

(a) the diagnosis of pain manifest in oral and temporomandibular regions;

(b) the diagnosis of oral lesions of soft and hard tissue;

(c) the diagnosis of disfunction of occlusion, temporomandibular joint function, mastication, salivary and oral physiology in general;

(d) identify and differentiate normal and the more common abnormal growth abnormalities of the oro-facial structures;

(e) conditions of the dental pulp;

(f) the application of suitable diagnostic procedures including biopsy where indicated.

4. EVALUATE diagnostic information of the more commonly occurring conditions so that:

(a) a prognosis may be developed;

(b) an orderly treatment plan may be forthcoming and effectively presented for those conditions falling within his competence, and

(c) he may refer to the appropriate specialist and with the proper preparation those conditions requiring the services of suitably qualified medical or dental specialists.

5. CARRY out those services included in the undergraduate curriculum with sufficient skill so that the patient's welfare is well served and with sufficient productivity to serve the needs of the patient, the community and the dentist. Those services would include:

(a) in oral surgery, dento-alveolar surgery within his limitations, including tooth extraction, root removal, simple impactions, apicoectomy and alveoloplasty;

(b) in oral medicine, he should be able to take radiographs of high diagnostic quality and to interpret the normal from the abnormal. He should, in addition, be able to provide therapy in the treatment of the more common oral conditions and achieve competence in the following procedures; subgingival root planing, soft tissue curettage, prevention and remedial periodontal procedures and such surgical steps as gingivoplasty, gingivectomy and flap procedures;

(c) in restorative dentistry, he will be able to construct a wide variety of fixed and removable prosthetic appliances to restore anterior and posterior occlusion and esthetics. He will be able to provide adequate restorative services utilizing various filling materials and will have obtained, through Dental Materials Science, a knowledge of filling materials which will allow for satisfactory clinical manipulation of these materials and will allow the proper basis for evaluation of and use of materials which will be developed in the future. In Endodontics, he will be able to perform vital pulp therapy on all teeth in the form of pulp capping, pulpotomy and pulpectomy and to perform non-vital pulp therapy on anterior and uncomplicated posterior teeth where indicated;

(d) he will be able to evaluate the severity of malocclusion in terms of his ability to successfully intercept or correct such malocclusions; treating those simple cases which are within his competence and recognizing his limitations, refer the more complex cases to those with greater ability. For the psychologically and physiologically immature, he will be able to provide those restorative procedures required for the treatment of traumatic injuries to the teeth and dental caries – recognizing the difference between normal and abnormal behaviour in children and coping with the normal child in the dental situation;

(e) he will be able to administer local anaesthetics and to diagnose and treat complications that may ensue. He will have a theoretical and working knowledge of out-patient general anaesthesia, understanding the limitations and complexities of general anaesthesia as applied to out-patient dentistry;

(f) he must be able to utilize with safety and efficiency the appropriate dental medications, prescribing and administering as indicated, and treating the complications that may ensue;

(g) he must be able to recognize emergencies occurring in the dental environment and to be able to apply the appropriate emergency care.

6. PROVIDE the appropriate dental service within his competence to patients in hospitals or other environments outside of his office, in a manner consistent with the protocol of those situations including the hospital operating room and also to utilize the hospital services to the advantage of his patients.

7. (a) PARTICIPATE in organized dentistry with an understanding of the laws, rules, and principles of ethics that govern the profession and the administrative structure of organized dentistry;

(b) UTILIZE, and assist his patients in employing, the available systems for the delivery and financing of dental care;

(c) CONDUCT practice consistent with current good practice standards, including:

i. the establishment of a record system to protect his legal rights and ensure fair recompense for his services;
ii. due regard for the legal and ethical circumstances of establishing a private practice, purchasing a practice, partnership, leases, insurance, and the establishment of financial security;
iii. the training, delegation, and effective utilization in an ethical manner of dental auxiliaries as they become available.

8. (a) ADAPT readily to developing knowledge in dentistry, critically appraising reports, products, and procedures according to sound scientific and statistical principles;

(b) ASSIST in clinical trials and in the accumulation of sound clinical data.

SCHOLARSHIPS AND PRIZES

Name of Award	Donor	Year(s) Applicable	Eligibility	Value
1. RCDS Centennial Admissions Scholarship	RCDS	Admission to First Year	Have attained at least a "B" standing in each of the mandatory pre-dental subjects at university level as well as an over-all "A" average in these subjects.	1st $350.00 2nd $250.00
2. RCDS Scholarships	RCDS	First & Second	Awarded to student ranking highest in honours.	$150.00 each
3. ODA Honorary Members Prize	ODA	All years.	Undergraduate student who wrote the best article of a cultural nature which was published in an undergraduate journal of an Ontario Faculty of Dentistry.	$40.00
4. Mosby Book Awards	C.V. Mosby Co.	First, Second, and Third	Students adjudged most proficient in the subjects designated by the Scholarships and Awards Committee.	5 books
5. Hamilton Academy of Dentistry Award in Oral Medicine	Hamilton Academy of Dentistry	Second	Student who displays highest degree of academic excellence in Oral Medicine.	Plaque
6. Centennial Paediatric Dentistry Award	Ladies' Auxiliary to London & District Dental Society	Third	Student who is most proficient in Paediatric Dentistry	$100.00 and plaque
7. International College of Dentists Award	Canadian Section, ICD	Third	Student who best combines academic proficiency and participation in extra-curricular activities.	$100.00 and Certificate
8. Oral Surgery Award	Elgin Dental Association	Third	Student who shows greatest proficiency in Oral Surgery.	$50.00 and plaque
9. Restorative Dentistry Award	Dr. D. B. Gilboe	Third	Student who is most proficient in Restorative Dentistry.	$100.00 and plaque

SCHOLARSHIPS AND PRIZES (continued)

Name of Award	Donor	Year(s) Applicable	Eligibility	Value
10. American Academy of Radiology Award	AADR	Fourth	Student who is most proficient in Dental Radiology.	Certificate
11. American Academy of Oral Medicine Award	AAOM	Fourth	Student who is most proficient in Oral Medicine.	Certificate plus Journal of AAOM
12. American Academy of Periodontology Award	AAP	Fourth	Student who is most proficient in Periodontics.	Certificate and Journal of Periodontology subscription
13. American Association of Orthodontists Award in Oral-Facial Growth	AAO	Fourth	Student who demonstrates the most outstanding qualities and interest in the development of the oral-facial complex.	Certificate
14. Canadian Society of Dentistry for Children Award	CSDC	Fourth	Student who is most proficient in subjects related to Dentistry for Children.	Textbook and subscription to Journal of Dentistry for Children
15. Pro Liberis Prize	Dental Public Health Committee, ODA	Fourth	Student who shows greatest proficiency in Paedodontics.	$50.00 and a Key
16. Dental Sciences Research Award	Department of Restorative Dentistry-UWO	Fourth	Student who demonstrates outstanding interest and activities in research related to dental sciences, throughout his undergraduate program.	Plaque and Subscription to Journal of Dental Research

STATEMENT ON PRESENT AND PROJECTED ENROLMENTS

1.
The purpose of this statement is to reply to a request made by the Honourable M.B. Dymond, M.D., Minister of Health of Ontario, to the Board of Directors of the Royal College of Dental Surgeons of Ontario in which it was proposed that consideration be given by the dental schools in Ontario to produce a significantly greater number of graduates than the present undergraduate enrolment will provide.

2.
Since the announcement on October 29, 1964 by the Honourable J.P. Robarts, Prime Minister of Ontario, of the Government's decision to make certain capital funds available for the development of several projects within the health sciences, one being the establishment at The University of Western Ontario, of a dental school as a part of the university's Health Science Centre, there has been an expeditious development of Western's Faculty of Dentistry. The dean of the Faculty arrived on campus on February 1, 1965. Plans were immediately initiated both in respect of the development of the undergraduate academic program and the creation of the Dental Sciences Building to house the new Faculty. Two pilot classes of eight students each were enrolled in 1966 and in 1967 utilizing, for the dental clinical sciences, a small, temporary laboratory-classroom in the university's Talbot College. Although the Dental Sciences Building was not yet fully operable, a first year class of 32 students was enrolled in September, 1968. The Official Opening of the Dental Sciences Building on October 25th, 1968 brought to a successful termination efforts directed to the creation of a physical home for the Faculty of Dentistry.

3.
The ultimate projected undergraduate class size is fifty-two and it might be well to comment on the factors which bore upon the decision to predicate the physical plant on that number. Inherent in the decision is a recognition of one fundamental fact that a dental student must be prepared for practice on the day he is graduated. Most other professions require of their university graduates that they experience a period of service under the disciplinary oversight of licensed colleagues before they receive full legal entitlement to engage in the independent practice of their professions. Dentistry does not. A dental student requires not only a comprehensive understanding of basic health sciences and the art of his profession but, as well, he must attain a high degree of competence in the application of his art, at the undergraduate level. This competence is acquired within the clinical program of a dental school largely in the junior and senior years. Thus if his undergraduate program is to equip the dental graduate to competently engage in independent practice immediately subsequent to graduation it is then imperative that he be exposed to a wide variety of diagnostic and treatment services at the undergraduate level.

4.
The requirement enunciated in paragraph 3, then, poses the major consideration bearing on class size for a new dental school in a community. The question which must be asked is "what can reasonably be expected in respect of patient availability, such patients exhibiting the full spectrum of dental and oral conditions?" There is a tendency, for some, on occasion, when considering quantita-

tive requirements for patients to think only of individual tooth breakdown – those problems accruing from dental caries. Although this is an important consideration, it is only one of many. Dental students, in addition to restorative services for individual teeth, must acquire experience in dentistry for children and in orthodontics thus identifying the requirement of gaining competence not only in the management of children in the dental environment but in being exposed to a wide variety of factors bearing on growth and development of the jaws and face. Students must acquire competence in the disciplines within the area of oral medicine which include the influence of dental and oral diseases and conditions on general health, the oral manifestations of systemic diseases, periodontics, and dental radiology. Other restorative services in which competence must be acquired through patient care are fixed prosthodontics, removable prosthodontics, and endodontics. Oral surgery constitutes yet another portion of the undergraduate dental program requiring an adequate number of patients to permit the dental student to become reasonably proficient in the surgical management of a broad spectrum of dental and oral conditions. The community must, as well, have sufficient resources to provide field experience for students within our Department of Social Dentistry, such department including, within the many areas of academic interest assigned to it, the subject of dental public health.

5.
In an attempt to inform his judgement in respect of the number which might reasonably and realistically be proposed as the undergraduate class size, the dean, who was required to make this judgement prior to the development of architectural plans for the Dental Sciences Building, discussed the matter with all Canadian dental deans and with six in the United States. Of most significant pertinence to a University located in London, Ontario, a city then approximating 200,000 people, he looked closely at dental schools located in Halifax, Winnipeg, Edmonton, and Vancouver and ascertained the following information:

Faculty of Dentistry	City in which located	Rated Undergraduate Class Size	Population of Greater City Area
Dalhousie University	Halifax	25	200,000
University of Manitoba	Winnipeg	33	500,000
University of Alberta	Edmonton	50	500,000
University of British Columbia	Vancouver	40	750,000

6.
On first consideration, based on the experience of longer established dental schools, it appeared that a class size of thirty might be a reasonable recommendation. On further reflection – and in a spirit, largely, of optimistic euphoria – the dean was moved, in appreciating the obvious need for a greater number of dentists to meet the dental service requirements of the province, to suggest a class size of fifty students. Consideration of design predicated on an ability to utilize students in groups of four, suggested an increase of two to fifty-two, a figure now representing the class size for which the clinical and laboratory facilities have been designed and constructed. It must be emphasized, in the strongest possible language, that no member of faculty is at all certain that the clinical material in London and district as represented in dental and oral conditions of patients even begins to approach the requirements posed by classes of

fifty-two students. In fact, there is real concern on the part of most that the figure may well be grossly inflated. There are ambivalent feelings rampant within the Faculty of wishing to make every possible contribution to the dental manpower needs of the province while at the same time maintaining the level of academic and clinical standards which will attract competent and highly motivated students and will attract and hold teachers and researchers of superior quality. The feeling can, perhaps, be best described as one of "creative insecurity."

7.
The following is a tabular presentation of enrolment figures and projections:

Undergraduate Program – Enrolment projections to 1976.

Year	Entering First Year	Enrolment	No. Graduating (assuming no failures)
1966-67	8	7*	–
1967-68	8	15	–
1968-69	32	48**	–
1969-70	42	90	7
1970-71	48	131	10
1971-72	48	169	31
1972-73	52	190	42
1973-74	52	200	48
1974-75	52	204	48
1975-76	52	208	52

* One withdrew.
** One withdrew – 2 advanced standing students admitted.

From the enrolment figures and projections it is readily discernible that this Faculty is expeditiously (some might say, intemperately) proceeding to maximum enrolment even in the absence of any reasonable degree of confidence that our students will be exposed to the requisite breadth of clinical experience. Frankly, if there is any criticism to which this Faculty could reasonably be subject, it might well arise from its decision to enroll classes of a size for which adequate clinical material cannot be assured.

8.
The problem of inadequate numbers of dentists is unquestionably greatly aggravated by inequalities in distribution, a problem to the resolution of which a larger number of dentists may make no significant contribution at all. Evidence has been presented that there is some correlation between the size of a community from which a dental student is recruited and the one in which he establishes his practice. If the present pattern of enrolment in Western's Faculty of Dentistry continues it seems apparent that the graduates of this Faculty will make a substantial contribution to the improvement of dental manpower distribution. The forty-eight dental students enrolled in this school are drawn from a total of 33 communities in Ontario encompassing 21 counties or districts. One is from out of province.

9.
A comment should be made on current planning for other programs in the Faculty of Dentistry, such programs in turn having an impact on the clinical resources available. Faculty Council has already had before it two reports, the first recommending the early establishment of post-graduate courses leading to certification of dental specialists (practitioners of whom southwestern Ontario is dangerously bereft) and the second proposing the establishment of a program in dental hygiene. The Dental Sciences Building has been designed to provide facilities for approximately twenty post-graduate dental specialty students and for dental hygiene classes also of twenty. The Faculty, through the two appointed committees, is exerting every possible effort to enroll its first post-graduate students in the fall of 1970 and to enroll the pilot class in dental hygiene in 1971, the first year of the program in Natural Science having been initiated in 1970.

10.
The above comments bear heavily on the matter of the availability of adequate clinical material for the teaching requirements of this school. While this is certainly a major consideration it is by no means the only one. There is a very real concern about an adequate availability of applicants of a level of academic competence sufficient to give reasonable assurance to the faculty that once admitted and, taking for granted a reasonable application to their studies, such admittees will be successful. The faculty are concerned, too, about the availability of high calibre staff who would have to be recruited to meet the increased teaching load which larger classes would, perforce, generate. The pool of potential part-time clinical teachers in the London area is such that only limited dependence can be placed on this resource. And it is probably redundant to stress the obvious that there is a very serious shortage of dental teachers in this country. The financial complications arising from proposals which would have the effect of increasing class size beyond the present projected 52 are of such grave concern not only to this Faculty but to the whole University that the resolution of these major problems would require the concerned and active participation of both Senate and Board of Governors in dialogue with the Government of Ontario.

11.
On the basis of the above information the Faculty of Dentistry of The University of Western Ontario respectfully suggests that it is making every possible effort consistent with a reasonable degree of academic and clinical integrity, to develop its undergraduate, graduate and dental hygiene programs with all due dispatch in full appreciation of the fact that it has a major responsibility in providing a maximum number of graduates of unquestioned competence to serve the dental health needs of the people of Ontario.

APPENDIX D

FACULTY OF DENTISTRY
Composition and Rules of Procedure

The Faculty of Dentistry shall consist of the following departments:

Anatomy, Bacteriology and Immunology, Biochemistry, Clinics (Administrative), Oral Medicine, Oral Surgery, Paediatric

Dentistry, Pathology, Pharmacology, Physiology, Restorative Dentistry, Social Dentistry.

Admission of new or other departments to the Faculty of Dentistry will require the following steps: Composition

(i) Application regarding the department concerned to the Senate;
(ii) Approval of this application by the Senate and the concurrence of the Faculty of Dentistry and any other Faculty concerned.

2.
The Council of the Faculty of Dentistry shall be responsible to Senate and be composed of:

(A) The following ex officio members:
(i) The Vice-Chancellor.
(ii) The Vice-President (Academic).
(iii) The Vice-President (Health Sciences) and such other Vice-Presidents as Senate may determine. Faculty Council
(iv) The Dean of Dentistry who shall be Chairman of Council.
(v) The Dean of Medicine.
(vi) The Dean of Nursing.
(vii) The Executive Director of University Hospital and such other Administrators of affiliated teaching hospitals as Senate may, from time to time, determine upon the recommendation of the Council of the Faculty of Dentistry.
(viii) The President of the Dental Students' Society.
(ix) Such other ex officio members as the Senate may, from time to time, determine upon the recommendation of the Council of the Faculty of Dentistry.

(B) (i) All full-time members of the departments of the Faculty of Dentistry who hold the rank of Lecturer or higher.
(ii) All part-time members of the departments of the Faculty of Dentistry who hold the rank of Assistant Professor or higher.
(iii) Four students – one to be elected from each year of the dental program.
(iv) All such other members as the Senate may, from time to time, determine upon the recommendation of the Council of the Faculty of Dentistry.

3.
Members of the above categories shall be entitled to participate in meetings of the Council, i.e., to speak, to propose motions, to vote on all questions and to sit on committees elected at such meetings. Operation and Procedure

4. Meetings:

(A) The Council shall meet at least four times each year and at such other times as the Council or Senate from time to time may prescribe. Meetings

(B) A special meeting of the Council shall be called on the written notice of 10% of the members of Council, and shall be convened within seven (7) days thereafter, to consider the matter or matters set out in the notice.

5.
The Council shall be responsible for advising Senate on all matters under the jurisdiction of the Senate which are pertinent to the Faculty of Dentistry or referred to the Council by Senate, and to determine policy on all such matters if so delegated by the Senate.

6.
The Council shall establish such Committees as the Council considers necessary, including an Executive Committee. The Council may delegate authority to its committees but these shall be responsible to the Council.

7.
Executive Committee

The Executive Committee shall be composed of the Vice-Chancellor (ex officio), the Vice-President (Academic) (ex officio), the Vice-President (Health Sciences) (ex officio), the Dean (who shall be Chairman of the Executive Committee), the Heads or Chairmen of Departments or their designates, and such other members as the Council may, from time to time determine. The Executive Committee may act in the name of, and on behalf of, the Council between regular meetings of the Council.

8.
By-laws

The by-laws and regulations for the conduct of Council's proceedings including the determination of a quorum necessary for the transaction of business shall, in general, be those adopted by the Senate.

APPENDIX E

STATEMENT ON THE UTILIZATION AND TRAINING OF DENTAL AUXILIARIES

1.
The purpose of this statement is to respond to a request of the Association of Canadian Faculties of Dentistry to transmit the views of this Faculty in respect of the utilization and training of dental auxiliaries.

2.
The Faculty of Dentistry of The University of Western Ontario is in essential agreement with the resolution on auxiliaries prepared by the Auxiliary Services Committee of The Canadian Dental Association and endorsed by the Association's Dental Services Committee, and presented to the 1968 Annual Meeting of the Board of Governors.

3.
The principles espoused within the resolution are central to any discussion of the utilization and training of dental auxiliaries. If, as seems apparent within existing provincial regulations, dentists are considered to be insufficiently responsible to employ auxiliaries in a professionally appropriate manner then such an attitude bears heavily on utilization and at least tangentially on training.

4.
The Faculty of Dentistry of The University of Western Ontario believes that inherent in dental licensure is a legal recognition of the professional competence and integrity of the one upon whom licensure is conferred.

5.
The Faculty of Dentistry of The University of Western Ontario believes that when a dentist acquires the right to engage in practice he assumes a broad spectrum of professional and legal obligations and responsibilities, such obligations and responsibilities being consistent with standards established by professional brethren of good repute. The function of assigning duties to an auxiliary, supervising the work of an auxiliary, and assuming legal responsibility for the quality of the services rendered by the auxiliary is but one of many responsibilities inherent in dental practice. But it is, strangely, the only function of the dentist in respect of which the profession, through its authority under dental statutes, has been constrained to enact definitive and restrictive regulations. If such precise regulations are valid to exert control over the dentist in respect of the duties he is able to delegate to auxiliaries it seems strange that precise regulations do not exist to legislate upon the quality of care and treatment he, himself, renders.

6.
The Faculty of Dentistry of The University of Western Ontario, recognizing that only the dentist is qualified through education, training, experience, and licensure to accept ultimate responsibility for dental treatment services rendered to patients, confirms, as a fundamental principle, that it is the dentist and the dentist alone who must be ultimately responsible for the standards and quality of dental treatment.

7.
The Faculty of Dentistry of The University of Western Ontario believes that the dentist, in assuming responsibility for the standards and quality of care received by his patients, possesses the right, within the regulatory jurisdiction of the licensing authority by which he is licensed, to delegate to persons over whom he exerts effective supervision and control, such duties as do not require for their performance the professional knowledge and skill of the dentist. In order to make this principle applicable, provincial dental licensing authorities should strive to create the necessary legal environment for the practice of dentistry within their jurisdictions.

8.
The Faculty of Dentistry of The University of Western Ontario believes that as a fundamental requirement for the statute and regulations under which dentistry is practised, the principle of the ultimate responsibility of the dentist be clearly and unequivocally enunciated and that a serial listing of services which might legally be performed by auxiliary personnel be deleted.

9.
If the general principle as developed in the portions of this statement which have gone before can be accepted and the appropriate legislative and regulatory environment be created then the educational and training programs for dental auxiliaries could emerge more clearly.

10.
The Faculty of Dentistry of The University of Western Ontario believes there is no need to create some new auxiliary but believes there should be an expansion of the role of those we have.

11.
Dental Hygienists
The Faculty of Dentistry of The University of Western Ontario believes that the education and training of dental hygienists should be provided both at universities and at Colleges of Applied Arts and Technology (or at similar institutions in provinces other than Ontario). Irrespective of the institution, the program must meet standards of accreditation as enunciated by the Council on Education of The Canadian Dental Association. The curriculum for a program in dental hygiene should include not only the disciplines traditionally inherent in this profession but should make provision for a generalized training in dental technological procedures from which experience the hygienist could adapt to the particular requirements of the practice of the dentist by whom he or she is employed.

12.
Dental Assistants
The Faculty of Dentistry of The University of Western Ontario believes that the training of dental assistants should appropriately be conducted at the secondary school level and at Colleges of Applied Arts and Technology. Provision must be made, in either instance, for adequate clinical experience. The program should include not only the courses historically associated with the chairside and secretarial role of the dental assistant but should encompass at least limited exposure to a course which has as its purpose the teaching of a modest degree of technical competence on which can be based the additional instructions of her employer-dentist to equip the dental assistant, under the effective supervision and control of the dentist, to render such intra-oral procedures as do not require for their discharge the professional knowledge or skill of the dentist.

13.
Dental Technicians
The traditional role of the dental technician should be perpetuated. The ever-expanding array of dental laboratory procedures requires a body of highly trained and competent technicians to produce prostheses and other appliances on the prescription of the dentist. Consonant with the views expressed in paragraph #6 above, the Faculty of Dentistry of The University of Western Ontario believes that the best prosthetic care emerges when the dentist assumes direct responsibility for the service but is able, through prescription, to avail himself of the expert technological services of a body of highly competent dental technicians. The most appropriate venue for the training of dental technicians is a College of Applied Arts and Technology or some comparable institution.

14.

Conclusion

The Faculty of Dentistry of The University of Western Ontario, in recognizing the principle that persons of superior qualification should not routinely be engaged in rendering services which can safely and responsibly be delegated to those of lesser qualification, supports an expanding role for dental auxiliaries, without statutory or regulatory circumscription, providing the principle of the dentist being ultimately responsible for the standards and quality of dental care and treatment is clearly and unequivocally enunciated and accepted.

FINANCE AND PROPERTY COMMITTEE

Members: Dr. D.A. Cheetham, Chairman; Drs. W.J. Dunn, G.E. Burgman

REPORT

April 1969 Meeting

The Chairman together with the Secretary and the Business Manager, made an extensive survey of the R.C.D.S. property at 230 St. George Street, Toronto, and reached the conclusion that considerable repairs thereto were essential, viz a new roof, etc. Some exterior painting etc. should also be done, and it was suggested that to improve the appearance of the building it should be sand-blasted. From estimates obtained, it was understood that the total cost of the repairs and other work would be approximately $7,000.

Action:
The Board passed the following resolution:

THAT the Finance and Property Committee be authorized to expend up to the sum of $7,000 on repairs to and the renovations of the R.C.D.S. property at 230 St. George Street, Toronto.

Action:
Report adopted.

REPORT

November 1969 Meeting

1.
It was obvious that because of the additional workload caused by increased services for the profession in the areas of continuing education, insurance, welfare, etc. and the need for space to accommodate a new IBM machine for the day-to-day operations, additional space was required at the headquarters at 230 St. George Street, Toronto.

2.
With the consent of the Board members, the Secretary directed Mr. Donald H. McLaren, Professional Engineer, to examine the existing structure and submit recommendations and sketches of the proposed addition.

Action:
The Board approved the construction of the proposed addition and renovations as presented by Mr. McLaren, contingent upon appropriate undertakings by the major tenants that they wish to continue as tenants in the headquarters.

3.
Budget
The Secretary and the Business Manager presented a draft budget. This was given careful consideration and amended by the Committee, and appears as Appendix A.

The Grants were reviewed by the Committee. It was recommended

(1) That the R.C.D.S. Admission Scholarships be discontinued after due notice, and that in their place a Dean's Discretionary Fund be established for each Dental Faculty. This fund would be administered by the Dean and is intended to assist students who are in financial difficulties because of circumstances beyond their control;

Action:
Approved by Board. Admission Scholarships will be paid in 1970, discontinued in 1971.

(2) That the Faculty Contingency Fund be increased to $1,000 from $400.

Action:
Approved by Board.

(3) That the grant to the C.F.D.E. be increased to $1,000 from $500.

Action:
Approved by Board.

(4) That the grant to the O.D.A. be contingent on the action of the O.D.A. at their next Board of Governors meeting.

The Secretary commented that the unknown quantity in the budget was the revenue and subsequent expenditures for the new examinations, pointing out that the number of possible candidates cannot be predicted at this time.

The Business Manager was requested to investigate with our Auditors expenditures allowable for directors.

Action:
The Board agreed that the per diem allowance to the Directors be increased to $100; and that the by-laws be adjusted to give effect to this increase.

The Board also agreed that the mileage allowance be increased to 15¢ per mile, the amount not to exceed first-class air or rail fare where applicable, whichever is less.

Action:
Budget was approved.

BUDGET PROPOSAL – 1970

REVENUE

	Actual 1968	Budget 1969	Budget 1970
Fees			
Dentists – examinations	$ 4,500	$ 3,125	$ 10,000
– licence	362,495	368,750	400,000

Action:

1. Report adopted.

GOVERNMENT AND LEGISLATION COMMITTEE

Members: Doctors Wesley J. Dunn, Chairman; J.R. Callingham and N.L. Diefenbacher.

REPORT

April 1969 Meeting

1.
A meeting of the Government and Legislation Committee was held on March 27, 1969. All members were present as well as the President and Secretary.

2.
Terms of Reference:
As the complement of the Committee was new, the Terms of Reference were reviewed and found adequate for the purposes of the committee.

3.
Toronto-Dominion Bank – Chargex System:
The Committee granted an interview to a representative of the Toronto-Dominion Bank to enable provision of additional information about its Chargex system. The interview arose because of the previously transmitted decision of the Board to the Bank to the effect that the employment of the Chargex system by dentists was unprofessional. The representative said that Chargex was initially developed as a retail credit mechanism to give smaller merchants an opportunity to compete with the large department stores. At present the system is being used by some optometrists and some veterinarians. One million Chargex cards have been issued, 600,000 in the Toronto area.

The Committee posed many questions including those bearing on patient dissatisfaction with the dentist's services and the promotional aspects of Chargex which might invite the inference that the public should patronize the dentists who use the system. Following careful consideration of all the additional information gleaned from the interview the Government and Legislation Committee concurs in the decision already taken by the Board in respect of the Chargex System.

4.
Use of the word "Clinic"
The Committee interviewed a member of the College who had expressed disagreement with the Board's interpretation of the pertinent portion of Section 7 of the by-laws such portion bearing on the use of the words "clinic", "dental centre", or "group". It was pointed out to the member that if any member of the College were dissatisfied with the interpretation of any portion of the statute or any of the by-laws and regulations of the College made by the Board's chief executive officer or by the Board itself he had recourse to the courts. When asked if he had any suggestion for an amendment to Section 7, the member of the College said that he had none to offer.

The Government and Legislation Committee concurs in the wording of the relevant section and, accordingly, recommends no amendment. The member of the College was invited to submit a possible amendment if he wished and received the assurance that it would be carefully and conscientiously considered by the Committee.

5.

Shade Selection at a Commercial Dental Laboratory

The Committee spent considerable time interviewing a registered dental technician, highly competent on ceramics, on the matter of shade selection. There can be little disagreement that the ultimate service to the patient will be significantly enhanced if the technician is able to participate actively and intimately in the shade selection and/or confirmation process. It was obvious, too, that more frequently than not it was quite impractical to expect the technician to travel to the office of the dentist to participate in the shade selection function. The Committee, therefore, after most careful consideration, agreed that there appeared to be reasonable grounds for a liberalization in the interpretation of The Act in respect of technicians being able to confirm shades in their laboratories and, accordingly, requested the Secretary to seek the counsel of the Board's Solicitor and, hopefully, a suggested wording for an appropriate by-law provision.

6.

Duties of Hygienists

The Committee was apprised of a list of procedures, prepared by the Ontario Society of Orthodontists, bearing on the services which dental hygienists should be legally capable of performing in orthodontic practice. The Committee, believing that its Terms of Reference did not include the function of determining what procedures could be interpreted as "dental duties of a minor nature", has referred the matter to the attention of the Board.

7.

By-law Amendments bearing on Examinations

The Committee herein presents a proposed revision of Article XI of the by-laws to meet the requirements posed by the Board's earlier decision to permit entitlement of graduates of all university dental programs to take Board examinations:

ARTICLE XI

Admission of Graduates of Schools other than the Faculties of Dentistry of the Universities in Ontario to Membership in the Royal College of Dental Surgeons of Ontario.

Section 1-A. – Graduate Dentists. An applicant for licence is required to establish to the satisfaction of the Board –

(i) That he possesses the aptitude, character and capacity to become a competent and ethical member of the College;

(ii) That he is a graduate holding a University Degree in dentistry from a recognized school of dentistry or holds a licentiate in dental surgery from the Royal College of Surgeons of England or Ireland or Edinburgh or Glasgow;

(iii) That he has an acceptable competence in English;

(iv) That he is or was a licensed dentist in good standing in the jurisdiction in which he resided;

Section 1-B. Each applicant for licence is required –

(i) To be recommended by the Dean of the School from which he graduated and by the Secretary of the licensing authority of the place in which the applicant holds a licence to practise;

(ii) To sign a covenant to practise ethically and maintain the dignity and honour of the profession and to comply with all by-laws enacted by the Board;

(iii) To pay an examination fee, as determined from time to time by the Board, at least one month prior to the examination date.

Action:
Approved by Board.

The Committee notes the provision contained in Section 1-B-(1) above in respect of the requirement that an applicant be recommended by the Dean of the School from which he or she was graduated and by the Secretary of the licensing authority in the jurisdiction in which the applicant holds a licence to practise. It is, unquestionably, impossible (usually for political reasons) for all applicants to present attestations of this nature. It is recommended that the Board delegate the necessary authority to the Registrar to waive this provision when, in the judgment of the Registrar, the applicant is incapable of meeting this particular requirement.

The Committee, too, is concerned about the legality of conducting its examinations only in English. It is concerned about the capacity of the applicants to communicate effectively in English because an inability to do so could jeopardize the quality of their professional services to a population the vast majority of which speaks only English. The opinion of the Board's Solicitor is being sought in this area.

8.
Internships:
The Committee, under the new procedures proposed for the examination of any university dental school applicant, considered Section 1 of Article X of the by-laws dealing with internships. The relevant portion restricts internship to someone "possessing a registrable qualification in Ontario". The Committee takes the view that the definition of "registrable qualification" must now encompass a graduate of any university dental school in the world and also graduates of the four Colleges referred to in the By-laws. The Committee is of the opinion that under the new regulations perhaps some form of qualifying examination for interns should be considered. Accordingly, the Government and Legislation Committee respectfully recommends that the Registration and Licensure Committee be requested to give consideration to whether or not it is now desirable that additional standards be established to be met by applicants for dental internship in Ontario.

Action:
The Board approved that Section 1 of Article X be amended by adding at the end thereof –

"Registrable Qualification" means for the purpose of this article –

(a) To be a graduate, holding a University Degree in dentistry from a recognized school of dentistry in Canada, the United States, the United Kingdom, Eire, Australia, New Zealand, South Africa, Denmark, Norway or Sweden; OR

(b) To possess both the Licenciate and Fellowship in Dental Surgery of the Royal College of Surgeons of England or Ireland or Edinburgh or Glasgow.

9.
Board Membership – Part-time Teachers:
The Committee gave very careful consideration to the statutory provision which

excludes (except for the direct representatives of the Faculties of Dentistry), any member of the College engaged in teaching in a dental school from serving as a member of the Board of Directors of the College. The Committee agreed, in principle, that no member of the College should be prevented from serving on the Board of Directors because of his participation, on the basis of three half-days or less per week, in the teaching program of a dental school. The Committee is mindful of the present moratorium on professional legislation while awaiting the Report of the Committee on the Healing Arts and it can do little, therefore, other than agree, in principle, that the statute should be amended in this respect.

10.
Mandatory Malpractice Insurance:
At the Board meeting in January 1969, reference was made to a request by the Ontario Dental Association that the R.C.D.S. seek legislation which would make malpractice insurance mandatory for Ontario dentists. The subject was referred to the Government and Legislation Committee. The Committee was advised by the Superintendent of Insurance of Ontario that any action of the Board to require the members of the College to possess liability insurance would be ultra vires.

The Committee has requested the Secretary to acquire information in respect of the program of the Law Society of Upper Canada which has as its purpose the compensation of clients who have suffered some loss because of the dereliction of a licensed solicitor.

11.
National Dental Examining Board of Canada:
Although not strictly residing within the Terms of Reference of the Government and Legislation Committee, the members nevertheless agreed to consider the request of the N.D.E.B. for financial aid from the R.C.D.S. based on a $5.00 per capita grant. To the extent possible, a review was made of N.D.E.B. financial statements and the serious fiscal plight of the organization was confirmed. The Committee agreed that there was a strong moral obligation to assist the N.D.E.B. but at the same time the Board has a responsibility to ensure that its funds are judiciously expended. The N.D.E.B. should guarantee that its budgetary provisions will be such that its operation is on a sound financial basis. The Committee agreed that the N.D.E.B. had given valuable service and had a significant role to play in the future. Provided that the Board can receive reasonable assurance from N.D.E.B. that it is prepared to give conscientious consideration to the development of some form of conjoint examination procedure with the accredited dental schools and give consideration, as well, to the establishment of a mechanism for examining any candidate for whom a provincial licensing authority has issued an enabling certificate, the Committee recommends that a grant be made. The Committee requested Dr. Diefenbacher, the Secretary and the Business Manager jointly to draft a document outlining the conditions on which the Board might be prepared to make a grant and present it, as a separate document, to the April 1969 meeting of the Board.

12.
Consultation prior to Statutory and By-law Amendments:
The Committee briefly considered the desirability and feasibility of establishing some consultation mechanism with interested and affected groups prior to the

Board acting on substantive proposals for amendments to the statute or by-law. This subject is referred to the Board for comment and, hopefully, guidance.

Action:
Report received.

INSPECTOR'S REPORT
Inspector: Mr. J.H. Payzant

November 1969 Meeting

PROSECUTIONS – DENTISTRY ACT
15-1-69 Provincial Judge's Court, Toronto, Ont.
BENDE Charles, 20 Prince Arthur Ave., Toronto.
Sec. 23(1) (c) 'supply denture' FINED $300 i/d payment 14 days imprisonment
Sec. 23(5) 'have dental equipment' FINED $300 i/d payment 14 days imprisonment
(Second offences – fines paid)

28-2-69 Provincial Judge's Court, St. Catharines, Ont.
STEIL William, 968 Essa Cres., Bay Ridges, Ont.
Sec. 23(1) (b) (two charges) 'take impression' FINED $200 i/d 2 months imp.
Sec. 23(1) (c) (two charges) 'supply denture' FINED $200 i/d 2 months imp.
Sec. 23(5) 'have dental equipment' FINED $200 i/d 2 months imp.
(Second offences – total fines $1000 paid)

3-6-69 Provincial Judge's Court, St. Catharines, Ont.
CLARIDGE Lloyd, 26 Longfellow St., St. Catharines, Ont.
Sec. 23(5) 'have dental equipment' FINED $50 i/d 5 days imp. (Paid)
Sec. 23(1) (b) (two charges) – Sec. 23(1) (c) (two charges) WITHDRAWN

INVESTIGATIONS
(a) Complaint unhygienic condition dentist's office (1)
(b) Signs contrary to By-Laws (1)
(c) Patient complaint against dentist (5)
(d) Service of Notice of Discipline Committee (3)

Above reported to Registrar-Secretary and dealt with by referral to Complaints Committee, Discipline Committee or as otherwise indicated.

GENERAL
Continuing inquiries have been made regarding complaints of illegal practice of dentistry by non-members. Charges under Sec. 23 (1) (b), Sec. 23 (1) (c), Sec. 23 (5) have been laid and are awaiting trial in one instance and charges are under consideration in another. One complaint concerned two individuals being involved in taking an impression and supplying a denture. A cheque was available to support evidence of payment. However the individual taking the impression could not be identified and the one supplying the denture could only be connected with this particular complaint and no further or continuing illegal activities were disclosed. Therefore no charges were laid in this case on advice of the College's solicitor.

Action:
Report received.

LIBRARY – MUSEUM COMMITTEE
Chairman: Dr. J.G. Dale

REPORT
June 1969 Meeting

THE MUSEUM
1.
The Collection
The Committee gratefully acknowledges the donation of the following Museum items: Dr. S.J. Fuzy, Dental Director, Metro Windsor-Essex County Health Unit – two complete Army field dental units and portable chair, Dr. M. Jackson – photograph of Miss Eva Tutt, Mrs. Durham – photograph of the first short course at the University of Western Ontario, Dr. T.L. Granovsky's estate – office equipment.

The Committee particularly acknowledges the valuable donation by Dr. Wilfred Johnson of Montreal – a silver ink stand. This ink stand was one of a very limited number of Prince of Wales prizes presented to students standing highest at the University of Toronto. It was the subject of an article published in the journal of the Ontario Dental Association by Dr. J.H. Johnson.

A Mr. Chammas introduced the Committee to a small Persian rug on which was depicted a human head with anatomical sections and inserts illustrating tooth structures. It was estimated to be approximately 100 years old. Experts were consulted and the rug was judged less old and valuable than the owner claimed. It was then returned to him, but we are grateful to Mr. Chammas for an interesting experience.

2.
Appropriations
The routine operation of the Museum has been subsidized, to date, by a special Museum fund established through the generosity of the Ontario Dental Association. However, this fund has now been depleted.

There have been no purchases made from the Associates of the University of Toronto in New York grant. The funds remaining in the grant are being reserved for a plaque of Mendel Nevin.

3.
Museum Display
The Museum exhibition, this year, featured our fine collection of historical photographs and prints. A series of five exhibits were scheduled and included the following: Student Activities, Class Groups, Historical Photographs, Historical Prints and General.

Student Activities: The first display of photographs dated from 1898 and 1958 and included student parliament members, hockey players, football squads, track and field athletes, rugby stars and baseball teams. Featured in the exhibit were Davidson Cup, Interfaculty and World Amateur Champions. The "Toronto Dentals" in 1917-18, won the coveted "Allen Cup" to become the "World Amateur Hockey Champions." In 1919 the Faculty of Dentistry won the Interfaculty Hockey Championship and the Jennings Cup. This past winter, fifty

years later, the Faculty of Dentistry again won the Interfaculty Hockey Championship and the Jennings Cup.

Class Groups: The second exhibition included dental, dental hygiene and dental nursing photographs, and was highlighted by "The Whiz Bang Over the Top Who the Hell Are We Dentals, Dentals, Dentals Toolside Three".

Historical Photographs: Photographs of interest to the layman were on display during "Open House".

Historical Prints: The Museum has in its possession a valuable collection of over a hundred historical prints which are now on display for the first time.

General: A General display of photographs, prints, advertisements and certificates will conclude the exhibition.

The Library-Museum Committee welcomes donations of photographic material. Every effort is being made to complete the collection of class pictures, student council groups, athletic teams and certificates.

4.

Centennial Centre of Science and Technology

The "1867 Dental Office" has been loaned to the Science Centre on a permanent loan basis to become an integral part of the Dental Exhibition in the Hall of Life. This is a most impressive centre and Dentistry is fortunate to be a part of it. The Science Centre Committee has devoted many hours to this project in an effort to make our contribution one that we will be proud of.

THE LIBRARY

1.

The Collection

There were 412 books, and bound periodicals added to the University of Toronto book collection. There were 554 added to the Harry R. Abbott Library. This represents a total collection of 968 bound volumes, an increase of 109. Three new subscriptions have been added to the collection. The Library now has 274 journals by donation and exchange.

The Committee, once again, wishes to extend our sincere appreciation to Dr. K. Pownall and the Royal College of Dental Surgeons for the privilege of purchasing urgently needed books directly through the Harry R. Abbott Trust Fund. The increase in efficiency is graphically demonstrated by comparing the figures 1966-1967, the year the system was initiated, with those of this year. There was an increase of 442 books added to the Harry R. Abbott Library and a decrease of 259 books added to the University of Toronto book collection. There are at present, 102 orders outstanding from the University Library for books and subscriptions. Many of these have been outstanding for several months and even years. In spite of constant efforts being made to remedy the situation, it continues to be an aggravating problem.

We gratefully acknowledge donations of 1,359 journals and 108 books from many individuals, institutions, and associations.

The Rare Book Collection was increased by 54 books this year. The oldest acquisition was entitled, "Dentium Statum Naturalem et Praeternaturalem" by Frederici and was dated 1661. An excellent copy of "Traite des Maladies et des Operations Reellement Chirurgicale de la Bouche" by Jourdain, published in

Paris in 1778 was purchased. We have also acquired several textbooks which were recommended by the Board of the Royal College of Dental Surgeons in 1868.

2.
The Use of the Library
Five years ago, the Library recorded a total of 17,502 loans. The Faculty accounted for 1,459, the students 9,060, and the graduates for 2,114. This year, 30,766 loans were recorded, an increase of 13,264. The Faculty was responsible for 2,385, an increase of 926; the students for 13,252, an increase of 4,192 and the graduates for 4,728, an increase of 2,614. Reading room loans increased by 443 to 3,484. The periodical loans increased from 1,828 to 6,917.

It is interesting to note that the total circulation which decreased last year, increased this year by a staggering 7,155 loans. This is primarily a reflection of the increase in periodical loans which more than doubled in the past year. It is also interesting to note that there was a decrease in the use of the Library last year by the Faculty, the students and the graduates whereas this year there was a substantial increase. It is difficult to determine the reason for these statistics, however, it is encouraging to observe the favourable trend. I believe that Library Projects are being encouraged more now than they have been in the past.

Our Library mailed 374 books and journals to 69 borrowers on Inter-Library Loan and 92 to 50 practitioners. It borrowed 115 items from 36 other Libraries throughout the world.

3.
Catalogue System
The "Current Title Pages" list continues to be a popular Library service. The titles of original articles in approximately 48 journals are indexed on this list. These lists are available upon request.

4.
Copying Service
Last year the Committee approved in principle, the installation of a copying machine in the Library. This project regretfully has been shelved until sufficient funds become available to either purchase or rent a machine. The members of the Committee feel that the students are being deprived of a valuable Library service because of the lack of financial support.

5.
Staff
Miss C. Dinsmore and Miss M. Basile have terminated their employment. They have been succeeded by Miss Lorraine Crawford and Mrs. Macrena MacNaughton. The increase in the staff to four has provided for a more efficient operation of the Library during the day, and has made it possible to maintain Library hours during the evening.

6.
Space
The additional office space which was approved last year has been completed. Both Miss Smith, Librarian, and Miss Choy, Assistant Librarian now have private offices while Miss Crawford and Mrs. MacNaughton, Library Assistants share the central office.

The construction of a wall-mounted Library showcase has been approved and will be placed immediately inside the front entrance. This showcase will be used for the display of valuable Library items such as rare books and archival material. At the present time Miss Smith is designing a fascinating exhibition of rare stamps which are associated with Dentistry. It is an extensive collection and should provide considerable interest.

Wire doors are being installed on the cabinets of the entire west end of the Library to house our expanding Rare Book Collection.

7.

Association of Canadian Faculties of Dentistry

Miss Smith attended the meeting of the Ad Hoc Committee of the Dental Librarians held in conjunction with the first meeting of this new Association. The meeting was held in London in October and was attended by all the Canadian dental librarians with the exception of McGill.

Several important recommendations were made to the Association. The librarians suggested that their committee be called "The Learning Resources Group", and that it be made a permanent committee of the Association of Canadian Faculties of Dentistry.

8.

Appropriations

The annual appropriation from the University of Toronto was $3,000.00. This is the same as last year's grant.

The Harry R. Abbott Trust Fund account in the University has reached the point of exhaustion as planned. In the future, it will be entirely under the supervision of the R.C.D.S.

The Library Contingency Fund, on May 5, had a balance of $560.00.

9.

Rules and Regulations

The rules and regulations of the Faculty of Dentistry which have been formulated in conformity with the University of Toronto Act 1947 (as amended in 1953, 1955, 1958, 1959, 1964) and the Consolidated Statutes of the University of Toronto (March 24, 1966) have been revised by the Rules and Regulations Committee under the chairmanship of Dr. G. Poyton – Dr. Poyton is also a member of our Library-Museum Committee. This excellent report presented to Faculty Council by the committee represented many hours of dedication and consultation.

10.

Evening Hours

The Library remained open until 10:00 p.m. on Tuesday and Thursday evenings this year. In spite of the fact that this service was publicized throughout the Faculty during the year, a disappointing response was observed.

On May 5 the Committee approved in principle a report submitted by the student representative. The report, in brief, proposed that evening hours be extended to 11:30 p.m. four evenings per week next year.

Since becoming Chairman of the Library Committee five years ago, I have constantly supported evening hours, and I have made every effort to institute this service into the Faculty. We have tried twice to get this project off the ground,

and on both occasions the student response was discouraging.

It would be most gratifying to witness a Library bustling with activity every evening of the week. Perhaps next year the students will have had time to become orientated to the extension of Library hours and as a result we will see a marked improvement – I hope this will be the case.

In conclusion, I would like to express my deepest gratitude to the members of the Library Committee for their interest and support throughout the year and to the Library-Museum staff for their devotion to their responsibilities.

I respectfully submit this report with the recommendations that the customary grants be continued for the ensuing year.

Action:
Report received.

NATIONAL DENTAL EXAMINING BOARD
R.C.D.S. Representative: Dr. James D. Purves

REPORT
November 1969 Meeting

1.
The National Dental Examining Board of Canada, met in the Chateau Laurier Hotel, Ottawa, Ontario, on Monday and Tuesday, June 23rd and 24th, 1969.

2.
Present for the first time were the following Board members:

Dr. Jack Calvert	– representing Alberta
Dr. J. McGuigan	– representing Nova Scotia
Dr. H. Lindsay Mussells	– representing Quebec

3.
The results of the Spring Examinations were as follows:

Number of Candidates	– 256
Successful	– 241
Unsuccessful	– 15
Number of Ontario Candidates	– 40
Unsuccessful	– 1

4.
Resolutions submitted by Ontario were disposed of as follows:

(a) The Board unanimously approved the principle of accepting graduates of all accredited Canadian Dental Faculties by 1971. However, the Board felt that adequate protection of the validity of its certificate through a meaningful accreditation process should be emphasized. Representation on the Survey Policy Committee and accreditation teams should be extended to voting members on the Council on Dental Education. Although this concept was urged at the C.D.A. Annual Meeting, finalization of these factors was postponed due to the inability to agree to amendments of the C.D.A. Constitution.

(b) Council approved the principle of the N.D.E.B. entering into an arrangement whereby graduates of foreign dental schools would be examined in depth. Delegates were directed to apprise their Boards of the concepts inherent in the notice of motion being sent to each Board for N.D.E.B. decision at the 1970 meeting.

(c) The R.C.D.S. proposal concerning weighting of votes dependent upon the number of dentists registered in the province received support from Quebec only. The Act of Incorporation delegates membership to one representative from each licensing body. While the proposal gained little support, it was agreed to refer it to the Executive Committee for study.

5.
A resolution was passed, raising the N.D.E.B. examination fee to $200.00, effective in the spring of 1970.

6.
As your representative, I would personally like to comment that I was impressed by the meaningful and purposeful actions taken by the N.D.E.B. Board at its meeting. Because of the financial problems encountered in the past year, I feel the Board were incisive on the various urgent issues facing it, and I believe this attitude will continue. I feel confident that the action of the R.C.D.S. in giving the N.D.E.B. financial support will bear fruit.

Action:
Report received.

ONTARIO SCIENCE CENTRE COMMITTEE
Chairman: Doctor S.A. MacGregor

REPORT
November 1969 Meeting

The first objective of the Ontario Science Centre Committee was to visit other health centres with a view to studying the development of an exhibit for the Hall of Life of the Ontario Science Centre. Cleveland, Boston and Indianapolis were visited by representatives of the O.D.A.

Dr. J.G. Dale wrote an outline and the dental scientists considered the projects as covered in this outline. When the dental scientists had completed this task, the onus was then placed on representatives from the Centre to transpose this onto the drawing board.

This process has been an arduous task and this, along with the changes in the Centre personnel, has meant many set-backs and thus our exhibit was not completed for the opening day of the Centre.

Some months ago Mr. L. Mayeda was placed in charge of the projects at the Centre and, since that time, significant progress has been made.

At the July meeting of the Committee, it was evident that more money was required to complete the proposed display and to ensure sufficient funds to allow for changes in the years to come.

An anonymous donor gave a cheque for $50,000 specifically earmarked for the dental exhibit at the Centre. An accounting of expenditures will be made as we progress in our endeavours.

We are also extremely grateful to the Charitable Foundation of the Alpha Omega Fraternity for a generous donation of $1,000 towards our project.

Estimates are now being outlined and, while it is impossible at this time to give a total account, it would seem that all of the $50,000 will be spent on the present projects and the dental contributions will be reserved for keeping the display up to date in the future.

On behalf of the committee, I apologize to the profession for not having our exhibit completed, as we had hoped, in time for the opening of the Centre. However, when one considers the enormous task with which the committee was faced and the fact that we were already two or three years behind the other projects when we commenced meeting, I am afraid that it was impossible to get any change in the priorities at the Centre.

Action:
1. Report received.

2. Congratulations were extended to Dr. S. MacGregor for the excellent display.

REGISTRATION AND LICENSURE COMMITTEE

Members: Dr. T.H. Wachna, Chairman; Drs. J.D. Purves, L.B. Lukenda

---

REPORT

April 1969 Meeting

1.

Meetings of Committee were held on March 4th and April 2nd.

2.

Spring Board Examinations

(a) Time Table

A draft time-table and other information pertaining to the Board examinations to be held on May 14, 15, and 16, was considered and approved. There are no changes from previous examinations except that the rules governing the examinations have been clarified so that the information available to the candidates is in a clearer and more concise form.

(b) Number of Candidates

Thirty-eight dentists have applied to sit for the examinations. Sixteen of the applicants are the Czechoslovakian refugee dentists for whom the Board granted a registrable qualification.

(c) Michigan English Test

As the examinations are held in English, a knowledge of the language is essential. The committee plans to review and assess the Michigan English Test to determine whether its use should be a requirement for eligibility for future Board examinations.

Recommendations

(a) Fall Board Examinations

The Committee recommends that the present type of examination be repeated in the Fall of 1969 and that the new more comprehensive type of examination be introduced in 1970.

Action:

Approved by Board.

(b) Unsuccessful Candidates

i) The committee recommends no change in the by-laws with reference to any unsuccessful candidates having the right to sit for the Fall examinations.

ii) First time candidates sitting for the Fall examinations will be informed that should they fail, if they wish to sit again, they then would have to sit the new examinations in 1970.

Action:

Approved by Board.

(c) Numbering System for Board Examinations

The Committee recommends that a numbering system be used to identify the candidates instead of identifying them by name.

Action:

Approved by Board.

(d) Press Release

The Committee recommends that the Board consider the method of releasing

the results of the examination to the public and press.

Action:
Board disapproved of press release.

3.
New Board Examinations
(a) Discussion was held to determine whether it was possible and practical to conduct the new more comprehensive type of examination this year. The Committee agreed that it was not practical to do so.

(b) A draft of the new examination procedures as prepared by Dr. J.D. Purves and the Secretary, was reviewed and considered for as long as time permitted. This is a preliminary unapproved draft submitted as information.

Recommendations
(a) The Committee recommends that the new more comprehensive type of examination be introduced in 1970.

Action:
Approved by Board.

4.
Pre-registration Internship
It was agreed that discussion of this matter be deferred until after the report of the Special Committee regarding Delivery of Dental Health Services has been received.

5.
Dental Hygienists from the United Kingdom
An inquiry was received, asking whether dental hygienists from the United Kingdom could sit for the Board examinations in Dental Hygiene. The Committee agreed, as has been the established policy of this Board, not to permit the above applicants to sit for these examinations on the grounds that their qualifications do not meet our regulations for licensure.

6.
Re: Article X Section 1 of By-laws – Internship
Registrable qualifications should mean:

(a) To be a graduate, holding a University Degree in dentistry from a recognized school of dentistry in Canada, the United States, the United Kingdom, Eire, Australia, New Zealand, South Africa, Denmark, Norway, or Sweden; OR

(b) To possess both the Licentiate and Fellowship in Dental Surgery of the Royal College of Dental Surgeons.

7.
Specialty Board Examinations
The present system of examining applications for specialty certification was reviewed. There was general agreement that though the present system has been satisfactory, there is an increasing need for more effective assessment and a developing concern for a standard procedure for the following reasons:

(a) The Committee is unable to ascertain whether some of the graduate programs offered by the various universities and institutions meet out minimum requirements.

(b) There is no national organization examining the candidates or accrediting all the graduate programs.

(c) An increasing number of applicants have been asked to write our specialty examinations. An examination procedure that is the same for all candidates, would be a more desirable system.

Recommendation
The following motion was presented:

"That this Committee recommends to the Board a change in the regulations so that all applicants for certification shall be required to sit an examination."

Action:
The Board passed the following resolution:

WHEREAS the Board of Directors of the Royal College of Dental Surgeons of Ontario, in the interest of the public and the dental profession, is desirous of assuring high standards of dental specialty care and service, and

WHEREAS such standards are more readily ascertainable and more competently maintained through the involvement of the dental specialties themselves, and

WHEREAS the Royal College of Dentists of Canada, through its examination facility and its knowledge of and interest in post-graduate dental specialty education and training, is uniquely suited to the role of establishing and maintaining high academic and clinical standards for practitioners wishing to practise a dental specialty on a certified basis in a province;

THEREFORE BE IT RESOLVED that the Royal College of Dentists of Canada be respectfully requested to establish and conduct an examination procedure for graduates of approved post-graduate dental specialty programs which will assure that those who successfully complete such examinations may be granted specialty certification in any province the dental licensing authority of which wishes to employ the results of such examinations for specialty certification purposes, and further

THAT without in any way limiting the generality of the foregoing, the Council of the Royal College of Dentists of Canada be respectfully requested to give consideration to a modification of Part I of the present examinations to the end that successful completion of such examinations by a candidate will provide satisfactory evidence of an understanding in depth of the appropriate basic sciences, and will assure, as well, that the said candidate possesses a level of clinical competence appropriate to specialty practice.

8.
Future Role of the N.D.E.B.
(a) Recommendation
i) The Committee recommends no change at present in the relationship between the N.D.E.B. and the R.C.D.S.
ii) The Committee recommends further study of the future role of the N.D.E.B. vis-a-vis R.C.D.S.

Action:
Approved by Board.

(b) Notice of Motion
The Committee wishes to comment on the following motion in conjunction with and at the time of discussion of the final draft of the new Board examinations.

"THAT the National Dental Examining Board of Canada extend its By-laws to accept for a screening examination dentists from foreign lands who are landed immigrants and graduates of foreign dental schools. Such examination to be identical to that taken by those who hold a registerable qualification. Provincial jurisdiction could then administer clinical appraisals to those who were successful in these examinations."

Action:
Received for information:

9.
Dr. Don Allan King –
Application for Certification as Paedodontist

Recommended that Dr. Don Allan King of London, Ontario be granted certification in paedodontics when all remaining requirements have been met.

Action:
Approved by Board.

10.

Action:
Report received.

REPORT
June 1969 Meeting

1.
Meeting
A meeting of the Committee was held on Wednesday, June 11, 1969. In addition to the above-named members of the Committee, the President, Dr. H.M. Jolley, and the Secretary, Dr. K.F. Pownall, were present.

2.
University of Toronto Graduates, 1969
The results of the Fourth Year, Faculty of Dentistry, University of Toronto, appear as Appendix A to this report.

3.
Board Examinations, May 1969
The report of the Spring Board Examinations, 1969, appear as Appendix B to this report.

4.
(a) The Committee recommends to the Board that when all remaining requirements have been met, Dr. J.V.P. Chatwin be granted certification in Dental Public Health, and further, that Article XIV, section IX of the By-Laws, be waived while he is on active service with the Armed Forces.

Action:
The Board agreed that when all remaining requirements have been met, Dr. J.V.P. Chatwin be granted certification in Dental Public Health and that Article XIV, Section IX of the By-Laws, be waived while he is on active service with the Armed Forces.

(b) The Committee recommends to the Board that when all remaining requirements have been met, Dr. William R. Thompson (U. of T. 1949) be granted certification in Oral Surgery.

Action:
The Board agreed that when all remaining requirements have been met, Dr. William R. Thompson be granted certification in Oral Surgery.

(c) The Committee recommends to the Board that when all remaining requirements have been met, Dr. Stephen K. Goldman (U. of T. 1964) be granted certification in Periodontics.

Action:
The Board agreed that when all remaining requirements have been met, Dr. Stephen K. Goldman be granted certification in Periodontics.

5.
New Board Examinations
A proposed format for the Board Examinations to commence in 1970 was reviewed.

Action:
1.
The Board agreed that the Registrar-Secretary be authorized to prepare an estimate of the costs of the June, 1970 comprehensive licensing examinations, and to establish and set a fee for the above examinations.

2.
The Board agreed that based upon considerable discussion, the Registrar-Secretary complete the format of the 1970 Board Examinations.

3.
The Board agreed that the examination applicant should have a competence in the English language.

Action:
Report received.

Faculty of Dentistry
University of Toronto

Licentiates of Dental Surgery, 1969

The Registration and Licensure Committee recommends that the following, having been recommended for the Degree of Doctor of Dental Surgery from the Faculty of Dentistry of the University of Toronto, be registered as Licentiates of Dental Surgery of the Royal College of Dental Surgeons of Ontario when all remaining requirements have been met:

Alban, Henry
Alimchandani, Subash R.
Allen, Donald Vincent
Anderson, James D.
Angelov, Mrs. Konstantina
Aritis, Miss Liga I.
Arnott, John Moore
Baechler, John Elmer
Balsara, Russi Dinshaw
Begg, Richard H.
Begg, Robin Andrew
Bichay, Waguih F.
Biderman, Gerald
Boulos, Nabil N.
Brattley, Wayne T.
Brymer, Peter A.
Burns, Robert J.
Cash, Barry J.
Clark, Kenneth D.
Cooper, C. Richard G.
Crack, Peter G.
Crane, Douglas J.P.
Demaiter, Urbain M.
Dempster, Alan W.
Dermatakis, Mrs. Maria
Dewhirst, Robert M.
Dexter, Howard E.
Dimitry, Joel W.
Doherty, Alfred W.J.
Doner, James G.
Doner, Rodger D.
Dover, Dean G.
Drozdoski, Vincent J.
Duncan, Mervin R.
Eggert, Frank M.
Eisner, Paul M.
Faelker, James D.
Fedorenko, Stephen
Feldman, Brian A.
Freedman, Brian L.
Galberg, Allan N.
Glazier, Marvin
Glick, Kenneth L.
Godwin, Gordon N.
Goodbrand, David B.
Griesdorf, Leslie
Griffin, Robert M.
Henry, Howard L.
Highfield, John E.
Hucks, John F.
Huffman, Donald J.
Hunter, Ronald J.
Isaac, Rosefield A.
Jacobsen, Ernst B.
Jones, Emerson D.
Joyner, Thomas G.
Kapur, Rajindar N.
Kindree, Gary A.
King, Alexander J.B.
Kohn, Thomas
Kosovitch, Mitchell R.
Kotzer, Brian
Laansoo, Andres
Lague, Gordon D.
Landriault, Richard L.
Laser, Horst H.
Lawless, Kenneth W.
Legge, David G.
Leitch, Hal A.
Levin, Lawrence M.
Lobodowsky, Miss Viola L.
Lumb, Kenneth
Marin, Scott G.
Marks, Ian J.
Mason, Gregory L.
McCormick, Ian W.
McIntosh, William C.
McLachlan, Peter J.
McLean, Brian D.O.
McLeod, William D.R.
Meikle, James G.
Meikle, John E.S.
Melnyk, Jack B.
Miles, James R.

Model, Peter R.
Moncarz, Victor
Moule, Robert D.
Ng, George
O'Brien, Lloyd G.
Okamura, David I.
Opaleychuk, Clyde R.
Patkau, Henry
Peters, Cletus J.
Petryk, Paul A.
Psaila, Peter P.
Pye, Frederick J.
Rackham, Lee D.
Raham, Robert M.
Rocque, Gary E.
Roy, Norman J.
Sage, John W.K.
Sajner, Miss Jana E.
Sarin, Chaitan S.
Schisler, Dale A.
Sernas, Miss Nijola E.
Seth, Virendra
Silverberg, Larry
Simpson, Paul J.
Sio-Young, Mrs. Sweelian
Skolande, Peter H.
Smith, Douglas B.
Smith, Robert A.G.
Stammers, Richard I.
Steen, Robert S.J.
Swimmer, Jules
Tan, Mrs. Liza O.O.
Thomson, Archibald J.L.
Tuck, Charles S.
Van Hoek, Adrianus J.G.
Wahl, John F.
Watson, Douglas E.
Waverman, Bernard B.
Wei, Te Kun
Weisblatt, Aaron Godell
Wells, Robert D.
Zamon, Stephen C.
Zeleney, George J.

Appendix B.

REPORT OF BOARD EXAMINATIONS, MAY 1969

1.
The Committee recommends that the following, having passed the licensing examinations conducted by the Board, be granted their Licentiate of Dental Surgery of the Royal College of Dental Surgeons of Ontario when all remaining requirements have been met:

John David Armstrong, B.D.S. (Edinburgh 1960)
Hugh Frazer, B.D.S. (Glasgow 1966)
Ivan O. Gardner, D.D.S. (Baltimore 1969)
John Hudson, B.D.S. (Durham 1962)
Khuan Seng Lam, B.D.S. (Malaya 1957), D.M.D. (Melbourne 1965)
Asta M. Natvik, D.D.S. (Oslo 1965)
Thomas C. Postans, D.D.S. (McGill 1949)
Roy Gordon Smith, B.D.S. (Glasgow 1968)
Lawrence G. Sullivan, B.D.S. (Bristol 1958), (Sask. 1965)

2.
The Committee regrets to report that the following failed to pass the licensing examinations:

Catherine Antl, D.D.S. (Safarika, Czechoslovakia, 1966)
Howard A. Blackwood, D.D.S. (Howard Univ. 1968)
Katarina Brodniansky, D.D.S. (Bratislava, Czechoslovakia 1964)
Iva Bubnik, D.D.S. (Charles Univ. Prague 1968)
Beng Keat Chan, B.D.S. (Univ. Malaya 1954)
Reginald Choonoo, B.D.S. (Leeds 1968)
Ivan Gonda, (Safarika, Czechoslovakia 1960)
John H. Hoffman, D.M.D. (Univ. Oregon 1949)

Joseph Hrachy, (Bratislava, Czechoslovakia, 1946)
Milan Hrivnak, (Bratislava, Czechoslovakia 1962)
Richard Jezdinsky, D.M.D. (Charles Univ. Prague, 1966)
Cyril Lacko, (Bratislava, Czechoslovakia, 1952)
Christopher J. Law, B.D.S. (Glasgow 1967)
Elaine M. McCarthy, (Nat. Univ. Ireland, 1967)
Craig A. Mackintosh, (Univ. West. Australia, 1959)
Patrick Ng-a-Fook, D.D.S. (Loyola Univ. Ill., 1950)
Andrei Novovesky, (Safarika, Czechoslovakia, 1956)
Harold Packman, B.D.S. (London 1966)
Eva Z. Paldus, (Prague, Czechoslovakia, 1962)
Adrian J. Palencar, (Bratislava, Czechoslovakia 1962)
Bohumil Puskailer, (Comenius Univ. Bratislava, Czechoslovakia 1961)
Richard R. Price, B.D.S. (Glasgow Univ. 1965)
Geoffrey B. Remocker, B.D.S. (Glasgow Univ. 1966)
Milada Schreiber, (Charles Univ. Prague, Czechoslovakia, 1952)
Jan Vavra, (Charles Univ. Prague, Czechoslovakia 1962)
Gunvor T. Voldner, (Univ. Leipzig, 1929), (Oslo, 1930)
Olga Vrablic, (Bratislava, Czechoslovakia, 1963)
Oldrich Vtipil, (Charles Univ. Prague, Czechoslovakia 1956)

Appendix C

REPORT ON DENTAL HYGIENE EXAMINATIONS FACULTY OF DENTISTRY UNIVERSITY OF TORONTO 1969

1.
The Committee recommends that the following, having been recommended for the Diploma in Dental Hygiene by the Faculty of Dentistry, University of Toronto, be licensed when all remaining requirements have been met:

Arnold, J.R.
Braun, M.L.
Brown, H.S.
Chandler, G.A.
Conlin, L.M.A.
Cross, L.E.
Graber, P.M.
Kaplan, S.M.
Fish, H.
Gibb, S.P.
Goralski, M.M.
Grisack, J.A.
Haber, G.L.
Holbrough, J.E.
Langenholt, A.
Lawson, L.I.
Lovell, L.C.
Lyons, A.S.
Mahn, M.J.
March, C.B.
Meredith, J.E.
McArthur, H.A.
Millstone, L.
Morkis, G.S.
Robbins, M.S.
Sayers, G.F.
Sladen, J.A.
Splane, P.H.
Stratton, S.E.
Tadgell, M.J.
Taylor, M.R.
Walfish, T.
Walker, J.G.
Wilson, C.A.
Winger, M.E.
Wise, D.E.
Wright, K.E.
Wright, L.L.

2.
The Committee recommends that the following be licensed when they have completed the requirements.

Bald, L.A.
Franzgrote, H.E.
Freeman, V.L.
Tanner, D.

REPORT
November 1969 Meeting

1.
Meetings of the Committee were held September 16th and 17th, 1969 and October 29th, 1969.

2.
Fall Board Examinations –
November 19, 20 and 21, 1969

To date, twenty-three dentists will sit the Board examinations in November 1969. (See Appendix A).

Dr. J.D. Purves, the Chief Examiner for the past ten years, asked to be relieved of this duty. With regret, the Committee accepted his resignation, and on behalf of the Board extends its sincere appreciation to Dr. Purves for his years of devoted service as Chief Examiner.

Dr. John Speck has been asked and has agreed to serve as Chief Examiner. He has been involved with the Board examinations for many years. At a meeting with the Committee, Dr. Speck presented his outline of the examinations, list of examiners and marking system, all of which were acceptable to the Committee.

3.
Board Examinations–1970
A draft of the proposed time-table for the Board examinations in 1970, the content of the examinations and the general rules and regulations applicable thereto, were carefully reviewed.

Subject to approval by the Board, Dr. Speck has been asked to be the Chief Examiner in 1970. A list of examiners, including individuals from the University of Toronto, the University of Western Ontario, members of the R.C.D.S. Board and members-at-large will be compiled by the Chief Examiner and submitted to the Board for its final selection.

It was agreed that an examination fee of $500 be established. It was also agreed that a proportionate refund of the fee should be made to candidates who do not pass the examinations.

It was recommended by the Chairman that the Secretary be instructed to investigate the question of appropriate dates for the 1970 examinations.

A draft of the proposed application form to be completed by candidates for the 1970 examinations was considered by the Committee and amended. It was the feeling that our regulations should state that if a candidate has been convicted of practising illegally he should not be permitted to sit for the examinations, and it was suggested that the Government and Legislation Committee be asked to draft

a regulation along these lines. It was also felt that the rules and regulations should clearly state that a candidate must be of good moral character. As instructed by the Committee, the Secretary has written to the Immigration Department for their views on the wording of the application form but to date no reply has been received.

4.

Examinations for Foreign Graduates

On its being brought to his attention, the Secretary had written to the Minister of Manpower and Immigration concerning a statement by a Quebec M.P. "that the Canadian Government had begun a program of making examinations available at Canadian Embassies abroad; and that immigration requirements should be relaxed for professionally skilled foreigners wishing to settle here". In his reply, the Executive Assistant to the Minister had indicated that the Department had not begun a program of making screening examinations available for professional migrants and that the Quebec M.P.'s statement must refer to the examinations which the College of Physicians and Surgeons of Quebec have been arranging in Europe and countries of the Middle and Near East for those candidates for admission to the College whose mother tongue is French.

The Secretary was requested to write to the Department of Manpower and Immigration and the A.D.A. for their views on screening examinations for prospective candidates and specifically their ability to communicate in the English language. To date no reply has been received.

5.

National Dental Examining Board of Canada

(a) Resolution re Conjoint Examinations

It was reported that at the Annual Meeting of the N.D.E.B. in June 1969 the following resolution was carried without opposition:

"That the Board accept and implement the principle that by 1971 the National Dental Examining Board of Canada confer its certificate upon all graduates of 1971 of accredited Canadian Dental Schools provided that the National Dental Examining Board has an effective voice on the Council of Education regarding accreditation of schools."

The Committee is in favour of the principle, as set forth in the above resolution but is deeply concerned about the method of carrying it out. The Committee agreed as follows:

– That the R.C.D.S. should have a more proportionate representation on the N.D.E.B.;

– That as Dr. M. Taylor's report recommends, the N.D.E.B. be the source of accreditation of Dental Schools in Canada;

– That since the R.C.D.S. is prepared to accept the results of the accrediting body and directly license the graduate dentists, the R.C.D.S. must have a meaningful representation on the accreditation team.

(b) Notice of Motion – re Foreign Dentists
N.D.E.B. Annual Meeting 1970

The Secretary reported that he had received a copy of the following Notice of Motion to be presented to the N.D.E.B. Annual Meeting in 1970:

"Whereas there exists in Canada a serious problem in the evaluation of dentists

and graduates of dental schools which are not accredited by the Canadian Dental Association; and

Whereas the numbers of these dentists desiring to emigrate to Canada are increasing; and

Whereas the Federal Government has given political asylum to certain immigrants; and

Whereas the philosophies inherent in dental education have gross differences throughout the world; and

Whereas the National Dental Examining Board of Canada is the only national examining facility in Canada;

Be it resolved that:

(a) the National Dental Examining Board of Canada mount a sequential examination in depth for graduates of university dental schools which have not been accredited by the Canadian Dental Association;

(b) the examination be in sequence, including written, oral, preclinical and clinical, and of two to three weeks' duration;

(c) the examination be in English and in French and to be given in one centre in Canada;

(d) the candidate be required to pass in each component of the total examination before proceeding to the next;

(e) successful candidates be awarded the certificate of the National Dental Examining Board of Canada;

(f) such program be designed to begin in 1971;

(g) the Licensing Bodies be requested to assist financially in the program, if required."

6.

Specialty Examinations

In April the R.C.D.S. passed and forwarded a motion to the Royal College of Dentists of Canada recommending that it set up specialty certification examinations (see April Report).

The examinations committee of the R.C.D.(C) has been directed to produce definitive recommendations, and will be meeting November 22nd, 1969.

Concern regarding this matter has been expressed by members of the R.C.D.S. Members of the R.C.D.(C) and other organizations have questioned the purpose and need of this examination procedure. This Committee re-states the fact that the R.C.D.S. has sole responsibility for certification of specialists in this province and intends to maintain this role.

The R.C.D.S. believes that one of the functions of the R.C.D.(C) is to set examinations of a type apart from Fellowship examinations which would be suitable and acceptable to the licensing bodies as one of the pre-requisites for certification as a specialist. The R.C.D.S. has agreed that all specialists applying for certification should sit for an examination and will proceed to set examinations if the R.C.D.(C) is unable or unwilling to do so. This Committee believes that not only is the R.C.D.(C) better able to conduct and set examinations but also that this procedure would be in the best interests of all licensing bodies and of the candidates.

Dr. J.E. Speck, Registrar-Secretary of the R.C.D.(C) was present during discussion of this matter.

Recommendations:

1.
Fall Board Examination – 1969
That the Board extend its appreciation to Dr. J.D. Purves for his effective and conscientious direction of the Board examinations during the past ten years.

Action:
The President personally, and on behalf of the members of the Board, expressed gratitude to Dr. Purves for his excellent services as Chief Examiner for the Board examinations for the past ten years.

2.
Board Examinations – 1970
(a) That the draft of the Board examinations be approved:

Action:
Board directed the Secretary to prepare the necessary application form for completion by candidates for 1970 Board examinations, and all other pertinent documents, viz. time-table, content etc.

(b) That Dr. J.E. Speck be appointed Chief Examiner:

Action:
Approved by Board.

(c) That the examination fee be $500, and that it be prorated, as previously described.

Action:
It was approved by the Board that the fee applicable to the R.C.D.S. Annual Licensing Examination be $500.00; that the said fee must have been received by the Registrar at least one month in advance of the first day of the examinations; that the first $100.00 of the $500.00 examination fee be a non-refundable component; that the fee applicable to each of the four components of the examination be $100.00; and that (a) if the candidate fails in the first section (written examination) he will receive a refund of $300.00; (b) if the candidate fails in the second section (pre-clinical) he will receive a refund of $200.00; (c) if the candidate fails in the third section (clinical examination) he will receive a refund of $100.00.

The Board also agreed that should a candidate fail in any section of the four-part licensing examination, he will be deemed to have failed the entire examination; and that there be no limit to the number of annual licensing examinations to which an eligible candidate may be admitted.

It was also agreed by the Board that the Board examinations be held during the two weeks commencing April 23rd, 1970.

3.
Examinations for Foreign Graduates
That the Immigration Department be asked to assess the knowledge of English of the candidates who propose to take the examinations; and to inform those who fail to pass the English test before they come to Ontario.

Action:
The Board instructed the Secretary to write the Department of Manpower and Immigration to ascertain if they would be prepared to conduct English test for Board examination candidates.

It was agreed by the Board that each candidate applying for the Board examination should possess a satisfactory knowledge of English as demonstrated by results obtained in the "Test of English as a Foreign Language" or its equivalent. This Test (T.O.E.F.L.) is set by the Educational Testing Service.

4.
National Dental Examining Board of Canada
(a) That with reservations the motion passed by the N.D.E.B. at its annual meeting in June 1969, viz. "That the Board accept and implement the principle that by 1971 the National Dental Examining Board of Canada confer its certificate upon all graduates of 1971 of accredited Canadian Dental Schools provided that the National Dental Examining Board has an effective voice on the Council on Education regarding accreditation of schools" be accepted, but that we indicate our desire to have the N.D.E.B. play a more meaningful role in the accreditation of Dental Schools in Canada; and that a properly functioning N.D.E.B. should replace the Council on Dental Education of the Canadian Dental Association as the source of accreditation of Dental Schools in Canada.

Action:
The Board passed the following resolution:

"Whereas this Board has approved in principle the N.D.E.B. motion referred to above; and

Whereas the Board is prepared to accept the results of the accrediting team and may directly license the graduate dentists to practise dentistry in Ontario;

Whereas this Board is not a corporate member of the C.D.A., the Association to which the Committee on Survey Policy is eventually responsible;

Therefore be it resolved that representatives of the Board of R.C.D.S. desire to meet with representatives of the N.D.E.B. and/or the Committee on Survey Policy or the Council on Education to discuss areas of mutual concern."

(b) That this Committee endorses wholeheartedly the principles and procedures outlined in the N.D.E.B. Notice of Motion; and recommends that every possible effort be made to assure that the proposed program is self-supporting.

Action:
Approved by Board.

5.
Specialty Examinations
That the Board submit a brief and/or appoint a member of the Board to attend the meeting of the Examinations Committee of the R.C.D.(C) on November 22nd, 1969.

Action:
The Board directed that the Registrar-Secretary represent the R.C.D.S. Board at the meeting of the Examinations Committee of the R.C.D.(C) to be held November 22nd, 1969.

The Board agreed that it be left to the Registrar-Secretary to indicate to the

R.C.D.(C) the views of the Board concerning certification and representation on the Examinations Committee on a fixed basis.

6.
Applications for Certification
That the following applications for specialty certification be approved when all remaining requirements have been met:

Periodontics:
Dr. Eric Freeman, Toronto – D.D.S. U. of T. 1965; Dip. Perio U. of T. 1969.

Dr. S.M. Mankodi, Windsor – D.D.S. U. of T. 1967; M.S.D.(Perio.) Univ. Alabama.

Dr. Kenneth H. Wright, London – D.D.S. McGill 1966; Dip.Perio. U. of T. 1968.

Dr. James N. Wright, London – D.D.S. Univ. Alberta, 1956; Perio. U. of T. 1968-69.

Dr. B.J. Zulqar-nain, London – B.D.S. Univ. Punjab, 1961; Eastman Dental Center, Perio. 1968.

Dental Public Health
Dr. E.F. Shaunessy, Markham – D.D.S. U. of T. 1951; Dip.D.D.P.H. U. of T. 1966-67.

Paedodontics
Dr. Melvin A. Kay, Toronto – D.D.S. U. of T. 1965; Dip.Perio. U. of T. 1969.

Orthodontics
Dr. Allan M. Davis, Willowdale – D.D.S. U. of T. 1966; Dip.Orth. U. of T. 1969.

Dr. Gordon Eckler, Downsview – D.D.S. U. of T. 1966; M.S. Northwestern 1969.

Dr. Hugh H.G. Fraser, Toronto – D.D.S. U. of T. 1965; Dip.Orth. U. of T. 1969.

Dr. William J. Jenkins, Toronto – B.D.Sc. U. of Queensland 1964; F.A.C.D.S. U. of London 1968; Dip.Orth. U. of T. 1969.

Dr. Edward A. King, Toronto – D.D.S. U. of T. 1966; Dip.Orth. U. of T. 1969.

Dr. Allan R. Patterson, Waterloo – D.D.S. U. of T. 1966; Dip.Orth. U. of T. 1969.

Dr. Ronald C.A. Pileski, Hamilton – D.D.S. U. of T. 1966; Dip.Orth. U. of T. 1969.

Dr. George S.T. Rennie, Ottawa – D.D.S. McGill 1952; Univ. Montreal 1962.-Cert.Orth.

Dr. William E. Russell, St. Jean, P.Q. – D.D.S. Dalhousie 1962; Univ. Montreal 1969-Cert.Orth. 1969.

Oral Surgery
Dr. Norman T.H. Allan, Hamilton – D.D.S. McGill 1964; successful in Exam. August 1969.

Dr. John M. Hanna, Toronto – D.D.S. U. of T. 1965; successful in Exam. Aug. 1969.

Dr. Bernard M. Lyons, Texas – D.D.S. U. of T. 1962; Univ. Texas Oral Surgery 2 years. (To take examination).

Action:
Foregoing applications approved by Board when all remaining requirements have been met.

7.
Applications for Registration
(a) Dr. James H.P. Main
That application for registration by Dr. James H.P. Main, who graduated from the University of Edinburgh in 1955 and who is now on the staff of the Faculty of Dentistry, University of Toronto, be approved.

Action:
Approved by Board when all remaining requirements have been met.

(b) Dr. Antony H. Melcher
That application for registration by Dr. Antony H. Melcher, who graduated from the University of Witwatersrand in 1949 and who is now on the staff of the Faculty of Dentistry, University of Toronto, be approved.

Action:
Approved by Board when all remaining requirements have been met.

8.
Educational Register
THAT the Government and Legislation Committee give consideration to the formation of an educational register.

Action:
Board agreed in principle with the creation of a Special Register and requested the Government and Legislation Committee to propose the appropriate regulations.

Note: Board agreed that this be referred to as a "Special Register" in place of "Educational Register".

9.
Application for Reinstatement – Dr. Gordon Nikiforuk
That on his return to Ontario Dr. Gordon Nikiforuk be reinstated and not be required to sit for another examination.

Action:
Approved by Board.

10.
Board Examinations – Dental Hygienists
THAT a special examination be conducted for dental hygienists in December 1969; and that the fee for this examination be $125.00.

Action:
Approved by Board.

Note: Date subsequently changed to Jan. 26 & 27, 1970.

11.

Mrs. S. Amer French – Application for licensure

That Mrs. S. Amer French, Ottawa, be granted licensure as dental hygienist without further examination when all remaining requirements have been met.

Action:
Approved by Board.

Action:
Report received.

SECRETARY'S REPORT
Dr. K.F. Pownall

April 1969 Meeting

More dentists – Yes – no or maybe.
In response to our request that the Ontario Government give consideration to the establishment of a third dental school (Board Meeting November 1968), the Minister of Health replied that money for capital expenses was not available at this time. He requested this College to ask the two Faculties of Dentistry to study the possibility of graduating more dentists, using existing facilities. He suggested that the acceleration principles used during and after World War II should be investigated.

Subsequent to this, in January, a meeting was held at 230 St. George Street, attended by Dean R.G. Ellis, Dr. W. Feasby representing Dean W.J. Dunn, Dr. H. Jolley, Dr. K. Charron, Deputy Minister of Health, and myself. Dr. Charron pointed out emphatically that his Department felt more dentists were urgently needed to serve the people of Ontario, and it was the profession's and the school's place to suggest ways of alleviating the shortage. Dr. Ellis said that it was virtually impossible to increase the numbers graduating from the University of Toronto without major and costly changes to the building and great increases in staff. Dr. Feasby explained that the University of Western Ontario was still in the development stages and, coupled with the fact that they were uncertain that they had enough clinical material in the London area to supply larger classes, almost ruled out Western increasing enrolment at this time. It was agreed at this meeting that both University representatives would consult with their Faculties and put in writing their comments to the R.C.D.S. by the end of February.

On February 28th I sent the reports of both Deans to the Minister. The reports were more detailed statements covering the points made at the January meeting. I suggested to the Minister that it might be of mutual interest to arrange a meeting where the subject could be discussed in greater detail.

A meeting for this purpose was held on March 24th in the Parliament Buildings. Both the Minister and deputy Minister were present, as well as both Deans, both Vice-Presidents of Health Sciences, your President and myself.

The meeting began with a statement by the Minister that he believed that there was an insufficient number of dentists in the province to supply the needs of the people. He based this statement on the fact that he receives letters and enquiries from many areas alluding to the fact that there is a shortage of dentists.

Dr. Ellis replied that there was doubt in many minds that there really was a shortage of dentists and that his staff was reluctant to make the sacrifices necessary for crash programs unless it could be clearly demonstrated that an acute need existed. He emphasized again the shortage of teachers and the need for such changes in the building as full air-conditioning etc. Dr. Dunn eloquently explained the Western Ontario situation. Both Vice-Presidents said that increases in enrolment affected the entire University structure and that the University Government was not anxious to see more money allocated to the Health Sciences at this time and under the present regulations.

The meeting adjourned on the note that the first step to take was to assess the present and future demands of the citizens of the province for dental services.

Dr. Charron commented on the fact that there was a sub-committee of the Council of Health who would be asked to investigate this, as well as other problems of dental health delivery systems. Dr. Jolley assured the Minister of the co-operation of this College in all matters related to this.

Action:
Report received.

SPECIAL COMMITTEE ON DELIVERY OF DENTAL HEALTH SERVICES.
Members: Doctors H.M. Jolley, Chairman; J.D. Purves, T.H. Wachna, D.A. Cheetham, L.B. Lukenda.

REPORT
April 1969 Meeting.

1.
Two meetings of this Committee have been held since its formation in January.

2.
The first meeting was devoted to a discussion of the all-embracing character of the Committee's terms of reference. It was pointed out that some of the investigative and preliminary studies necessary for the deliberations of the Committee were being conducted or planned by other groups or agencies, particularly the O.D.A., and certain Governmental committees established by the Department of Health. It was agreed that every effort should be made to avoid unnecessary duplication of effort while retaining concern and interest in the total picture.

The Committee decided that the area of greatest urgency was the situation that existed in remote and outlying communities which had either no dental services readily available or were grossly underserviced. It was decided that before any definite decisions or recommendations could reasonably be made the existing conditions should be surveyed. It was agreed that the next meeting of the Committee would be reserved for this purpose and that various experts would be invited to attend to submit pertinent facts.

3.
The second meeting of the Committee was held on April 2nd. In the interim between the two Committee meetings, the O.D.A., which had been alerted to the wide-ranging ramifications of the situation, had undertaken some measures to help deal with it. Among these was the formation of a sub-Committee on Manpower. The Chairman of this Committee, Dr. Michael Lucyk, attended our Committee meeting. In addition, there were present – All Committee members,

Dr. Grainger W. Reid, Director of the Research and Planning Branch, Department of Health for Ontario,

Mr. Guy Clarkson, also of the Research and Planning Branch, Department of Health for Ontario.

Dr. D.W. Lewis, Chairman, Department of Dental Public Health, University of Toronto,

Dr. R.E. Feasby, Senior Consultant in Dentistry, Department of Health for Ontario.

Action:
Report received.

REPORT
November 1969 Meeting

History of Committee
At the January 1969 R.C.D.S. Board Meeting there was discussion of the request by the Minister of Health for Ontario that consideration be given to increasing the output of dentists by introduction of an accelerated course. From this discussion, among other things, there emerged this resolution:

"That a Committee appointed by the President be formed to investigate in depth all aspects of the delivery of dental health services in Ontario and make recommendations to help alleviate conditions where indicated."

At its first meeting the Committee made a cursory examination of the implications of the terms of reference and came to the conclusion that it would be impractical to hope to achieve the over-all objective having regard for its limited facilities and scope of operation. It was also informed that nearly parallel committees were being established under the aegis of the Provincial Dept. of Health and the O.D.A. The Committee therefore decided to limit its efforts to examining the situation in District #3 and hopefully to produce a workable plan to alleviate the situation in that limited area if the findings warranted it and if this were practical.

Method of Operation
The Committee decided that it would require a great deal more information, much of it from governmental sources, before it could proceed. For this purpose its second meeting was devoted to an examination in depth of statistical material, opinions and experiences of knowledgeable individuals. Present at this meeting in addition to the regular Committee members were –

Dr. Grainger W. Reid, Director, and Mr. Guy Clarkson, Statistician, both of the Research and Planning Branch, Dept, of Health for Ontario.

Dr. R.E. Feasby, Senior Consultant in Dentistry, Dept of Health of Ontario.

Mr. L.R. Stringer, Commissioner, Ontario Division, Canadian Red Cross Society.

Dr. M. Lucyk, Chairman Manpower Sub-committee, O.D.A.

Drs. Lewis and Lucyk attended one further meeting of the Committee. Dr. E.T. Guest of the Dept. of Health for Ontario who serves in a dental railway coach for the Dept. in Northern Ontario, assisted the Committee in the deliberations at meetings and Dr. Feasby attended all committee meetings.

Dr. Lewis prepared and presented a report of existing conditions in terms of available dentists in District No. 3 with emphasis on areas which were grossly underserviced. This was graphically illustrated by a map of the region color-coded to provide a variety of information.

Subsequently Dr. Lukenda undertook to discuss details of the problem with dentists serving in the area, at least in part, to ensure that any suggestions emanating from this committee would not be harmful to them in their legitimate pursuits nor unwelcome to them as solutions to the problem.

Drs. Wachna and Cheetham agreed to investigate and report on possible incentives for recruiting personnel to practise in these dentally depleted areas.

Dr. Feasby investigated and reported on costs of special equipment required. An additional investigation on the costs of fixed clinics, special buses, etc., was not made available to the Committee.

Dr. Lukenda also drew up, with the assistance of Drs. Feasby and Lewis, a listing of the communities requiring dental services and the manner in which these were to be supplied, i.e. whether fixed or mobile.

Utilizing all this information, observations, suggestions, the Committee produced the following plan:

I The Committee recommends that there is a need for:

(1) Fixed facilities and staff at –
Sioux Lookout
Chapleau
Hearst
Mattawa
Rainy River and area

(2) Arrangements should be made for satellite facilities and staff at
(a) Nakina (from Geraldton or Longlac)
(b) Smooth Rock Falls (from Cochrane to Kapuskasing)
(3) Railway Car Service should be provided
(a) Hornepayne to Gogoma (C.N.R.) – Moose River – Moosenee (O.N.R. Line)
(b) White River to Sudbury via C.N.R.

(4) Two mobile coaches in addition to the three Red Cross coaches to expand and augment the excellent service now provided by them to communities that cannot practically be serviced in any other manner.

Note: Recommendations 1, 2 and 3 are expected to provide a full scope of dental services. Recommendation 4 is to continue the present form of services. It is important to note that the Committee also recommends that –

Prior to or concurrent with the extension of treatment services in the communities listed above a comprehensive public health dental program be instituted. This program to include:
(a) Community water fluoridation and the topical application of fluoride to the teeth of children
(b) Dental health education to all age groups in the area
(c) Regular dental examination of school children to ensure that all those children in need of dental treatment are referred to the dentist for treatment
(d) Evaluation of the effectiveness of the prevention and treatment components of the dental care services by means of regular assessment of the dental health of the population.

II Recruitment and Incentives: The Committee agreed on the following:
"That personnel be recruited through the assistance of the Government Support programs and through the assignment of successful dentists from the Government re-training program.

That the future source of dental personnel for these areas would be obtained by financial support to individual dental students, obligating them to practise in designated areas for specific periods of time;

And that facilities of the nature of health centres, preferably in association with or housed in hospitals, be provided where they do not presently exist. These facilities would be rented to the professional people occupying them."

In regard to recruitment it was suggested that some consideration be given to recruitment at High School level of suitable people for service as hygienists – both male and female. It was also suggested that advice and assistance be sought from representatives of dental supply houses who visit those remote areas of the

province for information in regard to availability of dental facilities in the various areas.

Consideration was given to provision of coaches which would accommodate more than one dentist and a hygienist.

The Committee recommends that this report be sent to appropriate governmental quarters after approval by the Board.

Action:
Report received.

TREASURER'S REPORT
Dr. K.F. Pownall

REPORT
April 1969 Meeting.

1.
The year 1968 – R.C.D.S. Centennial Year
In 1968 the College had a surplus of revenue over expenditures of $133.22. The surplus is usually greater than this but a $25,000 grant was given to a fund for Dentistry's display in the Ontario Centre of Science and Technology as our centennial project.

2.
Revenue
It has been the policy of the Finance Committee in preparing the budget, to be conservative in our estimate of revenue. This is reflected in the fact that the actual revenue exceeded our budget estimate by $22,656. This is due to an increase in monies received for examination, registration and licence fees.

3.
Expenditures
On the other side of the ledger, expenditures were $2,703 greater than budgeted. Because of the increase in registration, grants to the O.D.A. were greater. Costs generally rose in 1968, printing, postage and telephone in particular. Salaries were greater than budgeted because the Inspector's salary is included in this in 1968. Previously it was included in "Enforcing the Act".

4.
The Harry R. Abbott Memorial Library Fund
The balance sheet of the Abbott Memorial Library is attached. Money for this is derived from interest on a bequest of the sister of the late Dr. Harry R. Abbott, a Past President of the R.C.D.S. Books are purchased for the library by the Library Committee of the Faculty of Dentistry, University of Toronto. You will note that there was an excess of receipts over expenditures of $624. in 1968.

5.
Securities
A list of the securities held by the College is submitted. It should be noted that the poor interest Province of Ontario Bonds purchased twenty years ago will be coming due within the next few years. The actual reserves of the College, including land at cost and building, is $229,697.

6.
Re-appointment of Auditors
The firm of Thorne, Gunn, Helliwell and Christenson continues to provide adequate auditing services. It is recommended that this firm be re-appointed auditors for 1969.

7.

A Fine Staff

I wish to bring to your attention the fact that the College has an exceptionally capable and industrious staff. The efficient manner in which our books are maintained and the excellent decorum in which the business affairs of the College are managed, are due to these fine people.

Action:

1. The firm of Thorne, Gunn, Helliwell and Christenson is to be re-appointed auditors for 1969.

2. Report adopted.

AUDITORS' REPORT

To the Directors of the
Royal College of Dental Surgeons of Ontario

We have examined the balance sheet of the General Account of the Royal College of Dental Surgeons of Ontario as at December 31, 1968. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the accompanying balance sheet presents fairly the financial position of the College as at December 31, 1968 and the results of its operations for the year then ended, on a basis consistent with that of the preceding year.
